Scientific Programme

Venue:

JLN Auditorium, AIIMS

Organised by :

DELHI RHEUMATOLOGY ASSOCIATION

&

DEPARTMENT OF MEDICINE

AIIMS, NEW DELHI

Organizing Chairman

Prof. S K Sharma

Organizing Secretary

Dr. Rajiva Gupta

It gives me great pleasure to welcome you to Rheumatology Update-2009. As you know this is an annual event of Delhi Rheumatology Association and this year it is being organized in association with Department of Medicine, AIIMS. Rheumatic diseases continue to pose challenges to physicians as well as orthopaedicians mainly because of limitation in treatment options. Fortunately in the recent years there have been a lot of path breaking discoveries leading to better therapeutic interventions. This year scientific programme is directed towards recent trends in management of Rheumatic diseases. This year we have also introduced a pre update workshop 'Rheumatology Clinic for Postgraduates'. I sincerely hope this will encourage our junior colleagues to take up Rheumatology as a career option. We have also introduced clinicopathology conference (CPC) in the scientific session to make the update interesting and stimulating. I hope the topics chosen will be enlightening and satisfying for all the delegates.

Dr. Rajiva Gupta
Organizing Secretary

Rheumatology Clinic for Postgraduate
