PROPRIETARY CERTIFICATE

OPSITE° POST-OP: Waterproof, Bacteriaproof, Adhesive Absorbent Dressing with low adherent wound contact layer, and polyurethane film substrate with high moisture vapour transmission rate (from 3,000 upto 11,000 gm/m²/24 hrs at 37°C)

This is to certify that OPSITE° POST-OP is a proprietary product, marketed exclusively by Smith & Nephew worldwide. OPSITE° POST-OP dressing range is now sold in over 30 countries.

OPSITE° POST-OP provides an ideal environment for post-operative wounds. It absorbs exudate, provides an effective barrier to both water and bacteria and "switches-on" in the presence of moisture to allow vapour to pass through, ensuring a dry site around the wound. Main features of the product include:

- Highly absorbent pad
- Waterproof and bacterial barrier
- Highly permeable transparent film backing
- Low adherent wound contact layer
