

National Hematology Update: VIII
NHU 2011

Organized by:
Hematological Education and Research Society &
Department of Hematology, AIIMS, New Delhi
26-27 February, 2011

Day: 1, 26th Feb 2011

8.00 AM onwards	REGISTRATION	
9.15-10.00	Session: I:	
	Auto-immune hemolysis: Diagnostic Issues	Dr. T. Singh, New Delhi
	Iron deficiency in elderly: diagnostic clues	Dr. U Rusia, New Delhi
10.00-10.30	Breakfast and Tea	
10.30-11.00	Session: II: Guest Lecture	
	Aplastic Anemia: Issues in Management	Dr. J Maciejewski, USA
11.00-12.15	Session III: Symposium on MDS	
	MDS: Biology & Epigenetics	Dr. Ravandi, USA
	Is there any role of flow cytometry in MDS	Dr. HP Pati
	Role of Hypomethylating agents: Current understandings	Dr. Ravandi, USA
12.00-1.15	Session III: Symposium on CLL	
	CLL: Diagnosis & Prognosis	Dr. T Chatterjee, New Delhi
	Current concepts of management in CLL: Is it risk adopted?	Dr. MB Agarwal, Mumbai
	Auto-immune cytopenia in CLL: Its impact on Outcome?	Dr. N Varma, Chandigarh
1.15-2.00	LUNCH	

2.00-3.15	Session IV: Symposium on AML	
	<i>Controversies: Is there a role of chemotherapy in AML management?: 30 min</i>	
	Yes	Dr. P Malhotra
	No	Dr. P Chakravarty
	<i>Controversies: Is it necessary to look for novel prognostic markers in management of all new AML patients?30min</i>	
	Yes	Dr. R Saxena
	No	Dr. S Nityanand
3.15- 4.00	Session V: Symposium on Infections	
	Invasive radiology in diagnosis of fungal infections: case base discussion: 15 min	Dr. S Sharma
	Role of fungal prophylaxis in leukemia/BMT patients: Evidences	Dr. S Das
	Posaconazole: Its role in fungal prophylaxis	Dr. P Mishra
4.00-4.45	Session VI: CPC	
	Clinical Discussant	Dr. S Varma, Chandigarh
	Pathology discussant	Dr. A Karak, New Delhi
5.00-5.30 PM	Inauguration followed by Tea	
6.30 PM onwards	Banquet at Swimming Pool lawn AIIMS	

National Hematology Update: VIII

NHU 2011

**Organized by:
Hematological Education and Research Society &
Department of Hematology, AIIMS, New Delhi
26-27 February, 2011**

Day: 2, 27th Feb 2011

8.30 AM onwards	REGISTRATION	
8.45-9.30	Session: VII: Thrombocytopenia Session	
	Isolated Thrombocytopenia in Elderly	Dr. K Gayatri
	ITP: Newer insights in Management	Dr. M Mahapatra
9.30-10.15	Session: VIII: Hemostasis Session	
	DVT: Screening for etiology- Whom, How and How much	Dr. Pankhi Dutta
	Recombinant VII A: Evidences for off-level use OR Anti-phospholipid Syndrome	Dr. A. Dixit
10.15-10.30	Breakfast and Tea	
10.30-11.45	Session VIII: Symposium on Myeloma	
	Free light chains: Current status	Dr. T Chatterjee
	MGUS: Newer insights into pathophysiology	Dr. R Jena
	Young MM: Risk Adopted therapy	Dr. Atul Sharama
	Relapsed/refractory MM: Management options	Dr. A Sharma
11.45-1.00	Session IX: Symposium on CML	

	<i>Controversies: Are regular molecular/cytogenetic monitoring necessary for Indian CML patients?</i>	
	Yes	Dr. DK Mishra
	No	Dr. VP Choudhury
	Session X: Symposium on CML	
	Next generation TKIs: Could it be the next first line?	Dr. M Ghosh
	Role of Allo SCT in current Era	Dr. D Choudhary
1.00-2.00	LUNCH	
2.00-3.15	Session XI: Symposium on Lymphoma	
	Challenges in diagnosis of NHL: case based discussion	Dr. S Gujral
	Role of Rituximab in Indolent lymphoma: Current evidences	Dr. M Bhattacharya
	Role of PET in lymphoma Management	Dr. D Bhurani
3.15-4.30	Session XII: Interactive session	
	Flow cytometry	Dr. S. Khodaji
	Clinical quiz	Dr. T Seth
	Morphology exercises	Dr. S Tyagi
4.30 PM	Tea break
