

SCIENTIFIC PROGRAMME

09-10-2012

- 09:00 - 09:30 Welcome and Introduction of Delegates
Prof Arun K. Gupta
- 09:30 - 09:45 Breast Biopsy-Surgeon's Perspective
Prof Anurag Srivastava
- 09:45 - 10:00 Breast Biopsy-Pathological overview
Dr Sandeep Mathur
- 10:00 - 10:30 Analyzing Breast Lesions: Biopsy Choices
Stereotactic Core Biopsy vs Ultrasound
Core Biopsy vs Open Surgical Biopsy
Dr Sanjay Thulkar
- 10:30 - 11:00 Stereotactic Core Biopsy: Calcifications
Dr Smriti Hari
- 11:00 - 11:30 Ultrasound guided Core Biopsy: Masses
Dr Suma Chakrabaarathi
- 11:30 - 12:00 Panel Discussion / Questions
All Speakers
- 12:00 - 01:00 Lunch
- 01:00 - 05:00 Participants rotate through the following stations (2 hours at each station):
- Station 1: Consumables & Hardware
Station 2: Ultrasound guided Vacuum assisted Breast Biopsy (VABB)
Station 3: Upright Stereotactic Biopsy
Station 4: Prone Stereotactic Biopsy

10-10-2012

- 9:00 - 1:00 Participants rotate through the following stations (2 hours at each station):
- Station 1: Consumables/ Hardware
Station 2: Ultrasound guided VABB
Station 3: Upright Stereotactic Biopsy
Station 4: Prone Stereotactic Biopsy

Dear Colleagues,

Greetings! We are pleased to invite you to participate in the Breast Biopsy Education Programme (BBEP) – 2012, a hands-on training workshop being conducted by Department of Radiodiagnosis All India Institute of Medical Sciences in New Delhi on 9-10 October, 2012.

Percutaneous image-guided breast biopsy is the mainstay of timely diagnosis of breast cancer. It is recommended for both palpable as well as non-palpable breast lesions. Accuracy of percutaneous image-guided breast biopsy has improved with the use of vacuum assisted devices and stereotactic guidance, obviating the need for an open surgical procedure. However, instrumentation and techniques of breast biopsy are not the same as used in other body parts. This workshop aims to provide an overview and training in the ultrasound guided and stereotactic breast biopsy procedures.

The programme is practical and training intensive. Hence limited number of participants will be registered. We invite you to this exclusive workshop or recommend a motivated colleague, interested in breast interventions.

Prof Arun K. Gupta
Chairperson

Dr Smriti Hari
Organizing Secretary

Registration Form

Name

Hospital/ Institution.....

Address

Mobile Number E-mail.....

Currently working on which of the following Breast imaging modalities (please Tick)

- Mammography
 Breast Ultrasound
 Breast MRI
 Stereotactic breast biopsy
 Ultrasound guided core biopsy
 Vacuum assisted breast biopsy

Registration Fees Rs. 1000

Cheque / Draft No. Dated..... Drawn on..... Please draw cheque/draft in favor of "Breast Biopsy Education Program -2012"

Signature..... Date.....

Registration will be confirmed on receiving the completed form and registration fee.

Last date: 15 September 2012,

NO SPOT REGISTRATION

Registration can be done by filling this form and sending by post (Address on Reverse)

PROGRAMME HIGHLIGHTS

Supervised Simulation and Hands-On Training with State-Of Art Equipment and Phantoms.

- › Stereotactic breast biopsy using dedicated prone table biopsy unit
- › Stereotactic breast biopsy using add-on erect type biopsy unit
- › Ultrasound guided breast biopsy
- › Vacuum assisted breast biopsy and core needle biopsy

Brief Presentations and Videos

- › Identify vendors and recognize the products currently available
- › Surgical and pathological issues
- › Selection of patients, guiding modality and appropriate biopsy devices
- › Tricks and traps for accurate targeting
- › Specimen mammography
- › How to handle complications
- › Limitations and pitfalls
- › Imaging- histologic correlation.

Hardware/Demonstrations! How I Use It?

- › Vacuum assisted biopsy devices, Core biopsy guns
- › Marker clip deployment into the tumour
- › Preoperative hook-wire localization

ADDRESS FOR CORRESPONDENCE

Dr Smriti Hari

Organizing secretary

Room No-9, Radiology Wing
2nd floor, New Private Ward Building

AIIMS, New Delhi -110029
