Dear Colleague,

With the fond memories of CME on Gynae-Endocrinology organized by us in 2009, we once again extend a warm invitation to all for the National Conference on Gynae-Endocrinology on 16th - 17th April 2011. This Conference will be focused on newer advances in management of endocrinal problems in gynaecology with emphasis on PCOS, hyperprolactinemia, amenorrhoea, menopause, hormonal contraception. There will be problem based scientific sessions with discussion on interesting cases of Gynae-Endocrinology. Eminent faculty from all over India will share their knowledge and experience on wide range of topics related to Gynae-Endocrinology. There will be chance to bring your problems and discuss with experts.

The overwhelming response to our first CME made us realize the importance of Gynae-Endocrinology and we recently formed Gynaecological Endocrine Society of India which is one of its own kind. Aim of our society is to impart knowledge, disseminate awareness and promote research in the field of Gynae-Endocrinology.

There is also call for abstracts for oral and poster presentation.
