**COURSE DIRECTOR**  
**Dr. C. S. Yadav**  
ADDITIONAL PROFESSOR  
(HIP & KNEE JOINT REPLACEMENT SURGEON)  
All India Institute of Medical Science, New Delhi

1

### Course Overview

After an overwhelming response to the previous Cadaver Arthroplasty Courses, we are pleased to announce the AIIMS Cadaver Arthroplasty Course on 31<sup>st</sup> March & 1<sup>st</sup> April, 2012

The Cadaver Arthroplasty Course is designed to introduce Joint Replacement Surgery to budding orthopedic surgeons pan India.

The Course is:

- Best suited to orthopedic surgeons who intend to or have already initiated Joint Replacement Surgery and are interested in grasping the basics of this subject.
- Standardized, with inputs from faculty of eminent medical colleges and practicing surgeons, both domestic and international.

With a strong emphasis on individual attention, the Course will give the participants an opportunity to practice demonstrated techniques on both cadavers and saw bones. Detailed information about Primary Joint Arthroplasty through didactic lectures, handouts, booklets and CDs will be handed out.

Faculty supervised hands-on training will enable participants to understand Joint Replacement better, thus enhancing surgery skills and improving patient care. Experts at the course welcome participants to share difficult cases from real life situations to encourage dialogue and enhance patient care practices. Such close interaction will provide many opportunities to share ideas and experiences with the Experts.

We welcome you to participate in Cadaver Arthroplasty Course 2012.

**Dr. C.S. Yadav**  
Course Director  
Head of  
Orthopaedics &  
Joint Replacement  
Division

### Eligibility
