Document for inviting Expression of Interest for “Installation and operation of Manifold bank (Oxygen and compressed air) at NICU and KMC wards located at New Pvt Ward of AIIMS”

A. Introduction

AIIMS is premier medical institution with teaching, research and patient care services. The patient care services include outpatient services in the main hospital and various centres, emergency services round the clock & inpatient services etc. It has been decided to install a Manifold bank (Oxygen and compressed air) at NICU and KMC wards located at New Private Ward of AIIMS.

AIIMS is looking for interested firms who have required competency and experience in handling similar projects on BOO(Build, Own, Operate) basis. AIIMS will adopt following procedure for short listing and selection of the firm for the proposed work.

- i. Those parties who wish to express their interest for the aforementioned work and have submitted their proposal in accordance with this document will be called on a specific date after the last date of collection is over.
- ii. The firms will be given an overview of scope and scale of operation in the proposed work.

It is expected that to familiarize themselves with existing work patterns and develop proposal, firm will do an onsite visit. To facilitate this, institute will designate official/officials, who will be introduced in the interactive session.

Firms may seek clarification on any point contained in this document during the interactive meet.

- iii. Firms will be given a date by which they will submit their detailed proposal as per scope and scale of work given in this document. The proposal is to be submitted as per format given in this document.
- iv. The proposals will be studied and firms will be called to give presentation on their proposal submitted.
- v. Based upon the presentations made, evaluation of proposal will be done by committee.
- vi. Committee may decide to go for site visit/s to assess capacity of firm to carry out the proposed work.

- vii. Based on the above deliberations, the firms will be short listed.
- viii. The tender document will be issued to short listed firms against prescribed fee.
- ix. Before submission, but after sale of tender document, the shortlisted firm who have bought the document will be called for pre-tender meeting to discuss terms and conditions in the tender document. Based on feedback received, AIIMS may change/modify tender terms and condition and in that case the same will be communicated and then all the participant will be asked to submit bids by a specific date.
- x. After this submission, bids will be evaluated as per standard store procedure.

B. Scope of Work

The firms will be required to execute this task on BOO (Build, Own, Operate) basis. The firms will employ their expertise and execute the work maintaining highest standards of quality.

Work involves

Setting up of a gas bank near New Private ward AIIMS and establishing 25 points of gas supply spread over three wards of first floor, New Private ward, AIIMS. The firm will operate the manifold plant round the clock and will provide required manpower, logistics, and maintenance and address other relevant issues as and when required for smooth functioning of the services.

Eligibility criterion

Only such firms, who have past experience of 05 years or more in handling manifold services of large hospitals of 500 beds and more will be considered eligible. The participating firms found

eligible after scrutiny will be shortlisted for participation in bidding process.

C. Format for submitting proposal

1. Name of Firm:
2. Address with phone number and mail id:
3. Date of commissioning/ Inception in the country:
4. Average yearly turnover in last three years:
5. Geographical distribution of offices:
6. Reference of major hospitals where your firm has executed the manifold work:
7. Brief proposal about execution modalities and time frame:
8. Proposed expenditure and cost recovery scheme for this project:
