EXPRESSION OF INTEREST

SECTION I

1. GENERAL

1.1 NEED

All India Institute of Medical Sciences was established in 1956 by the Act of Parliament as a Central Govt. autonomous Institution of national importance. The mandate of the Institute from the time of inception is –

- To develop a pattern of teaching in undergraduate and postgraduate medical education in all its branches so as to demonstrate high standard of medical education to all medical colleges and other allied institutions in India.
- To bring together in one place educational facilities of the highest order for the training of the personnel in all important branches of the health activity.
- To attain self sufficiency in postgraduate in medical education.

Since the initial phase of establishment there has been gradual increase in the total patient load, both OPD as well as operative and diagnostic work load on the Institute. Especially over last decade there has been a quantum increase in workload by 6 to 7 times. Further advancement in newer technology, has also increased the need for expansion.

It gets patients not only from Delhi but also from several parts of India. The present infrastructure and facilities are inadequate and are under severe strain. In this present scenario it is not possible for the Institute to expand; thereby hindering the planned growth.

In view of increasing demands including patients of the institution, there is a need to expand infrastructure of present campus of AIIMS, Delhi. However, the available existing space of 166 acres is not enough for the required new expansion.

Govt of Haryana offered and transferred 300 acres of land at Badsha village, Jhajjar to MoH&FW, GOI on 28.02.2009 on free of cost basis for the development of 2ND AIIMS campus. The said campus is expected to house National Cancer Institute, OPD complex, Centre for Geriatrics, 500 bedded General Hospital, other speciality centres, housing etc. It is perceived that the 2nd AIIMS campus would be initiated in the XIIth five year plan. A master plan of the area has to be conceived and finalized. However, for the intervening period till coming up of the campus, a makeshift OPD is proposed to be constructed. Patients from the said facility would be referred to AIIMS in case further treatment is required. This would help in
containing the crowd at AIIMS, as first level treatment shall be available for patients from East Delhi, Haryana and Rajasthan.

The new AIIMS Institute is expected to provide top quality state of the art superspecialty healthcare and will train medical graduates and post-graduates with international levels of quality and efficiency in health care delivery.

1.2 LOCATION

The institute will be established in Badsha, Jhajjar (Haryana)

1.3 Proposed Buildings and Services

The institute complex will be raised with Indian architectural touch possessing an ambience designed in accordance with standard guidelines. The complex will have following major component buildings:

- National Cancer Institute
- Outreach OPD/ Polyclinic
- Administration and academic block
- Laboratories block
- Hospital
- Ancillary facilities block
- Residential/Hostel block
- Super-specialty blocks

Any no. of more building(s) can be added or deleted in the above list
