119. Randomized, open labelled, Phase Ila/Ilb Clinical trial to study safety and efficiency of intravenous estrogen therapy in reducing the incidence of sepsis/septic shock in Trauma Haemorrhagic Shock
120. Recovery profile following target-controlled versus manual controlled propofol infusion in patients undergoing endoscopic trans-sphenoidal pituitary surgery: A prospective, randomized, controlled study
121. Red Cell Distribution Width (RCDW), Neutrophil to lymphocyte ratio (NLR) and Platelet to Lymphocyte ratio (PLR) as a prognostic marker in aneurysmal Subarachnoid Haemorrhage (a-SAH) patients
122. Red Cell Distribution Width (RCDW), Neutrophil to lymphocyte ratio (NLR) and Platelet to Lymphocyte ratio (PLR) as a prognostic marker in TBI patients.
123. Retrospective multi-centric study for evaluating the clinical course and outcome of IgA nephropathy
124. Retrospective study of chest trauma patients admitted to ICU
125. Role of advanced USG and Spectral CT in evaluation of gallbladder mass
126. Role of Bevacizumabin NF2 for tumor control
127. Role of Dual Energy CT angiography in peripheral Vascular Trauma
128. Role of Gamma Knife in Craniopharyngiomas
129. Role of Negative pressure wound therapy in Acute Fracture Surgery: A Randomized controlled trial.
130. Role of point-of-care ultrasound (POCUS) in assessing gastric residual volume in trauma and non-trauma patients scheduled for elective surgery – a prospective cohort study.
131. Significance of candiduria-hospital based perspective
132. Sonographic assessment of suprahyoid airway parameters in adult patients planned for elective proseal placement: a pilot, observational study
133. Spinal alignment after fixation in trauma patients
134. Strengthening Emergency & Trauma Care in Rajasthan- Creating a pool of trainers on BLS & Post-Crash responses at selected colleges in Jaipur in collaboration with state road safety cell, Department of transport & Road safety, Government of Rajasthan
135. Study of Endothelial marker Syndecan in the peripheral blood of severe Traumatic Brain Injury (TBI) patients and its correlation with TBI induced coagulopathy and immediate outcome.

136. Study of evolution of cerebral edema, neuroinflammation and blood brain barrier disruption in Paediatric Traumatic Brain Injuries- Completed

137. Study of Gut Microbiome Alteration in Post-Menopausal Women patients with Osteoporosis: A Preliminary Study

138. Study of the effect of stainless steel and titanium biomaterial on the level of C3 and C4 serum Complement levels in patients undergoing intramedullary nailing for fracture shaft femur

139. Study of variations in anatomy and pattern of skull base fractures un patients with post traumatic CSF leak

140. Study the effect of spinal manipulation on biopsychosocial health aspects in forward shoulder posture

141. Study to assess the incidence of Venous Thromboembolism in high risk trauma patients admitted in a Level 1 trauma centre – A Prospective Observational Study

142. The effect of post spinal hypotension on cerebral oxygenation using NIRS and Neonatal outcomes in full term parturient undergoing lower segment caesarean section

143. The role of point of care ultrasound in diagnosing injury in and around knee as compared to magnetic resonance imaging presenting to emergency department

144. The Success Rate of Direct Peritoneal Resuscitation To Achieve Definitive Abdominal Closure In Patients Undergoing Damage Control Laparotomy-A Pilot Randomised Controlled Trial

145. To Analyse predictors of activation of major haemorrhagic protocol

146. To compare frequency of monitoring with Haemoglobin and Haematocrit in patients with Blunt Abdominal Trauma undergoing Non-Operative Management: A Randomized Controlled Trial

147. To compare the effect of Isokinetic training with Conventional exercises in patients with above knee amputation following trauma in relation to Prothesis adaptability and Gait: A Randomized Controlled Trial

148. To compare the efficacy of ketamine versus etomidate on inflammatory cytokines in hemodynamically unstable patients undergoing surgery for abdominal trauma: a randomized control trial

149. To Compare the outcome or Modified Shoelace Technique versus Negative Pressure Wound Therapy (NWT) assisted skin approximation of lower limb fasciotomy wounds in trauma patients - a Pilot Randomized Controlled Trial at a Level 1Trauma Centre

150. To determine the vitality of soft and hard ligature marks using special staining methods

151. To evaluate and compare the outcomes of resectional and non-resectional management of higher grade pancreatic injuries in a level 1 Trauma Centre

152. To evaluate the effect of decompressive craniectomy on cerebral venous oxygen saturation (SjVO2) in traumatic brain injury patients: A prospective observational study.

153. To evaluate the impact of N-Acetylcysteine (NAC) use in the treatment of traumatic lower extremity vascular injury – A Pilot Randomized Controlled Trial

154. To Improve the adequacy of preprocedural pain management in traumatic extremity fracture undergoing reduction-Quality improvement study

155. To study the Co-relation between Rhabdomyolysis and Liver Function Biomarkers in Musculoskeletal Trauma: A Prospective Observational Study

156. To study the effect of kinesiotaping on pain in patients with thoracic trauma – A Prospective Randomized Controlled Trial.

157. To study the effect of small bore size chest tube on pain in patients with thoracic trauma - A Randomized control trial

158. To study the effectiveness of Targeted Muscle Re-innervation (TMR) in alleviating residual limb pain and phantom limb pain/sensation in paediatric amputees following trauma– A Prospective Cohort Study

159. To study the efficacy of Cabergoline as an adjunct to Metformin in management of overweight obese women with PCOS

160. To study the pattern of mesenchymal stromal cells, hematopoietic progenitor and stem cells in the peripheral blood of trauma haemorrhagic shock patients

161. To study the predictive ability of ΔPOX-HR to predict HFNC success among trauma patients with Acute Hypoxemic Respiratory Failure (AHRF)

162. To study the risk factors and causes of extubation failure in head injury patients.
163. Ultra-massive transfusion for trauma in the era of haemostatic resuscitation. A retrospective single center cohort from a level-1 trauma center in India
164. Ultrasonography for confirmation of gastric tube placement in traumatic brain injury patients requiring mechanical ventilation
165. Use of non-invasive cardiac out monitoring for optimization of hemodynamic parameters versus standard care in geriatric patients with hip fractures undergoing surgery under spinal anaesthesia. A Pilot study
166. Usual Care in adult trauma patients presenting to Emergency Department: An Open Label Randomized Control Trial"

Completed

1. A randomized control trial to compare the radiological and functional outcome of communited distal radius fractures 2R3C3.1 and 2R3C.2 treated with only volar plating versus combined volar and dorsal plating.
2. A study to compare and correlate the Thoracic Trauma Severity Score (TTSS) with conventional Trauma Scores in Trauma patients at a Level I Trauma Centre
3. Airway changes in patients undergoing spine surgery in the prone position: A prospective observational study
4. Anterior Minimal Invasive Plating Using Reverse PHILOS versus Posterior Open Reduction and Internal Fixation (ORIF) with Extra- Articular Locking Compression Plate (EALCP) in the management of distal third Humeral Diaphyseal/Metaphyseal Fractures- A Randomized Controlled Trial
5. Characterization of Chronic Kidney Disease of Unknown Origin in Patients attending Nephrology OPD of AIIMS, New Delhi-A cross-sectional study
6. Comparative study of Automated Quantitative Pupillometry and clinical pupillometry in Neurocritical care
7. Comparing different types of laryngoscopes for endotracheal intubation in various difficult airway scenarios simulated using a high-fidelity airway mannequin model - an observational study
8. Comparing safety and efficacy of indigenous goggles with fan versus standard goggles in health care worker in COVID ICU
9. Comparing the effect of Fentanyl and Midazolam with Ketofol for ICU sedation on the extended Glasgow outcome scale at three months in moderate to severe traumatic brain injury patients -A prospective randomized study.
10. Comparison between pericapsular nerve group block and fascia iliaca block for postioning before neuraxial block in patients with hip fractures-: Randomized controlled pilot study.
11. Comparison of the effect of ketofol and ketodex as procedural sedation and analgesia for Oocyte retrieval during in vitro fertilization procedures- a randomized controlled trial.
12. Comparison of Various Laryngoscopes for Nasotracheal Intubation in Simulated Difficult Airway Scenarios: A Randomized Self-Controlled Crossover Trial
13. Correlation of clinical and radiological parameters in outcomes of Morel Lavellee lesions at a level 1 trauma centre
14. Correlation of serum Immunoglobulin A/complement factor 3(IgA/C3) with the clinical and histologic severity in patients with IgA nephropathy
15. CT based evaluation of spinal canal decompression achieved using posterior wall subsidence of retropulsed fragment in thoracolumbar burst fractures
16. Delay in hip fracture surgery: Reasons and impact on outcomes Efficacy of partial corpectomy in canal clearance for thoracolumbar burst fractures: A CT based radiological assessment.
17. Development of Patient education software to aid in post operative rehabilitation of hip fractures with analysis of its impact in functional outcomes of patients.
18. Effect of different dose regimens of Tranexamic acid in pelviacetabular fracture – A Randomized clinical trial.
19. Effect of Neuroradiologic interventions on regional cerebral oxygenation in patients with anterior circulation aneurysms: An observational Study
20. Effect of Sugammadex versus Neostigmine reversal on lung aeration score after operative fixation of cervical spine: A prospective, double blinded, randomised control trial.

21. Effect of systemic lidocaine and dexmedetomidine on perioperative analgesia and 3-month outcome in patients undergoing supratentorial craniotomy under inhalational anaesthesia: a randomized control trial.
22. Effects of varying concentrations of Nitrous Oxide on motor evoked potentials using IONM during spine surgeries: A double blinded Randomised Controlled Study.
23. Evaluation and development of Machine learning (ML) models for the automated detection, localisation and characterisation of traumatic rib fractures on CT scans
24. Evaluation of Compliance with WHO Surgical Safety Checklist Parameters in Trauma Center, India
25. Evaluation of effect of ketofol and ketodex on duration of seizure activity, hemodynamic profile, recovery times and cortical activity (using fnirs) in patients undergoing electroconvulsive therapy for depression
26. Evaluation of time taken for return of radial and ulnar artery blood flow to basal values after radial artery decannulation using duplex doppler ultrasound
27. Frailty as a predictor of adverse discharge outcomes in geriatric trauma patients undergoing surgery: A prospective Case Control Study
28. Health related quality of life in adult patients with primary glomerular diseases in India
29. Healthcare Package Utilization in Burns and Reconstructive Plastic Surgery under PM-JAY
30. High level of resistance to Ceftazidime-Avibactam, Ceftolozane-Tazobactam and Imipenem-Relebactam against multidrug resistant Klebsiella pneumoniae clinical isolates from an Indian hospital.
31. Hybrid method of teaching -learning is effective in improving communication- an experience of an interventional pre-post single-arm study through communication workshop for nurses. (under Publication)
32. Identification of biomarkers for cognitive impaired mild head injury patients
33. Impact of pregnancy on renal survival and pregnancy outcomes in women with primary glomerular diseases: a retrospective study
34. Impact of psychosocial intervention on quality of life in patients with post- traumatic limb amputation/s : A Randomized controlled trial
35. Incidence of VAE and impact of bundled care: implementing updated National Healthcare safety network surveillance criteria
36. Perioperative Inflammatory Cytokines Alteration and Neutrophil Extracellular Trap Formation with Various Anesthetic Techniques in Patients Undergoing Major Orthopedic Trauma Surgery.
37. Pituitary dysfunction following stereotactic radiosurgery for secretory pituitary adenomas
38. PMCT-based sex determination using posterior segment of greater sciatic notch in North Indian population
39. Prevalance of mucormycosis in patients discharged from COVID Center and Factors associated with it.
40. Primary Gamma-Knife with concurrent Temozolomide for GBM
41. Proficiency evaluation of Novice Anesthesiology residents in simulated awake fiber optic guided oral intubation after a structured training program – a manikin based study
42. Profile and Antibiotic Susceptibility Pattern of Bacterial Infections in Orthopedic trauma ward: An eight-year experience
43. Prophylactic antibiotic use in abdominal trauma patients undergoing operative intervention- A Randomized control trial
44. Prophylactic antibiotic use in abdominal trauma patients undergoing operative intervention- A Randomized Controlled Trial
45. Quadriceps depth measured by point of care ultrasound as a tool to discriminate between frail and non-frail patients with traumatic brain injury: A prospective observational study
46. Randomized Control Trial comparing Clinical, Radiological and Functional Outcomes following Uniaxial vs Polyaxial Plating in Proximal Tibia Fractures and CT guided Mapping of Proximal Tibia Fractures in Indian Population
47. Randomized control trial comparing Radiological, Clinical and Functional Outcomes following the Supra-patellar and Infra-patellar nail insertion techniques in the treatment of extra-articular tibial shaft fractures in Indian Population.

48. Serum lactate, base deficit and glucose levels as prognostic markers of severe traumatic brain injury
49. Sleep quality assessment in trauma patients requiring intensive care - A prospective observational study
50. Stature estimation from postmortem multidetector computed tomography (PMCT) foramen magnum measurements in North Indian population
51. Study of the serum complement c3 and c4 levels in patients undergoing intramedullary nailing for fracture shaft femur
52. Study of Traumatic brain injury induced secondary gastrointestinal changes
53. Surveillance of Hospital-Acquired Urinary Tract Infections and Importance of Candiduria in adult Medical ICU
54. The effect of Cabergoline and dienogest on Pro Inflammatory markers in Endometriosis: A Pilot Study
55. Therapeutic Application of Bone Marrow Derived Stem Cell in Complete Spinal Cord Injury
56. To compare frequency of monitoring with Haemoglobin and Haematocrit in patients with Blunt Abdominal Trauma undergoing Non-Operative Management: A Randomized Controlled Trial
57. To Compare the outcome of Modified Shoelace Technique versus Negative Pressure Wound Therapy (NPWT) assisted skin approximation of lower limb fasciotomy wounds inn trauma patients – A pilot randomized control trial at Level 1 trauma center
58. To describe MRI patterns in various subtypes of pediatric acquired demyelinating syndrome at onset and follow up
59. To evaluate the correlation between non-invasive (NIRS) and ONSD) and invasive(ICP catheter) techniques of ICP measurements in adults with traumatic brain injury- A prospective observational study
60. To evaluate the impact of N-Acetylcysteine (NAC) use in the treatment of traumatic lower extremity vascular injury – A Pilot Randomized Controlled Trial
61. To study the effect of combination therapy (NPWT + topical oxygen) versus Negative pressure wound therapy (NPWT) alone on large post traumatic wound: A pilot Randomized Control Trial
62. To study the effect of combination therapy (NPWT + Topical oxygen) versus Negative pressure wound therapy (NPWT) alone on large post traumatic wounds: A pilot Randomized Control Trial (Chief Guide)
63. To study the effect of initial irrigation and suction on outcome of patients with Traumatic hemothorax: A randomized controlled trial

Collaborative projects

Ongoing

1 A cross-sectional study comparing gut microbiome composition of adolescents with depression and healthy controls, Psychiatry, AIIMS

2 A pilot study to evaluate the functionality of Below Elbow Prosthesis BIONICLI for essential Activities of Daily Living ADL in below elbow amputees following Trauma, NCAHT AIIMS, New Delhi (IIT Kanpur)

3 A prospective cohort study to establish correlation between High frequency USG and ICG fluorense imaging in the Diagnosis of Lymphedema, Plastic Surgery

4 A Prospective Observational Study to Assess the Utility of da Vinci Xi Robotic System for Brachial Plexus Exploration and Reconstruction, Plastic Surgery

5 A RCT to compare the incidence of symptomatic and asymptomatic Venous thromboembolic events following pelviacetabular surgeries in patients receiving direct oral anticoagulants vs the patients receiving low molecular weight heparin as chemoprophylaxis", Orthopedics

6 A study on the practice of anticoagulation in postpartum patients and their outcomes in a tertiary care hospital, Gynaecology, AIIMS

7 Aerosolized colistin in ventilator associated pneumonia caused by carbapenem resistant acinetobacter : a randomized controlled trial, Anaesthesia

8 An ambispective observational study comparing long term outcomes in patients undergoing laparoscopic vs EUS guided drainage of walled off necrosis/pseudocyst of pancreas following acute pancreatitis, Surgical Disciplines

9 Analytical performance of automated nucleic acid extraction system for gastrointestinal and bloodstream pathogens, Dr. Suneeta Meena (AP-Lab Medicine)

10 Assessing the Health Care Package utilization in BPS under PMJAY and its barriers and facilitators, Burn and Plastic Surgery

11 Assessment of cerebral autoregulation by near infrared spectroscopy (NIRS) in patients with Severe TBI, Neurosurgery

12 Assessment of labelling efficiency, dosimetry and safety profile of 188Re-N-DEDC/Lipiodol trans-arterial radionuclide therapy in Hepatocellular carcinoma, Nuclear Medicine and Gastroenterology

13 Assessment of labelling efficiency, dosimetry and safety profile of 188Re-N-DEDC/Lipiodol trans-arterial radionuclide therapy in Hepatocellular carcinoma, Nuclear Medicine and Gastroenterology

14 Assessment of liver fibrosis with non-invasive tests and scoring systems in correlation with liver biopsy in morbidly obese patients before and after bariatric surgery, Surgical discipline

15 Baseline cyst size guided increase in duration for steroid therapy in viable parenchymal Neurocysticercosis: A pilot prospective interventional study, Pediatric Neurology

16 Capacity building and strengthening of Hospital Infection Control to detect and prevent antimicrobial resistance in India (CDC), Dr. Purva Mathur Professor, Department of Lab Medicine JPNATC, AIIMS, New Delhi

17 Centre for advanced Research (CAR) in Hospital Acquired Infections-Prevention and Control, Lab medicine

18 Cerebrospinal Fluid Biomarkers in Idiopathic Intracranial Hypertension: Targeted Proteomics Analysis, Neurology, Neuroradiology and Neuroanaesthesiology AIIMS, New Delhi.

19 Clinical outcome of chest trauma patients with fracture ribs patients undergoing rib fixation, Trauma surgery

20 Comparison of proportion of Complete Pathological Response following Neoadjuvant chemotherapy along with Hyperbaric oxygen therapy v/s Neoadjuvant chemotherapy alone in women with Invasive Breast Carcinoma: A Randomized Controlled Trial with Superiority Hypothesis, Dr Kamal Kataria Deptt of Surgical Disciplines AIIMS Delhi

21 Comparison of TARM vs IPOM plus for management of primary and incisional hernia in terms of early outcomes and cost-effectiveness: A randomised control trial, Surgical Disciplines

22 Correlation of lung and gut microbiome of critically ill patients: a prospective observational pilot study, Dr. Choro Athiphro Kayina (AP-Anaesthesiology, Pain Medicine & Critical Care)

23 Correlation of sleep architecture with cognition, behaviour and executive function in children and adolescents aged 5 – 18 years with pharmaco-responsive non-lesional epilepsy: An observational study, Pediatric Neurology

24 Correlation of Traits of Tumour Immune-Microenvironment and Response to Targeted Anti-PD-L1 And Anti-VEGF Therapy in Hepatocellular Carcinoma: An Ambispective Study, Pathology and Gastroenterology

25 Creation of Center of Excellence with ICMR Collaboration at BPS, Burn and Plastic Surgery

26 Defining the Fc receptor based immune landscape in rheumatic heart diseases, Department of Cardiac Biochemistry

27 Development and evaluation of rapid fingerprint restoration solution for dried decomposed fingertips in Indian climatic conditions: a comparative analysis of methodologies, variation in pH and temperature., Department of Forensic Medicine & Toxicology, KMC, Manipal

28 Development and method validation for Z-drugs and Tramadol analysis in biological matrices, National Forensic Science University, Delhi campus

29 Development of an Artificial Intelligence-based app for remote delivery of speech therapy in cleft lip-palate patients (SWARA- “Speech-therapy With Artificial intelligence Remote Assistance- on-going work, IIT Delhi

30 Development of training model for delineation of vascular supply relevant to reconstructive surgical procedures of upper limb: a novel method of cadaver processing, Plastic Surgery

31 Development transvaginal probe- based dermatoscope with automated AI-enabled decision support for detection of cancers and infection. Funded by ICMR (First in the World Challenge), Department of Dermatology and Venereology./ AIIMS, New Delhi

32 Developmental of Trauma ICU registry – an ICMR Project., Critical care and Anaesthesia, Trauma Surgery

33 Dynamic needle tip positioning versus short axis technique for ultrasound-guided internal jugular venous cannulation in adult surgical patients: a randomized controlled trial, Neuroanesthesiology and critical care

34 Effect of ketofol versus fentanyl and midazolam for icu sedation on brain injury biomarkers in moderate to severe traumatic brain injury patients – a prospective randomized controlled study, Lab Medicine

35 Effect of repetitive transcranial magnetic stimulation (rTMS) of dorsolateral prefrontal cortex (DLPFC) in patients with phantom limb pain, Dr Akansha Singh Department of Physiology AIIMS New Delhi

36 Effects of early administration of methylene blue in intraabdominal sepsis patients with septic shock - A randomized controlled trial, Anaesthesia, AIIMS

37 Establishment of a fragility fracture Liaison Service at AIIMS: A multicentric study., Dr. Vijay Sharma (Orthopaedics)

38. Establishment of the Centre for Advanced Research for Bacteriophage Research and Therapy to combat Multidrug-Resistant infections caused by ESKAPE pathogens., Dr Tanu Sagar Deptt of Microbiology AIIMS Delhi

39. Evaluation of a novel herbal antiseptic formulation-SEPIL for the treatment of chronic limb ulcers and pressure ulcers: A randomized, double blind, placebo-controlled trial, Dr. Vijay Sharma Prof of Orthopedics, JPNATC AIIMS Prof Vivek Verma IIT Kanpur

40 Evaluation of adaptability of indigenously developed low-cost light weight polycentric polymeric knee joint (PPKJ) and its effect on quality of life & rehabilitation on post traumatic transfemoral amputees, Dr Mohit Joshi Deptt of Surgical Disciplines AIIMS Delhi Prof Naresh Bhatnagar IIT Delhi

41 Evaluation of early administration of flourocortisone in septic schock., Critical care medicine, AIIMS

42 Evaluation of Inflammatory salivary biomarker as a surrogate indicator of systemic response to thermal burn injuries (Dr Simran Kaur Madan), Burns, AIIMS

43 Evaluation of Medical certification of death at AIIMS and to prepare a training programme, Department of CCM

44 Evaluation of outcome of three-dimensional printing model and stimulation program for post traumatic nasal deformities correction, Dr Raj Manas Department of Plastic Reconstructive & Burns Surgery AIIMS New Delhi

45 Evaluation of prevalence of cyanide poisoning in patients of flame burn injuries admitted at a tertiary health care facility, Department of Burns and Plastic Surgery

46 Expansile duraplasty in patients with complete cervical spinal cord injury- A prospective randomized open blinded end point (PROBE) study, Neurosurgery, Neuroanaesthesiology and Critical Care

47 Expansion of antimicrobial stewardship (AMSP) and infection control program (ICP) of ICMR in secondary care hospitals, Lab medicine

48 Gait Analysis in symptomatic flexible flatfoot and its correlation with radiological and clinical parameters, Orthopedics

49 Gait Kinematics and neurogenic bladder in incomplete spinal cord injury patients following transcranial magnetic stimulation: a randomized controlled trial, Department of Physiology

50 Impact evaluation of a surgical capacity building intervention in rural India, India-Norway collaboration with WHO.

51 Impact of surgical stabilization of rib fractures on requirement of ventilator support, analgesia and hospital stay: A randomized pilot study, Trauma Anaesthesia & Critical Care and Trauma surgery, JPNATC, AIIMS, New Delhi

52 Impact of surgical stabilization of rib fractures on requirement of ventilator support, analgesia and hospital stay: A randomized pilot study, Trauma surgery, JPNATC, AIIMS, New Delhi

53 Implementation of AMSP in various tertiary centers across India, Dr. Richa Aggarwal (Anesthesia & Critical Care, JPNATC)

54 Improving ventilator strategies for patients who are on mechanical ventilation in the emergency department of AIIMS, New Delhi - A Quality Improvement Study, Emergency Medicine

55 Infrared pupillometry as a diagnostic tool in assessment of non-convulsive status epilepticus in severe TBI at level-1 trauma center in INDIA, Neurosurgery

56 March 2021- March 2024 + 3 months extension: A pilot parallel arm Randomized Control Trial evaluating the impact of Yoga intervention in treating post traumatic limb fractures which develop Complex Regional Pain Syndrome (CRPS I) and assessment of their quality of life., Dr. Vijay Sharma (Orthopaedics)

57 Multi-analytes lateral flow immune assay for the detection of sepsis and multi-organ dysfunction syndrome in post-trauma patients, Laboratory Medicine, Trauma Surgery and Critical Care, Forensic Pathology and Molecular Medicine, Neuroanaesthesiology, JPNATC, AIIMS, New Delhi

58 NGAL, cystitis-C, KIM-1and IL-6 as prognostic markers of acute kidney injury after isolated traumatic brain injury: A prospective cohort study, Trauma Anaesthesia & Critical Care, Neuroanaesthesia

59 Posterior cervical fixation versus long-term cervical collar for management of Hirayama Disease: Prospective randomized open blinded endpoint (PROBE), phase III study, Neurology, Neurosurgery, Neuroanaesthesiology, Neuroradiology AIIMS, New Delhi.

60 Pre-anaesthetic ultrasonographic assessment of the subclavian vein for predicting post-induction hypotension in Neurosurgical patients., Neuroanesthesiology and critical care

61 Profiling of inflammatory cytokines and metabolites for observation of serial changes in patients with Blunt Torso Trauma: A Prospective cohort and observational study, AIIMS-ICGEB

62 Prospective study to assess knee deformities in paediatric outpatients and its correlation with nutritional status and regulators of bone metabolism, Orthopedics

63 Role of PET-CT in response assessment of zoledronate in GCT of bone, Orthopedics

64 Role of topical oxygen therapy as an adjunct to negative pressure wound therapy in the management of traumatic wounds: a randomized controlled trial, Dr. Pratyusha Priyadarshini (AP-Surgery)

65 Role of yoga in secondary prevention of hip fractures in the elderly, Dr. Vijay Sharma (Orthopaedics)

66 Selenium supplementation improves redox and mitochondrial health to mitigate tuberculosis infection, Biotechnology, AIIMS

67 Short-time low peep challenge test to predict fluid responsiveness during spine surgery in the prone position with low tidal volume ventilation: A prospective observational study, Neuroanesthesiology and critical care

68 Steroid therapy in patients with acute severe pancreatitis for resolution of organ failure. A randomized controlled double blinded trial (STAR) (Dr Soumya), Gastroenterology, AIIMS

69 Study to Assess the Involvement of Subscapularis in Rotator Cuff Tears: Clinical, Radiological and Arthroscopic Evaluation, Orthopedics

70 Systemic immune inflammation index and procalcitonin in predicting mortality among sepsis and septic shock patients presenting to ED: A Prospective cohort, Emergency Medicine

71 The evaluation of STR markers in various Global and Indian populations for exploring the correlation between genotype and geolocation, National Forensic Science University, Delhi campus

72 Tidal volume challenge to predict fluid responsiveness during neurosurgery in lateral position with low tidal volume ventilation., Neuroanesthesiology and critical care

73 To Assess and Evaluate Outcomes of Various Treatment Modalities of Vascular Malformations, Surgical discipline

74 To compare the opioid sparing effects of combination of dexamethasone, paracetamol and ketorolac (dexpak) vs paracetamol, ketorolac (pak) in patients undergoing total laproscopic hysterectomy. A prospective double blind random undergoing total laparoscopic hysterectomy: a prospective double blind., Department of Anaesthesia, Critical and Pain Medicine, AIIMS, New Delhi

75 To determine the vitality of soft and hard ligature mark using special staining methods, FM, AIIMS

76 To develop and assess effectiveness of "Indian relabilitation for Neuropsychological well-being post brain tumor surgery" or iRENEW-BTSPackage, Clinical Psychology, Neurosurgery, Neuroanaesthesiology, Biostatics AIIMS, New Delhi.

77 To study the effect of a locally administered multifunctional cocktail on postoperative pain and blood loss in elective lumbar spinal surgeries: A prospective randomized control trial., Neurosurgery

78 Triacetylfusarinine C as a potential biomarker for invasive aspergillosis in hematological malignancy patients., Dr. Suneeta Meena (AP-Lab Medicine)

79 Ultrasonography for Confirmation of gastric tube placement in traumatic brain injury patients requiring mechanical ventilation, Neuroanesthesiology and critical care

Completed

1. A cross-sectional study comparing gut microbiome composition of adolescents with depression and healthy controls, Psychiatry

2. A pilot study to evaluate the functionality of Below Elbow Prosthesis BIONICLI for essential Activities of Daily Living ADL in below elbow amputees following Trauma, NCAHT, IIT Kanpur

3. A prospective cohort study to establish correlation between High frequency Usg and ICG fluorense imaging in the Diagnosis of Lymphedema, Plastic Surgery
4. A Prospective Observational Study to Assess the Utility of da Vinci Xi Robotic System for Brachial Plexus Exploration and Reconstruction, Plastic Surgery
5. A RCT to compare the incidence of symptomatic and asymptomatic Venous thromboembolic events following pelviacetabular surgeries in patients receiving direct oral anticoagulants vs the patients receiving low molecular weight heparin as chemoprophylaxis", Orthopedics
6. A study on the practice of anticoagulation in postpartum patients and their outcomes in a tertiary care hospital, Gynaecology
7. Aerosolized colistin in ventilator associated pneumonia caused by carbapenem resistant acinetobacter : a randomized controlled trial, Anaesthesia
8. An ambispective observational study comparing long term outcomes in patients undergoing laparoscopic vs EUS guided drainage of walled off necrosis/pseudocyst of pancreas following acute pancreatitis, Surgical Disciplines
9. Analytical performance of automated nucleic acid extraction system for gastrointestinal and bloodstream pathogens, Lab Medicine
10. Assessing the Health Care Package utilization in BPS under PMJAY and its barriers and facilitators, Burn and Plastic Surgery
11. Assessment of cerebral autoregulation by near infrared spectroscopy (NIRS) in patients with Severe TBI, Neurosurgery
12. Assessment of labelling efficiency, dosimetry and safety profile of 188Re-N-DEDC/Lipiodol trans-arterial radionuclide therapy in Hepatocellular carcinoma, Nuclear Medicine and Gastroenterology
13. Assessment of labelling efficiency, dosimetry and safety profile of 188Re-N-DEDC/Lipiodol trans-arterial radionuclide therapy in Hepatocellular carcinoma, Nuclear Medicine and Gastroenterology
14. Assessment of liver fibrosis with non-invasive tests and scoring systems in correlation with liver biopsy in morbidly obese patients before and after bariatric surgery, Surgical discipline
15. Baseline cyst size guided increase in duration for steroid therapy in viable parenchymal Neurocysticercosis: A pilot prospective interventional study, Pediatric Neurology
16. Capacity building and strengthening of Hospital Infection Control to detect and prevent antimicrobial resistance in India (CDC), Lab Medicine
17. Capacity building and strengthening of Hospital Infection Control to detect and prevent antimicrobial resistance in India (CDC), Lab Medicine
18. Centre for advanced Research (CAR) in Hospital Acquired Infections-Prevention and Control, Lab medicine
19. Cerebrospinal Fluid Biomarkers in Idiopathic Intracranial Hypertension: Targeted Proteomics Analysis, Neurology, Neuroradiology and Neuroanaesthesiology
20. Clinical outcome of chest trauma patients with fracture ribs patients undergoing rib fixation, Trauma surgery
21. Comparison of proportion of Complete Pathological Response following Neoadjuvant chemotherapy along with Hyperbaric oxygen therapy v/s Neoadjuvant chemotherapy alone in women with Invasive Breast Carcinoma: A Randomized Controlled Trial with Superiority Hypothesis, Surgical Disciplines
22. Comparison of TARM vs IPOM plus for management of primary and incisional hernia in terms of early outcomes and cost-effectiveness: A randomised control trial, Surgical Disciplines
23. Correlation of lung and gut microbiome of critically ill patients: a prospective observational pilot study, Anaesthesiology, Pain Medicine & Critical Care
24. Correlation of sleep architecture with cognition, behaviour and executive function in children and adolescents aged 5 – 18 years with pharmaco-responsive non-lesional epilepsy: An observational study, Pediatric Neurology
25. Correlation of Traits of Tumour Immune-Microenvironment and Response to Targeted Anti-PD-L1 And Anti-VEGF Therapy in Hepatocellular Carcinoma: An Ambispective Study, Pathology and Gastroenterology

26. Creation of Center of Excellence with ICMR Collaboration at BPS, Burn and Plastic Surgery
27. Defining the Fc receptor based immune landscape in rheumatic heart diseases, Cardiac Biochemistry

PATIENT CARE

JPNATC HOSPITAL STATISTICS REPORT: YEAR 2024-2025

Total Bed Strength: 259

Table No. 01: Bed Distribution (Year 2024-2025)

Category	No. of beds in Year 2024-2025
General Beds	172
ICU Beds	60
Private ward Beds	21
HDU Beds	06
Total Beds	**259**

Table No. 02: Specialty wise Bed Distribution (Year-2024-2025)

Department	No. of Beds in Year 2024-2025
Ortho Beds	60
TSCC Beds	55 (Including 5 beds PRS)
Neurosurgery Beds	89 (with ICU beds)
Private Beds	21
Others (Disaster + EHS + MS pool + General ICU)	34
Total Beds	259

Table No:03 HOSPITAL PERFORMANCE INDICES: (Year 2024-2025)

Parameters	Year 2024-2025	Inference
Total Days of Care	73819	Indicates proper & improved utilization of hospital Resources.
Average length of stay	10.62 days	Indicates effective utilization of beds for regular Admissions.
Average Bed Occupancy Rate	78.09%	Indicates Optimal bed occupancy.
Bed Turnover Rate	2.24 Pt/Bed	Indicates high productivity of hospital beds.
Net Death Rate	4.79%	Indicates low mortality rate, despite the fact, quite large no. of Critically ill patients were admitted in the hospital.

Table No: 04 Statistical Health Bulletin: Year 2024-2025

S. No.	Category	Year 2024-2025

Examiner for Post- Doctoral Fellowship Examination in the subject of Thoracic & Thoracoscopic Surgery. Practical Exam on 10 August 2024 at AIIMS, Jodhpur. External Examiner for MS (Traumatology & Surgery) Practical & Viva voce 16-17 January 2025, KGMU, Lucknow(UP). Member: Experts Group NIHFW, for the Course on Hospital preparedness for Health Emergencies for Senior Hospital Administrators. 2018 – till date. Member: Experts Group NIHFW, for the Training on Hospital preparedness for Health Emergencies for District Health Officers. 2018 – till date. Member, Medical board for Medical/Psychological Examination at AIIMS for Antarctic Expedition Team. 2016 till date. Visiting Faculty, Transport Research and Injury Prevention Program Centre(TRIPP), Department of Civil Engineering, Indian Institute of Technology, Delhi. Visiting Faculty, Department of Trauma Surgery and Critical Care, All India Institute of Medical Sciences, Rishikesh.

Dr Anant Gupta was DMA Distinguished Service Award, Member Secretary and Project Officer of Infectious Disease and Critical Care Block, Member of SPC of JPNATC. Member of SPC of Main Hospital. Guest Lecture for IIM Jammu. Guest lecture for Management Programme in Coal India. Full time NABH assessor. Member of Space allocation committee at JPNATC. Involved in Modular OT project. The work will add 5 more OT at JPNATC. Involved in Hybrid OT project (47 Cr) Currently in tendering stage. Officer Incharge of Procurement CAPFIMS. Planning and Designing of CBRN Facility at JPNATC. Site and Feasibility report creation. Planning and Designing of the building. Planning and Designing of OPD at JPNATC to augment the OPD Chambers. Planning of and Designing of Solid Organ Transplant Centre. Nodal person at JPNATC for Containment of Vector Bourne Diseases. Member in Implementation of Good Samaritan Scheme. Member of Quick Response team. Involve in enquiry committees. Member of Medical Record Committee at JPNATC. Member of Department Academic Committee. Officer Incharge Outsourcing Cell. Streamlining of Processes. Member of TSEC of BPS. Visiting Faculty to IIM Jammu

Dr Arulselvi S Co-organizing Secretary of IABS North Zone 2024 Conference.

Dr Ashish Bindra featured in Indian Journal of Anesthesia Podcast. Organized National Nutrition Month and World Food Day celebration on 18 October 2024 at JPNA Trauma Center. Executive member, Indian Society of Neuroanaesthesiology and Critical Care. Executive member, Neurocritical Care Society of India. Member education committee Society for

Neuroscience in Anesthesiology and Critical Care (SNACC). Team lead for e-education, Neurocritical Care Society of India. Journal club coordinator, Indian Society of Neuroanaesthesiology and Critical Care. Editorial Board Neurology India, Journal of Neuroanesthesiology and Critical Care. Received grant as Chief Investigator: Micronutrient deficiency in children with moderate to severe traumatic brain injury: Burden and association with outcome, Funding agency : Indian Council of Medical Research, Funds assigned : 58,23,000 INR.

Asjad Mahmood was Selected for the IAS-Dr Gopalakrishnan Inland Fellowship for 2024-2025 under the mentorship of Dr Sachin Tapasvi at Pune. Participated as faculty at various conferences organized by Department of Orthoapedics and Orthopaedic research society AIIMS such as ABC of Trauma 2024, Delhi trauma Conclave 2024, Cadaver course on High tibial osteotomy 2024, Cadaver course on meniscus repair 2025, AIIMS Pelvi-acetabular trauma update 2025.

Dr Atin Kumar Organized Delivered Dr. Anoop Memorial Oration at the Indian Society of Neuroradiology Mid-term CME held at Kochi on 19 October 2024. Elected as Secretary General of Society for Emergency Radiology India for 2024-2026.

Dr Babita Gupta was Nominated as an Expert for drafting syllabus/curriculum for FNB 'Trauma Anaesthesia and Critical Care' by National Board of Examination. Nominated as an Expert in Ethics Committee, National Medical Commission. External examiner for thesis evaluation at Guru Gobind Singh Indraprastha University, Postgraduate Institute of Medical Education and Research and Baba Faridkot University. Elected as President of Association of Anaesthesiology & critical care for trauma. Nominated as Chief editor of 'Journal of Trauma Anaesthesia, Resuscitation and Critical Care'. Completed WHO Mass casualty preparedness and response course accredited by WHO Academy and selected as faculty. Workshop Director of ITLS in RAJISACON held in Jodhpur in September 2024. Won Second Prize in oral presentation on "Enhancing the success and safety of endotracheal intubation by development of an innovative intubation system: A Pilot Project" in ISA Patna held in November 2024. Workshop Director, and Organising Chairman for Cadaveric Ultrasound guided regional anaesthesia workshop (AURA) held in September 2024. Organising Chairman for Cadaveriic Board studies with AORA held in January 2025.

Dr Biplab Mishra was Chairperson for General Surgery session, Annual day and Surgery CME. Member, Cadaver research. Member, Procurement committee. Member, technical specification committee. Reviewer, Journal of Cardiothoracic Surgery. Reviewer, International Journal of Emergency Medicine. Reviewer, The Egyptian Journal of Bronchology.

Dr Deepak Agrawal Recipient of BIG grant from DST for Rs 50 Lakhs in 2023-2025. Editor-in Chief of Indian Journal of neurotrauma (IJNT). Elected as Secretary, Indian Society of peripheral Nerve Surgery. Elected as Editor-in Chief of JPNS (Journal of Pediatric Neurosciences)

Dr Deepak Kumar Gupta Got Elected as President of Indian society for Pediatric Neurosurgery (2025- 2027) w.e.f. February 2025. As Co President of Donarte Association, Conducted 3rd International Conference on Donation, Art and Exhibition, Messina, Sicily (September 2024). President of Association for Multidisciplinary Trauma and Superspeciality Care (2025-2030). Recommended by Neurological Society of India to NOTTO as in expert in Framing of National Guidelines on Brain Stem Death Certification as per provisions of Transplantation of Human Organs and Tissues Act (THOTA), 1994. Received on behalf of JPNTC on 14th Indian Organ Donation Day (IODD) the Award for Best Brain Stem Death Certifying Team for North Region – 3 August 2024. Received appreciation from President of India, Hon'ble Smt Draupadi Murmu for Home Care Manual for TBI caregivers on behalf of NSI society : April 2024. SBSC Safe Balcony Safe Child Initiative for India Launched. Chairman of Brain Injury Initiative of Neurological Society of India (April 2024-December 2024)- Conducted various activities for prevention of head injury awareness. University of Messina, Sicily, Italy (July 2024). KK Woman Children hospital, Singapore (August 2024).

Dr Dinesh Bagaria was ICMR international visiting Fellowship at Gold Coast university hospital, Gold Coast, Australia from 21 May-30 June 2024. Participated in Prevention of Alcohol Related Trauma in Youth (PARTY) program at God Coast University Hospital, Gold Coast on 24 May 2024. Participated as an international Observer in Definitive Surgical Trauma Care (DSTC) course at Royal Brisbane Hospital, Brisbane, Australia from 3-5 June 2024. Observership on Trauma care at Westmed Hospital, Sydney from 11-23 June 2024. Observership on VATS for lung and pleural pathologies, surgical planning and techniques at Royal Melbourne Hospital from 24-30 June 2024. Chapter edition in Jeeva Raksha Trust's Comprehensive Emergency Care and Life Support (C-ECLS) Provider Manual.

Dr Garima Kachhawa was Expert for formulating the referral policy among hospitals for Delhi NCR under Directorate General Health services, Ministry of Health & Family welfare. On panel of experts for Integrated Emergency Care among hospitals by DG ICMR. On panel of experts for Project Review/screening committee for extramural grants of ICMR. HIGHLIGHTS

- **New Clinical Service**: Tobacco Cessation Clinic of NDDTC in collaboration with the Department of Pulmonology, initiated on 10th Sept, 2024 in AIIMS New Delhi.
- **Public health activities:** NDDTC coordinated the activities of 25 "Drug Treatment Clinics (DTCs)" under the Drug De Addiction Programme (DDAP) of the MOH&FW, GOI and 73 Addiction Treatment Facilities (ATFs) under the NAPDDR scheme of MoSJE, GoI, located in various government hospitals and medical colleges in the country.
- **Recognition**: NDDTC was re-designated as a WHO Collaborating Centre on Substance Use. It has provided technical inputs to the Ministry of Health & Family Welfare (MOHFW, GoI) and Social Justice & Empowerment (MoSJE, GoI) as a National Resource Centre.
- **Capacity building:** The center has conducted training for 1379 health and allied professionals working in various government schemes (ATF/ DTC/ NMHP) covering 20 states in India.
- **Faculty from NDDTC were represented at international forums** including the World Health Organization (47th Expert Committee on Drug Dependence, WHO clinical treatment guideline for tobacco cessation, WHO's Guidelines on Risk Reduction for Cognitive Decline and Dementia), the United Nations Office on Drugs and

Crime (UNODC), the Commission on Narcotic Drugs (68th session of Commission on Narcotic Drugs), the US-India Anti-Narcotic Working Group.

- The national contributions include developing Standard Treatment Guidelines for New Psychoactive Substances under MoHFW, GoI; membership of the Standing Expert Committee on Addictive Drugs constituted by the DDAP, MoHFW, GoI; and playing an Advisory role in the NDPS Task Force, Indian Psychiatric Society.

EDUCATION

- Under the "Establishing and Implementing Capacity Building Mechanisms for Addiction Treatment Facilities in India" since 2020, NDDTC has conducted a total of 25 training workshops where 292 medical professionals, 277 counsellors, 344 nurses and 191 other healthcare staffs were trained in the treatment of substance use disorders. Training of medical officers of the state of Uttar Pradesh and Uttarakhand was also conducted.
- Short training of 1-2 days for BSc and MSc nursing students from RAK college of nursing, New Delhi, Holy family college of nursing and College of Nursing, Army Hospital (R &R) on substance use disorder management were carried out
- Online Automated Training in substance use disorders is carried out on NDDTC Web portal: https://naat.co.in.

CMEs/Workshops/Symposia/National and International Conferences organized by the Department

- Workshop to review functioning of the Drug De-Addiction Programme (DDAP), Ministry of Health and Family Welfare, Government of India. Organized by NDDTC for the DDAP, MOH&FW on 15th April 2024 in NDDTC Ghaziabad.
- 3rd National CME of the Indian Association for Child and Adolescent Mental Health (IACAM), was organized by NDDTC and Department of Psychiatry on February 8-9, 2025 AIIMS New Delhi

RESEARCH

Funded projects

Ongoing

1. A study to examine psycho-social & behavioral domains among school going adolescents during COVID 19 pandemics: Mixed study design, Dr Rachna Bhargava, ICMR, 3 years, 2022-2025, Rs 1.35 Lakhs
2. A time series approach to evaluating the role of co-occurring depression and anxiety as determinants of outcomes, disability and quality of life among patients with opioid dependence, Dr Siddharth Sarkar, ICMR, 3 years, 2023-2026, Rs 50 Lakhs
3. Development & Pilot Testing of a Biomarker Feedback and Cognitive-Social Health Information-Processing (C-SHIP) Model Based Novel Multi-component Intervention for Smokeless Tobacco Cessation during Pregnancy, Dr Prabhoo Dayal, ICMR, 3 years, 2023-2026, Rs 39.61 Lakhs
4. Establishing and implementing capacity building mechanism for addiction treatment, Dr Alok Aggarwal, Ministry of Social Justice and Empowerment, GoI, 4 years, 2020-2025, Rs 1600 Lakhs
5. Evaluation of Neurocognitive, Personality, Emotional, and Psychosocial Biomarkers as Candidate Endophenotypes for Opiod Use Disorder &Their Relationship with Polymorphism in Opioid & Dopamine Receptor Genes : Implications for Prevention & Treatment, Dr. Prabhoo Dayal, ICMR, 3 years, 2022-2025, Rs 36.63 Lakhs

6. Hepatitis C testing using dried blood spots among people who inject drugs, with implications for diagnosis and treatment monitoring: A multi-site, cross sectional study, Dr. Rizwana Quraishi, ICMR, 3 year, February 24-February 27, Rs 42,00,000
7. Identifying Predictors of Suicidal Risk in Individuals with Alcohol Use Disorder Using a Combined Biomarker and Clinical Risk Assessment Approach, Dr Prabhoo Dayal, DHR, 3 years, 2023-2026, Rs 50.61 Lakhs
8. Metabolic and addiction indices in Indian opioid dependent subjects on Buprenorphine-naloxone Maintenance treatment: A longitudinal study. (ICMR 2023), Dr Piyali Mandal, ICMR, 3 years, 2023-2026, Rs 14.71 Lakhs
9. Psychoactive substance use among individuals in Mizoram Prisons: A situational assessment, Dr Ravindra Rao, Social Welfare Department, Govt of Mizoram, 9 months, December 2024-August 2025, Rs 6 Lakhs
10. Real world effectiveness of add-on yoga of patients with opioid dependence stabilized on treatment, Dr Siddharth Sakar, DST, 3 years, 2022-2025, Rs 34 Lakhs
11. Role of specific single-nucleotide gene polymorphisms (SNPs) with treatment adherence and outcome with naltrexone among patients with opioid dependence: A naturalistic follow-up study, Dr Biswadip Chatterjee, ICMR, 3 years, 2021-2024, Rs 50.70 Lakhs

Completed

1. Assessment of rates and causes of mortality among people with opioid dependence, Ravindra Rao, Indian Council of Medical Research, 3 years, July 2021-September 2024, Rs 56.98 Lakhs
2. Brain Stimulation as a Novel Technique for Cognitive Dysfunction and Craving Management to Enhance Treatment Outcome in Patients with Alcohol Dependence: a Prospective, Randomized Controlled Trial, Prabhoo Dayal, DST, 3 years, 2018-2022, Rs 30.81 Lakhs
3. Peripheral Blood Inflammatory Cytokines and Markers of Neuroinflammation in Alcohol Dependence and Their Association with Behavioural Markers and Alcohol Dependence Treatment Outcome, Prabhoo Dayal, AIIMS (Intramural), 1 year, 2019-2020, Rs 4.63 Lakhs
4. Role of genetic polymorphism in determining risk and severity of opioid dependence: A case-control study, Biswadip Chatterjee, AIIMS (Intramural, 3 years, 2021-2024, Rs 10 Lakhs

Departmental projects (including thesis/dissertations)

Ongoing

1. A cross-sectional study to assess the neuro-cognitive functioning of chronic smokeless tobacco users
2. A Pilot Study on Dropouts in Adolescent Outpatients with Substance Use Disorder
3. A Randomized Controlled Trial to Evaluate the Efficacy of Inhibitory Control Training for Aggressive Behaviours among Individuals with Co-occurring Substance Use Disorder and Gambling Behaviour
4. Adherence to Disulfiram therapy in alcohol dependent outpatients and factors related to supervision by family members
5. An E -Study to Assess the Socio Demographic and Clinical Characteristics of Participants of Chemsex In India
6. Association of severity of substance use with impulsivity, internalizing and externalizing problems in adolescents.
7. Clinical parameters among adults having opioid dependence syndrome with and without ADHD: A comparative study
8. Comparative Analysis of Serum Levels and Subjective Effects of Intravenous vs Sublingual Buprenorphine: A Randomized Double-Blind Crossover Study.
9. Comparison of Clinical Parameters among Opioid Use Disorder Adult Opioid Use Disorder Patients with and without ADHD
10. Drug dependence treatment retention and associated factors among women treatment seekers - A Longitudinal Study
11. Effectiveness of Nicotine Replacement Therapy (NRT) and Bupropion for Smoking Cessation amongst opioid dependent subjects on agonist maintenance treatment: A Randomized Open-Label, Parallel-Group Trial
12. Efficacy of Baclofen for cannabis use disorder in patients on Opioid Agonist treatment with Buprenorphine: a double-blind placebo-controlled trial

13. Efficacy of brief intervention/ 5A approach in smokeless tobacco use cessation in patients receiving treatment at a tertiary dental facility: a randomized controlled trial
14. Exploring neuroimaging and metabolomic markers associated with opioid dependent subjects on buprenorphine maintenance treatment.
15. Exploring spiritual and religious coping in patients with substance use disorders: Perspectives of patients and healthcare professionals
16. Impact of Opioid Substitution Treatment on Employment Among Patients with Opioid Dependence in NDDTC and Trilokpuri Community Clinic of India
17. Loneliness Among People Undergoing Treatment for Opioid Use Disorder: A Mixed Methods Examination of Rates, Severity, and Associated Factors
18. Long term outcomes of opioid agonist treatment in patients with opioid use disorder: A Systematic Review and Meta-Analysis
19. Marital Relationship and Quality of Life among Men and Women Seeking Treatment for Opioid Dependence and their Spouse: A Comparative study
20. Patient preferences for long-term treatment for opioid use disorders
21. Pattern, Motives and Factors Associated with Non-prescription Use and Diversion of Buprenorphine among Opioid Dependent Patients: A Cross-sectional Observational Study
22. Retention and associated factors among women seeking treatment for drug dependence – a longitudinal study
23. Retrospective study to analyze the profile, the pattern of substance use and outcome of treatment of adolescent patients who sought treatment for opioid use
24. Study of Attentional Bias Using Eye Tracking in Opioid Dependent Subjects

Completed

1. A Pilot Study on Dropouts in Adolescents Outpatients with Substance Use Disorders: A Longitudinal Prospective Study
2. A randomized controlled trial of family intervention for patients with opioid dependence
3. Adherence to disulfiram therapy in alcohol dependent outpatients and factors related to supervision by family members
4. Assessment of sexual functioning and sex hormone levels in opioid-dependent males maintained on opioid agonist treatment: A prospective, community-based study
5. Association of Tobacco Smoking with Psychiatric Co-morbidities among Patients with Chronic Obstructive Pulmonary Disease
6. Comparison of Different Methods for Estimation of Alcohol Consumption: A Cross-sectional Community based Study
7. Neuropsychological functioning in patients with alcohol dependence: A case control study
8. Outcomes in Treatment with Tramadol for Opioid Use Disorder over 12 weeks : A Prospective Observational Study
9. Patient preferences for long-term treatment for opioid use disorder
10. Psychosocial correlates of caregiving experience among caregivers of patients with schizophrenia

Collaborative projects

Ongoing

1. Cognitive changes in children undergoing multiple exposures to anesthesia for pediatric glaucoma and its association with visual fields and perimetry, Department of Ophthalmology
2. Development of a Mindfulness-based Intervention for Adolescents with ADHD, Department of Psychiatry
3. Development of artificial intelligence-based models for prediction of self-harm amongst the patients of depression, Department of Psychiatry, Department of Anatomy

4. Enhancing Mental Health and Substance Use Literacy among College Going Students in National Capital Territory of Delhi- An Intervention Study, Centre for Community Medicine
5. Evaluation of the bleeding problems, their severity and the psycho-social impact of being a carrier of Hemophilia, Department of Hematology
6. Exploring neuroimaging and metabolomic markers associated with opioid dependent subjects on buprenorphine maintenance treatment, Department of NMR
7. Investigation of Ventricular Arterial coupling and its association with Renin Angiotensin aldosterone in COVID-19, Department of Physiology
8. Microstates and cortical sources as a QEEG tool to quantify and classify normal, meditative, stressed and psychiatric brain states, Department of Physiology
9. Neuro-biofeedback as a trans-diagnostic treatment approach among adolescents with internalizing disorders, Department of Psychiatry
10. Profiling Injecting Drug Marks in Indian Injection Drug Users, Department of Dermatology
11. Role of scrotal support in reducing post-operative pain, oedema and hematoma following laparoscopic inguinal hernia surgery: A Randomized control trial, Department of Pediatric Surgery

Completed

1. A pilot study to assess the items for the anxiety related events among blood donors and establish their face and content validity at a tertiary care academic institute in North India, Department of Transfusion Medicine
2. Assessment of clinical factors associated with chronotype in patients with Bipolar Disorder in remission, Department of Psychiatry
3. Functional outcome of patients undergoing thoracic surgery for pulmonary and pleural diseases: a prospective cohort study, Department of Pediatric Surgery
4. Outcome of ASO in TGA intact ventricular septum with regressed LV in the age group 2-6 months using two stage VS integrated ECMO-A prospective observational study, CTVS
5. To assess prefrontal cortical activity in children and adolescents with ADHD using FNIRS, SACCIDIC Eye movements and the effect of treatment : A randomized Control Trial, Department of Psychiatry

AWARDS, HONOURS AND SIGNIFICANT EVENTS

Professor Anju Dhawan was Member Ethics Committee (Thesis) AIIMS. Advisor, Yoga and Meditation – Specialty Section Indian Psychiatric Society. Member Executive Committee of APSI (Addiction Psychiatry Society of India). Member 5th India-US Counter Narcotics Working Group (CNWG) meeting held on 23-24 October 2024 at New Delhi. Nominated by

Ministry of Health, Government of India for Indian delegation on 68th session of Commission on Narcotic Drugs held on 10-14 March 2025 in Vienna. Nominated as national focal point for the WHO 47th Expert Committee on Drug Dependence. Member of the Expert Group for preparation of Standard Treatment Guidelines for all New. Psychoactive Substances (NPS) constituted by the Drug De-Addiction Programme, Ministry of Health and Family Welfare, GOI. Nomination for National level review cum consultation on implementation of Joint Action Plan on Prevention of Drugs and Substance Abuse and Illicit Trafficking" on 30th June 2024 at New Delhi. Member of the Standing Expert Committee on Addictive Drugs constituted by the Drug De-Addiction Programme, Ministry of Health and Family Welfare, GOI.

Professor Sonali Jhanjee was a member of Guideline Development Group (GDG) member for WHO clinical treatment guideline for tobacco cessation which were launched on 2 July 2024. Guideline Development Group (GDG) member for Update of WHO's Guidelines on Risk Reduction for Cognitive Decline and Dementia. Was invited as a chairperson for the session titled Management of a Child with Dissociative Disorder on 9 February at National Mid-Term CME of IACAM, AIIMS, New Delhi. Was invited as a chairperson for the session titled Online gaming addiction in the Pediatric age group: a major health concern-Diagnosis, Management and Counseling on 25 January at 76th ANCIPS, or the Annual National Conference of the Indian Psychiatric Society, Hyderabad. As Member of the Expert Committee on Tobacco Cessation Services in India, attended meeting in Manesar on 11-12 November2024 to give inputs on the National Strategic Action Plan (2025-30) for Strengthening Tobacco Cessation in India.

Professor Atul Ambekar Participated as a member of delegation of Government of India (representative Ministry of Health and Family Welfare) at the 68th session of Commission on Narcotic Drugs (CND), including the High-level Segment. Delivered two statements on behalf of MoH&FW, Government of India (March 2025), Vienna, Austria. Served as the member of steering committee for preparation and finally as the member of the delegation of Government of India to participate in the Commission on Narcotic Drugs (CND), in March 2025, Vienna, Austria. Participated as an expert for the Expert group meeting on consequences of drug use by the United Nations Office on Drugs and Crime (UNODC), Vienna, Austria in September 2024. Participated as an expert for the Expert Meeting on drug use epidemiology and Surveillance Systems, by the European Union Drugs Agency (EUDA), Lisbon, Portugal, in October 2024. Participated as an expert representing MoH&FW, Govt of India at the WHO meeting on illicit alcohol trafficking, Bangkok, Thailand, July 2024. Served as chairperson, Expert Committee on scheduling of Tapentadol, constituted by the CDSCO, MoH&FW, Govt. of India (2024). Serving as Advisor NDPS Task Force, Indian Psychiatric Society (2024-25). Serving as member, Research Advisory Committee, NLR, India (2024-25). Serving as member, Research Advisory Committee, HRIDAY (2024-25). Serving as member, Trial Steering Committee (TSC) for the iCAP (Integrated Care for Alcohol Problems) study - Sangath, Goa, India and London School of Hygiene & Tropical Medicine, UK (2024-26).

Professor Rachna Bhargava was External Examiner for PhD thesis - Delhi University. Secretary General, Indian Association for Child & Adolescent Mental Health (2023-25). Associate Editor, Indian Journal of Social Psychiatry. Editorial Board, Journal of Indian Association of Child and Adolescent Mental Health. Expert member of Inspection committee of Child Care Institutes of Delhi by Department of WomeCD.

Dr Siddharth Sarkar was Deputy editor of the Indian Journal of Psychiatry. Editorial Board of several journals in the field of psychiatry. Developed training material for Community Health Officers (CHOs). Resource person for training of trainers for the state of Uttarakhand. External Expert in the Board of Studies for AIIMS, Gorakhpur and AIIMS, Madurai. Expert in the National Tribal Conclave organized by the Ministry of Tribal Affairs, Government of India. Nominated member for training for UNODC - NISD -Policy makers Training. Resource personnel for training for NISD. PhD and DM thesis evaluation.

Dr Shalini Singh was Member of the Local Research Advisory Group for the MRHRU at Khotpura, Panipat, Haryana; ICMR-National Institute of Cancer Prevention and Research.

Dr Roshan Mohanpant Bhad Elected as Secretary of Addiction Psychiatry Section, World Psychiatric Association. Nominated as Member of Scientific Committee of 27th Annual Congress of ISAM, Hamburg. Nominated as Convener, Emergency and Disaster Mental Health Section, Indian Psychiatry Society.

Dr Piyali Mandal was Chief guide of a DM Resident for ISAM-NIDA Grant-in-Aid-of-Travel for ISAM 2025, Hamburg for the paper titled "Treatment retention and associated factors among women with Drug dependence: A longitudinal study" (based on thesis).

Dr Gauri Shankar Kaloiya was Secretary General of Society for Addiction Psychology. Treasurer of SPREMH, Department of Psychiatry, AIIMS. Ph.D. Thesis evaluated - Delhi University, Jamia Millia Islamia, Kurukshetra University, Ranchi University, Amity University.

Dr Ashwani Kumar Mishra: National Level: Nominated as the External Expert for Grant-in aid scheme for Sustainable Developments Goals (SDGs) for Ministry of Statistics and Programme Implementation (MOSPI), Government of India.

Member Data and Safety Monitoring Board (DSMB), Rajendra Prasad Institute of Medical Sciences (RIMS), Ranchi. Nominated as External Expert Member Institute Ethics Committee (IEC) for National Institute of Health and Family Welfare (NIHFW), Ministry of Health and Family Welfare (MOHFW), Government of India (GOI). Nominated as the External Member for review and sanction of Intramural Research Project for Faculties at All India Institute of Medical Sciences (AIIMS), Chhattisgarh. Panel Expert Member for UGC-Net 2024 Environmental Sciences-Statistics, National Testing Agency (NTA), Ministry of Education, Government of India. Life Member for the professional society Indian Society for Medical Statistics (ISMS). Life Member for the professional society Indian Association for the Study of Population (IASP).

International Level: Selected as the Chair of Education Committee of the International Society for Clinical Biostatistics (ISCB). Elected Member for the International Statistical Institute. Elected Member for the International Association for Statistical Education. Life Member for the professional society Indian Association for the Study of Population (IASP). Associate Editor, for Specialty section Public Mental Health, for the journal Frontiers. Only Member from Developing Country for Education Sub-committee, International Society for Clinical Biostatistics (ISCB).

VISITING SCIENTIST- 2

Dr Benjamin Shepherd, Specialty doctor in Addiction Psychiatry at NHS Lothian, Scotland. Sug Cdr Sargundeep Singh from Indian Navy- Clinical Observership.

HIGHLIGHTS

Anesthetic management for 4046 neurosurgical procedures was done in neurosurgical OTs at Neurosciences Center and services on need basis were provided 2 in Gamma-knife suite. Anesthetic management for 726 neuroradiological procedures (514 in Angiography lab and 212 in MRI suite) was performed. Intensive care management was provided to 6677 ICU patients. A total of 4148 patients (2812 new and 1336 old) were seen in the Pre-Anesthesia Check-up (PAC) clinic at NSC. A total of 886 patients (192 new and 694 old) were seen in pain clinics OPD, NSC and more than 400 pain procedures were performed on day care basis.

Twenty research projects including dissertations have been completed in the department this year, and 28 research projects are ongoing. Faculty members are working on 2 international collaborative projects, with 1 project already completed. One faculty member is currently working on one intramural funded research project. Faculty members have delivered 40 lectures at various national and international conferences. The department has published 35 papers in prestigious journals, 1 abstract, 6 book chapters, and 2 books. Faculty members in the department have received awards and recognition on various national and international platforms.

EDUCATION

Five candidates were awarded D.M. (Neuroanaesthesiology and Critical Care) degree and 2 candidates were awarded fellowship in Neurocritical care. Four new candidates joined D.M. course and one candidate joined the Neurocritical care fellowship course. Twenty six senior residents (Academic and non-academic senior residents are in the Department, 2 Neuro Critical-Care fellows). Training was provided to 24 junior residents, Anesthesiology, Critical Care and Pain medicine, AIIMS, New Delhi; 12 senior residents from IRCH, AIIMS, New Delhi. Observership and training to 2 Junior residents from AIIMS, Mangalgiri; 12 junior residents from Lady Hardinge Medical College, New Delhi and 1 senior resident from GB Pant Hospital, New Delhi.

Girija Prasad Rath

1. Neurocritical Care in India, Annual Scientific Session of Critical Care in Stroke and Joint Session of the Neurocritical Care Society (NCS) Asia Regional Chapter Meeting, 24 August 2024, Xian, China
2. Pediatric Neuroanesthesia Is it the Time for a New Subspecialty? 3rd Professor (Dr) N. N. Sinha Oration at Indira Gandhi Institute of Medical Sciences (IGIMS), 5 October 2024, Patna, Bihar
3. Considerations for Pediatric Traumatic Brain Injury, Medanta Anaesthesia Critical Care Conclave (MNCC), 9 November 2024, Gurugram, Haryana
4. Awake Craniotomy: What it is and How I do it, 71st Annual National Conference of Indian Society of Anaesthesiologists (ISACON 2024), 21 November 2024, Patna, Bihar
5. Teaching and Training in Neuroanesthesia & Neurocritical Care in India, 1st Professor (Dr) TZ Khan Oration at Jawaharlal Nehru Medical College, Aligarh Muslim University, 21 December 2024, Aligarh, UP
6. What's New in Pediatric TBI, 8th Congress of Asian Society for Neuroanesthesia and Critical Care, 1 March 2025, Bangkok, Thailand
7. Minimally Invasive Neurosurgery in Children, 8th Congress of Asian Society for Neuroanesthesia and Critical Care, 2 March 2025, Bangkok, Thailand

Hemanshu Prabhakar

1. Treatment of Acute Ischemic Stroke in the extended time window using perfusion imaging, Emirates Critical Care Conference (ECCC 2024), 10 May 2024, Dubai
2. ERAS in Neurosurgery, International Faculty Speaking Forum, 22 May 2024, Karachi (Online)
3. Curing Coma Campaign in Asia and Indian sub-continent, VII Jornadas Internacionales de Neurointensivismo (JINI), 24 November 2024, Buenos Aires
4. Surveys in the LMICs – what did we learn? VII Jornadas Internacionales de Neurointensivismo (JINI), 24 November 2024, Buenos Aires
5. Research in the LMICs, VII Jornadas Internacionales de Neurointensivismo (JINI), 24 November 2024, Buenos Aires
6. Future research in NCC, VII Jornadas Internacionales de Neurointensivismo (JINI), 24 November 2024, Buenos Aires
7. Targeted Temperature Management – state of art? Innovations in surgery, oncosurgery and transplantology, 19, December Moscow
8. Neurological complications after organ transplant, Innovations in surgery, oncosurgery and transplantology, 19-20 December Moscow
9. Neuroprognostication in the low-income and middle-income countries, Arbeitstagung NeuroIntensivMedizin ANIM 2025, 30 January 2025, Berlin

Charu Mahajan

1. Aneurysmal Subarachnoid hemorrhage, Comprehensive Neurocritical Care Course, 20 July 2024, Kochi
2. Management of Traumatic brain injury, Comprehensive Neurocritical Care Course, 20 July 2024, Kochi
3. Optimal CPP: Chasing the elusive number, 26th Annual Conference of Indian Society of Neuroanaesthesiology and Critical Care, 23 January 2025, Kovalam, Trivandrum
4. Management of aneurysmal SAH, Comprehensive Neurocritical Care Course, 22 February 2025, Gurgaon

Indu Kapoor

1. Spinal Cord Injury, Comprehensive Neurocritical care Course, Medanta Medicity hospital, 22 February 2025, Gurugram, Haryana
2. Cerebral Oxygenation Monitoring, Comprehensive Neurocritical care Course, Medanta Medicity hospital, 22 February 2025, Gurugram, Haryana
3. Optic nerve Sheath Diameter, Comprehensive Neurocritical care Course, Medanta Medicity hospital, 22 February 2025, Gurugram, Haryana

Surya Kumar Dube

1. TCD Basic Principle and Windows of Insonation, AIIMS-RACC, 28 August 2024, AIIMS, New Delhi
2. Fluid Management in Neurocritical Care: New Insights & Personalized Management, NCSI 2024, 30 August 2024, Mahabalipuram, Chennai, Tamil Nadu
3. ICU Management of Patients with Ischemic Stroke, 8th Annual Neurocritical Care Update organised By Apollo Hospital Hyderabad, 5 October 2024, Virtual (Online)
4. Screening and Optimization of Brain-Dead Organ Donor, In Service Training Course of Resident Doctors and Nurses on Deceased Organ & Tissue Donation organized by ORBO, AIIMS, New Delhi, 8 April 2024, 10-23 May 2024, 21 January-21 February 2025, AIIMS, New Delhi

Suman Sokhal

1. "Supratentorial masses – Anaesthetic consideration.", AIIMS Mangalgiri, 17 August 2024, Online
2. Optic Nerve Sheath Diameter, Recent Advances in Critical Care" (RACC-2024), 24 August 2024, JPNATC, AIIMS, New Delhi
3. Transcranial Dopplar, RAJISACON 2024, 13 September 2024, AIIMS Jodhpur
4. ONSD and its clinical implications, RAJISACON 2024, 15 September 2024, AIIMS Jodhpur

Hirok Roy

1. Transcranial Doppler, 32nd Annual National and 3rd International Conference of the Research Society of Anaesthesiology Clinical Pharmacology, RSACPCON 2024, 19 April 2024, AIIMS, Jodhpur
2. Anaesthesia for intraoperative Neurophysiological monitoring, Annual CME 2024 of ISA Noida, 21 July 2024, Kailash Hospital and Neuro Institute, Noida
3. Anaesthetic management for cerebral aneurysmal surgery, Neuroanaesthesiology Class 2024, 10 August 2024, AIIMS, Mangalagiri
4. Transcranial Doppler: Basic Physics, Recent Advances in Critical Care RACC-2024, 24 August 2024, AIIMS, New Delhi
5. Immediate Trauma Life Support (ITLS): Chest tube drainage, 2nd Annual Conference of Society of Trauma Anaesthesia and Critical Care, 4 October 2024, Trauma Centre, IMS, BHU, Varanasi
6. Regional Anaesthesia (Head & Neck USG & PNS), 5th International and 15th National Conference of Indian College of Anaesthesiologists, 12 September 2024, King George's Medical University, Lucknow
7. Post operative care in Pituitary surgeries (Sodium Disorders and Endocrine Issues), Neuro Critical Care CME, 7 December 2024, Nagpur

RESEARCH

Funded projects

Ongoing

1. Effect of Ketofol versus Fentanyl and Midazolam for ICU Sedation on Brain Injury Biomarkers in Moderate to Severe Traumatic Brain Injury Patients – A Prospective Randomized Controlled Study, Dr Suman Sokhal, AIIMS, 2 years, 2024-2026, Rs 8.50 Lakhs

Departmental projects (including thesis/dissertations)

Ongoing

1. A prospective randomized study to determine the effect of perioperative stellate ganglion block on cerebral vasospasm in aneurysmal subarachnoid hemorrhage patients
2. Airway Changes in Patients Undergoing Lumbar Spine Surgery in the Prone position: A Prospective Observational Study
3. Assessment of recovery profile in target controlled infusion versus manual controlled infusion of propofol in patients undergoing endoscopic transsphenoidal pituitary surgery: A prospective Randomized Study.
4. Brain ultrasonography for nEuro-prognostication in comatose adult survivors of cardiac arrest: Rivive trial
5. Comparison of effect of propofol versus ketofol on emergence from anaesthesia in patients undergoing elective supratentorial craniotomy: A prospective randomized double blind study supratentorial craniotomy
6. Comparison of Sugammadex versus Neostigmine for reversal of Rocuronium induced neuromuscular blockade in adult patients undergoing Elective Neurosurgery
7. Dynamic needle tip positioning versus short axis technique for ultrasound guided internal jugular venous cannulation in adult surgical patients: A randomized controlled trial
8. Effect of bilateral scalp block on Intraoperative opioid consumption and Postoperative pain in children undergoing Supratentorial craniotomy
9. Effect of dexmedetomidine on cerebral vasospasm associated biomarkers in patients undergoing elective craniotomy for intracranial aneurysms: a randomized controlled trial.
10. Effect of dexmedetomidine on oxidative stress and immune modulation in patients undergoing aneurysm clipping-a randomized controlled trial
11. Effect of Goal Directed Fluid Therapy on Postoperative Airway Parameters in Patients Undergoing Lateral Position Craniotomy Surgery.
12. Effect of Melatonin Premedication in Patients Undergoing Awake Craniotomies: A Randomized controlled trial.

13. Effect of sleeping pattern on preoperative anxiety and postoperative outcome in patients undergoing awake craniotomy for supratentorial tumors
14. Effect of systemic lidocaine and dexmedetomidine on perioperative analgesia and 3-month outcome in patients undergoing supratentorial craniotomy under inhalational anaesthesia: a randomized control trial.
15. Efficacy of oral melatonin premedication in reducing preoperative anxiety in patients undergoing supratentorial craniotomy
16. Evaluate effect of Decompressive craniectomy on jugular venous oximetry SjVO2 in traumatic brain injury patients
17. General anaesthesia versus Conscious sedation for endovascular Therapy in patients with acute ischemic Stroke due to Tandem Occlusion: a prospective observational study
18. Hepatic Injury Following Elective Craniotomy Surgery- A Prospective Observational Study.
19. Intraoperative complications during surgical correction of craniosynostosis in syndromic and non-syndromic children: a prospective, observational, comparative, preliminary study.
20. Near-infrared spectroscopy as a predictor of evaluation towards brain death following severe brain damage
21. Neurogenic shock in traumatic cervical spine injury – natural history and use of oral drugs as adjuncts in weaning off from intravenous vasopressors.
22. NeuRological outcomE of patients after cardiac arreST in neurOcritical caRE unit: The RESTORE Study
23. Neuroprognostication in critically ill neurologic patients – Existing practice in the Low- and Middle-income Countries
24. Neuroprognostication in critically ill pediatric patients with moderate to severe traumatic brain injury: a prospective study
25. Perioperative complications during surgical correction of craniosynostosis in syndromic and non-syndromic children: A prospective observational preliminary study.
26. The Effect of Perioperative Factors on The Outcome of Patients with Metastatic Brain Lesions undergoing neurosurgical intervention: A Retrospective Observational Study
27. To evaluate the correlation between non-invasive (NIRS and ONSD) and invasive (ICP catheter) techniques of ICP measurements in adults with traumatic brain injury – A prospective observational study.
28. Understanding the practice of Neuroanesthesia across the Low- and Middle-income Countries (Survey)

Completed

1. Comparing the effect of Fentanyl and Midazolam with Ketofol for ICU sedation on the extended Glasgow outcome scale at three months in moderate to severe traumatic brain injury patients -A prospective randomized study
2. Comparing the Effect of Fentanyl and Midazolam with Ketofol for ICU Sedation on the Extended Glasgow Outcome Scale at Three Months in Moderate to Severe Traumatic Brain Injury Patients –A Prospective Randomized Study
3. Comparison of 0.9% normal saline, stereofundin, and plasmalyte with respect to metabolic parameters and brain relaxation in patients undergoing supratentorial craniotomy: A randomized controlled trial.
4. Comparison of Intra-Abdominal Pressure (IAP) During Different Neurosurgical Positions.
5. Development of postoperative laryngeal edema as assessed by cuff leak test in patients undergoing craniotomy for elective intracranial tumour excision: A prospective, observational, preliminary study.
6. Early quantitative pupillometry index as a predictor of long term outcome in severe traumatic brain injury patients: a prospective observational study
7. Effect of age variability on clinical outcome of patients undergoing Awake Craniotomy
8. Effect of Intraoperative Goal-Directed Fluid Therapy on ExtraVascular Lung Water After Lateral Position Craniotomy. A Prospective Randomized Study.
9. Effect of Intraoperative Goal-Directed Fluid Therapy on ExtraVascular Lung Water After Lateral Position Craniotomy. A Prospective Randomized Double blinded Study

10. Effect of patient positioning for neurosurgical procedures on post-intubation laryngeal edema assessed by cuff leak test and laryngeal ultrasonography – A prospective, observational, preliminary study.
11. Effect of Sugammadex versus Neostigmine reversal on lung aeration score after operative fixation of cervical spine: A prospective, double blinded, randomized control trial.
12. Effectiveness of a Neurocritical Care Course with Problem-based learning and discussion format in Asia.
13. Effects of varying concentrations of Nitrous Oxide on motor evoked potentials using IONM during spine surgeries: A double blinded Randomised Controlled Study
14. Impact of intraoperative juglar venous oximetrty based management on outcome in patients undergoing excision of intracranial meningiomas: a preliminary study.
15. Neurocritical Care Organization in the Low-income and Middle-income Countries
16. Opioid free anaesthesia for craniotomy in supratentorial tumors: A randomized controlled open labelled study
17. Opioid sparing Anesthesia Technique for supratentorial craniotomy in geriatric patients [OPIATE]: a randomized open labeled study
18. Point-of-Care ultrasound to identify Frailty and predict outcomes in patients with traumatic brain injury: A prospective observational study.
19. Role of Preoperative Anesthesia Counselling in the neursurgical patients: A randomized controlled open label study
20. Vventilatory strategies for patients with severe traumatic brain injury in the LOw- and Middle-Income CountrieS – VENTILOMICS Survey

Collaborative Projects

***Ongoing* (2 International Collaborative Studies)**

1. The MAGPIES Study – Mapping Global Surgery. It's a multicentric Study. Nodal Centre is Birmingham, UK.
2. Curing coma campaign acute coma pragmatic prospective observational (compose) study, Baylor St. Luke's Medical Center and College of Medicine, USA

Completed

1. Comparison of enhanced recovery after surgery [ERAS] protocol vs conventional care in patients undergoing elective craniotomy for intracranial aneurysms: A randomized controlled controlled trial, Neurosurgery

AWARDS, HONOURS AND SIGNIFICANT EVENTS

1. **Second Prize** in NCSI 2024 in Award paper presentation; Effect of Sugammadex versus Neostigmine reversal on lung aeration score after operative fixation of cervical spine: a prospective, double blinded, randomized control trial
2. **Third Prize** in NCSI 2024 in Award paper presentation; To Evaluate The Correlation between Non-Invasive (NIRS and ONSD) and Invasive (ICP Catheter) techniques of ICP measurements in Adults with Traumatic Brain Injury (TBI)- A Prospective Observational Study
3. **First Prize** in ISACON 2024 in KOP'S National Award in Neuroanaesthesia category; Effect of bilateral scalp block on Intraoperative opioid consumption and Postoperative pain in children undergoing Supratentorial craniotomy
4. **Second Prize** in ISACON 2024 in KOP'S National Award in Neuroanaesthesia category; Airway changes in patients undergoing spine surgery in prime position: A prospective observational study
5. **First Prize** in ISNACC 2025 in VK Grover Best Paper Award; Effects of varying concentrations of Nitrous Oxide on motor evoked potentials using IONM during spine surgeries: A double blinded Randomised Controlled Study
6. **First Prize** in RSACPCON 2025 in Basudev Kaushalya award (Neuroanaesthesiology Research); A prospective randomized study to determine the effect of perioperative stellate ganglion block on cerebral vasospasm in patients with aneurysmal subarachnoid hemorrhage
7. **Second Prize** in RSACPCON 2025 in Basudev Kaushalya award (Neuroanaesthesiology Research); Airway changes in patients undergoing spine surgery in prime position: A prospective observational study.

For individual faculty members

Professor Mihir Prakash Pandia was Chaired a session during 5th NCSI conference held in Chennai between 29 August 2024 to 1 September 2024. Chaired a session during the joint conference of 3rd world conference on comprehensive critical care (W4C) & Bronchopulmonary world congress held at Bhubaneswar between 14 September 2023 to 17 September 2023. Chaired a session during the conference ISNACC 2025 held in Trivandrum between 24 January 2025 to 26 January 2025. Chaired a session during the conference RSACPCON held in Bhatinda between 28 March 2025 to 30 March 2025. Judged a research presentation session during the conference RSACPCON held in Bhatinda between 28 March 2025 to 30 March 2025. Continuing as committee member of the constitution committee of Neurocritical care society of India.

Professor Girija Prasad Rath Continues to contribute as the Registrar of the Institute. Elected as the President-Elect for Education and Scientific Affairs of the Society for Neuroscience in Anesthesiology and Critical Care (SNACC, USA). Nominated as the Editor-in-Chief for the Journal of Neuroanaesthesiology and Critical Care (JNACC), the official journal of the Indian Society of Neuroanaesthesiology and Critical Care (ISNACC). Continue to contribute as the Chair of the Global Outreach Committee and member of the Scientific, Membership, Communication, and Strategic Affairs committees of the SNACC. Continue to contribute as the EXCO member (India) for the Asian Society of Neuroanaesthesia and Critical Care (ASNACC) and delivered two lectures during ASNACC 2025 in Bangkok, Thailand. Represented two national societies (ISNACC and NCSI) at Xian, China during the Joint Session of the Neurocritical Care Society (NCS) Asia Regional Chapter Meeting and delivered a lecture. Delivered two prestigious Orations at IGIMS, Patna, and JN Medical College, AMU,

Aligarh. Continue to contribute as an Editorial Board Member of the Indian Journal of Anaesthesia (IJA) and Neurology India. Continue to serve as the International Advisory Board Member of Anesthesiology and Pain Medicine (AAPM), and peer-reviewers of reputed international journals such as Minerva Anestesiologica, Journal of Neurosurgical Anesthesiology, Neurocritical Care, and Journal of Clinical Anesthesia.

Professor Indu Kapoor Cleared PhD Examination in Neuroanaesthesiology and neurocritical care from AIIMS New Delhi. Participating as a main investigator from India in an International study on COMA. Completed one international Survey on COMA management and participating as steering committee member in two International Surveys in Neurocritically ill patients involving Low middle income countries (LMICs). As a co-author in the study titled 'Comparison of Pulmonary Fluid Burden Between dependent and non-dependent Lung During Lateral Position Craniotomy: A prospective randomized study' received the Best Clinical Research Paper Award in ASNACC 2025 at Bangkok Thailand

Dr Surya kumar Dube Conducted workshop on Neuromonitoring (As course director) at Research Society of Anaesthesiology Clinical Pharmacology Annual conference (RSACPCON 2024), 19 to 21 April 2024. Jodhpur, Rajasthan, 21 April 2024. Conducted workshop on Brain Death Diagnosis and Organ donation (As course director) at 26th Annual Conference of the Indian Society of Neuroanaesthesiology and Critical Care (ISNACC 2025). Conducted workshop on Brain Death Diagnosis as part of World Brain Injury Awareness Day celebration at ABVIMS and RML Hospital, New Delhi, 20 March 2025. Member of SNACC (USA) Education committee and Patient Safety Group. Part of ISNACC Education Committee. Received ISNACC Research Grant 2024. Chaired a session "Mastering the Craft: Expert Techniques and Best Practices" in ISNACC 2025. Instructor ACLS, ATLS, BLS, ACCC, ANC. Reviewer for Indian Journal of Anaesthesia, Journal of Neuroanaesthesiology and Critical care, Clinics (Sao Paulo), Neurology India, Neurocritical care

Dr Suman Sokhal Our paper received First Prize in ISACON 2024 in KOP'S Award, Neuroanaesthesia category; Effect of bilateral scalp block on Intraoperative opioid consumption and Postoperative pain in children undergoing Supratentorial craniotomy. Our paper received V K Grover Best Paper Award in ISNACC 2025; Effects of varying concentrations of Nitrous Oxide on motor evoked potentials using IONM during spine surgeries: A double blinded Randomised Controlled Study. Our paper received First Prize in Basudev Kaushalya award (Neuroanaesthesiology Research) in RSACPCON 2025. "A prospective randomized study to determine the effect of perioperative stellate ganglion block on cerebral vasospasm in patients with aneurysmal subarachnoid hemorrhage. I was invited as a chairperson in session of "Brain aerobics" on 14th September at RAJISACON, Jodhpur. I was invited as Examiner of BSc Anaesthesia Technology Course 3rd year on 22 November 2024 at AIIMS, Rishikesh. I was invited as a judge in paper/poster session in "19th Annual Workshop on Perioperative and Critical Care. Echocardiography" organized by department of Anesthesiology & Critical Care, AllMS, Jodhpur (Rajasthan) on 22-23 March 2025

Department of Neurobiochemistry

Additional Professor

Ashok Sharma

Staff Neurobio Chemistry Lab Staff

Sr Technical Officer

Archana Bansal Khoob Chand Bimla Bhatt

HIGHLIGHTS

The Department of Neurobiochemistry, AIIMS has spearheaded the reintroduction and development of several advanced molecular diagnostic services at the Neurobiochemistry Lab in Neuroscience Center (NSC) and Molecular Diagnostic Lab in National Cancer Institute (NCI), such as paraneoplastic marker profiling, NMO and MOG antibody testing, and HPV genotyping, significantly benefiting underprivileged cancer patients. Dr. Sharma is also leading the establishment of next-generation sequencing (NGS)-based gene panels for both solid and hematological malignancies. With a strong translational focus, Dr. Sharma is deeply involved in developing a state-of-the-art Translational Research Centre at NCI/AIIMS, Jhajjar. This effort is supported by the prestigious DBT–NCI/AIIMS Translational & Clinical Research Centre Grant, for which Dr. Sharma serves as Principal Investigator, securing a total funding of ₹40 crores, with an additional ₹10 crores under review to further strengthen this transformative initiative. Dr. Sharma is also working on including breast cancer and ovarian cancer EHR proformas in the iOncology.ai platform. *iOncology.ai platform* (https://ioncologyai.aiims.edu): In a MeitY-funded collaborative project between All India Institute of Medical Sciences (AIIMS), New Delhi, and Centre for Development of Advanced Computing, India (CDAC), Pune, we developed an AI platform named as – "*iOncology.ai*" (https://ioncologyai.aiims.edu) which facilitates data collection, collation and analysis of clinical data. This platform is especially dedicated to capturing oncology-related clinical data. This platform is equipped with Artificial Intelligence-based models that assist in cancer diagnostics and therapeutics. *iOncology.ai* has been installed in several district hospitals in 5 states.

EDUCATION

No. of short-term/long-term trainees 18

- Guided ten postgraduate students for observational summer training.
- Mentored five undergraduate students through the UG Mentorship Program.
- Supervised three UG students who received the prestigious ICMR-STS Fellowship.

Lectures delivered at CMEs, National and International Conferences

Lectures delivered: 9

Ashok Sharma

1. Invited as a Keynote Speaker on the occasion of its 20th anniversary, it has completed 20 years of its establishment to grace the occasion and inspire the faculty and students. 21st Foundation Day of the Institute of Science at Nirma University, 6 September 2024, Gandhinagar
2. The iOncology.AI Platform: An AI-based Platform for the Early Detection of Gynaecological Cancer, First J&K International Conference on Breast Cancer & Awareness cum Screening Camp at University of Kashmir, 22-24 October 2024, Srinagar, Kashmir, India.
3. The iOncology.ai Platform: Transforming Breast Cancer Diagnosis Through Novel Biomarker Discovery, International Conference on "Advancements in Diagnostic Technologies: Global Healthcare Monitoring", November15-17 November 2024, MNNIT, Parygraj
4. The iOncology.ai Platform: Transforming Ovarian Cancer Diagnosis Through Novel Biomarker Discovery, Golden Jubilee Conference of the Association of Clinical Biochemists of India (ACBICON 2024), 5-7 December 2024, Hotel Mount View, Chandigarh.
5. Delivered an Invited keynote Lecture for Faculty and students with recent trends and technology on "Innovative Approaches in Cancer Prevention and Treatment: Shaping the Future of Oncology", Department of Biotechnology, Jaipur National University, 11 January 2025. Jaipur,
6. Lecture in the Residential Faculty Induction Programme, UGC-Malaviya Mission Teacher Training Centre, JNU (formerly UGC-HRDC), 23 January 2025, JNU, New Delhi

7. "Innovative Approaches in Cancer Prevention and Treatment: Shaping the Future of Oncology", 2nd edition of the GIS (Global Immunology Summit), 13-15 February 2025, BRIC-Translational Health Science and Technology Institute (THSTI) India
8. Emerging Trends and Future Directions. Transforming Cancer Diagnosis, Prevention, and Treatment: Innovative Approaches with the iOncology.ai Platform, Department of Biotechnology and Bioengineering, Institute of Advanced Research (IAR), 28 February-1 March 2025. Gandhinagar
9. Delivered an invited talk at the 5th International Global Cancer Consortium, Amity University, 28 March 2025, AMITY NOIDA campus

Total number of lectures delivered:

2022–2023	2023–2024	2024–2025
12	10	09

List of oral papers/posters presented: 20

1.*** Alisha Behera, Nisha Manav, Rashmi Gupta, Subhadip Kundu, Bimal Prasad Jit, Ashok Sharma. POTE Proteins in Epithelial Ovarian Cancer: Emerging Biomarkers for Precision Medicine. (Best Poster Presentation), National Conference on Emerging Trends in Cancer Prevention and Therapeutic Interventions, 25-27 September 2024, Bathinda India,

2.# Bimal Prasad Jit, Subhaddep Kundu, Nisha Manav, Rashmi Gupta, Santosh Kumar, Alisha Behera, Heena Pandya, Ashok Sharma. POTEE a potential regulator of the Notch1 signaling pathway and governs oncogenic phenotype in epithelial ovarian cancer. (Oral Presentation). National Conference on Emerging Trends in Cancer Prevention and Therapeutic Interventions, 25-27 September 2024, Bathinda India,

3.# Bimal Prasad Jit, Subhadip Kundu, Nisha Manav, Rashmi Gupta, Santosh Kumar, Alisha Behera, Heena Pandya, Ashok Sharma, POTEE-Notch1 signaling cross-talk: A potential Regulator of signaling pathway and controls oncogenic phenotype in epithelial ovarian cancer. (Oral Presentation), First J&K International Conference on Breast Cancer & Awareness cum Screening Camp at University of Kashmir, 22-24 October 2024, Srinagar, Kashmir, India.

4.*** Gupta R Jit BP, Bansal B, Ray MD, Sharma A, POTE as potential therapeutic targets for epithelial ovarian cancer (EOC), (Best Poster Award)(1st prize), OFCON, 18-19 January 2025, Indraprastha Apollo Hospital, New Delhi, India.

5. Gupta R, Bimal Prasad jit, Ray MD, Sharma A, Epigenetic Potentiation in Dendritic Cell-Based POTE Vaccination: A Promising Strategy For Advancing Ovarian Cancer Immunotherapy", 4th AIIMS Research Day, 28-29 January 2025, AIIMS New Delhi

6. Gupta R, Ray MD, Sharma A, Epigenetic Potentiation in Dendritic Cell-Based POTE Vaccination: A Promising Strategy for Ovarian Cancer Immunotherapy. Global Immunology Summit-, 13 February 2025, THSTI, Faridabad, India.

7. Heena Pandya, Bimal Prasad Jit, Sahar Qazi, Subhadip Kundu, Nisha Manav, Rashmi Gupta, Santosh Kumar, Ashutosh Mishra, Atul Batra, Dindyal Mandal, Ashok Sharma. Exploring the role of miRNA in Modulating Cancer-Testis Antigen POTEE Expression in Breast Cancer Cells. ACBICON 2024, 4-7 December 2024, Chandigarh, India.

8. Heena Pandya, Bimal Prasad Jit, Sahar Qazi, Subhadip Kundu, Nisha Manav, Rashmi Gupta, Santosh Kumar, Ashutosh Mishra, Atul Batra, Dindyal Mandal, Ashok Sharma. Investigating the role of miRNA in the regulation of POTEE Expression in Breast Cancer. National Conference on Emerging Trends in Cancer Prevention and Therapeutic Interventions, 25-27 September 2024, Bathinda India,

9.**** Heena Pandya, Bimal Prasad Jit, Sahar Qazi, Subhadip Kundu, Nisha Manav, Rashmi Gupta, Santosh Kumar, Ashutosh Mishra, Atul Batra, Dindyal Mandal, Ashok Sharma. Sharma. Unveiling miRNA's Role in Regulating Cancer-Testis Antigen POTEE Expression in Breast Cancer Cells. (2nd Prize -oral presentation), First J&K International Conference on Breast Cancer & Awareness cum Screening Camp at the University of Kashmir, 22-24 October 2024, Srinagar, Kashmir, India.

10.** Kuma S, Sherawat S, Mishra A, Batra A, Deo SVS, Sharma A, Unveiling the biomarker and therapeutic promise of lncRNA AC092718.4 in breast cancer. Best Poster Presentation (2nd Prize), GLOBAL CANCER CONSORTIUM CONFERENCE (GCCC), 28-31 January 2025, Noida, India.

11. Kundu S, Qazi S, Manav N, Gupta R, Jit BP, Sharma A*, Reshaping of the genome–nuclear lamina interaction and modulation of the epigenome in response to platinum-based chemoresistance in ovarian cancer. 4th AIIMS Research Day, 28-29 January 2025, AIIMS New Delhi
12. Kundu S, Qazi S, Manav N, Gupta R, Jit BP, Sharma A. Genome-Wide LAD-Nuclear Lamina Alterations and Epigenetic Reprogramming in Cisplatin-Resistant Epithelial Ovarian Cancer. ACBICON 2024, 4-7 December 2024, Chandigarh India.
13.*** Kundu S, Qazi S, Manav N, Gupta R, Jit BP, Sharma A*. Genome-Wide LAD-Nuclear Lamina Alterations and Epigenetic Reprogramming in Cisplatin-Resistant Epithelial Ovarian Cancer. Best Poster Presentation (1st prize), GLOBAL CANCER CONSORTIUM CONFERENCE (GCCC), 28-31 January 2025, Noida, India.
14.#Qazi S, Ali R, Pandya R, Sharma D, Ashok Sharma*, iOncology.ai: An AI powered electronic health record (EHR) cum clinical decision support system (CDSS) for early detection of ovarian and breast cancers. (ORAL PRESENTATION). TiE Global Summit 2024, 09-11 December 2024, BIEC, Bangalore, India.
15. Rashmi Gupta, Bimal Prasad jit, Babul Bansal, MD Ray, Ashok Sharma. Epigenetic Potentiation of Dendritic Cell-Mediated POTE Vaccination as a Promising Immunotherapeutic Strategy For Human Ovarian Cancer. (Runner Up award in GPT Young Scientist Award), IISC Bangalore, 17-20 October 2024, Bangalore.
16. Rashmi Gupta, Bimal Prasad jit, MD Ray, Ashok Sharma. POTE CTA family: A potential vaccine candidate for DC-mediated immunotherapy in EOC. National Conference on Emerging Trends in Cancer Prevention and Therapeutic Interventions, 25-27 September 2024, Bathinda India,
17. Rashmi Gupta, Bimal Prasad jit, MD Ray, Ashok Sharma. POTE protein family: A potential vaccine candidate for DC-mediated immunotherapy in advanced EOC. First J&K International Conference on Breast Cancer & Awareness cum Screening Camp at University of Kashmir, 22-24 October 2024, Srinagar, Kashmir, India.
18. Santosh Kuma, Surender Sharawat, Ashutosh Mishra, Atul Batra, SVS Deo, Ashok Sharma. Functional and Clinical Insights into AC092718.4 Expression in Breast Cancer. ACBICON 2024, 4-7 December 2024, Chandigarh, India.
19. Subhadip Kundu, Ashok Sharma, Chemoresistance In Epithelial Ovarian Cancer: A Focus on Genome-Wide Lamina-Associated Domains (LADs) - Nuclear Lamina Alterations and Epigenetic Reprogramming. First J&K International Conference on Breast Cancer & Awareness cum Screening Camp at the University of Kashmir. 22-24 October 2024, Srinagar, Kashmir, India.
20.***** Subhadip Kundu, Sahar Qazi, Nisha Manav, Rashmi Gupta, Bimal Prasad Jit, Ashok Sharma. 1. Chemoresistance in Epithelial Ovarian Cancer: A Focus on Genome-Wide LAD-Nuclear Lamina Alterations and Epigenetic Reprogramming. (Best Oral Presentation Award), National Conference on Emerging Trends in Cancer Prevention and Therapeutic Interventions, 25-27 September 2024, Bathinda India,

RESEARCH

Funded

***Ongoing* = 4 Total Budget =~16.692 Crores**

1. A pilot study evaluating role of homeopathic medicine in cancer patients as adjuvant treatment to chemotherapy/ radiotherapy and correlating with molecular profiling, Dr Ashok Sharma, DBT, 03 Yyears, 2023-2026, Rs ~1 Crores/-
2. Boron-based therapeutics against RNA viruses and associated post-infection arthritis in chikungunya infection- a preclinical evaluation, Dr. Ashok Sharma, ICMR-GOI, 3 years, 2024-2027, Multicentric Project of total cost Rs. ~2.5Crores/-

3. DBT NCI-AIIMS Translational Cancer Research Centre, Dr Ashok Sharma, DBT, 5 Yyears, 2023-2028, Rs 10 Crores (Under Process) out of 40 Cr (Principally Approved)
4. Study the efficacy of Cancer Healer Therapy Polyherbal Formulation and uncover its anticancer potential in Breast and Ovarian cancer cell lines", Dr. Ashok Sharma, Cancer Healer Centre, 1 years, 2024-2025, Rs 27.2 Lakhs

***Completed:* 3**

1. Artificial intelligence in Oncology: Harnessing big data and advanced computing to provide personalized diagnosis and treatment for cancer patients, Dr Ashok Sharma, MeitY, 3 years, 2020-2024, Rs 291.67 Lakhs

Departmental Projects (including thesis/dissertations): M.Sc/MD/Ph.D/Women Scientist/Postdoc/UG Mentorship/ MBBS ICMR-STS Fellowship/MBBS AIIMS Summer fellowship/Summer trainee for students:

Ongoing

1. Decoding the Biomarker Potential of POTEE in Breast Cancer
2. Developing a methylation landscape using systems biology and functional genomics approach for Lung Cancer
3. Elucidation of HLA-A2 protein structure in complex with Prostate, Ovary, Testis and Embryo (POTE) peptide. (S/7471/2024)
4. Elucidation of the Functional aspects and underlying Epigenetic Regulation of POTEB in Ovarian Cancer. (P-2018/14779)
5. Functional Analysis of Human Long Non-Coding RNAs (lncRNA) and their Association with Spatial Genome Organization in Cancer. (P JanuaryJanuary 01 2021/14956)
6. Genome wide analysis of microRNA mediated regulation of Cancer Testis Antigen POTE in Triple Negative Breast Cancer" (DST/WOS-A/LS-266/2021)
7. Harnessing Artificial Intelligence mediated algorithms for identifying epigenetic patterns in Non – Small Cell Lung Cancer
8. Immunotherapeutic potential of novel Prostate, Placenta, Ovary, Testis- Expressed (POTE) Antigen in ovarian cancer. (P/136/19)
9. Molecular Mechanism of Cancer-Testis/Germline Antigen POTEB/B2 in Ovarian Cancer (P–1-2023/15081)
10. Randomized controlled trial to assess the effect of riboflavin supplementation with antidepressant treatment in persons with major depressive disorder
11. Revelation of functional interplay between Prostate Ovary Testis Embryo protein (POTE) member E and Notch signaling cross-talk in understanding the platinum resistance phenotype in epithelial ovarian cancer.
12. Study on 3D genome architecture as an epigenetic regulator of pericentromerically localized cancer-testis/ germline antigen POTE in cancer. (P-2018/14773)
13. Study the Effect of CoX (Cyclooxygenase) Inhibitor on Cancer-Testis Antigen (POTE) in the Ovarian Cancer, (No.F.5-59/IRG/2010/RS)
14. Study the Genomic Imprinting and the Regulation of Cancer-Testis antigen POTE in Ovarian Cancer. (S/7160/2024)
15. To explore the Notch/Cancer testis antigen POTEE signaling axis in chemoresistant relapsed ovarian cancer patients derived organoid/cell model (F No:ICMR-5/3/8/31-ITR-F/2022-ITR)
16. To explore the potential of herbal compounds as effective treatment for Lung cancer: An in-silico study

Departmental Projects (including thesis/dissertations): M.Sc/MD/Ph.D/Women Scientist/Postdoc/UG Mentorship/ MBBS ICMR-STS Fellowship/MBBS AIIMS Summer fellowship/Summer trainee for students:

Completed

1. An AI powered functional genomics and systems biology approach to detect the epigenetic signature patterns in ovarian cancer.
2. Cisplatin induced chemoresistance modulates nuclear lamina and cancer epigenome architecture in epithelial ovarian cancer

3. Decoding the efficacy of homoeopathic plant extracts in ovarian cancer treatment through in-silico analysis.
4. Elucidation of functional Interplay and polymorphism of POTE Protein/Notch signaling axis and its association with clinical phenotype in epithelial ovarian cancer.
5. Elucidation of POTE (Prostate, Ovary, Testis and Embryo) Protein expression by in sillico and In vitro Approach in Ovarian Cancer.
6. Role of Repressive histone modifications on nuclear architecture
7. To determine the association between cancer testis antigen expression and immune cell distribution in patients with ovarian cancer
8. To investigate the effect of epigenetic modulation on resensitizing platinum resistance in EOC.
9. To investigate the impact of monoclonal antibody therapy on expression of cancer testis antigen CTA, POTE in Ovarian Cancer.
10. To investigate the impact of Naproxen and diclofenac on cancer testis antigen Notch (1, 2, 3) in platinum sensitive and resistance ovarian cancer.
11. To understand the impact of diclofenac on the expression of POTE in ovarian cancer
12. Training on iOncology.ai platform- Breast Cancer
13. Training on iOncology.ai platform-Ovarian Cancer

Collaborative projects

Ongoing

1. Development of novel cancer immunotherapy by incorporating cancer/testis antigen NY-ESO-1 into Mycobacterium indicus pranii and evaluation of its antitumor efficacy and immune mechanisms using a mouse tumor model, DRBRAIRCH, AIIMS
2. Randomized, Open labelled, Phase IIa/IIb Clinical trials to study the safety and efficacy of intravenous estrogen therapy in reducing the incidence of sepsis/septic shock in Trauma Hemorrhagic Shock patients", ICMR, 70L, Department of Emergency Medicine, AIIMS

Collaborative projects

Completed

1. Clinical and radiologic profile, risk associations, caregiver burden and clinical outcomes in early and late onset dementia, Department of Neurology, CNC, AIIMS, New Delhi
2. Effect of NHE-1 blocker, Cariporide on initiation of return of spontaneous circulation in hypoxic cardiac arrest rat model, Department of Emergency Medicine, AIIMS, New Delhi
3. Effect of sodium-hydrogen channel (NHE-1) inhibitor in hypoxic cardiac arrest, Department of Emergency Medicine, AIIMS, New Delhi
4. Role of Epigenetics and Immune Factors in Female Genital Tuberculosis, Department of Gynaecology, AIIMS, New Delhi
5. Role of M1 macrophage on DNA methylation and PI3K-AKT signaling pathway analysis in tumor-associated Mesenchymal stem cell in Breast Cancer, Department of Biochemistry, AIIMS, New Delhi
6. To Investigate the role of Natural Killer cell in implantation failure and to study immunomodulatory effects of Intralipids in women with elevated uterine Natural Killer Cells in Fresh non-donor IVF cycles-A Randomized control Tria, Department of Gynaecology, AIIMS, New Delhi
7. Urinary novel microRNAs as a biomarker for prediction of acute kidney injury in sepsis, Department of Emergency Medicine, AIIMS, New Delhi

9. Autoimmune Encephalitis Profile = 671

AWARDS, HONOURS AND SIGNIFICANT EVENTS

1. *Invited as a **guest speaker and expert panelist** at the event titled "Combating Cancer: Medical Strategies and Solutions in India", focused on strengthening the fight against critical diseases such as cancer and cardiovascular conditions. The event was organized by **Onlymyhealth.com**, the digital health platform of **Jagran New Media**, and was held on **March 26, 2024 in New Delhi**.*

2. *Participated in an online interview to raise awareness about the **HPV vaccine** as a preventive measure against **cervical cancer**, organized by **Onlymyhealth.com**, a health initiative by **Jagran New Media**. was held on **February 21st, 2024 in New Delhi**.*

Conference/workshop/seminar Organized.

1. Organized Scientific talk of Professor Sudipta Seal, University Distinguished Professor and UCF Pegasus Professor, entiled, Redox-active nanoceria: Implications in Angiogenesis. at Board Room, Administration Block, NCI/AIIMS, New Delhi, February 21, 2025.

Research work in News and Media:

- A press note was released by the AIIMS media Cell on "Research Day" about our showcased upgraded product, "iOncology.ai Platform, " with Wonderx, which was covered by DD News in the Morning hour show and Top News and other leading media houses.
    1. https://youtu.be/VbQpRF92Rnw?si=Vs2Z0f-QkyoEq3m0
    2. https://epaper.topstory.online/epaper/edition/2443/jan/page/2
- We are honored as team to received the prestigious "The Mint All About AI | Tech4Good Awards 2024 (Gold Category), " sponsored by Salesforce. This recognition celebrates the All India Institute of Medical Sciences (AIIMS) for iOncology.ai, under the category "Best Use of AI in Health and Sanitation.

Assistant Professor

Savyasachi Jain

HIGHLIGHTS

- A state-of-art 128 slice dual energy CT scanner installed replacing the 10-year-old 6-slice CT scanner.
- With the new CT low-dose CT protocols with modelled iterative reconstruction, a dose reduction potential of up to 60% & faster acquisition in clinical routine are now possible with the best image quality ensured. This has enhanced patient compliance, especially in children and where breath hold acquisition is required.
- CT Fluoroscopy to help guided- biopsies and CT perfusion to assess cerebral perfusion especially in acute stroke have been started with the installation of the new CT scanner.
- The existing 1.5T MR was upgraded to 'silent MR' system which has helped perform silent MR protocols which reduce patient's anxiety during scan; reduce scan time and incidence of rescans as the patients are relaxed and cooperate to stay still during long examinations. The high gradient coil switching noise of previous system was a serious bother for many patients, especially during high-end acquisition techniques. With the upgrade, this irritant is largely removed and wide bore of the magnet has reduced claustrophobia in patients significantly.
- PACS network operational in wards & OPD rooms of NSC with upgrade of the PACS server & installation of viewing stations in wards, ICUs & thin clients in OPD rooms with Wi-Fi access. Reporting of all neuro-imaging procedures made on-line with improved organization of the reporting room, making it easier to report, edit, sign out & network all studies on-line. Auto-requisitioning enabled from NSC wards on-line for CTs, MRIs, US & DSAs etc. Auto fetching of case records from PACS enabled for neuroradiology conferences. Private imaging films digitized and integrated into PACS on registration of patient UHID.

EDUCATION

Undergraduates: Provided materials & guidance to faculty for UG lectures and seminars for 6th semester MBBS students on topics: Introduction to Neuroradiology techniques, basics of brain tumour imaging, stroke imaging and congenital anomalies of the CNS. Basics of neuro imaging interpretation taught during their elective posting in neuroradiology.

Postgraduates: Post graduate students of M.D. Radiology posted in the department of Neuroradiology on rotation are trained on reporting neuroimaging (CT & MRI) & introduced to all neuroimaging protocols & are encouraged to perform them under supervision of the faculty. D.M (Neuroradiology) students are trained to perform all neuroimaging procedures & assist in interventional therapeutic neuroradiology procedures, which are then discussed with them on daily basis. They are also trained to take post procedure care and management of patients undergoing neuro-interventional therapeutic procedures in the ICUs and wards. Seminars, journal clubs & case discussions are organized routinely for their orientation to the current developments & improve their iterative skills. Senior residents regularly present neuro-radiological findings in interdepartmental conferences with Neurology and Neurosurgery departments daily which allow them to understand clinical neuroimaging interpretation skills and the art of presentation. They are posted in the biplane Neuro-interventional suites for at least one year on a rotational basis and are trained on neuro-angiographic and neuro-interventional skills.

Lectures delivered at CMEs, National and International Conferences

Lectures delivered: 26

SB Gaikwad: 13 **Ajay Garg: 11** **Leve Joseph: 2**

SB Gaikwad

1. Thrombectomy Technique: The Clot retrieval, Stroke Symposium: Brainwaves To Breakthroughs, VMMC & Safdarjung Hospital, 19 April 12pm to 4pm, 2024, New Delhi, India

2. Imaging in deep brain stimulation (DBS) in pain, Workshop and Symposium on Neuromodulation in Pain. Department of neurosurgery, AIIMS, NSC, 3-5 May 2024, New Delhi
3. Invited to chair a scientific session on Emerging Paediatrics: Back to the future. 62nd American Society of Neuroradiology (ASNR) Annual Meeting, 18-22 May 2024, Caesars palace, Las Vegas, Nevada, USA
4. Flow diverters in complex Aneurysms, ISNR Mid-Term CME, 28 July 2024, The Lalit, Jaipur, Rajasthan
5. 1. To chair a session on "Neurointervention"2. To conduct hands-on workshop on Flow diverters in Aneurysm management, SLICE (Seminar for Learning Innovative and Cutting-edge Endovascular Techniques) Indian workshop on Brain Aneurysm. For the first time in Asia, this international training course (French group) was organised. 12-13 September 2024, Westin Hotel, Gurugram
6. Diffusion Weighted Imaging: Role Beyond Stroke, Dr. Harnam Singh Mid-Term CME, Theme-Neuro & Spine Imaging, Gujarat state chapter. 21-22 September 2024, The Fern Sardar Sarovar Resort, Statue of Unity, Kevadia, Gujarat
7. Techniques in Tackling Tandem Occlusions, Mid-Term CME, Indian Society of Neuroradiology, 19-20, October 2024, Ramada Resort, Kochi, Kerala
8. Acute ischemic stroke- interventions, Society of Paediatric Neuroimaging, 25-27 October 2024, Goa
9. Panel discussion on: Advancing Stroke Care-Bridging Gaps & Transforming Outcomes". National Stroke Summit 2025 under the aegis of World stroke organisation. Invited as key domain expert in stroke management, 22 January 2025, FICCI Auditorium, New Delhi
10. Workshop on hands-on training on carotid stenting, 2. 23rd Asian Oceanian Congress of Radiology & 77th Annual conference of IRIA, 23-24 January 2025, World Trade Centre, Chennai, Tamil Nadu
11. Carotid Angioplasty & Stenting. How I do it? 23rd Asian Oceanian Congress of Radiology & 77th Annual conference of IRIA, 23-24 January 2025, World Trade Centre, Chennai, Tamil Nadu
12. Presidents address during inaugural function of the conference on 21 February. 26th Annual Conference of "Indian Society of Neuroradiology", 21-23 February 2025, NIMHANS Bangalore
12. Delivered lecture on, "Carotid stenting: Evidence, case selection and procedure' on 22 February. 26th Annual Conference of "Indian Society of Neuroradiology", 21-23 February 2025, NIMHANS Bangalore
12. Chaired the EC & GBM on 21-22 February respectively. 26th Annual Conference of "Indian Society of Neuroradiology", 21-23 February 2025, NIMHANS Bangalore
13. Indigenous Development of MRI scanner & other devices: Requirements from the perspective of Neuroradiologists, Department of NMR AIIMS & Society for Applied Microwave Electronics Engineering & Research (SAMEER), Ministry of Electronics & Information Technology (Meity), Govt. Of India, 25 March 2025, Dr. Ramalingaswami Board Room, AIIMS, New Delhi

Ajay Garg

1. Recent MR Advances in the diagnosis of Brain Metastasis, 15th Annual National Conference of Indian Society of Neuro-Oncology (ISNOCON), 5-6 April 2024, Radisson Red, Chandigarh Mohali
2. The MRI in CNS demyelination: how to read, assess and interpret, Autoimmune Subsection of the Indian Academy of Neurology, 20 July 2024, Online
3. Approach to REL on MRI, IAN Neuroradiology Course, August11 August 2024, Online
4. Imaging Approach to Ring-Enhancing Lesions of the Brain, Wednesday Webinar of Indian College of Radiology, 15 August 2024, Online
5. Imaging in Paediatric Epilepsy, 22nd Annual Conference of Indian Society of Pediatric Radiology (ISPR), 21-22 September 2024, Atal Bihari Scientific Convention Centre, Lucknow
6. Imaging in Epilepsy, CREST Neuro-Conclave 2025, from 9-12 January 2025, New Delhi
7. Imaging in Intracranial Infections, IAN Neuroradiology Course, 11 January 2025, Online
8. Imaging Approach to Ring-Enhancing Lesions of the Brain, CME Programme of our annual conference APICON 2025, 23 January 2025, Online
9. What is New-WHO 2021 Classification: Pediatric Brain Tumors, 23rd AOCR & The 77th Annual Conference of IRIA 2025, 26 January 2025, Vibrant City, Channai

10. Imaging of Cerebral Tumours, 7th Radiology Annual Conference of Nepal, 7-8 March 2025, Biratnagar, Koshi Province Nepal
11. Imaging of Cerebral Infections", 7th Radiology Annual Conference of Nepal, 7-8 March 2025, Biratnagar, Koshi Province Nepal

Leve Joseph

1. Bleed after IVT and MT – management, Asian Stroke Summer School, 2024, 11-14 July 2024, Thiruvananthapuram
2. Carotid Artery Stenting- Case Based scenarios, Annual CME of Delhi state chapter of ISVIR, 25 August 2024, New Delhi

LIST OF ORAL PAPERS/POSTERS PRESENTED

1. Pseudophlebitis Pattern in primary CNS vasculitis, 62th Annual Meeting of the ASNR 2024, 18-22 May 2024, Caesars Place, Las Vegas USA

RESEARCH

Funded

Ongoing

1. Clinical and radiological spectrum of anti-IgLON5 disease and its predictors in neurodegenerative phenotypes of progressive supranuclear palsy and frontotemporal dementia, Prof Ajay Garg & Prof Achal Srivastava, Intramural, 2 years, 2024-2026, Rs 10 Lakhs
2. GRASSROOT STUDY (Gravity Stent-Retriever System of Large Vessel Occlusion stroke trial). Multicentric, study the safety and efficacy of the novel stent-retriever in Indian population, Dr. Shailesh B Gaikwad & Dr. Deepti Vibha, Gurutva Medical Technology Pvt Ltd, One1 year, 2024, Rs 2 Lakhs

Completed

1. Development of an imaging-based algorithm for classification of subtypes of Neurodegeneration with Brain Iron Accumulation (NBIA), Prof Ajay Garg & Professor Achal Srivastava, Intramural, 2 years, 2022-2024,

Departmental projects (including thesis/dissertations)

Ongoing

1. Is ASPECTS relevant in contemporary acute stroke practice? A Delphi Consensus Study by the India-Australia Stroke Collaboration
2. Pediatric neurovascular interventions at AIIMS: A retrospective analysis
3. Perfusion MRI in Pediatric Brain Tumors: A Retrospective Study
4. The Role of Amide Proton Transfer (APT) Imaging and its Comparison with DSC MR Perfusion Technique in the Differentiation of Treatment-related Changes from Tumor Recurrence in High-grade Gliomas
5. The Role of Amide Proton Transfer (APT) Imaging and its Comparison with DSC MR Perfusion Technique in the Differentiation of Treatment-related Changes from Tumor Recurrence in High-grade Gliomas

Completed

1. Radiogenomics in Glioblastoma
2. Utility of magnetic resonance imaging in the evaluation of myopathies and correlation with genetic studies

2. Co-Investigator-

Collaborative projects

Ongoing

1. A multicenter, international, randomized, placebo controlled, double-blind, parallel group and event driven Phase 3 study of the oral FXIa inhibitor asundexian (BAY 2433334) for the prevention of ischemic stroke in male and female participants aged 18 years and older after an acute non-cardioembolic ischemic stroke or high-risk TIA, Neurology

2. A phase III randomized double blind, efficacy and safety study comparing SCAR442168 to placebo in participants with primary progressive Multiple Sclerosis (PERSEUS), Neurology
3. A Population-Based Prospective Cohort Study to Unravel the Causes of Stroke and Cognitive Decline: A cross-cultural perspective, Neurology
4. A study of sleep architecture, brain morphometry and cognition in older adults, Physiology
5. Clinical and molecular characterisation and development of induced pluripotent stem cell lines in paroxysmal movement disorders under AIIMS CSIR IGIB collaborative project, Neurology
6. Clinico-genetic and radiological profile of adolescent and adult onset leukodystrophy, Neurology
7. Comparison of simultaneous plasma exchange (PLEX) and Intravenous methylprednisolone (IVMPS) versus IVMPS with add on PLEX in the treatment of acute severe myelitis of Neuromyelitis optica spectrum disorders (NMOSD): A prospective randomized open label blinded endpoint (PROBE) study, Neurology
8. Exploring genetic variants in Moyamoya disease ICMR (MMD) and Intracranial major artery occlusion (ICASO) in India, Neurology
9. Global Outreach study of Methylation based classification tools for CNS Tumors and sarcomas- DKFZ, Neuropathology
10. Identification of pathobiological and disease activity markers in Primary CNS Vasculitis (PCNSV), Neurology
11. Identification of the Genetic architecture of FSHD in India, Neurology
12. Methylation array-based profiling of gliomas in Adolescents and Young Adults (AYA) to improve sub-classification and prognosis prediction- ICMR, Neuropathology
13. MGMT expression profiling and its correlation with response to TMZ in high grade gliomas in pediatric and AYA population- AIIMS, Neuropathology
14. Molecular signatures of Parkinson's Disease in vivo: a deep brain stimulation approach (ongoing) - DBT/ Wellcome Trust India Alliance, Neurology
15. Rituximab in Guillain Barre syndrome (RuGBY) trial: a single centre, double blind, randomized phase 3 trial, Neurology
16. Significance of serum and CSF MOG antibodies in patients with primary demyelinating disease, Neurology
17. Symptomatic non stenotic carotid disease in embolic stroke of undetermined source - prospective observational study, Neurology
18. "Thalidomide as treatment of basal exudates in Tuberculous Meningitis: A prospective randomized open blinded endpoint (PROBE) study, Neurology
19. Transforming CNS Tumor Care: Harnessing Histopathological Data, Multi-omics, and Artificial Intelligence for Precision Diagnosis and Effective Management- ICMR, Neuropathology
20. Uurology nd molecular characterisation and development of induced pluripotent stem cell lines i, Neurology

Completed

1. A phase III randomized double blind, efficacy and safety study comparing SCAR442168 to placebo in participants with non-relapsing secondary progressive Multiple Sclerosis (HERCULES), Neurology (Ayush Aggarwal)
2. Bridging therapy with intravenous Alteplase in imaging eligible Acute Ischemic Stroke patients with onset between 4.5 to 9 hours – A Randomized Controlled, Pilot Study, Neurology
3. Efficacy and Safety of Injection Tenecteplase in 4.5 To 24 hours imaging Eligible Window patients with Acute Ischemic Stroke,
4. Establish robust and economical blood-based panel of diagnostic biomarkers for early diagnosis, detection of tumor progression and its recurrence in gliomas- ICMR, Neuropathology (Dr Vaishali Suri)
5. Identification of genetic vasculopathies among a cohort of Primary CNS Vasculitis using whole-exome sequencing Neurology, Neurology
6. Identification of pathobiological and disease activity markers in Primary CNS Vasculitis, Neurology (Dr Vishnu VY)

7. International Centre for Genomic Medicine in Neuromuscular Diseases (ICGNMD), Neurology (Dr Vishnu VY)
8. Prevention of post-stroke seizures with Levetiracetam in Intracranial Cerebral Venous Sinus Thrombosis (PROLEVIS-CVT): A Randomized Placebo-Controlled Trial, Neurology (Dr Vishnu VY)
9. Smartphone-based Telestroke Vs 'Stroke Physician' led Acute Stroke Management (SMART INDIA): A cluster randomised trial, Neurology (Dr Vishnu VY)
10. Study of clinical profile, imaging and prognostic factors of patients with Hirayama disease, Neurology (Dr Vishnu VY)

PATIENT CARE

The department works 24x7, 365 days for patient care work & regularly attends to emergencies like subarachnoid haemorrhage, stroke, acute encephalopathies, myelopathies, traumatic or iatrogenic cerebro-vascular injuries etc. All requests for CT scan from out patients & in-patients are done the same day & often immediately, so that decision can be promptly taken for patient management. There is no waiting for CT scans in this department. DSAs are regularly done for cerebral & spinal vascular studies for patients attending the Neurosciences Centre and also other departments like ENT & Ophthalmology. Similarly Neurointerventional therapeutic management is routinely carried out for patients of the Neurosciences Centre as well as those referred from ENT, Ophthalmology, Paediatrics, Cardiology, Orthopaedics amongst others. Besides, CT scans are done in the ICUs for patients on life support or ventilator using the mobile CT scanner. Bedside x-rays are routinely done using digital portable x-ray unit or CR unit & images are uploaded to the PACS network. Portable Ultrasound is done whenever required for sick & immobile patients in the wards & ICUs of the Neurosciences Centre. All consultants & residents access PACS images through IP enabled protocol and hence can view the images from home or anywhere using internet or even using their smart phones. The departmental conference room has been upgraded for multimodality image viewing using high resolution Dicom compatible projection system, so that clinical consultants & residents can easily see their patient's images in chronological sequence & in comparison mode on the large projection screen. Even old images & scanned private images can be viewed efficiently instantaneously which helps quick decision making.

Neuroimaging & Interventional procedures performed during the year 2024-2025

C T Scans		**26979**
Digital Subtraction Angiography	Therapeutic Neuro-Interventional procedures: (Cerebra Aneurysms, Cerebral & Spinal AVM embolizations, Carotid revascularization etc.)	**555**
	Diagnostic DSA	**645**
Ultrasound Examinations/ Doppler studies		**3467**
MRI	GAMMA KNIFE	**7158**
	NMR	**4384**

X Rays		**7539**

		Total	338/week

Total = 17, 576 cases per year

AWARDS, HONOURS AND SIGNIFICANT EVENTS

Shailesh B Gaikwad To chair session on, ‘’Complication on Neurovascular interventions”, during ISVIR Midterm CME, 2-4 August 2024, Aurangabad, Maharashtra. Invited to chair the session on Biomarkers and Translation Research: From Brain to Body Indo-French Workshop on Artificial Intelligence, Healthcare & the way forward. 10:00 am to 11:35 am, 22 March 2025 Research & Innovation Park, Indian Institute of technology, Delhi. ISNR Mid-Term CME. Was conferred upon gold medal for exemplary service & proficiency in the field of Neuroradiology, 27 July 2024, The Lalit, Jaipur, Rajasthan. Visited site at NCI, Jhajjar on 6 September 2024 for assessing site/status for development of state- of- art-sports recreational facilities. Attended World Federation of Interventional & Therapeutic Neuroradiology Biennial Conference 2024 which was held in New York – USA, 6-10 October 2024. To deliver the inaugural address in National Parkinson Network Chintan Shivir meeting, 13 December 2024, Dr. Ramalingaswami Board Room, AIIMS, New Delhi. Appointed as an abstract reviewer for the 63rd American Society of Neuroradiology (ASNR) Annual Meeting, 18-22 May 2024, Caesars palace, Las Vegas, Nevada, USA. Guest of honor at 27th AIIMS Annual Micro neurosurgery workshop & Diamond Jubilee Celebration (Alumni Meet) of the department of Neurosurgery, NSC, AIIMS, New Delhi. Delivered Inaugural address at both the events held on 27 February & 1 March 2025. Felicitated by the Director, NIMHANS, Dr. Pratibha Murthy for exemplary services and unwavering commitment to advancing the understanding & practice of Neuro-Radiology and dedication towards the patient care & making the field renowned at, “26th Annual Conference of Indian Society of Neuroradiology”, 21 February 2025, NIMHANS Bengaluru. Had the honour to felicitate, “Captain Naveen Nagpal: A Kargil War Hero for his resilience, incredible bravery, courage and triumph during the Kargil war. Captain Naveen Nagpal was the guest of honour at dinner party hosted to honor his services towards the motherland on 22nd February during the “26th Annual Conference of Indian Society of Neuroradiology”, 21-23 February 2025, NIMHANS Bengaluru. On reviewer board for the *American Journal of Neuroradiology (AJNR) for reviewing of submitted manuscript for judging suitability for publication in the journal.* Domain expert in National Task Force for capacity building in Retinoblastoma (diagnosis, systemic management and intra-arterial chemotherapy for globe salvage under the aegis of Ministry of Health & Family Welfare, Govt. Of India.

HIGHLIGHTS

In 2024-25, the Department of Neurology achieved remarkable patient care, research, and training advancements. The department produced 278 publications, presented 115 posters and oral presentations at various national and international platforms, and conducted scientific projects worth approximately 60 crores. The department collaborated with prestigious academic institutions throughout the country and across the globe. The faculty and residents have won many accolades for the institute and have served distinguished roles at national and international forums, committees, and editorial boards.

Professor Manjari Tripathi received the esteemed Dr. S. Ramachandran Chair for Neurosciences Award & AIIMS Research section clinical award 2024. Dr. Anu Gupta won the best oral presentation award at AAIC NN, India, hybrid hub 2025. Dr. Elavarasi A and Dr. Divya MR completed advanced training in Movement Disorders. Dr Ayush Agarwal received the Professor M.V. Padma Srivastava award for the best paper in Critical Care Neurology at IANCON 2024. Dr. Divyani Garg was selected for the MDS LEAP Program 2024, while Dr. Jasmine Parihar received the Smt. Pawan Kumari Jain Award for Young Physicians.

The department served over 98, 000 outpatients and 4, 500 inpatients and conducted 12, 000 laboratory procedures. Leading the way in patient care, academics, research, and training, the neurology department sets the standard for the country and the world.

Academic Activities and Innovative Educational Activities

The Department of Neurology trains residents specializing in DM Neurology and candidates pursuing a Doctor of Philosophy (PhD). The department also provides training for postgraduates from various disciplines, including medicine, psychiatry, geriatric medicine, palliative care medicine, and nursing, as well as undergraduates in MBBS and nursing programs. The department successfully runs a Stroke and Neuroimmunology fellowship program, while fellowships in epilepsy, movement disorders, neurophysiology, and the BSC Neurotechnology program are currently under consideration.

CMEs/Workshops/Symposia/National and International Conferences Organized by the Department

Name of the Event	Date	City
The Friedreich's Ataxia Research Community Meet	24 June 2024	New Delhi
Workshop on ultrasound of nerves and muscles	23 June 2024	New Delhi
First National Parkinson Network Chintan Shivir	13 December 2024	New Delhi
ASEPA – ANZAN EEG TEACHING COURSE	18-19 February 2025	New Delhi

Lectures delivered at CMES, National and International conferences (TEACHING & TRAINING)

Lectures delivered:

Manjari Tripathi: 37
Achal Kumar Srivastava: 22
Rohit Bhatia: 7
Mamta Bhushan Singh: 7
Deepti Vibha: 18
Vishnu VY: 7
Roopa Rajan: 18
Awadh Kishor Pandit: 3
Rajesh Kumar Singh: 2
Anu Gupta: 4
Elavarasi A: 2
Divya MR: 6
Ayush Agarwal: 5

Manjari Tripathi

1. ASEAN-INDIA Women Scientists Conclave, Anusandhan National Research Foundation, 25-26 April 2024, Singapore
2. Presurgical evaluation, Neurosurgical Society, 28 April 2024, Shillong
3. Pre-Surgical Mentorship Program, International League Against Epilepsy, 16–30 May 2024, Surabaya, Indonesia
4. Role of MEG in Epilepsy, Indian Epilepsy Society, 6 July 2024, Jaipur
5. Epilepsy in Woman and elderly, Andhra Pradesh Neuroscientists Association, 20 July 2024, Guntur
6. Status Epilepticus, Indian Epilepsy Society, 24 August 2024, Delhi
7. Cannabidiol Epilepsy, World Neurosciences Summit, 25 August 2024, Delhi
8. Insomnia Disorders, Diagnostic & Treatment, Sleep technology workshop, 28 August 2024, Delhi
9. Reliability, validity, and feasibility of customizable Ictal Testing Battery (C-ITB) for assessing cognitive functions in Epilepsy Monitoring Unit (EMU), 15th European Epilepsy Congress 2024, 7 September 2024, Rome. Italy
10. Epilepsy: Physicians perspective, UPAPICON-2024, 15 September 2024, Agra
11. Yoga Nidra: Current Understanding, National Conference on spiritual Neurosciences, 19 September 2024, Dehradun
12. Current Aspects of Therapy and Prevention in Cognitive decline, Alzheimer's And Related Disordered society of India, 27 September 2024, Pune
13. Approach to a patient with cognitive decline, 30th Annual conference of Indian association of Clinical Medicine, 29 September 2024, Rajasthan
14. Approach to a Patient with Cognitive Decline, IACMCON-2024, 30 September 2024, Udaipur
15. Bridging The Asian Nations Through Epilepsy Surgery Services, The 18th Asian Epilepsy Surgery Congress, 10-11 October 2024, Surabaya Indonesia
16. Neuro-Palliative Care, CME of Delhi State Chapter of IAPC, 15 October 2024, Delhi
17. Timing of referral to evaluate of epilepsy surgery: how much does it matter, 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 18 October 2024, Vishakhapatnam
18. Drug refractory epilepsy, Association of Physicians, 26 October 2024, Rajasthan
19. REM Parasomnias, Indian Society for Sleep Research, 6 November 2024, Goa
20. Temporal Lobe Epilepsy Ictal EEG Basic patterns, International League Against Epilepsy, 8 November 2024, Kochi
21. REM Parasomnias, National sleep technology and national sleep medicine courses, 10 November 2024, Guwahati
22. Cognition in MOG Disorders, 7th Annual conference of Autoimmune Subsection of Indian Academy of Neurology, 15 November 2024, Chandigarh
23. Ancient Indian Wisdom and Evidence in Current Neurosciences, National Conference on Spiritual Neurosciences, 17 November 2024, Dehradun
24. Environment & Climate Change in Healthcare, AllMS Symposium, 21 November 2024, Delhi
25. Optimal timing for Epilepsy Surgery (Virtually), ILAE Meeting, 25 November 2024, USA
26. Women and marginalized groups, 5th INSA-Royal Society, UK Yusuf Hamied Bilateral Workshop, 26-27 November 2024, UK
27. Services for persons with dementia and their families, DEMCON-2024, 29 November 2024, Bangalore
28. Cognition and Sleep in elderly an update, 37th Annual conference of Neuroscientists of Eastern India, (ANEICON-2024), 1 December 2024, Odisha
29. Newer ASMs – Mechanism of action, Mono therapy, Poly therapy, side effects profile: Wide & Narrow Spectrum, Indian Epilepsy Association, 5 January 2025, Hyderabad
30. Magnetoencephalography in Epilepsy Surgery, Crest Neuro conclave 2025, 12 January 2025, New Delhi
31. Panel Discussion on Women with epilepsy, APICON-2025, 24 January 2025, Kolkata

32. Advances in Surgical Management of Drug –Resistant Epilepsy, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 2 February 2025, New Delhi
33. Raising awareness and exploring the potential of CAR T cell therapy in malignancies and autoimmune diseases, THSTI's Stakeholder, 3 February 2025, Faridabad
34. Occipital Epilepsy-Mimics & Chameleons, Third National Conference of Neuro-ophthalmology (NCNO- 2025), 9 February 2025, Chandigarh
35. Panel discussion, Symposium at Launch of AIIMS- IIMS Vattikuti Foundation Facility for Advanced Neurotechnology, 12 February 2025, New Delhi
36. Risk and Prevention of Cognitive Decline-Indian Insight, Alzheimer Association, 27 February 2025, New Delhi
37. Role of ASMs serum level monitoring, The 19th World Congress on Controversies in Neurology, 20-22 March 2025, Prague

Achal Kumar Srivastava

1. Approach to Ataxia, 22nd Biennial CME of Neurovision, 06 April 2024, Visakhapatnam
2. Genetic Testing in Movement Disorders: When How and What, 3rd symposium of The Indian Rare Movement Disorders Consortium 2024, 13 April 2024, Bengaluru
3. Rehabilitation in Cerebellar Ataxia, 12th Annual Conference of Indian Federation of Neurorehabilitation, 14 April 2024, Pondicherry
4. Management of Neurological conditions (Stroke) in geriatric population, 4th CME of Delhi State Chapter of Indian Association of Palliative Care, 27 April 2024, Delhi
5. Spinocerebellar Ataxia type 12, The 13th International Symposium of the Society for research on the Cerebellum and Ataxias, 12 May 2024, Mumbai
6. Approach to case of Ataxia, IAN Summer School, 15 June 2024, Mumbai
7. Friedreich's Ataxia (FRDA)- Indian Scenario, Friedreich's Ataxia Research Community Meet, 24 June 2024, Delhi
8. Managing Early Onset Parkinson's disease, CME Program – Empowering Doctors by Enhancing Clinical Knowledge and Skills, 30 June 2024, Delhi
9. Management of Early Onset Parkinsonism, Recent advances in NeurologicalDisorders 2024, 27 July 2024, Varanasi
10. Clinical Diagnostic Markers in movement disorders: A video-based Approach, 1st KIMS Neuroupdate by Neurology Association of Odisha, 17 August 2024, Bhubaneshwar (Online)
11. Role Endocrine disruptor Chemicals (EDC's) in Neurological Disorders, Kashmir Science Vision 2024, 24 August 2024, Srinagar
12. Ataxia, B2B (Back-to-Basics) in Movement Disorders by Tamil Nadu Association of Neurologists, 01 September 2024, Chennai
13. Hereditary Ataxia: Indian Scenario, Indo-French Symposium on Imaging, AI, and Genetics in Neurological Disorders, 16 September 2024, Delhi
14. Newly Described Ataxias, International Congress of Parkinson's disease and Movement Disorders (MDS Congress 2024), 29 September 2024, Philadelphia, USA
15. Genetics of Ataxias in India, 31st Annual Conference of Indian Academy of Neurology (IANCON2024), 20 October 2024, Visakhapatnam
16. Botulinum toxin - Types and Mechanism of Action, Movement Disorders Skills Workshop, 24 November 2024, Faridabad
17. Understanding Pain Pathways and substrates in management of Chronic Pain, 72nd Annual Conference Neurological Society of India NSICON 2024, 18 December 2024, Kolkata
18. Important Considerations in the Management of Normal Pressure Hydrocephalus, 72nd Annual Conference Neurological Society of India NSICON 2024, 22 December 2024, Kolkata
19. Update on Spinocerebellar Ataxia, CREST Neuro Conclave 2025, 9-12 January 2025, Delhi
20. Autosomal Recessive Cerebellar - From Phenotypes to Potential Therapies, 27th Annual Conference of Delhi Neurological Association, DNACON 2025, 02 February 2025, Delhi

21. Approach to Ataxia, Approach to Neurology for PGs 2025, 8 February 2025, Pune
22. An Update on Motor Neuron Disease- Dr. Shyama Narang Oration, 13th Annual International Conference of Indian Academy of Biomedical Sciences (IABSCON), 11 February 2025, Bhopal

Rohit Bhatia

1. Stroke Update, In hospital systems of care in stroke, 15 June 2024, Patna
2. Acute ischemic Stroke treatment, 30th Annual Conference of Indian Association of Clinical Medicine - IACMCON 2024, 27-29 September 2024, Udaipur
3. Thrombolysis in Acute Ischemic Stroke, 31st Annual Conference of the Indian Academy of Neurology (IANCON2024), 17-20 October 2024, Visakhapatnam
4. Registries as a research tool in Multiple Sclerosis, 7th Annual Conference of Indian Committee of Treatment and Research in Multiple Sclerosis. Annual Meeting of the Autoimmune Subsection of the Indian Academy Neurology (IAN), 14-16 November 2024, Chandigarh
5. Optic Neuritis in NMOSD requires lifelong Immunomodulation (Yes), Third National Conference of Neuro-ophthalmology (NCNO- 2025), 7-9 February 2025, Chandigarh
6. Yoga and Migraine, 1st annual conference on integrative medicine AIM 2025, 8-9 March 2025, New Delhi
7. How to formulate a research question, 1st annual conference on integrative medicine AIM 2025, 8-9 March 2025, New Delhi

Mamta Bhushan Singh

1. Geriatric Palliative Care: Guiding light through life's transitions, 4th CME of Delhi State chapter of IAPC (Indian Association of Palliative Care), 27 April 2024, Delhi
2. New Classification and Seizure Semiology, IAN Summer School-2024, 15 June 2024, Mumbai
3. Comprehensive Epilepsy Primary Care Workshop, 6th National Conference of Family Medicine and Primary Care, 28 September 2024, Rishikesh
4. Advocacy and self -help groups for epilepsy patients: How can neurologists help? 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 17 October 2024, Visakhapatnam
5. Epilepsy Comprehensive Primary Care Workshop, 80th Annual Conference of the Association of Physicians of India, 23 January 2025, Kolkata
6. Difficult Childhood Epilepsies through the Life Span: Can Neurologists and Palliative Care Work Together? 32nd International Conference of the Indian Association of Palliative Care, 30 January 2025, Jammu
7. Palliative Care in Neurology, Neuro-Palliative Workshop, Indian Association of Palliative Care, GIPMER, 23 March 2025, Delhi

Deepti Vibha

1. Clinical discussion of Clinicopathological case, RML Medicine Update 2024, 7 April 2024, New Delhi
2. Cerebral edema in decompensated Cirrhosis: When to suspect, diagnosis and management, 5thNational Conference on Critical Care and Infections in Liver Diseases CCILBS 2024, 14 April 2024, New Delhi
3. Brain Stem Death Diagnosis and Ancillary Test, 11th Batch of the Transplant Coordinator Training program, 24-28 June 2024, New Delhi
4. Case of Carotid-T occlusion, Asian Stroke Summer School, 11-14 July 2024, Thiruvananthapuram
5. Assessment of Cerebrovascular Reserve, Mid-term Neurosonocon 2024, 24-28 July 2024, Hyderabad,
6. Conducting a Literature Review for a Grant Application, Two Days Workshop on "Grant Writing" for AIIMS Faculty, 30 July 2024, New Delhi
7. TCD in stroke, Recent Advances in Critical Care" {RACC-2024}, 24-26 August 2024, New Delhi
8. Formulating a Research Question & Developing Hypotheses, Protocol Development for Investigator-Initiated Clinical Trials, 30 September 2024, New Delhi
9. Aspect of DSMB formation and it's role, Protocol Development for Investigator-Initiated Clinical Trials, 1 October 2024, New Delhi

10. Vision loss in IIH, 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 17-20 October 2024, Vishakhapatnam
11. Travelling from Clinical Trials to Clinical Practice: Lessons to Learn & Unlearn, Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS 2024), 14-16 November 2024, Chandigarh
12. TCD in Reversible Cerebral Vasoconstriction Syndrome, Annual conference of Society of Neurosonology, 21 December 2024, Kochi
13. Transcranial doppler, machine, uses and application, Workshop cum skilled learning on non-invasive neuro-stimulation therapy, 30 November-1 December 2024, Varanasi
14. Long-term colchicine for the prevention of vascular recurrent events in non-cardioembolic stroke (CONVINCE), 16th World Stroke Conference (WSDCON) 2024, 8 December 2024, New Delhi
15. How to interpret – Whole exome sequencing and Whole genome sequencing for neurological disorders, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 1-2 February 2024, New Delhi
16. Vestibular paroxysm, AIIMS Neuro-otology update 2025, 22 February 2025, AIIMS, New Delhi
17. CPC clinical discussant, 7th National Conference of the Neuropathology Society of India, NPSICON 2025, 22 February 2025, AIIMS, New Delhi
18. Role of anticoagulation in Ischemic Stroke, Heart and Brain Symposium 2025, 2 March 2025, Hyderabad

Vishnu VY

1. Clinical implications of genetic testing in neuromuscular diseases. Practical Neurology 2024: Advances in Neuromuscular disorders, 30 June 2024, Secunderabad
1. Mimics and Chameleons Of ALS
2. Advances in Inflammatory Myopathies, Preconference-Workshop Neurology Theme: Advances in Neurotherapeutics APNEUROCON 2024, 19 July 2024, Guntur
3. Neuromuscular disorders in India: New World meets the Old, The 29th Annual Congress of World Muscle Society, 2024, 10 October 2024, Prague. Czech Republic
4. Phenotype & Genotype of FSHD in India, 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 17 October 2024, Visakhapatnam
5. Should Thymectomy be done in all cases of myasthenia gravis? 72nd Annual Conference of Neurological Society of India, 19 December 2024, Kolkata
6. FSHD - An Update, Neuromuscular Update for Practicing Neurologists, 14 February 2025, Mumbai
7. Advancement and challenges in the diagnosis and treatment of FSHD, Advances in Pediatric Neuromuscular diseases 2025, 14 March 2025, Thiruvananthapuram

Roopa Rajan

1. Growing list of genes in Dystonia, 3rd Indian Rare Movement Disorder Symposium, 12 April 2024, Bengaluru.
2. Rehabilitation in PD, IFNRCON 2024, 14 April 2024, Pondicherry
3. Approach to cerebellar tremor, The 13th International Symposium of the Society for Research on the Cerebellum and Ataxias, 11 May 2024, Mumbai
4. Genetics of focal dystonia and treatment, 3rd Annual Meeting of Lux-GIANT Consortium, 14 July 2024, Kochi
5. Movement Disorders Video Session, World Neurosciences Summit IV, 24 August 2024, New Delhi
6. Advanced therapies in movement disorders- When and How? Back to Basics (B2B) in Movement Disorders, India. 30 August 2024, Chennai
7. Genetics of dystonia in Asian Indians, Indo-French Symposium on Imaging, Artificial Intelligence, and Genetics in Neurological Disorders, 16 September 2024, New Delhi
8. Emergencies in other hypokinetic movement disorders. 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 18 October 2024, Vishakhapatnam
9. Dystonia: from phenomenology to genetics, Neurology Colloquium, Clinic of Neurology, Tubingen, Germany, 20 November 2024, Tubingen, Germany (Online)
10. DBS programming: Tips and Tricks, Movement Disorder Skills Workshop, 24 November 2024, Faridabad

11. Landscape of PD treatment in India, National Parkinson Network Chintan Shivir, 13 December 2024, New Delhi
12. Artificial Intelligence for diagnosis and treatment of Movement Disorders, CREST Neuroconclave, 12 January 2025, New Delhi
13. Management of motor fluctuations in early PD- practical tips for management, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 2 February 2025, New Delhi
14. Current management of essential tremors in India. Transforming Neuroscience- MRgFUS a game changer, 12 February 2025, New Delhi
15. Video Akhada 2025, Movement Disorders Society of India Conference (MDSICON 2025), 28 February 2025, Varanasi
16. Dystonia: Is genetics replacing phenomenology? Movement Disorders Society of India Conference (MDSICON 2025), 1 March 2015, Varanasi
17. Genotypic and phenotypic heterogeneity in Movement Disorders, IGSTC Workshop: Advancing Personalized Medicine in Cancer and Neurological Disorders, 4 March 2025, Hyderabad
18. Functional Anatomy and Clinical Examination of Eye Movements and Visual Pathways. Asia and Oceanian Parkinson's disease and Movement Disorders Congress (AOPMC) 2025, 21 March 2025, Tokyo, Japan

Awadh Kishor Pandit

1. Heparin, LMWH and DOAC's-Do's and Don'ts in cardioembolic stroke, 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 17-20 October 2024, Visakhapatnam
2. Promising Phase II Clinical Trials in MS, 7th Annual Conference of Autoimmune Subsection of Indian Academy of Neurology: Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS 2024), 14-16 November 2024, Chandigarh
3. Diagnosing Cerebral Amyloid Angiopathy Related Inflammation – Challenges and Solutions, Annual Conference of Delhi Neurological Association, DNACON 2025, 2 February 2025, Delhi

Rajesh Kumar Singh

1. Clinical Spectrum of MOGAD, Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS 2024), 14-16 November 2024, Chandigarh
2. Current Diagnostic and Treatment paradigms in IgG4 –Related Pachymeningitis, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 1 February 2025, Delhi

Anu Gupta

1. Visual loss in pregnancy, 31st Annual Conference of the Indian Academy of Neurology (IANCON 2024), 17 October 2024, Vishakhapatnam
2. Fluid biomarkers in MS: from bench to bedside, Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS 2024), 16 November 2024, Chandigarh
3. Higher visual pathways, Third National Conference of Neuro-ophthalmology (NCNO- 2025), 7 February 2025, Chandigarh
4. Doctor, why is my father all parrot words – Clinical chronicles, AAIC Neuroscience Next India Hybrid Hub 2025, 26 February 2025, New Delhi

Elavarasi A

1. A curious case of scissoring of gait. MDS-AOS Functional Movement Disorders Online Course, 11 October 2024, Virtual
2. Genetic testing for PD in the clinic: To do or not to do? Debate, Movement Disorders Society of India Conference (MDSICON 2025), 2 March 2025, Varanasi

Divya MR

1. Interactive video case discussion- Genetic Parkinsonism, 3rd Symposium of the Indian Rare Movement Disorders Consortium, 12 April 2024, Bengaluru

2. Video Case Presentation- "Story of two brothers with abnormal movements and poor cognition"- MDS Video Challenge, International Congress of Parkinson's disease and Movement Disorders (MDS Congress 2024), 30 September 2024, Philadelphia, USA
3. Spinal Cord Stimulation Complications, International Neuromodulation Society Journal Club, 23 January 2025, Online
4. Emerging Perspectives on Anti-IgLON5 Disease, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 2 February 2025, New Delhi
5. Updates in Treatment of Tremor, Movement Disorders Society of India Conference (MDSICON 2025), 28 February 2025, Varanasi
6. "Mahakumbh of Movement Disorders"- Video Akhada – Expert Discussant, Movement Disorders Society of India Conference (MDSICON 2025), 1 March 2025, Varanasi

Ayush Agarwal

1. Management of myasthenia gravis, Lucknow chapter, UP-API, 25 August 2024, Lucknow
2. Management of Parkinson's disease, Annual Conference of Association for Clinical Excellence and Research (ACERCON 2024), 19 September 2024, Agra
3. Psychiatric comorbidities with headache, CREST Neuro-Conclave, 11 January 2025, New Delhi
4. Embolic stroke of undetermined source, 27thAnnual Conference of Delhi Neurological Association, DNACON 2025, 2 February 2025, New Delhi
5. Vessel wall imaging, Indian National Stroke Conference (INSC) 2025, 21 March 2025, Lucknow

Total number of lectures delivered.

2022–2023	2023–2024	2024–2025
74	83	138

Oral papers/posters presented: 115

RESEARCH

Funded

Ongoing

1. A case-control study to investigate gut microbiota dysbiosis in drug-refractory epilepsy patients using whole-metagenomic shotgun sequencing, Dr. Manjari Tripathi, DHR, 3.5 years, 2021-2025, Rs 59.02 Lakhs
2. A population Based Prospective Cohort Study in Unravel the Causes of Stroke and cognitive Decline: A cross-cultural perspective, Dr. Achal Kumar Srivastava, DBT, 5 years, 2017-2024 (extended), Rs 3200 Lakhs
3. Centre for Advanced Research and Excellence in Disability & Assistive Technology (CARE-DAT), Dr. Vishnu VY, ICMR, 5 years, 2021-2026, Rs 237.20 Lakhs
4. Clinical And Genetic Profile of Patients with Huntington's Disease and Other Hereditary Choreas, Dr. Divya MR, AIIMS Delhi, Intramural Research Grant, 2 years, 2021-2025 (Extended), Rs 8 Lakhs
5. Clinical and molecular characterization and development of induced pluripotent stem cell lines in paroxysmal movement disorders, Dr Divyani Garg, AIIMS-CSIR-IGIB, 2 years, 2025-2027, Rs 10 Lakhs
6. Clinical and radiologic profile, risk associations, caregiver burden and clinical outcomes in early and late onset dementia. Dr. Anu Gupta, AIIMS Delhi Intramural Research Grant, 2 years, 2021-2026 (Extended), Rs 8.15 Lakhs
7. Clinico-genetic and radiological profile of adolescent and adult-onset leukodystrophies, Dr Divyani Garg, AIIMS Delhi, Intramural Research Grant, 2 years, 2024-2026, Rs 10 Lakhs
8. Cognitive decline in patients with Multiple Sclerosis. A cross sectional and longitudinal study, Dr. Rohit Bhatia, DST, 3.5 years, 2021-2024, Rs 15 Lakhs (year 3)
9. Comparison of simultaneous plasma exchange (PLEX) and Intravenous methylprednisolone (IVMPS) versus IVMPS with add on PLEX in the treatment of acute severe myelitis of Neuromyelitis optica spectrum disorders (NMOSD): A prospective randomized open label blinded endpoint (PROBE) study, Dr. Rajesh Kumar Singh, ICMR, New Delhi, 3 years, 2023-2026, Rs 34.84 Lakhs
10. Decoding the Brain Microbiome Connection: Exploring the Interplay of Gut Microbiota and Mitochondrial Dysfunction for Development of Novel Biomarkers for Parkinson's disease. Dr. Achal Kumar Srivastava (Clinical PI), ICMR, New Delhi, 3 years, 2025-2028, Rs 92 Lakhs
11. Dementia Sciences programme incidence/prevalence/risk/analysis of Dementia and basic research, Dr. Manjari Tripathi, DBT, 5 years, 2019-2025, Rs 19.87 Lakhs
12. Differentially expressed synaptic-activity-associated long non-coding RNAs (IncRNAs) in drug-resistant epilepsy (DRE), Dr Jasmine Parihar, AIIMS Delhi, intramural Research Grant, 3 years, 2025-2028, Rs 10 Lakhs
13. Efficacy and safety of Cyclophosphamide in treatment of refractory proliferative arachnoiditis in Central nervous system Tuberculosis- A Randomized placebo-controlled Trial. Dr Elavarasi A, AIIMS Delhi, Intramural Research Grant, 2 years, 2022-2024, Rs 6.72 Lakhs
14. Efficacy and Safety of Injection Tenecteplase in 4.5 To 24 hours imaging Eligible Window patients with Acute Ischemic Stroke, Dr. Awadh Kishor Pandit, DST SERB, 3 years, 2022-2025, Rs 32.14 Lakhs
15. Efficacy and safety of Onabotulinum toxin A (Botox) injections in the upper esophageal sphincter for the treatment of Pharyngo-esophageal Dysphagia due to cricopharyngeal dysfunction- A Randomized double blinded placebo Controlled Trial, Dr Elavarasi A, ICMR, New Delhi, 3 years, 2023-2026, Rs 35.87 Lakhs
16. Efficacy of Bacopa monnieri Linn. on cognitive functions and alterations in blood metabolites in patients with amnestic mild cognitive impairment and early Alzheimer Disease: A double blind, randomized placebo-controlled trial, Dr. Anu Gupta, ICMR, New Delhi, 3 years, 2023-2026, Rs 70 Lakhs
17. Exploring genetic variants in Moyamoya disease (MMD) and Intracranial major artery occlusion (ICASO) in India, Dr. Vishnu VY, ICMR, 3 years, 2022-2026, Rs 87 Lakhs
18. Fever, Hyperglycemia, Swallowing and Hypertension Management in Acute Stroke: A Cluster Randomized: Trial (Indian Quality Improvement in Stroke Care Study (FeSSH) Phase-II, Dr. Awadh Kishor Pandit (PI of nodal Center)/Dr. Kameshwar Prasad (PI), ICMR, New Delhi, 3 years, 2022-2025, Rs 6.91 Lakhs

19. Gravity Stent-Retriever System for Reperfusion of Large Vessel Occlusion Stroke Trial (GRASSROOT), Dr Deepti Vibha, Gurutva Medical Technology Pvt Ltd, 1 year, 2024-2025, Rs 2 Lakhs
20. HLA associated genetic predisposition for hypersensitivity to antiepileptic drugs in NorthIndians: A case control study, Dr Animesh Das, AIIMS Delhi, Intramural Research grant, 2 years, 2021-2025 (Extended), Rs 10 Lakhs
21. Hospital Based Stroke Registry (HBSR), Dr. Rohit Bhatia, ICMR, New Delhi, 6 years, 2021-2027, Rs 3 Lakhs (year 4)
22. Identification of the Genetic architecture of FSHD in India, Dr. Vishnu VY, ICMR, 3 years, 2023-2026, Rs 82.22 Lakhs
23. Indian Multiple Sclerosis and Allied demyelinating disorders registry and research Network (IMRSN), Dr. Rohit Bhatia, ICMR, New Delhi, 4 years, 2021-2025, Rs 99.53 Lakhs (year 4)
24. Indian Trial of Tranexamic Acid in Spontaneous Intracerebral Hemorrhage (INTRINSIC Trial), Dr. Rohit Bhatia, ICMR, New Delhi, 3 years, 2022-2026, Rs 2 Lakhs (year 3)
25. Integrated molecular modelling and in vivo approach to discover potent phytochemicals for improving cognitive decline in Alzheimer's disease", Dr. Achal Kumar Srivastava, ICMR, New Delhi, 3 years, 2023-2026, Rs 48 Lakhs
26. Long-term Single versus Dual Antiplatelet Therapy in Patients with Intracranial Atherosclerotic Disease: A Randomized Trial (STENOSIS Trial), Dr. Rohit Bhatia, ICMR, New Delhi, 3 years, 2022-2025, Rs 23.22 Lakhs (year 3)
27. Medical Application based Post Stroke Strategy for survivors and their caregivers: A Randomized Controlled Trial (MOBILITY), Dr. Rohit Bhatia, ICMR, New Delhi, 3 years, 2022-2025, Rs 3.61 Lakhs (year 1)
28. MicroRNA (miRNA) profiling as potential biomarkers for stroke diagnosis and differentiation using a deep next-generation sequencing (NGS) approach. Dr Deepti Vibha, ICMR, New Delhi, 3 years, 2022-2025, Rs 20 Lakhs
29. Molecular signatures of Parkinson's Disease in vivo: a deep brain stimulation approach, Dr. Roopa Rajan, DBT/ Wellcome Trust Clinical/Public Health Intermediate Fellowship, 5 years, 2023-2028, Rs 344.03 Lakhs
30. Music therapy for rehabilitation in post-stroke non-fluent aphasia: the Indian adaptation, Dr. Deepti Vibha, ICMR, New Delhi, 3 years, 2023-2026, Rs 60 Lakhs
31. Pan India Registry for Progressive Supranuclear Palsy (PAIR-PSP), Dr Divyani Garg (Site PI), Michael J Fox foundation, 1 year, 2025-2026, Rs 2.31 Lakhs
32. Pan-India multicentric study on NeuroCYSTicercosis (NCC): Unravelling its metabolOMICs and proteOMICs architecture to enable its diagnosis and understand epilepsy (CYST-OMICS), Dr. Divya MR (Site PI & Co PI), ICMR Task Force of Omics in Health & Disease, 3 years, 2024-2027, Rs 22.17 Lakhs (for AIIMS, Delhi)
33. Post-acute COVID-19 Neurological Sequelae: Deciphering Molecular Signatures by Integrating Data Sources of COVID-19 and neurodegenerative diseases and Their Validation, Dr. Achal Kumar Srivastava, ICMR, New Delhi, 3 years, 2023-2026, Rs 48.97 Lakhs
34. Posterior cervical fixation versus long-term cervical collar for management of Hirayama Disease: Prospective randomized open blinded endpoint (PROBE), phase III study, Dr Deepti Vibha, AIIMS Delhi Inter-disciplinary intramural research grant, 2 years, 2023-2025, Rs 20 Lakhs
35. Randomized Trial of Biosimilar TNK Versus tPA during Endovascular Therapy for Acute Ischemic Stroke Due to Large Vessel Occlusions (RE-OPEN Trial), Dr. Rohit Bhatia, ICMR, New Delhi, 3 years, 2022-2025, Rs 22.23 Lakhs (year 3)
36. Repetitive Transcranial magnetic stimulation to the inferior parietal lobule in task specific focal hand Dystonia: a crossover, sham control blinded outcome assessment study, Roopa Rajan, ICMR, 3 years, 2023-2026, Rs 41.49 Lakhs
37. Rituximab in Guillain Barre syndrome (RuGBY) trial: a single center, double blind, randomized phase 3 trial. Dr. Ayush Agarwal, DST-SERB, 2 years, 2023-2025, Rs 30 Lakhs
38. Role of non-coding RNAs (ncRNAs) in clinicopathological classification and molecular perturbances associated with Focal Cortical Dysplasia (FCD), Dr. Manjari Tripathi, DBT, 3 years, 2024-2027, Rs 79.09 Lakhs
39. Scaling-up The Competency of Primary Care Workers to Manage Epilepsy by Task-Sharing (STOP-Epilepsy), Dr. Mamta Bhushan Singh (Co- PI), DBT- Wellcome Trust, 5 years, 2021-2026, Rs 211.87 Lakhs
40. Significance of serum and CSF MOG antibodies in patients with primary demyelinating disease, Dr. Ayush Agarwal, AIIMS Delhi, Intramural Research Grant, 2 years, 2023-2025, Rs 10 Lakhs

41. Smartphone use restriction as treatment of primary headache: a randomized controlled clinical trial, Dr Deepti Vibha, CSIR, 3 years, 2023-2026, Rs 30 Lakhs
42. Strategic Multimodal Intervention in at-risk Elderly Indians for Prevention of Dementia (SMRUTHI INDIA): A cohort multiple randomised controlled trial (cmRCT), Dr. Vishnu VY, ICMR, 3 years, 2022-2025, Rs 4,92,49,450
43. Swallow-graphy for stroke patients, Dr. Awadh Kishor Pandit, DHR, 3 years, 2024-2027, Rs 22.31 Lakhs
44. Thalidomide as treatment of basal exudates in Tuberculous Meningitis: A prospective randomized open blinded endpoint (PROBE) study.", Rajesh Kumar Singh, ICMR, New Delhi, 3 years, 2025-2027, Rs 38.04 Lakhs
45. Thalidomide as treatment of optochiasmatic arachnoiditis in Tuberculous meningitis: A prospective randomized open blinded endpoint (PROBE) study, Dr. Rajesh Kumar Singh, ICMR, New Delhi, 3 years, 2022-2025, Rs 24.59 Lakhs
46. Thalidomide in the treatment of intracerebral tuberculoma: A prospective randomized open blinded endpoint (PROBE) study', Dr Deepti Vibha, Indian Academy of Neurology Research Grant, 2 years, 2024-2026, Rs 10 Lakhs
47. To study the association of key pathophysiologic blood based biomarkers with the phenotype, metabolome and gut microbiome in patients with Alzheimer's disease (AD): A pilot study, Dr Anu Gupta, AIIMS Delhi Intramural Research Grant, 2 years, 2023-2025, Rs 10 Lakhs
48. Understanding the neurobiological and clinicopathological role of genomic and non-coding transcriptomic perturbances in pharmacoresistant epilepsy, Dr. Manjari Tripathi, DST, 3 years, 2024-2027, Rs 21.41 Lakhs
49. Unravelling the multi-targeted curative potential of indigenous medicinal herbs and their phytochemicals against Friedreich's Ataxia: an integrated approach. Dr. Achal Kumar Srivastava (Clinical PI), ICMR, New Delhi, 3 years, 2025-2028, Rs 33.20 Lakhs
50. Utility of Intravenous autologous bone marrow derived stem cells infusion in chronic stroke: A paracrine signaling and h-NMR spectroscopy study, Dr. Vishnu VY, ICMR, 3 years, 2022-2025, Rs 55 Lakhs
51. Wearable electronics for swallowgraphy in stroke patients, Dr. Awadh Kishor Pandit, AIIMS Delhi Intramural Research Grant, Collaborative project between AIIMS-IIT Delhi, 2 years, 2023-2025, Rs 20 Lakhs

Completed

1. A large-scale comprehensive clinical and genomics approach for rare mutations and novel gene discovery in hereditary ataxias in India-(CHANGER), Dr. Achal Kumar Srivastava, ICMR, New Delhi, 3 years, 2021-2024, Rs 1.49 Lakhs
2. Bridging therapy with intravenous Alteplase in imaging eligible Acute Ischemic Stroke patients with onset between 4.5 to 9 hours – A Randomized Controlled, Pilot Study, Dr. Awadh Kishor Pandit, AIIMS Delhi Intramural Research Grant, 02 years, 2020-2022 (Extended), Rs 8 Lakhs
3. Can capacity building at primary care level improve access to epilepsy care in Chhattisgarh? An Implementation Research, Dr. Mamta Bhushan Singh, ICMR, New Delhi, 3 years, 2022-2025, Rs 99.11 Lakhs
4. Cost-effective analysis of evidence based interventions underlying Acute Ischemic Stroke: A Retrospective Study of Patients in a Tertiary Care Hospital, Delhi, India, Dr. Awadh Kishor Pandit, DHR, 1.5 years, 2021-2023, Rs 6.51 Lakhs
5. CSF inflammatory markers in the diagnosis of autoimmune encephalitis, Dr. Rajesh Kumar Singh, AIIMS Delhi Intramural Research Grant, 2 years, 2021-2023, Rs 9.25 Lakhs
6. Dalfampridine for improving visual function in acute optic neuritis (DON)- A randomized, placebo-controlled phase 2/3 trial, Dr Animesh Das, DHR, 2 years, 2022-2024, Rs 29.70 Lakhs
7. Determination of efficacy of 9 months, 12 months, and 18 months of Anti-Tubercular Treatment (ATT) for Tuberculous Meningitis (TBM): A randomized controlled, non-inferiority trial, Dr Deepti Vibha, DHR, 3+1 years, 2020-2024, Rs 42 Lakhs
8. Development of Nordostachys jatamansi and Withania somnifera formulation for the treatment of sleep disorders, Dr. Manjari Tripathi, DBT, 3 years, 2021-2024, Rs 56.38 Lakhs
9. Elucidating the efficacy of yoga meditation and its associated epigenetic modulation in person with temporal plus and temporal lobe epilepsy, Dr. Manjari Tripathi, DST, 4 years, 2020-2024, Rs 70.27 Lakhs
10. Evaluation Of Effects of Repetitive Trans Cranial Magnetic Stimulation at Supplementary Motor Area in Parkinson's Disease Patients with Freezing of Gait- A Randomized Sham Controlled Study, Dr Divya MR, ICMR, New Delhi, 3 years, 2021-2024, Rs 24 Lakhs

11. Evaluation of rapid eye movement (REM) behavioral disorder in sporadic adult-onset ataxia (SAOA)-Aprospe ctiveobservationalstudy"-, Dr Animesh Das, ICMR, New Delhi, 3 years, 2021-2024, Rs 26 Lakhs
12. Genetic Architecture of Parkinson's Disease in India (GAP-India), Dr. Roopa Rajan, Michael J Fox Foundation, 4 years, 2019-2024, Rs 75 Lakhs
13. Identification of pathobiological and disease activity markers in Primary CNS Vasculitis, Dr. Vishnu VY, ICMR, 3 years, 2021-2025, Rs 48 Lakhs
14. Implementation of an evaluation and treatment package for uniform stroke care and outcomes in the medical colleges in India (IMPETUS Stroke), Dr. Rohit Bhatia, DHR, 3 years, 2021-2024, Rs 24 Lakhs
15. International Centre for Genomic Medicine in Neuromuscular Diseases (ICGNMD), Dr. Vishnu VY, MRC, UK, 4 years, 2020-2024, Rs 1.22 Lakhs
16. Long Range, Cis-Acting Functional Variations in Regulatory Elements of Frataxin: New Therapeutic Targets in Friedreich's Ataxia. Dr. Achal Kumar Srivastava, ICMR, New Delhi, 3 years, 2021-2024, Rs 89 Lakhs
17. Prevention of post-stroke seizures with Levetiracetam in Intracranial Cerebral Venous Sinus Thrombosis (PROLEVIS-CVT): A Randomized Placebo-Controlled Trial, Dr. Vishnu VY, ICMR, 3 years, 2021-2024, Rs 80 Lakhs
18. Smartphone-based Telestroke Vs 'Stroke Physician' led Acute Stroke Management (SMART INDIA): A cluster randomized trial, Dr. Vishnu VY, ICMR, 3 years, 2020-2024, Rs 2.70 Lakhs
19. Spiral Dx: Tremor diagnosis and quantification using artificial intelligence, Dr. Roopa Rajan, DBT, 3 years, 2021-2024, Rs 1.06 Lakhs
20. The Role of Educational Intervention on Improving Diagnosis and Treatment of Central Nervous System Tuberculosis–A Cluster Randomized Trial (RED-TB Trial). Dr. Divya MR, World Federation of Neurology, 2 years, 2022-2024, Rs 18.50 Lakhs

Departmental projects (including thesis/dissertations)

Ongoing

1. Accuracy of Clinical diagnosis of Functional Dissociative Seizures – A prospective observational study
2. ACTION: Methylcobalamin in Acute episodes of Central Nervous System Demyelination; A Randomized Controlled Trial
3. An Exploratory Study to Evaluate Optical Coherence Tomography Angiography in Cases of Ischemic Stroke due to Extracranial Internal Carotid Artery Atherosclerotic Disease and Pre and Post Carotid Artery Re-Vascularization (Carotid Artery Stenting and Carotid End-Arterectomy) –A Prospective Cohort Study
4. Assessment of sleep dysfunction and its correlation with autonomic function test and severity of disease in apparently idiopathic sporadic progressive cerebellar ataxia
5. Attitude and Practices of Health care providers on Advance Care Planning in Parkinsons Disease and other Neuro-degenerative Diseases
6. Biomarker prediction using proteomics and diagnostic assay development followed by validation using biosensor technology for early detection of stroke
7. Cerebrospinal Fluid Biomarkers in Idiopathic Intracranial Hypertension: Targeted Proteomics Analysis highlighting the Pathomechanism of Disease
8. Characterization of tremor and gait in spinocerebellar ataxia type 12
9. Clinical and Demographic Features of Patient on Treatment for MDR/XDR TB with ATT induced Peripheral Neuropathy: A Prospective Observational Study
10. Clinical spectrum, Imaging features and long-term outcomes of Functional Movement Disorders – A Prospective cohort study
11. Clinical Utility of Intravascular Ultrasound (IVUS) in carotid artery interventions – a systematic review and meta-analysis
12. Clinical profile and response to steroids in brachial plexopathy: A prospective cohort study
13. Clinical, Laboratory and Imaging features, Treatment trends and long-term outcomes in patients with Parenchymal and Extra parenchymal Neurocysticercosis-A registry-based study.

14. Comparing outcomes of epilepsy patient follow-up care with and without a checklist- A randomized controlled trial
15. Correlation of changes in OctoberOctober parameters, Optic nerve sheath diameter and MCA waveform with a visual field in IIH: A Prospective cohort study
16. Cost-effectiveness of surgical interventions in patients with dystonia
17. Diagnostic accuracy of smartphone fundoscopy versus direct ophthalmoscopy to identify papilledema in patients with features of raised intracranial pressure presenting to the emergency department
18. Efficacy and safety of radiofrequency pallidotomy in management of dystonia-an RCT
19. Efficacy and safety of single-photon emission computed tomography (SPECT) aided botulinum toxin injection in writers' cramp: A PROBE study
20. Efficacy and Safety of sunlight therapy in stroke patients: A Randomized Controlled Trial
21. Efficacy of Add on Melatonin on Seizure Outcome in Focal Drug-Resistant Epilepsy Patients A randomized controlled Trial
22. Efficacy of smartphone based digital application to track migraine, offer pill reminders for medication adherence and community blog for migraineurs in improving headache related parameters as compared to paper pen diary in patients with migraine- a randomized controlled cross over trial.
23. Electrophysiological evaluation of myoclonus in subacute sclerosing panencephalitis
24. Etiological study of Hypertrophic pachymeningitis in adults
25. Evaluation of multimodality evoked potentials and electroretinogram in Wilson's disease
26. Evaluation of stroke recurrence in various subtypes of ischemic stroke according to TOAST classification: An Ambispective cohort study
27. Evaluation OfCurrent ManagementPractices andOutcomes in Patientswith CNS Tuberculosis
28. Factors associated with increased risk of mortality in TBM patients- An ambispective observational study
29. Factors associated with infarct growth rate in patients of acute ischemic stroke with large vessel occlusion in anterior circulation
30. Genetics of dystonia in India: a next generation sequencing approach
31. Histopathological and proteomic characterization of mechanical thrombectomy retrieved clots in acute ischemic stroke patients with large vessel occlusion
32. Identification of novel unstable tandem nucleotide repeat loci by genome wide screening and their implication in the pathogenesis of genetically uncharacterized progressive cerebellar ataxias.
33. Identification of pathobiological and disease activity markers in Primary CNS Vasculitis (PCNSV)
34. Immediate versus delayed withdrawal of anti-seizure medications in psychogenic non-epileptic seizures
35. Impact of discordance of scalp video EEG on seizure outcomes of persons with drug –resistant epilepsy
36. Institutional registry of patients with hypertrophic pachymeningitis
37. Making sense of Variant of Uncertain Significance (VUS): A sequence variant reinterpretation study in movement disorders
38. Mission Thrombectomy 2020 (MT 2020 App) study.
39. Multimodal electrophysiological evaluation of tremor: a machine learning approach
40. Multi-Modality Evoked Potentials Andelectroretinogram In Patients With Wilson's Disease-A Prospective Observational Study
41. Non ataxic manifestations of spinocerebellar ataxia
42. NON-MOTOR MANIFESTATIONS IN HUNTINGTONS DISEASE PATIENTS AND THEIR IMPACT ONQUALITY OF LIFE - An Observational Study
43. Online survey- To identify practice trends by Neurologists in the diagnosis and treatment of Normal Pressure Hydrocephalus
44. Pallidotomy for generalised dystonia- a retrospective/prospective study
45. Predictors of Freezing of Gait (FoG) in Parkinson's Disease among Indian Population

46. Prevalence of EBV DNA and anti EBV antibodies in patients of MS, NMOSD and MOG-AD
47. Prophylactic Levetiracetam for the prevention of post stroke seizures (PROLEVIS): A randomized, double blind, placebo-controlled trial
48. Quantitative susceptibility mapping to predict deep brain stimulation outcomes in Parkinson's disease.
49. Role microRNAs in pathophysiology of neurodegenerative disorder: spinocerebellar ataxia type 2 (SCA2)
50. Role of genetic variants and non-coding RNAs in drug-resistant epilepsy
51. Spectrum and clinical profile of Movement Disorders in Autoimmune Encephalitis
52. Study of clinical profile, imaging, and prognostic factors of patients with Hirayama disease - prospective study
53. Symptomatic Non-Stenotic Carotid Disease (SYNC) In ESUS (Embolic Source of Undetermined Source) Patients – A Prospective Observational Study
54. Talking about epilepsy: A mixed method study to explore Doctor-patient communication in Epilepsy care, paving the way for co-produced interventions
55. The spectrum and outcome of Rapidly Progressive Dementias: A prospective cohort study
56. The Stigma Spectrum: Burden, Factors associated, Treatment implications, and Cross-Comparisons among Indian Persons with Epilepsy
57. Timing of anticoagulation and outcomes in patients with Rheumatic Heart Disease and stroke.
58. To evaluate radiological involvement of Thymus in patients of CNS demyelinating disorders: Case control study.
59. To identify functional genetic elements in triplet repeats flanked haplotype region and mitochondrial genome in spinocerebellar ataxias
60. To study the genetic modifier of variability in age at onset in SCA2 and SCA12
61. To study the molecular correlation and clinical variability in Friedreich's Ataxia through RNA expression analysis
62. Transcranial Doppler (TCD) in Tubercular cerebral vasculopathy: a prospective observational study.
63. Utility of CSF biomarkers for Alzheimer's pathophysiology in the diagnostic work up of patients with neurodegenerative dementia: a cross-sectional study

Completed

1. A Randomized Controlled Trial Comparing the Efficacy of NIBS (low frequency inhibitory rTMS) in Addition to Standard of Care vs Standard of Care alone in Post Stroke Aphasia
2. Are patients with Epilepsy optimally employed? A Cross-Sectional Study
3. Clinicodemographic characteristics and outcome of patients with myasthenic crisis and impending myasthenic crisis-An ambispective study
4. Clinico-Radiologic profile and Outcomes of patients with Normal Pressure Hydrocephalus
5. Efficacy of propranolol and primidone in action tremors in patients with Spinocerebellar Ataxia 12: A single centre, double blind, placebo controlled double cross over trial
6. Intranasal Midazolam Versus mouth dissolving clobazam in terminating Seizers: A Randomized open label non inferiority trial

Collaborative projects

Ongoing

1. To Investigate the Combined Neuromodulatory Effects of Intermittent Theta Burst Stimulation and Probiotics on Gut-Brain Axis in Parkinson's Disease – A Randomized Controlled Trial. , Department of Physiology, AIIMS New Delhi
2. A case-control study to develop "Exosomes based Molecular Signature" of Parkinson Disease, Department of Biophysics, AIIMS New Delhi
3. A cross-sectional study to assess caregiver burden, anxiety, depression, and coping strategies among caregivers of neurodegenerative disorder patients attending neurology OPD at CNC AIIMS, New Delhi, College of Nursing, AIIMS, New Delhi

4. A multicenter, international, randomized, placebo controlled, double-blind, parallel group and event driven Phase 3 study of the oral FXIa inhibitor asundexian (BAY 2433334) for the prevention of ischemic stroke in male and female participants aged 18 years and older after an acute non-cardioembolic ischemic stroke or high-risk TIA, Multiple centers across the globe
5. A phase III randomized double blind, efficacy and safety study comparing SCAR442168 to placebo in participants with primary progressive Multiple Sclerosis (PERSEUS), Multiple centers across the globe
6. A Quasi experimental study to assess the effectiveness of Stroke Care Giver Mobile App (SCGM app) upon knowledge and practice of home care management among caregivers of stroke patients at AIIMS New Delhi, College of Nursing, AIIMS, New Delhi
7. A study to assess the effectiveness of exercise (30 min walk) on Health-Related Quality of Life (HRQoL) among Myasthenia Gravis patients attending Neuro OPD at AIIMS, New Delhi, College of Nursing, AIIMS, New Delhi
8. A Study to assess the effectiveness of family and patient education using a video-based teaching on knowledge and pre procedural anxiety of family members & patients undergoing EEG at AIIMS, New Delhi, Collage of Nursing, AIIMS, New Delhi
9. A study to assess the qSOFA scores and its association with clinical signs of sepsis and selected outcomes in patients admitted in Neurology and Neurosurgery ward at AIIMS, New Delhi, College of Nursing, AIIMS, New Delhi
10. A study to investigate the role of Vitamin D supplementation on seizure control in persons with drug resistant epilepsy and its correlation with biomarkers of epileptogenesis, ICMR, New Delhi
11. An observational study to investigate the gut microbiota composition of patients with drug-refractory epilepsy, Department of Neurosurgery, AIIMS, New Delhi
12. Association of social cognition and behavioral impairment in persons with epilepsy on AED monotherapy: Correlation with neuroimaging findings and trace elements status, Department of Science and Technology
13. Calcium permeable ion channels as therapeutic targets to manage neuropathic pain, Department of Biophysics, AIIMS, New Delhi
14. Deciphering the contribution of proestrous-estrous transition to seizure susceptibility in drug resistant epilepsy pathologies, Department of Biophysics, AIIMS, New Delhi
15. Deciphering the role of platelets in drug resistant epilepsy, Department of Biophysics, AIIMS, New Delhi
16. Decoding the Brain Microbiome Connection: Exploring the Interplay of Gut Microbiota and Mitochondrial Dysfunction for Development of Novel Biomarkers for Parkinson's disease, AIIMS-DU
17. Developing a combinatorial biomarker based on encephalic and metabolome profiles to differentiate functional dissociative seizures from epilepsy, Department of Physiology, AIIMS New Delhi
18. Development of an imaging-based algorithm for classification of subtypes of Neurodegeneration with Brain Iron Accumulation (NBIA), Department of Neuroimaging & Interventional Neuroradiology, AIIMS New Delhi
19. Effect of homeopathic based drug formulation on epileptogenesis and its interaction with antiepileptic drugs: A study in experimental model of epilepsy and associated post-ictal depression, Central council for Research in Homoeopathy (CCRH)
20. Effect of Myoinositol supplementation on seizure frequency in person with drug resistant epilepsy A double blind randomized N-of-1 trial", Department of Pharmacology, AIIMS New Delhi
21. Efficacy of Probiotics supplementation on Cognition and fluctuating Motor symptoms in patients of Parkinson's Disease - A Randomized Controlled Trial, Department of Physiology, AIIMS New Delhi
22. Etiological study of hypertrophic pachymeningitis, Department of Neurosurgery, AIIMS, New Delhi
23. Evaluation of Current Management Practices and Outcomes in Patients with CNS TB Using Clinical Indicators, Department of Medicine, AIIMS New Delhi
24. Exploratory analysis of the association between pyrethroid exposure and Parkinson's disease: A Cross-sectional Study, Department of Pharmacology, AIIMS New Delhi
25. Exploring cognition and numeracy skills in financial decision making in neurodegenerative disorders using MR techniques, and the effect of Transcranial Direct Stimulation (IDCS) on improvement of cognitive functions, Department of NMR, AIIMS New Delhi

26. Exploring the potential of exosomal miRNA as novel biomarker targets of Parkinson's disease, Department of Biophysics, AIIMS New Delhi
27. Fever, Hyperglycemia, Swallowing and Hypertension Management in Acute Stroke: A Cluster Randomized Trial (FeSSH) Phase-II (Indian Quality Improvement in Stroke Care Study), RIMS, Ranchi
28. Implementation of a Physician-Based Stroke Unit in a Remote Hospital of North-East India-Tezpur Model, Christian Medical College, Ludhiana
29. Mechanistic understanding of Parkinson's disease and developing an early screening method, Department of Biophysics, AIIMS New Delhi
30. Modulators of a4-containing GABAA receptors: Potential therapy for focal cortical dysplasia (FCD), Department of Biophysics, AIIMS New Delhi
31. Morphometric Brain Changes in Young-Onset and Late-Onset Parkinson's Disease: A Comparative Study, Department of NMR, AIIMS New Delhi
32. Neuropsychiatric manifestations and metabolic characteristics in brain in patients with treatment naïve celiac disease compared with controls and effect of gluten free diet on them: A prospective follow up study, Department of Gastroenterology and Human Nutrition Unit, AIIMS, New Delhi
33. Ocular surface microbiome profiling in Neurodegenerative disorders, Dr. R.P. Centre for Ophthalmic Sciences, AIIMS, New Delhi
34. Pan-India multicentric study on NeuroCYSTicercosis: Unravelling its metabolOMICs and proteOMICs architecture to enable its diagnosis and understand epilepsy (CYST-OMICS), IIT Mandi, IHBT Palampur, DMCH Ludhiana, ICGEB Delhi and other multiple centres across India
35. Prospective diagnostic study of Blood Glucose Estimation and Atrial Fibrillation via wearable device in Acute Stroke patients, Department of Computer Science and Engineering, IIT Delhi
36. Role of trace amines in neuro degenerative diseases (AMR, glaucoma and Alzheimer's), Dr. R.P. Centre for Ophthalmic Sciences, AIIMS, New Delhi
37. SmartWear- AI Enabled wearable system for monitoring and intervention of gait disorders in Parkinsonism, IIT Gandhinagar
38. Understanding prescription patterns for Parkinson's disease prior to referral to a movement disorders centers in India: A cross-sectional study, Multiple centers in India
39. Unravelling the multi-targeted curative potential of indigenous medicinal herbs and their phytochemicals against Friedreich's Ataxia: an integrated approach, AIIMS-ICAR
40. Wearable electronics for swallowgraphy in stroke patients, IIT Delhi

Completed

1. A longitudinal study to assess cortico-spinal excitability and plasticity in ALS patients using TMS metrics, Department of Physiology, AIIMS, New Delhi
2. A phase III randomized double blind, efficacy and safety study comparing SCAR442168 to placebo in participants with non-relapsing secondary progressive Multiple Sclerosis (HERCULES), Multiple centers across the globe
3. A prospective observational study to find out correlation of serum levels of AEDs (AEDs) and other factors associated with seizure recurrence in persons with epilepsy (PWE) undergoing AED tapering, Department of Pharmacology, AIIMS, New Delhi
4. Cultural Considerations in Daily Levodopa Equivalent Dosage: A Study of Global Population, Multiple centres across the globe
5. Effect of AED monotherapy with levetiracetam and valproate on metabolic status in women with epilepsy, Department of Pharmacology, AIIMS, New Delhi
6. Effect of plasma jet on tumor tissues resected from patients with tumor linked refractory epilepsy, Department of Biophysics, AIIMS New Delhi
7. Effect of Probiotics and Repetitive Transcranial Magnetic Stimulation on Cognitive and Motor Function in the 6-Hydroxydopamine Rat Model of Parkinson's Disease, Department of Physiology, AIIMS New Delhi
8. Elucidating region-specific alterations of glutamatergic excitatory neurotransmission in a rodent pilocarpine model of temporal lobe epilepsy, Department of Biophysics, AIIMS New Delhi

9. Study of vitamin D receptor expression and their correlation with seizure control in persons with drug resistant epilepsy after supplementation of vitamin D, Department of Biostatistics, AIIMS, New Delhi
10. To investigate the role of dysfunctional benzodiazepine binding site on GABAA receptor in benzodiazepine-resistance associated with pharmaco-resistant epilepsy, Department of Biophysics, AIIMS New Delhi

PATIENT CARE

The Department of Neurology is committed to delivering state-of-the-art care to patients with different neurological conditions. The outpatient department has provided consultations to over 98, 000 patients, including over 7, 000 speciality clinic consultations. Including regular and short admissions, our total inpatient admissions exceeded4, 500 last year.

Special clinics

- Ataxia Clinic
- Botulinum Toxin Clinic
- Deep Brain Stimulation Clinic
- Headache Clinic
- Drug Resistant Epilepsy Clinic
- Movement Disorders Clinic
- Neuro-infections Clinic
- Neuromuscular Disease Clinic
- Sleep Disorder Clinic
- Stroke Clinic.

Special lab facility

- An electrophysiology laboratory is equipped to perform nerve conduction studies, evoked potentials, electromyography, electroencephalography, video-electroencephalography, tremor analysis for diagnostic purposes, and transcranial magnetic stimulation for research indications.
- Neuro-Sonology–Transcranial Doppler (TCD) is available for diagnostic purposes.
- The neurobiology laboratory (under the Neurology department) offers special test facilities, including in-house autoimmune encephalitis testing and other autoimmune panels.

- Botulinum toxin injection services are provided regularly.
- Diagnostic digital subtraction angiography (DSA) is performed in neurovascular cases in collaboration with the neurosurgery department.

Patient care

Item	2022–2023	2023–2024	2024–2035
OPD Consultations	89,558	1,01,585	98,007
Total Inpatient (regular) Admissions	3,207	2942	2208
Day Care (short) Admissions		2671	2509
Lab Procedures	9, 519	11472*	12320

*OPD EEG-4451; Long Term for drug resistant epilepsy VEEG-398, STVEEG-112, Evoked Potentials-729, NCS/EMG-5642, MEGs 602.

Community services/camps

- The department conducted public awareness lectures and panel discussions on Epilepsy, Dementia, Parkinson's disease, multiple sclerosis andstroke.
- Prof Mamta Bhushan Singh offered epilepsy outreach services in several states.
- Dr. Jasmine Parihar participated in community service through a three-day free Medical Check-up Program held in Mundgod, Karnataka, collaborating with the Patient Care Trust (NGO) and AIIMS, New Delhi, contributing to neurological screening and patient education.
    1. Public Awareness Program on Parkinson's Disease, 18 April 2024, AIIMS Delhi
    2. Public Lecture on Multiple Sclerosis, 3 June 2024, AIIMS Delhi
    3. Public Awareness Program on Stroke, 28 October 2024, AIIMS Delhi

AWARDS, HONOURS, AND SIGNIFICANT EVENTS

Professor Manjari Tripathi received Dr. S. Ramachandran Chair for Neurosciences Award 2025, AIIMS, New Delhi. Inspected the Neurology Department at Accord Super-specialty Hospital as part of the National Board of Examination of Medical Sciences accreditation process on 4 October 2024, Faridabad.External Examiner for the DM, Neurology, G.S. Medical College, Mumbai on 9 January 2025.Expert for the Selection Committee (Virtually) at King George's Medical University, Lucknow on 11 December 2024 Chaired session at Asian Oceanian Epilepsy Congress, Delhi on 21 and 22 February 2025.Attended PhD Committee Meeting at NIMHANS Bangalore on 1 March 2025.Invited as Expert Faculty Selection Interview at AIIMS Deoghar on 7 March 2025.PhD Committee Member at NIMHANS Bangalore on 26 March 2025.

Professor Deepti Vibha was Expert/selection committee member for various selection committees within and outside AIIMS. Chairperson for the session in Workshop on Ultrasound of Nerve and Muscle by IAN- Neuromuscular Group, 23 June 2024. Expert/moderator for the Indian Academy of Neurology- stroke subsection, Journal Club, 9 August 2024. Expert panellist for online event in Problem-Based Learning and Discussion by Neurocritical Care Society of India, 19 November 2024. Chairperson for the session in Movement Disorders, CREST Neuro-Conclave 2025, from January 9-12, 2025, at JW Marriott, New Delhi. Quiz master at the Alzheimer's Association International Conference (AAIC) Neuroscience Next 2025 – India Hybrid Hub. 26-27 of February 2025, at the India International Centre (IIC), Lodhi Estate, New Delhi, India. Expert speaker and panel member of the Brain Death Certification Course by ORBO and NOTTO. Member of the AIIMS Annual Report Committee.

Dr Roopa Rajan was Quiz master: 2nd Ashok Panagariya Memorial Quiz competition.

Awadh K Pandit Chaired a session at the CREST Neuro-Conclave 2025, Delhi, 9 to 12 January 2025.

Rajesh Kumar Singh Serves as Assistant Editor for Neurology India.

Anu Gupta Research titled 'Neuropsychological and functional outcomes of early and late-onset dementia' at AAIC NN, India, hybrid hub 2025, won the best oral presentation award. Research on CSF biomarkers in neurodegenerative dementia in India was chosen for the lightning presentation round. It was one of four abstracts selected from India for international

telecast at AAIC NN, India hybrid hub 2025. Chaired a session on dementia at the AAIC NN, India hybrid hub on 26 February 2025.

Elavarasi A Completed Clinical Fellowship in Movement Disorders, Advanced Therapeutics, and Neuromodulation at the University of Western Ontario, London, Ontario, Canada. Case presentation in the Grand Video Challenge of Movement Disorders at the 30th World Congress on Parkinson's Disease and Related Disorders. Runner-up in the Video Tournament at the Asian Oceanian Parkinsonism and Movement Disorders Congress (AOPMC) 2025 in Tokyo, Japan. Travel grant award to the MDS Congress 2024 in Philadelphia and the Canadian Movement Disorders Society Meeting in Toronto. Junior Faculty Award, MDS-AOS, SYNERGIES, July 2024, held as part of the MDS AOS Genetics School in Kuala Lumpur. Member of the MDS Electronic Clinical Outcome Assessments (eCOA) Committee, MDS Evidence-Based Medicine (EBM) Non-Motor Subcommittee, and MDS Neurosurgery Special Interest Group. Peer Educator in the MDS Peer Reviewing Education and Mentoring Program (2022–2024).

Dr Divya MR Completed advanced training in Movement disorders under the MDS-AOS visiting trainee Grant Program 2024 from the Centre of Excellence for Parkinson's Disease & Related Disorders, Faculty of Medicine, Chulalongkorn University, Bangkok, Thailand. Participant in the Video Tournament of the 9thAsian Oceanian Parkinsonism and Movement Disorders Congress (AOPMC) 2025, Tokyo, Japan. Certified in the Advanced Neuropalliative Care Course by the International Neuropalliative Care Society. Finalist, MDS Video Challenge at the MDS Congress 2024 in Philadelphia, USA. Assistant Editor of Annals of Movement Disorders (Official journal of the Movement Disorder Society of India). External Evaluator, MD Medicine Thesis, PGIMER Chandigarh. Steering Committee member, International Parkinson and Movement Disorder Ataxia Study Group. Workshop Faculty and Coordinator -Cutting-edge Neurophysiology for Movement Disorders at MDSICON 2025 Varanasi. Judge, Poster Session- Tremor and Myoclonus at MDSICON 2025 Varanasi

Dr Ayush Agarwal World Stroke Organisation- Future Leader's Programme Awardee for 2022-24. Assistant Editor, Annals of India Academy of Neurology (2022-). India Representative, Young Neurologist Academy: Asia and Oceanian Association of Neurology (AOAN) (2023-2025). Professor MV Padma Srivastava awardee for best paper in Critical Care Neurology at IANCON 2024

VISITING SCIENTIST

Professor Prassanna Jayakar spoke on MRgFUS in focal epilepsies.

Dr. Alfonso Fasano, Chair in Neuromodulation and Multidisciplinary Care at the University of Toronto, delivered a visiting faculty lecture on advanced deep brain stimulation.

Dr. Vibhor Krishna, Associate Professor at the University of North Carolina, Chapel Hill, NC, USA, and Dr. Daniel Roque, Associate Professor at UNC Neurology, Chapel Hill, USA, delivered lectures on MR-guided focused ultrasound.

Dr Deepa Dash, Assistant Professor of Neurology, Western University, London, delivered a lecture on treatment updates in Huntington's Disease.

HIGHLIGHTS

In the year 2023-2024 unit of Neuropathology has been able to maintain high standard academics and state of art clinical services. The unit is engaged in routine diagnostic services (total of 2577 cases), teaching of undergraduate, postgraduate, DM, Mch and PhD students; as well as high quality research in various subspecialties of Neuropathology.

Steps taken to improve patient care services and research in past year

The Neuropathology laboratory has significantly enhanced its molecular diagnostic capabilities with the addition of advanced platforms such as Next-Generation Sequencing (NGS), Fluorescence In-Situ Hybridization (FISH), Sanger Sequencing, and Real-Time PCR. These technologies are now routinely utilized in the molecular and cytogenetic work-up of neurooncology cases. The diagnostic immunohistochemical panel has been expanded, and a total of 20, 576 slides were stained and analysed during this period. The unit continues to integrate clinically relevant molecular markers into histopathological reports, particularly in the domains of neurooncology and myopathology. The Neuropathology faculty have secured funding for 8 extramural research projects, and 26 research papers have been published in peer-reviewed national and international journals. Research findings have been presented at various academic platforms, with students earning 5 awards for their work. Notably, the Neuropathology Laboratory successfully organized the 7th National Conference of the Neuropathology Society of India, which featured four specialized workshops on molecular neuro-oncology. The event was attended by over 400 delegates from across the country and abroad, marking a significant academic milestone for the department.

Action Plan for coming year:

To provide a combination of highest quality of diagnostic Neuropathology services, teaching, advanced translational research and develop skilled manpower in the super-specialty.

EDUCATION

Neuropathology/Neurology/Neurosurgery conference, 1.5 hours every Friday

Training of postgraduate graduate (MD pathology) students on FISH platform, Twice a year

15 days teaching and training of DM Neurology candidates, On rotation basis

CMEs/Workshops/Symposia/National and International Conferences

7th National Conference of the Neuropathology Society of India (NPSICON–2025), held from 20-22 February 2025 at the AIIMS, New Delhi. As part of the scientific program, they conducted four specialized hands-on workshops on cutting-edge molecular techniques in neuro-oncology, including FISH Assay, Sanger Sequencing, Methylation Profiling, and Next-Generation Sequencing (NGS). The event was a major academic milestone, drawing participation from leading experts and over 400 delegates from across the country.

Lectures delivered at CMEs, National and International Conferences

Lectures delivered: 15

MC Sharma: 9 **Vaishali Suri: 6**

MC Sharma

1. Workshop on fluorescence in situ hybridization (FISH), 4th Annual Conference of Indian Society of Neuro-Oncology (ISNOCON 2024), 4-7 April 2024, PGIMER, Chandigarh
2. Erdheim – Chester disease of central nervous system – two interesting cases, Australian & New Zealand Society for Neuropathology, 31 August-4 September 2024, Queenstown, New Zealand
3. Infectious muscle disease- A comprehensive care study of patients from Indian cohort, 29th Annual Congress of the World Muscle Society, 08-12 October 2024, Prague, Prague Republic of Czechia

4. Evaluation of clinico- Pathological and genetic spectrum of FLNC mutations in indian cohort, 29th Annual Congress of the World Muscle Society, 08-12 October 2024, Prague, Prague Republic of Czechia
5. Approach to adult type diffuse glioma, Annual CME- update in Neurosciences, 16 November 2024, Rajive Gandhi Cancer & research hospital, New Delhi
6. Submicroscopic session – Role of Electron Microscopy in Muscle Diseases, 72th Annual Conference of IAPM & IAP-D, 11-15 December 2024, Scb medical College, Cuttack Medical college, Odisha
7. Clinicopathology case presentation (Pathology discussant), 27th Annual Conference of the Delhi Neurological Association- DNACON, 2 February 2025, Vivanta by Taj Dwarka, New Delhi
8. Advances in the solid tumor molecular Diagnosis, 12th Annual Conference of Molecular Pathology Association of India, 13-16 February 2025, Christian Medical College(CMC), Vellore, Tamil Nadu
9. Diagnostic Strategies for Ependymomas, 7th Annual Conference of Neuropathology Society of India NPSICON 2025, 20-22 February 2025, AIIMS, New Delhi

Vaishali Suri

1. A clinically applicable integrative molecular classification of Meningiomas - Consensus, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh.
2. DNA methylation profiling CNS tumors, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh.
3. Milestone in our journey to unravel molecular genetic alterations in clinical management of meningiomas, WANS & SENEC-2024, 8-12 May 2024, Malaga Spain
4. Current status of DNA methylation profiling in the diagnosis of CNS tumors and AIIMS experience, WANS & SENEC-2024, 8-12 May 2024, Malaga Spain
5. Deep Dive into pathogenesis of pediatric gliomas, 2nd Neuro & Spine Onco Update 2024, 16 November 2024, New Delhi
6. DNA Methylation Profiling: Insights from Resource-Limited Settings, 7th Annual Conference of Neuropathology Society of India NPSICON 2025 (Conduct as a Orz Secretary), 20-22 February 2025, New Delhi

List of oral papers/posters presented

1. Agrima Sharma, Dysregulation in supratentorial ependymomas: Distinguishing RELA fusion-positive and fusion-negative subtypes through small molecule sequencing, 15th Annual conference of Indian Society of Neuro-Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
2. Amritha S M*, High Grade Astrocytoma with Piloid Features: A case report, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
3. Bandana Jassal, Identification of Class I HLA genetic predispositions and prediction of autoantigenic epitopes in dermatomyositis patients of Indian origin, 29th Annual Congress of the World Muscle Society (WMS 2024), 8-12 October 2024, Prague, Czechia.
4. Bandana Jassal, Genetic predisposition of ClassI and Class II HLA and autoantigen epitope prediction in clinical and autoantibody defined subgroups of Idiopathic Inflammatory Myopathy (IIM)", 7th National conference of Neuropathology Society of India (NPSICON 2025, 20-22 April 2025, New Delhi.
5. Bandana Jassal, A novel clinic - sero-histopathological classification system for improved subgrouping of idiopathic inflammatory myopathies, 7th National conference of Neuropathology Society of India (NPSICON 2025, 20-22 April 2025, New Delhi.

6. Bandana Jassal**, A novel clinico-sero-histopathological classification system for improved subgrouping of idiopathic inflammatory myopathies, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
7. Charli Roy***, Unravelling Medulloblastoma: A Multiomic Profiling Strategy for Precision Diagnosis, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
8. Jyotsna Singh, Assessment of Prognostic Biomarkers for Developing Economical Strategy for Risk Stratification in Meningiomas, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
9. Kirti Srivastava, "Deciphering Atypical Teratoid/Rhabdoid Tumour Subtypes: Insights from Methylation Profiling, 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
10. Nimishya Joon**, Insights into Diffuse Hemispheric Gliomas with H3G34 Mutations: A Retrospective Analysis of 11 Cases, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
11. Rafat Malik, Unraveling The interplay Between Pd-L1 And Cd44 In Supratentorial Ependymoms: Implications For Prognosis And Therapy, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
12. Rafat Malik, Unraveling the Interplay Between PDL1 and CD44 in Supratentorial Ependymomas: Implications for Prognosis and Therapy, 15th Annual Conference of the Indian Society of Neuro-Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
13. Rafat Malik, Unveiling Long Non-Coding RNAs in Ependymomas: Advancing Biomarkers and Treatment Strategies, 27th Annual Conference of the Delhi Neurological Association (DNACON 2025), 1-2 February 2025, New Delhi.
14. Rafat Malik, Unveiling Long Non-Coding RNAs in Ependymomas: Advancing Biomarkers and Treatment Strategies, 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
15. Rafat Malik, Deciphering the Role of Long Non-Coding RNAs in Ependymoma Pathobiology: Advancing Novel Biomarkers for Prognosis and Therapeutics, Fifth Science Conclave-cum-National Biomedical Research Competition (NBRCOM 2024), 2-3 December New Delhi
16. Rafat Malik, Characterization of Long Non-Coding RNAs in Ependymomas: Uncovering Potential Biomarkers and Therapeutic Targets, AACR Annual Meeting 2025 (American Association for Cancer Research), 25-30 April Chicago, Illinois
17. Rosy Bala*, Atypical Teratoid/Rhabdoid Tumor with Unusual Immunophenotype: The Critical Role of Methylation Profiling in Resolving Diagnostic Challenges, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
18. Sanjana S James#, Exploring the role of reactive oxygen species regulatory proteins in the pathogenesis of Cerebral small vessel disease, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
19. Snehvarsha Bhagat***, Anti-synthetase Syndrome – Finding a needle in a haystack: A series of 12 cases, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
20. Supriya Bhardwaj, Mismatch Repair Protein Deficiency And Pd-L1 Expression in Pediatric And AYA Hgg, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
21. Supriya Bhardwaj, Mismatch repair protein deficiency and PD-L1, P53 expression in pediatric and AYA HGG, 15th Annual conference of Indian Society of Neuro-Oncology (ISNOCON 2024), 4-7 April 2024, Mohali Chandigarh
22. Supriya Bhardwaj, Mismatch Repair Protein Deficiency And Expression Of Immune Checkpoint Markers In Pediatric And AYA HGG, 4th Research Day, 30 January 2025, New Delhi
23. Supriya Bhardwaj, Unveiling MMR deficiency in pediatric and AYA high-grade gliomas in India: Insights from multi-omic profiling, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi

24. Supriya Bhardwaj, Exploring Novel Entities of Diffuse High-Grade Gliomas: MAPK Pathway-Altered Subtype in Pediatric and AYAs, 7th National Conference of Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
25. Supriya Bhardwaj*, Unraveling Pediatric High-Grade Gliomas: Novel Insights into Diagnostic Framework of H3-Wildtype and IDH-Wildtype Subtype, 27th Annual Conference of the Delhi Neurological Association (DNACON 2025), 1-2 February 2025, New Delhi.
26. Swati Singh, Investigating the clinical role of liquid biopsy in the detection of IDH1 R132H mutation in gliomas, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
27. Swati Singh, Investigating the Clinical Role of Liquid Biopsy in the Detection of IDH1 R132H Mutation in Gliomas, 15th Annual Conference of the Indian Society of Neuro-Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh
28. Swati Singh##, Comprehensive Molecular Profiling of Gliomas Using FFPE and cfDNA: Evaluating the Diagnostic Potential of Liquid Biopsies Through NGS, 27th Annual Conference of the Delhi Neurological Association (DNACON 2025, 1-2 February 2025, New Delhi
29. Swati Singh###, Clinical Utility of Plasma Cell-Free DNA (cfDNA) in Diffuse Gliomas for the Detection of IDH1 R132H Mutation, Neuropathology Society of India (NPSICON 2025), 20-22 February 2025, New Delhi
30. Trishala Mohan, Evaluating the transcriptomic landscape of meningiomas: implications for prognosis and therapeutic insights, 15th Annual conference of Indian Society of Neuro- Oncology (ISNOCON 2024), 4-7 April 2024, Mohali, Chandigarh

RESEARCH

Funded

Ongoing

MC Sharma

1. Unraveling RNA landscape in posterior fossa ependymal tumors using integrative transcriptome analyses, Prof M C Sharma, ICMR, 3 years, 2023-2026, Rs 80 Lakhs

Ongoing

Vaishali Suri

1. Establish robust and economical blood-based panel of diagnostic biomarkers for early diagnosis, detection of tumor progression and its recurrence in gliomas. Professor V. Suri, ICMR, 3 years, 2021-2024, Rs 100 Lakhs
2. To analyse the molecular profile of paediatric gliomas and establish robust and economical methods for molecular sub grouping and risk stratification, Professor V. Suri, DBT, 3 years, 2021-2024, Rs 80 Lakhs
3. Methylation array-based profiling of gliomas in Adolescents and Young Adults (AYA) to improve sub-classification and prognosis prediction, Porf. V Suri, ICMR, 3 years, 2022-2025, Rs 80 Lakhs

4. Transforming CNS Tumor Care: Harnessing Histopathological Data, Multi-omics, and Artificial Intelligence for Precision Diagnosis and Effective Management. Porf. V Suri, ICMR, 5 years, 2024-2029, Approximately Rs 14 Crore)
5. Global Outreach study of Methylation-based classification tools for CNS Tumors and sarcomas, Porf. V Suri, DKFZ, 5 years, Awaited, 1000 Kits for methylation profiling per year
6. MGMT expression profiling and its correlation with response to TMZ in high-grade gliomas in pediatric and AYA population, Prof V Suri, AIIMS Intramural, 2 years, 2023-2025, Rs 5 Lakhs

Completed Projects

1. Evaluation of potential diagnostic value of circRNA in meningiomas for risk stratification and its role in therapeutic intervention, Professor V. Suri, ICMR, 3 years, 2020-2023, Rs 78 Lakhs

Departmental projects (including thesis/dissertations)

Ongoing

1. Immunofluorescence for dysferlinopathy
2. Line immunoassay for myositis-specific and myositis-associated autoantibody detection
3. Immunoblot for dysferlin and calpain
4. Genetic and epigenetic profiling of AYA population
5. MGMT promoter assessment by qualitative and quantitative assay
6. Molecular profiling of ependymoma
7. Transforming CNS Tumor
8. Global Outreach study of Methylation-based classification
9. Evaluation of the efficacy of HIP1R Vimentin and H3K27ME3 as a surrogate marker in Oligodendroglioma
10. Unveiling MMR deficiency in pediatric and AYA high-grade gliomas

Completed

1. Assess molecular and immune profile of PXA
2. Assess molecular profile of meningiomas
3. To analyze immune microenvironment of different grades of gliomas
4. IDH mutation assessment by Sanger sequencing and ddPCR
5. Evaluation of potential diagnostic value of circRNA in meningiomas
6. Molecular profile of IDH wildtype and mutant gliomas
7. Evaluation of miRNA profiling of meningiomas
8. Transcriptomic profiling by Nanostring
9. MGMT expression profiling and its correlation

Collaborative projects

Ongoing **(Please do not provide faculty names)**

1. Histopathological Immunohistochemistry analysis of Posterior Atlanto Occiptal Membrane in Patients with Congential/Development Craniovertebral anomalies, Department of Neurosurgery
2. MGMT expression profiling and its correlation with response to TMZ in high grade gliomas in pediatric and AYA population, Department of Radiology (2023–2025)
3. Creation of gold standard Medical imaging datasets of dural based lesions treated with primary gamma knife radiosurgery or Microsurgery for developing artificial intelligence tools, Department of Neurosurgery

AWARDS, HONOURS AND SIGNIFICANT EVENTS

Dr Trishala Mohan presented a poster and won the **first prize** for the study entitled, "Evaluating the transcriptomic landscape of meningiomas: implications for prognosis and therapeutic insights" at 15th Annual conference of Indian Society of Neuro-Oncology (ISNOCON 2024) held on 4 to 7 April 2023, Mohali, Chandigarh.

Dr Agrima Sharma presented a poster and won the **Second prize** for the study entitled, "Dysregulation in supratentorial ependymomas: Distinguishing RELA fusion-positive and fusion-negative subtypes through small molecule sequencing" at 15th Annual conference of the Indian Society of Neuro-Oncology (ISNOCON 2024) held on 4th to 7th April 2023 Mohali Chandigarh.

Dr Swati Singh presented in the award paper category and **won the second prize** for the study titled "Comprehensive Molecular Profiling of Gliomas Using FFPE and cfDNA: Evaluating the Diagnostic Potential of Liquid Biopsies Through NGS" at the 27th Annual Conference of the Delhi Neurological Association (DNACON 2025), held on February 1-2, 2025, at Vivanta by Taj, Dwarka, New Delhi. She has been awarded the Dr. Subimal Roy Award for the best published paper in Neuropathology, titled "Clinical Utility of Plasma Cell-Free DNA (cfDNA) in Diffuse Gliomas for the Detection of IDH1 R132H Mutation" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi.

Dr Bandana Jassal has been awarded the Young Investigator Award titled "Genetic Predispositions of Class I and Class II HLA and Autoantigen Epitope Prediction in Clinical and Autoantibody Defined Subgroups of Idiopathic Inflammatory Myopathy (IIM)" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi.

Dr Ashish Wadekar has been awarded the Best Resident Award titled "Evaluating the efficacy of Hip1R, Vimentin and H3K27Me3 as surrogate markers for 1p/19q co-deletion in oligodendroglioma" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Amritha S M has been awarded the Best poster presentation titled "High Grade Astrocytoma with Piloid Features: A case report" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Rosy Bala has been awarded the Best poster presentation titled "Atypical Teratoid/Rhabdoid Tumor with Unusual Immunophenotype: The Critical Role of Methylation Profiling in Resolving Diagnostic Challenges" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Nimishya Joon has been awarded the Best poster presentation titled "Insights into Diffuse Hemispheric Gliomas with H3G34 Mutations: A Retrospective Analysis of 11 Cases" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Charli Roy has been awarded the Best flash presentation titled "Unravelling Medulloblastoma: A Multiomic Profiling Strategy for Precision Diagnosis" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Snehvarsha Bhagat has been awarded the Best flash presentation titled "Anti-synthetase Syndrome – Finding a needle in a haystack: A series of 12 cases" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Dr Sanjana S James has been awarded the Best oral presentation titled "Exploring the role of reactive oxygen species regulatory proteins in the pathogenesis of Cerebral small vessel disease" at the 7th Annual Conference of the Neuropathology Society of India (NPSICON 2025), held from February 20-22, 2025, at AIIMS, New Delhi

Department of Neurosurgery

Emeritus Professor

Prakash Narain Tandon — Ajit K. Banerji

Head of the Department

Shashank Sharad Kale

Professors

P. Sarat Chandra — Ashish Suri
Rajinder Kumar — Vivek Tandon
Sachin Borkar — Shashwat Mishra
Amandeep Kumar — Rajeev Sharma
Shweta Kedia — Hitesh Gurjar

Professors (JPNATC)

Deepak Agrawal — Deepak Gupta — Gurudutt Satyarthee

Additional Professor (JPNATC)

Pankaj Kumar Singh

Additional Professors

Ramesh Doddamani — Dattaraj Sawarkar
Kanwaljeet Garg — Manoj Phalak

Associate Professors

Amol Raheja — Satish Verma
Rajesh Meena

Assistant Professors

Santanu Kumar Bora — Surya Krishna Gour

HIGHLIGHTS

The Department of Neurosurgery has continued to excel in patient care, research & training during the year 2024-2025. In last one year, department of Neurosurgery performed 4787 neurosurgical procedures and at the Gamma-knife centre, 1029 cases of GKRS were performed. We successfully conducted 27th Annual Micro-neurosurgery Workshop which is a unique workshop that aims to impart neurosurgical skills to young neurosurgeons from India and abroad. In this workshop, neurosurgery stalwarts including Professor Dhirender Prasad (USA) and Professor Dipankar Nandi (UK), both alumni from our institute, shared their experience and knowledge with the delegates. This years' Microneurosurgery workshop was a great success with very good participation & was much appreciated for its scientific content. We also celebrated Diamond Jubilee of our department which was attended by four generation of neurosurgeons from our department including our founding fathers Prof PN Tandon & Prof AK Banerjee and it was a grand success. Our department also organised 12th AIIMS annual spine workshop SPINECON 2024 which was a great success in terms of scientific content and delegate participation. Not lagging behind in research, our department has published 128 research articles in both national & international high impact journals. Our department has also published two books (on Spine surgery and Gamma knife) this year.

EDUCATION

On weekly basis, seminar/journal club/case presentation/mortality presentations were organized for the MCh residents.

Department's faculty took great interest in teaching; following activities were organized during the year 2022-2023:

Undergraduate

Our faculty took lectures for undergraduate students on various topics including Head Injury management, Presentation and Management of brain tumors, Symptomatology and localization of neurosurgical cases and Brain death.

Nursing

Our faculty members took more than 25 online lectures in college of nursing to teach nursing students.

Postgraduate

On weekly basis, seminar/journal club/were organized for the MCh residents.

Innovative training programs- Department was instrumental in organizing following training programs

Neurosurgery Simulation-based Short Term Skills Training Program: Neurosurgery Skills Training Facility (NSTF) and Neurosurgery Education and Training School (NETS) Convener: Prof Ashish Suri

- **Simulation-based neurosurgery skills training sessions:** 693
- **Simulation-based short-term neurosurgery skills training** = 9
  - 4 weeks short term training = 3
  - 2 weeks short term training = 6
- **NETS Weekend Workshops (no of residents)** = number of workshops = 10; number of trainees = 61
- **E-learning in neurosurgery skills training (1st April 2024 to 31st March 2025)**
  - Surgical videos = 63,222 views; new subscribers = 778
  - Website views = 5900 views
  - Discussion forum Total Likes = 9751

CMEs/Workshops/Symposia/National and International Conferences

1. **27th AIIMS annual Microneurosurgery workshop: February 2025**
2. **8th AIIMS Annual Neurotrauma Conference 2023: 10-13 April 2025**
3. AIIMS annual spine workshop **SPINECON 2024, 28-31 August 2024**
4. Cadaveric Workshop on Brachial plexus surgery & Beyond, **4-5 December 2024**
5. 1st ISPNS - AIIMS Workshop and Symposium on 'Neuromodulation in Pain', **3-5 May 2024.**

Lectures delivered at CMEs, National and International Conferences

Lectures delivered:

Shashank Sharad Kale: 8	**PS Chandra: 10**	**Ashish Suri: 34**
Rajinder Kumar: 4	**Sachin Borkar: 18**	**Shashwat Mishra: 5**
Rajeev Sharma: 5	**Shweta Kedia: 17**	**Hitesh Kumar Gurjar: 3**
Kanwaljeet Garg: 12	**Dattaraj Sawarkar: 5**	**Ramesh Sharanappa Doddamani: 6**
Amol Raheja: 8	**Surya Sri Krishna Gour: 6**	

Shashank Sharad Kale

1. Syndromic Cervical Kyphosis, The Neurosurgical Week, 02-06 August 2024, Mumbai
2. Odontoid Fracture Treatment complications, Neurotrauma, 2024, 9-11 August 2024, Pune
3. Trouble with the curve, NSI Faculty Program, 17-18 August 2024, Bangalore
4. Trouble with the curve, 27th Annual Conference of The Neuro-Spinal Surgeons Association of India (NSSA SpineCon 2024), 19-22 September 2024, Hyderabad
5. Measurement, IANCON 2024, 16-20 October 2024, Visakhapatnam
6. Cervical myelopathy, Association of Neuroscientists of Eastern India, ANEICON 2024, 29 November-1 December 2024, Puri, Odisha
7. Cervical disc replacement is more often unnecessary, 72nd Annual Conference of Neurological Society of India (NSICON 2024), 17-22 December 2024, Kolkata
8. Measurement, AASNS International Neurosurgery Update, 21-23 February 2025, Chennai

PS Chandra

1. SEEG for Epilepsy, AIIMS Bhubaneswar, 12-13 April 2024, Bhubaneswar
2. Corpus callostomy, 7th Walter E Dandy Neurosurgical Society Conference at Shillong, 26-28 April 2024, Shillong
3. The DCER technique for AAD Absolute alcohol embolization for vertebral body haemagiomas, World Academy of Neurosurgical Surgery Meeting and Spanish Society of Neurosurgery At Spain, 08-12 May 2024, Spain
4. New frontiers in epilepsy surgery, 31st Annual Conference of Andhra Pradesh, Guntur, 19 July 2024, Guntur
5. Managing severe basilar invagination and atlanto-axial dislocation, conference of Academy for Advancing Neurosurgery and craniovertebral Junction and Spine Society at Mumbai, 03-05 August 2024, Mumbai
6. Evolution of hemisphertomy, conference Salford Royal NHS Foundation Trust at Stott Lane UK, 01-06 September 2024, UK
7. Radio-frequency techniques in epilepsy surgery, 15th European Epilepsy Congress at Rome, Italy, 07-11 September 2024, Italy
8. SEEG-RFTC for MRI negative epilepsy, 18th Asian Epilepsy Surgery Congress (AESC) at Surabaya, Indonesia, 10-12 October 2024, Surabaya, Indonesia
9. Recent advances in Hemispherotomy, conference on pediatric epilepsy surgery congress at Kochi, 08 November 2024, Kochi
10. Recent advances in neurosurgery, NSI Conference at Kolkata, 18-20 December 2024, Kolkata

Ashish Suri

1. Surgery of Cavernous Sinus Hemangioma, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
2. Modified Kawase Approach to Petrous Apex Pathology, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
3. Panel discussion & Interactive Session-Lateral Skull Base Tumors, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
4. Moderator on- Posterior Skull Base and Foramen Magnum Tumors, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
5. Low Flow Bypass Surgery, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
6. Panel discussion- Bypass Surgery, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
7. Debate on Supra Sellar Meningioma -Microsurgical Excision Vs Endoscopic Excision, 7th Walter E. Dandy India Chapter, Walter-E Dandy Neurosurgical Society- India Chapter, 26-28 April 2024, Shillong, Meghalaya
8. Neurosurgery Simulation Training- 3D, AI, VR. Annual Festival of Neurosurgery "The Neurosurgical Week, 5-6 August 2024, Mumbai, Maharashtra
9. Surgical Nuances in Cavernous sinus invasion of pituitary adenomas, Annual Festival of Neurosurgery "The Neurosurgical Week", 5-6 August 2024, Mumbai, Maharashtra
10. Chairperson-Base of Skull Neurosurgery-The BOSS, Annual Festival of Neurosurgery "The Neurosurgical Week", 5-6 August 2024, Mumbai, Maharashtra
11. Faculty for Hands-on Micro-surgery and Microvascular Surgery Workshop, Board of Education-NSI Zonal Hands-on Workshop, 30-31 August 2024. Jaipur, Rajashthan
12. Extended Endoscopic Endonasal Approach for Skull Base, Neuroendoscopy Workshop (Cranial- SkullBase & Spine), 14-15 September 2024. Jaipur, Rajashthan
13. Complex posterior circulation aneurysms- Surgical Techniques, 24th Annual Conference of the Cerebrovascular Society of India -Neurovascon-2024, 27-29 September 2024, Jaipur, Rajashthan

14. Demo on Translational Transpenoidal approach to sella/clivus and cavernous sinus, 25th Annual Conference of the Skull Base Surgery Society of India- SBSSICON-2024, 24-26 October 2024, GB Pant Hospital, New Delhi, Delhi, India
15. Surgery for Cavernous Hamangioma of Cavernous Sinus, NSI Videothon-2024, How I Do It ! A celebration of Indian Neurosurgery, 9-10 November 2024. Virtual Mode
16. Hydocephalus treatment options, complications and clinical presentations, Neurosurgery Master Class, CME, 16 November 2024, New Delhi, India
17. Surgical Management of Craniophryngioma, 2nd Neuro & Spine Onco Update-2024, 16 November 2024, Rohini, Delhi, India
18. Extended Endoscopic Approach for Pituitary Adenomas, 19th Endoscopic Skull-base Surgery Workshop, 22-23 November 2024, Mumbai, Maharashtra
19. Management of Small and Medium Sized Vestibular Schwannomas. 34th Annual Meeting of the North American Skull Base Society (NASBS) and 9th World Congress of the World Federation of Skull Base Surgery Societies (WFSBS) joint meeting, 13-16 February 2025, New Orleands, LA, USA.
20. Emerging Disruptive Technologies in Neurosurgery in the Session "Future Challenges in Neurosciences:, Annual Conference of the Delhi Neurological Association-2025 (DNACON-2025, 1-2 February 2025, Taj Vivanta, Dwarka, New Delhi
21. Complication avoidance in Giant Pituitary Adenoma, 5th International Conference on Complication in Neurosurgery-ICCN, 6-9 March 2025, Goa, India
22. Cadaver Demo in Skull Base Workshop, World Neurosciences Conclave: Skull Base Workshop, 18 March 2025, JPNA Trauma Centre, AIIMS, New Delhi
23. Far lateral approach and its variations: Surgical video, World Neurosciences Conclave, 18 March 2025, JPNA Trauma Centre, AIIMS, New Delhi
24. Cadaver Demo of Far lateral approach, World Neurosciences Conclave, 18 March 2025, JPNA Trauma Centre, AIIMS, New Delhi
25. Endoscopy workshop Cadaver demo of nasal endoscopy for sellar suprasellar lesions, World Neurosciences Conclave Endoscopy workshop, 18 March 2025, JPNA Trauma Centre, AIIMS, New Delhi
26. Cadaver Demo: Endonasal Endoscopic Trans-Sphenoidal Approach, 11th Annual Meeting of the Neuro-endoscopy Society of India and 9th Meeting of the Madurai Neurosurgical Academy, 20-23 March 2025, Chennai, Tamil-Nadu
27. Cadaver Workshop on Neuro-endoscopy, Interim Meeting of the Skull Base Surgery Society-2024, 3-4 May 2024. Hyderabad, Andhra Pradesh
28. Sphenoid Sinus and Sellar Exposure, Interim Meeting of the Skull Base Surgery Society -2024, 3-4 May 2024. Hyderabad, Andhra Pradesh
29. Pituitary Adenomas, endonasal approach, Interim Meeting of the Skull Base Surgery Society-2024, 3-4 May 2024. Hyderabad, Andhra Pradesh
30. Midline Skullbase Meningiomas-Surgical Philosophy, 15th Annual Conference of the Indian Society of Neuro-oncology, 5-6 April 2024, Chandigarh, India
31. Simulation Training in Microneurosurgery - from Animals & Cadavers to 3D Printing & AI Artificial Intelligence, 1st Congress of Yasargil Microneurosurgery Academy, 4-7 June 2024. Istanbul, Turkey,
32. Advancing Neurosurgery Simulation Training, 90th Anniversary General Meeting of Indian National Science Academy-INSA, 9-10 December 2024. Chennai, Tamil Nadu
33. Surgical management of Micro, Macro, Giant and Invasive Pituitary Adenomas, Joint Meeting of WANS & SENEC-2024, The Biennial Meeting of the World Academy of Neurological Surgery (WANS) and The Annual Meeting of the Spanish Society of neurosurgery (SENEC), 8-12 May 2024, Magala, Spain
34. Neurosurgery Simulation Training from Cadavers & Manniquins to Artificial Intelligence & 3D Printing, Joint Meeting of WANS & SENEC-2024, The Biennial Meeting of the World Academy of Neurological Surgery (WANS) and The Annual Meeting of the Spanish Society of neurosurgery (SENEC), 8-12 May 2024, Magala, Spain

35. Central Skull Base- Surgical Nauances and Simulation Training, Joint Meeting of WANS & SENEC-2024, The Biennial Meeting of the World Academy of Neurological Surgery (WANS) and The Annual Meeting of the Spanish Society of neurosurgery (SENEC), 8-12 May 2024, Magala, Spain

Rajinder Kumar

1. Giant vestibular schwannoma. Lessons learnt, Walter e dandy annual event of neurosurgical society of india Shillong, 26-28 April 2024, Shillong meghalya india
2. 7th nerve preserving techniques, Brain spine conference Maldives 2024, 9-12 September 2024, Maldives.
3. Outcome analysis of poor grade SAH patients. An analysis in apex institute. 6TH INTERNATIONAL CONFERENCE OF NSCCM, napalese society of critical care medicine, 13-16 November 2024 Chitwan Nepal, 13-16 November 2024 Chitwan Nepal, Chitwan Nepal
4. Tailored approach to skull base lesions with expanded endoscopy, Skull base 360 degree the full spectrum micro endo radiosurgery Strasbourg 20-25 January 2025, 20-25 January 2025, Strasbourg France

Sachin Borkar

1. Thoracic OLF: Strategies for complication avoidance, Annual meeting of Delhi Spine Society, DSSCON-2024, 13-14 April 2024, Delhi
2. Cervical laminoplasty & laminectomy Fusion (How I do it?), Mid west Chapter of Neurological Surgeons (MCNS) webinar, 25 April 2024, Online
3. Ultrasonic scalpel in spine surgery, Annual meeting of Neurosurgeons of North- West Zone, 27-28 April 2024, Faridabad
4. Tips of Drilling in Neurosurgery, Annual meeting of Neurosurgeons of North- West Zone, 27-28 April 2024, Faridabad
5. Intraoperative neuromonitoring in Spine Surgery, Institute of Neurosciences, Kolkata Spine Update-2024, 3-5 May 2024, Kolkata
6. Preoperative embolization of Spinal tumours: Dogma or Necessity ? Institute of Neurosciences, Kolkata Spine Update-2024, 3-5 May 2024, Kolkata
7. Sacral tumours: Strategies, Pearls and Pitfalls, Institute of Neurosciences, Kolkata Spine Update-2024, 3-5 May 2024, Kolkata
8. Radiation exposure & safety in Minimally Invasive Spine Surgery: Are we underplaying the menace ? Daejeon Woori Spine Hospital meeting, Daejeon, South Korea, 4 June 2024, Daejeon, South Korea
9. Spinal intramedullary tumors: Surgical technique, INDSPN virtual classroom – Spinal oncology, 28 July 2024, Virtual
10. Post-traumatic cervical kyphosis, Annual meeting of Neurotrauma Society of India, Pune, 8-11 August 2024, Pune
11. Thoracolumbar burst fractures: Current management and what's new? Annual meeting of Neurotrauma Society of India, Pune, 8-11 August 2024, Pune
12. Cervical kyphosis- case based discussion, Annual meeting of Neuro-Spinal Surgeons Association of India, 19-21 September 2024, Hyderabad
13. Strategies to optimize facial nerve outcome in large vestibular schwannoma surgery, Annual meeting of Skull base surgery society of India, 25-27 October 2024, Delhi
14. Thoracic OLF -complication avoidance and recent advances, Annual meeting of International Spinal Cord Society, 25-27 October 2024, Delhi
15. Surgical video-Middle third parasagittal meningioma, NSI-Videothon, 9-10 November 2024, Online
16. INDSPN virtual classroom – Case presenter, Surgical management of Craniopharyngioma, 30 November 2024, Online
17. Spine society delhi chapter bimonthly meeting, Cervical kyphosis, 14 December 2024, Delhi
18. AO Spine Advanced webinar, Anterior approaches to OPLL and CSM, 12 January 2025, Online

Shashwat Mishra

1. Surgical Clipping of ACOM Aneuryms: geometric thumb rule, NEUROVASCON 2024, 27 September 2024, New Delhi, Delhi
2. Surgery for large vestibular schwannomas: Advantage of sitting position, MASSIN Congress 2024, 2 October 2024, Houston, USA
3. The learning curve for performance of extradural surgical clinoidectomy, EANS congress, 15 October 2024, Sofia, Bulgaria
4. Sitting position for large vestibular schwannomas: lessons learnt, SKULLBASECON 2024, 24 October 2024, New Delhi
5. Anterior third ventricular lesions, NSICON 2024, 18 December 2024, Kolkata, Bengal

Rajeev Sharma

1. CARPEL TUNNEL SYNDROME (paper), ISPNScon INTERIM 2025, 10 January 2025, Jabalpur
2. PAN- Brachial plexus injury (debate), ISPNScon INTERIM 2025, 11 January 2025, Jabalpur
3. Awake Craniotomy for excision of multiple cavernomas (video), DNAcon 2025, 1 February 2025, New Delhi
4. Awake Craniotomy for excision of multiple cavernomas (video), AIIMS Annual Microneurosurgery Workshop 2025, 28 February 2025, New Delhi
5. Intraoperative catheter breakage during intrathecal baclofen pump insertion (video), ICCN, Goa 2025, 6-9 March 2025, Mumbai

Shweta Kedia

1. SRS in meningioma, Indian Society of Neuro=oncology congress, 4 April PGIMER, Chandigarh
2. Radiosurgical principles in functional radiosurgery: Planning Demo, Neuromodulation in Pain, 5th May AIIMS, Delhi
3. Evolution of Gamma Knife Radiosurgery in Indian context: Past and the Future, International Society of Stereotactic Radiosurgery Congress, 12-15 May 2024, New York/USA
4. Radiosurgical nuances in management of central AVMs, International Society of Stereotactic Radiosurgery Congress, 12-15 May 2024, New York/USA
5. Radiosurgery for Grade 2 meningiomas, INDIAN SOCIETY FOR STEREOTACTIC & FUNCTIONAL NEUROSURGERY BIENNIAL MEETING 2024, 9-11 August Delhi
6. Workflow of SRS and Introduction to planning, NSI Superspeciality CME, 24th-25th August Vishakhapatnam
7. SRS for functional pituitary adenomas, NSI Superspeciality CME, 24th -25th August Vishakhapatnam
8. Surgical excision of Filar AVF: Video presentation, 24th Annual Conference of the Cerebro Vascular Society of India, 27-29 September Jaipur
9. Stereotactic radiosurgery for Complex skull base pathologies, Skullbasecon, 24-25 October GB Pant, Delhi
10. Planning on ICON Model in GKRS, Skullbasecon, 24-25 October GB Pant, Delhi
11. Imbibing the new WHO 2021 Classification in our neuro-oncology practices, AACNS 2024, 7-10 November Kaoshiung/Taiwan
12. Pediatric AVM:Defining role of radiosurgery, AACNS 2024, 7-10 November Kaoshiung/Taiwan
13. Awake craniotomy for eloquent cortex glioma, AACNS 2024, 7-10 November Kaoshiung/Taiwan
14. Creation of Gold standard data set for dural based pathology, Orientation program at IISC, 10-11 December Bangaluru (Online)
15. Role of radiosurgery in HIgh Grade Gliomas, ANNUAL CONFERENCE OF NEUROLOGICAL SOCIETY OF INDIA (NSICON 2024), 18-22 December Kolkata
16. Infantile brain tumor case discussion, 27th Annual Conference of the Delhi Neurological Association (DNACON 2025), 1-2 February 2025, Delhi
17. Taming the Giants with Radiosurgery, DNA Monthly meeting, 5 March Delhi

Hitesh Kumar Gurjar

1. Retrosigmoid approach to peduncular-pontine cavernoma-surgical nuances, Neurovascon 2024, 27 September 2024, Jaipur
2. Complication of a jugular foramen meningioma surgery, ICCN 2025, 8 March 2025, Panaji
3. Challenges in colloid cyst excision in post shunt slit ventricles, World neurosciences conclave 2025, 21 March 2025, Gurugram

Kanwaljeet Garg

1. Talk on "Complications of Expandable cages", Spine Society Delhi Chapter's Annual Conference DSSCON 2024, 13-14 April, New Delhi
2. Radiosurgery for intracranial AVMs, SGPGI Neurosurgery Foundation Day Celebration2024, 19-21 April 2024, Lucknow
3. SRS for Convexity and Parafalcine meningioma, NSI Super Specialty CME, 24-25 August 2024, Visakhapatnam
4. SRS for paraganglioma, NSI Super Specialty CME, 24-25 August 2024, Visakhapatnam
5. Gamma Knife delivery, Radiosurgery Workshop under the aegis of ISNOCON2024, 4 April 2024, Chandigarh
6. Role of DBS in non-Parkinson's pathologies, UP-UK NEUROCON 2024 conference, 8-10 November 2024, Lucknow
7. Technique for resection of high grade gliomas in eloquent regions, NSI Webinar Surgical Clearance Of High Grade Glioma – Evolving Concepts In The Standard of Care, 8 February 2025, Online
8. Introduction to stereotactic frames, Indian Society for Stereotactic & Functional Neurosurgery (ISSFN) Biennial Meeting 2024, 9-11 August 2024, Gurgaon
9. Role of Gamma Knife Radiosurgery in Tectal Plate Gliomas, 27th Annual Conference of the Delhi Neurological Association (DNACON 2025), 1-2 February 2025, New Delhi
10. Stereotactic frames, Microneurosurgery Workshop 2025, 27 February-2 March 2025, New Delhi
11. Surgery for Hyperkinetic Movement disorders- Basics and Techniques, World Neuroscience Conclave) 2025, 18-22 March 2025, Gurugram
12. Hirayama Disease – To cut or not, Delhi Neurological Association – Bimonthly meeting, 9 March 2024, New Delhi

Dattaraj Sawarkar

1. Kyphosis after fixation of Hangman fracture, 12th AIIMS Annual Spine Workshop 2024, 29 August 2024, AIIMS, New Delhi
2. Endoscopic pituitary surgery: lessons learned, Neuroendoscopy Fellowship Program, NSCB medical college, Jabalpur, 25-29 September 2024, NSCB medical college, Jabalpur, Jabalpur, MP
3. Drezotomy for Brachalgia- Tips and tricks, ISPNSCON 2025, 12 January 2025, NSCB medical college, Jabalpur, Jabalpur, MP
4. Surgical anatomy and tips and tricks of Endoscopic Skull Base Surgery, AIIMS Endoscopic Skull base cadaver course, 25-25 January 2025, AIIMS, New Delhi
6. Treatment planning for Gamma Knife surgery, Microneurosurgery Workshop, 27 February 2025, AIIMS, New Delhi
5. Endoscopic Discectomy- Destandau Technique -Tips and tricks, World Neuroscience Conclave 2025, 19 March 2025, AIIMS, New Delhi

Ramesh Sharanappa Doddamani

1. Cadaveric Demonstration of Anteromesial Temporal Resection; Disconnections in Epilepsy Surgery (Lecture), Air langga International Neurosurgery Masterclass 2024, Functional Neurosurgery, 25 April 2024, Surabaya, Indonesia
2. EEG for Neurosurgeons, SIONCON 2024, 08 November 2024, Chandigarh, Punjab

3. Evolution of Epilepsy Surgery, AIG Epilepsy Meet Inaugural Programme, 17 November 2024, AIG Hyderabad, Telangana
4. DREZotomy in Post Brachial Plexus Avulsion Neuralgia, NSICON 2024, 19 December 2024, Kolkata, West Bengal
5. Robotic Guided RF ablation of Periventricular Nodular Heterotopia, ISSFN Webinar Theme; Epilepsy surgery (Indian Society for Stereotactic and Functional Neurosurgery), 10 November 2024, Online, Online
6. White Fibre Dissection in Epilepsy Surgery, MCNS 2024, 14 February 2025, Kolhapur, Maharashtra

Amol Raheja

1. Virtual reality technology in preoperative planning of complex cranial surgeries, 12th Asia Pacific organization for cancer prevention (APOCP), 20 September 2024, Bishkek, Kyrgyzrtan
2. Sylvian fissure dissection – Tips and Tricks, NEUROVASCON 2024, 27 September 2024, Jaipur
3. Virtual reality technology in preoperative planning of complex cranial surgeries, SKULLBASECON 2024, 25 October 2024, New Delhi
4. STA-MCA bypass in pediatric moyamoya disease, NSI Videothon 2024, 9 November 2024, New Delhi (Virtual)
4. Case Based study – Case of moyamoya disease in an adult, NSICON 2024 (CME), 18 December 2024, Kolkata
5. Modified Dorsal SAN-SSN transfer for Should stabilization in brachial plexus injuries, ISPNSCON 2025, 11 January 2024, Jabalpur
6. Endoscopic Endonasal transethmoidal resection for orbital apex lesions, DNACON 2025, 1 February 2025, New Delhi
7. Endoscopic Endonasal transethmoidal resection for orbital apex lesions, NEUROENDOCON 2025, 21 March 2025, Chennai
8. Management of Partial BPI, WNC 2025, 22 March 2025, New Delhi

Surya Sri Krishna Gour

1. Correction strategies for severe coronal and sagittal displacement in thoracolumbar injuries, Neurotrauma 2024, 9 April 2024, Pune, Maharashtra
2. Surgical management of Adolescent Idiopathic Scoliosis- expectations, indications and approaches, AO Scoliosis Week, 23 April 2024, Kochi, Kerala
3. Current trends in brain trauma, International Conference on Trauma and Acute Care, 13 December 2024, Gurugram, Haryana
4. Clinical evaluation of adult brachial plexus injuries, ISPNS interim meeting, 11 January 2025, Jabalpur, Madhya Pradesh
5. A complex case of CVJ anomaly- case based discussion, DNACON 2025, 1 February 2025, Delhi
6. My experience with 3D printing, 2nd CME-Surgical Innovation Laboratory, 21 February 2025, Delhi

Oral/Poster presentations: 6

1. Doddamani RS, Robotic Guided RF ablative Disconnection of HH, AOEC 2025, 20 FebruaryFebruary 2025, New Delhi
2. Garg K, Rajan R, Singh M, Emergency pallidotomy in a patient with chorea paralytica in primary hypoparathyroidism, International Congress of Parkinson's Disease and Movement Disorders, SeptemberSeptember27 September 2024, Philadelphia, USA
3. Honna R, Aiswarya, Doddamani R, Sarat P Chandra, Tripathi M, Robotic guided Radiofrequency Ablation Corpus Callosotomy, AOEC 2025, 20 FebruaryFebruary 2025, New Delhi
4. Jayan V, Ahemad N, Garg K, Rajan R, Singh MM, A Correlation Analysis Between Mri And Intra Op Mer In Targeting Stn In Dbs For Pd Patients:An Institutional Experience, XX World Congress of Stereotactic and Functional Neurosurgery, SeptemberSeptember3-6 September 2024, Chicago, USA
5. Raheja A, Sreenivasan S, Suri A, Singh M, Mishra S, et al, STA MCA bypass for symptomatic moyamoya disease – Lessons learnt from 89 revascularizations, EANS 2024, 16 OctoberOctober 2024, Sofia, Bulgaria

6. Salih M, Singh GP, Sokhal N, Roy H, Gour SSK, To evaluate the correlation between non-invasive(NIRS and ONSD) and invasive ICP measurements in adults with TBI- A prospective observational study, ASNACC 2025, 01-02 MarchMarch 2025, Bangkok, Thailand

RESEARCH

Funded

Ongoing:

1. An observational study to investigate the gut microbiota composition of patients with drug-refractory epilepsy, P Sarat Chandra, AIIMS New Delhi, 2 years, 2023-2025, Rs 10 Lakhs
2. Designing and testing intra-operatively an inexpensive, small, efficient and portable, table/microscope objective mounted device for visualizing and recording indocyanine green fluorescence during surgeries under the operative microscope, Shashwat Mishra, AIIMS- IIT Delhi interdisciplinary research, 2 years, 2019-2025, Rs 10 Lakhs
3. Dissecting the potential molecular signature by proteomics and metabolomics in predicting the clinicoradiological course of cerebral edema following traumatic brain injury, Dr Surya Sri Krishna Gour, ICMR, 3 years, 2024-2027, Rs 85.22 Lakhs (AIIMS+IICT Hyd)
4. Expansile duraplasty in patients with complete cervical spinal cord injury – A Prospective Randomized Open Blinded End-point (PROBE) Study, Dr Kanwaljeet Garg, Indian Council of Medical Research -ICMR, 3 years, 2024-2026, Rs 43.63 Lakhs
5. High Precision Synthetic Diamond Instrumentation for Minimally Invasive Neurosurgery, Professor Ashish Suri, Indian Council of Medical Research -ICMR, 3 years, 2025-2028, Rs 1.99 Lakhs (AIIMS+IITD)
6. ICMR COE -Centre of Excellence for Neurosurgery Medical Devices, Professor Ashish Suri, Indian Council of Medical Research -ICMR, 3+2 years, 2023-2028, Rs 9.96 Lakhs (AIIMS+IITD)
7. Material Characterization of Brain Tissue and Development of Tissue-Device Interaction based Neurosurgical Computational Tools, Professor Ashish Suri, Department of Health Research- DHR, 4.5 years, 2020-2025, Rs 8,38,46,999 (AIIMS+IITD)
8. Microsurgical comparison of operative exposure of IAC though middle fossa and retrosigmoid hearing preservation skull base approaches - a laboratory investigation, Amol Raheja, AIIMS Intramural grant, Extension granted, 6 years, 2018-2024, Rs 5 Lakhs
9. Posterior cervical fixation versus long-term cervical collar for management of Hirayama Disease: Prospective randomized open blinded endpoint (PROBE), phase III study, Dr Kanwaljeet Garg and Dr Deepti Vibha, Interdisciplinary Collaborative Intramural Research Project (AIIMS Research Section), 2 years, 2023-2025, Rs 20 Lakhs(Neurosurgery + Neurology)
10. Recurrent glioblastoma; a diagnostic challenge: A multidisciplinary approach for differentiating tumor recurrence and treatment related changes, Dr Santanu Kumar Bora, AIIMS, New Delhi, 2 years, 2022-2025, Rs 10 Lakhs
11. Single Cell-Type RNA Sequencing to delineate astrocyte and neuron-specific alterations in Patients with Focal Cortical Dysplasia and temporal lobe epilepsy. Ramesh S Doddamani, AIIMS, Delhi, 2 years, 2023-2025, Rs 5 Lakhs
12. Studying the correlation of multimodaily brain monitoring and perfusion computed tomography with Glasgow outcome scale in severe head injury patients requiring decompressive craniotomy, Dr Dattaraj sawarkar, AIIMS research section, 3 years, 2025-2028, Rs 1.5 Lakhs

Completed

1. 3D volumetric analysis to define the extent of resection of giant pituitary adenomas, Rajeev Sharma, AIIMS, New Delhi, 2 years, 2021-2024, Rs 6 Lakhs over 2 years
2. DBT COE -Collaborative Neuro-Engineering Platform for Excellence in Innovation and Translational Research in Neurosurgery Simulation, Professor Ashish Suri, Department of Biotechnology - DBT, 6 years, 2018-2024 Phase 2 = 2029, Rs 818.95 Lakhs(AIIMS+IITD)

Departmental projects (including thesis/dissertations)

Ongoing

1. "Role of Intraoperative Topical Antibiotic Injection Around The Ventricular End And The Peritoneal End Of Ventriculoperitoneal Shunt In Reduction Of Shunt Infection: A Randomised Controlled Trial"

2. A comparison of subgaleal versus subperiosteal dissection techniques for raising scalp flap in Fronto-temporal & Pterional craniotomies in terms of post-operative scalp/facial edema and operative site pain: A prospective study.
3. Analysis of cervical spine motion preservation after Surgical management for traumatic & non traumatic CVJ Anomalies"
4. Assessment of change in brainstem volume after gamma knife radiosurgery for CP angle Tumors
5. Assessment of changes in brain stem volume after GK for cp angle lesions
6. Cadaveric study comparing operative exposure to basilar apex region comparing trans-sylvian versus pretemporal transcavernous approach: Morphometric analysis
7. Comparative ambispective study of Transcranial versus Trans-sphenoidal approaches for Tuberculum sella meningiomas
8. Comparison of accuracy of various MRI sequences in target planning for Subthalamic nucleus deep brain stimulation
9. Comparison of endonasal transsphenoidal approach versus transcranial approach for excision of tuberculum sellae meningioma.
10. Decompressive Craniectomy v/s Cisternostomy in Severe Traumatic Brain Injury: A Single Centre Randomised Control Study
11. Decompressive Craniectomy with and without Duraplasty in Traumatic brain Injury: A Randomized Controlled trial
12. Deformity correction by neurosurgeons, pattern and outcome analysis
13. Factors predicting Non-Remission and Recurrence after Surgical Treatment of Functional Pituitary Adenomas
14. Gamma-Knife for giant intracranial (>20cc) lesions
15. Genetic mutation analysis in subthalamic nucleus in parkinsons disease patients
16. miRNA profiling of supratentorial ependymomas and their correlation EMT processes and stemness.
17. Molecular signatures of Parkinson's Disease in vivo: a deep brain stimulation approach
18. Outcome analysis of intracanalicular vestibular schwannoma in Gamma knife therapy
19. Outcome of thoracic disc surgery by different approaches.
20. Pattern of fluid electrolyte imbalance and temporal course of response to desmopressin, in post op craniopharyngioma surgery.
21. Retrospective analysis of management and outcome of patients with craniopharyngioma
22. Role of Bevacizumabin NF2 for tumor control
23. Role of Gamma Knife in Craniopharyngiomas
24. Role of third ventricular volume a s predictor of hydrocephalus in patients with aneurysmal subarachnoid hemorrhage.
25. Study of ZFTA and YAP-1 fusion in supratentorial ependymomas.
26. Surgical outcome of brachial plexus tumors
27. The effect of Microvascular Decompression on the microstructure of Trigeminal Nerve as determined by Diffusion Tensor Imaging in patients with classic Trigeminal Neuralgia: a prospective study
28. Unravelling RNA landscape in Ependymal tumors using Integrative transcriptome analyses

Completed

1. "Therapeutic Application of Bone Marrow Derived Stem Cell in Complete Spinal Cord Injury".
2. A retrospective analysis of atlantoaxial fusion with C1-C2 transarticular screws

3. An observational study to investigate the gut microbiota composition of patients with drug-refractory epilepsy
4. Assessment of hypoxia inducible factor- 1 alpha pathway activation and its correlation with tumor immune microenvironment and markers of tumor invasiveness in myxopapillary ependymomas
5. Deciphering the role of platelets in drug-resistant epilepsy
6. Long-term effects of draining vein Shielding during gamma-knife radiosurgery in intracranial arteriovenous Malformations
7. Modulators of A4-containing GABAA receptors: Potential therapy for focal cortical dysplasia (FCD)
8. Pituitary dysfunction following stereotactic radiosurgery for secretory pituitary adenomas
9. Primary Gamma-Knife with concurrent Temozolomide for GBM
10. Prospective study to evaluate the role of bevacizumab in treatment of vestibular schwannoma in patients with neurofibromatosis type 2
11. RELA fusion in Supratentorial Ependymomas
12. Role of non-coding RNAs (ncRNAs) in clinicopathological classification and molecular perturbances associated with Focal Cortical Dysplasia (FCD)
13. Study of Traumatic brain injury-induced secondary gastrointestinal changes
14. To determine the association of MRI findings in patients with cervical spondylotic myelopathy and Hirayama's disease with outcome at three months

Collaborative projects:

Completed:

1. Investigating the role of metabolites and neurotransmitters in abnormal synaptic transmission associated with mesial temporal lobe epilepsy (MTLE) and focal cortical dysplasia (FCD): Possible biomarkers for localization of epileptogenic foci, Neurology (AIIMS, New Delhi)
2. National Bioscience Award for Career Development, AIIMS: Neurosurgery, Anatomy, Neuroradiology, Neuropathology IIT-D: Computer Science Engineering
3. TATA Innovation Fellowship Award, AIIMS: Neurosurgery, Anatomy, Neuroradiology IIT-D: Computer Science Engineering, Bio-Medical Engineering
4. Support to Indian Institutes to Conduct Training Programme in the area of Operational Research Neurosurgery Skills Training, AIIMS: Neurosurgery, Anatomy, Forensic Medicine
5. Multiple Degrees of Freedom Robotic Manipulator for Minimally Invasive Neurosurgery, AIIMS: Neurosurgery IIT-D: Mechanical Engineering
6. Computational Modelling of Cerebral Blood Flow in Moya Moya Disease, AIIMS: Neurosurgery, Neuroradiology, UCL, London, UK: Healthcare Engineering

PATIENT CARE

Department of Neurosurgery has two units with general neurosurgical ward under each unit (35X2 beds). There are two ICUs with 23 beds. There are now 7 elective operation theatres and two exclusive operation theatre in trauma centre. We offer world-class neurosurgical facilities in all neurosurgical sub-specialities, which include- vascular surgery, epilepsy surgery, minimally invasive cranial and spinal neurosurgery, pediatric neurosurgery, functional neurosurgery, neuro-oncosurgery, skull base and complex spinal surgeries. We have advanced imaging modalities (O-arm) and navigational devices (like Stealth Station and ROSA). Department of Neurosurgery runs an outpatient Spine clinic which deals with all diseases related to spine including degenerative, deformity, tumors, etc. It is held on Saturdays from 9 am to 12 pm. We have also started DBS clinic in collaboration with Deptt. of Neurology for providing comprehensive care of patients who have undergone DBS, which will be held on all Saturdays from 9 am-12 pm.

Following number of patients were treated by us during the year 2023-2024.

S. No.	Treatment facility	Number
1.	Outpatient department	
	a) Total New Cases	19219
	b) Total Old cases	27489
	c) Total cases	46708
2.	Gamma knife procedures performed	1029
3.	Number of surgeries at CNC	3223
5.	Number of surgeries at JPNATC	1564
6.	Total number of surgeries	4787

AWARDS, HONOURS AND SIGNIFICANT EVENTS

Professor Shashank Sharad Kale was Treasurer Neurological Society of India from 2024-2025.

Professor Ashish Suri was Elected as Fellow of the Indian National Sciences Academy (INSA) 2024 – FNA. Elected as Fellow of the Indian Academy of Sciences -2024 -FASc. President: Skull Base Surgery Society of India. President: Neuro-endoscopy Society – India. President Elect: Cerebro Vascular Society of India. Elected Member of World Academy of Neurological Surgeons – WANS. Elected Member of Yasargil Micro-neurosurgery Academy – YMA. Awarded "Galien Award - 2024" for "NEURO-MENTOR" in Best Academic Sector. Awarded AIIMS Excellence Research Award under Basic Science category for Outstanding Publication Paper entitled *"Effect of Segmentation Threshold on Computed Tomography based Reconstruction of Skull Bones with Reference Optical Three-dimensional Scanning"*. Selection as Adjunct Professor, School of Information Technology, Indian Institute of Technology- Delhi for 11th consecutive year.

Professor Amandeep Kumar Promoted as Professor following APS conducted in December 2024. Participated as expert faculty in 27th Annual Micro-neurosurgery Workshop and performed live surgical demonstration of Endoscopic Endonasal Excision of a Pituitary macroadenoma.

Professor Rajeev Sharma Promoted as Professor: APS 2024. Treasurer, ISPNS. Section editor, Cerebrovascular surgery section, Neurology India.

Dr Dattaraj Sawarkar worked As an Editor in chief, published issue of Journal of peripheral nerve surgery (JPNS) in 2024 which is the official journal of ISPNS society. Awarded with 'AASAN Ambassadorship' in minimally invasive and complex spine surgery at UCSF, USA under Dr Praveen Mummaneni and completed from 17 June to 16 July 2024. Awarded and completed AO Spine international Spine Fellowship from Schon klinic, Munchen Harlechin, Germany. Elected as EC member for Neurotrauma Society of India (NTSI). Awarded and completed/Advance training in MIS spine surgery and UBE' at South Korea under Dr Cheol Woong Park. Demonstrated Endoscopic pituitary surgery in live operative workshop as an invited faculty in 26th Neuroendoscopy Fellowship program, NSCB medical college, Jabalpur.

Dr Satish Verma Organised (as Organising Secretary) 1st ISPNS - AIIMS Workshop and Symposium on 'Neuromodulation in Pain', at AIIMS, New Delhi, 3-5 May 2024. Attended IFNE- JSNE- GLEN- NESI-CSNE Hands-on Workshop on Cerebral, Ventricular, Skull Base and Spine Neuroendoscopy, held in Naples-Italy from 3 to 7 February 2025.

Dr Amol Rahejawas March 2025 – Gold medalist, Man of the match and Best batter of tournament awards in Faculty Cricket League tournament at AIIMS, New Delhi. February 2025 – Mentored neurosurgery resident (Prachi Singh), who was awarded First prize in Video session presentation on Middle fossa approach for prepontine epidermoid at 27th AIIMS annual microneurosurgery workshop at AIIMS, New Delhi. October 2024 – Undergraduate mentorship grant for project entitled "Integrated Mixed Reality Platform for Neurosurgical Teaching and Planning: A Pilot Study to Check for Utility in Placement of Ventricular catheter" at AIIMS, New Delhi. I have been inducted as Section Editor for Endoscopic Neurosurgery for Neurology India journal. I have also been elected as Executive member of Faculty association of AIIMS (FAIMS) for the term 2024-26. I have also been elected as Executive member of Cerebrovascular society of India (CVS) for the term 2024-26.

Dr Ramesh Sharanappa Doddamani Inducted as a Board Member for Asian Epilepsy Surgery Congress (AESC). Invited as a Speaker for the Asian Epilepsy Surgery Congress (AESC) 2024 congress at Surabaya Indonesia. Received San Servolo epilepsy summer school Fellowship International League Against Epilepsy Grant (ILAE) for July 2024 held at (Venice, Italy). Section Editor for World Neurosurgery (Official journal World federation of Neurosurgery):

Sections: 1. Epilepsy. 2. Pain &. 3. CSF pathways and Hydrocephalus. Associate Editor & Section Editor for Epilepsy Surgery Section of Neurology India. Organized Cadaver Workshop on Pain Procedures for Neurosurgeons at JPNATC, AIIMS, New Delhi.

Dr Santanu Kumar Bora Fellowship in fully endoscopic spine surgery, Dehradun India, December 2024. Training in Unilateral Biportal Endoscopic(UBE) spine surgery, Sharda University, Noida, August 2024.

Dr Gour Surya Sri Krishna Presented in Clinical Grand Round on 'High cervical spine injury- A lost cause or a glimmer of hope' on 9 April 2024 in our institute. Visited Division of Plastic, Hand & Reconstructive Microsurgery and Burns, Ganga Hospital, Coimbatore, Tamil Nadu from October 21, 2024 till November 2, 2024 as part of Indian Society of Peripheral Nerve Surgery (ISPNS) fellowship. Organising Secretary of Cadaveric workshop on 'Brachial plexus surgery and beyond' held in JPNATC on 4-5 December, 2024. Co-author for Best Clinical Research Paper Award in ASNACC 2025 held in Bangkok, Thailand on March 01-02, 2025 for presentation on 'To evaluate the correlation between non-invasive(NIRS and ONSD) and invasive ICP measurements in adults with TBI- A prospective observational study'. Invited faculty- Table demonstrator for Cadaveric workshop on 'MIS techniques for spine' organised by Department of Orthopedics, JPNATC on December 15, 2024

Division of Neuropsychology

Ashima Nehra

HIGHLIGHTS

Over the past year, the Clinical Neuropsychology (CNP) team at the Neurosciences Centre has continued to provide patient-centered, evidence-based services while contributing to academic and research activities. The team participated in eight national and international conferences, serving as presenters and session chairs, and delivered eight invited lectures.

Research efforts included the initiation of a BIRAC-funded project on aphasia rehabilitation and the completion of a WHO-supported project on neuropsychological rehabilitation for stroke patients. Two new PhD candidates joined the department, further strengthening academic engagement.

The team contributed 12 peer-reviewed publications and a book chapter during the year. Clinically, 371 outpatient consultations were conducted, offering assessments, counselling, interventions, rehabilitation and disability assessments as part of multi-disciplinary care.

CNP remains committed to supporting patients and the broader healthcare team, and will continue its efforts in clinical service, research, and training as part of the continuum of care at the Neurosciences Centre.

EDUCATION

Short Term Trainings:

S.No.	Program	Institute	Total enrolment
1.	Short Term Observership	University of Delhi	6

Lectures delivered at CMEs, National and International Conferences

Lectures delivered:

Ashima Nehra

1. Role of Clinical Neuropsychology in the Healthcare System: Innovative Contributions, Innovations in Health Care & Medical Education 69th Institute Day, AIIMS, New Delhi, 25 September 2024, New Delhi
2. Extension and Digitalization of Indian Aphasia Battery (IAB) to Neurocognitive Assessment of Impairment in Language Processing (AI based NAIL), Innovations in Health Care & Medical Education 69th Institute Day, AIIMS, New Delhi, 25 September 2024, New Delhi
3. The Shifting sands of identity and family dynamics in neurological conditions in India, III Biennial Conference on Cognitive & Clinical Neuropsychology Theme: Cross Cultural Issues in Neuropsychology, 18 October 2024, Kattankulathur
4. Neuropsychological Aspect of Brain Tumors. Society for Intra Operative Neurophysiology Conference (SIONCON) 2024, PGIMER, Chandigarh, 09 November 2024, Chandigarh
5. Challenges in assessment of Neuropsychological disability, 7th Annual Conference of Autoimmune Subsection of Indian Academy of Neurology: Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS), Chandigarh, 14-16 November 2024, Chandigarh
6. Role of Clinical Psychologists in Safeguarding and Strengthening National Security, 2nd CPSICON, Rashtriya Raksha University, Gandhinagar, Ahmedabad, 21-23 November 2024, Gandhinagar, Ahmedabad
7. Metamorphosis of Indian Psychology: Evolution into an Empirical Discipline, Neuroscience and Psychology, Tibet House, Cultural Centre of His Holiness the Dalai Lama, New Delhi. [by Department of Psychology, M.S.University of Baroda], 11-12 January 2025, New Delhi

Total number of lectures delivered

2022–2023	2023–2024	2024–2025
7	6	7

List of oral papers/posters presented: 9

1. Nehra Ashima, Social-Legal Contours of Ageing and Gerontology: Issues and Challenges, Neuroscience and Psychology (Series - IX), 11-12 January 2025, New Delhi
2. Nehra Ashima, 'Challenges in the Assessment of Neuropsychological Disability in Chronic Neurological Disorders', 7th Annual Conference of Autoimmune Subsection of Indian Academy of Neurology: Indian Committee of Treatment and Research in Multiple Sclerosis (ICTRIMS 2024), 14-16 November 2024, Chandigarh
3. Nehra Ashima, Neuropsychological Aspect of Brain Tumors. Society for Intra Operative Neurophysiology Conference (SIONCON) 2024, PGIMER, Chandigarh, 9 November 2024, Chandigarh
4. Nehra Ashima, The Shifting Sands of Identity and Family Dynamics in Neurological Conditions in India, Symposium: III Biennial Conference on Cognitive & Clinical Neuropsychology Theme: Cross Cultural Issues in Neuropsychology, 17-19 October 2024, Kattankulathur
5. Nehra Ashima, Challenges in assessment of Neuropsychological disability, 7th Annual Conference of Autoimmune Subsection of Indian Academy of Neurology: Indian Committee of Treatment and Research Sclerosis (ICTRIMS), Chandigarh in MultipleSclerosis, 14-16 November 2024, Chandigarh
6. Nehra Ashima, Role of Clinical Psychologists in Safeguarding and Strengthening National Security, 2nd CPSICON, Rashtriya Raksha University, 21-23 November 2024, Gandhinagar, Ahmedabad
7. Nehra Ashima, 'Neuropsychological Psychodiagnostics for Dementia', World Neurosciences Summit: Changing Paradigms-Unleashing Possibilities, 24 August 2024, New Delhi
8. Nehra Ashima, Extension and Digitalization of Indian Aphasia Battery (IAB) to Neurocognitive Assessment of Impairment in Language Processing (AI based NAIL), Innovations in Health Care & Medical Education 69th Institute Day, AIIMS, New Delhi, 25 September 2024, New Delhi
9. Nehra Ashima, Role of Clinical Neuropsychology in the Healthcare System: Innovative Contributions, Innovations in Health Care & Medical Education 69th Institute Day, AIIMS, New Delhi, 25 September 2024, New Delhi

RESEARCH

Ongoing

1. Project Code N-2391: Extension and Digitalization of Indian Aphasia Battery (IAB), Dr. Ashima Nehra, BIRAC, 2 years, 2024-2026, Rs 48,70,000/

Completed

1. Project Code T-281: To develop and ascertain efficacy of Patient & Caregiver Indian Neuropsychological Continuum of Care (PIN-CoC) model: A Randomized Control Trial, Dr. Ashima Nehra, WHO, 1 year, 2023-2024, Rs 13,00,000/-

Departmental projects (including thesis/dissertations)

Ongoing

1. Patient and Carer Indian Neuropsychological Continuum of Care (PINCOC) Model
2. To develop and assess effectiveness of "Indian Rehabilitation for Neuropsychological Well-being post Brain Tumor surgery" or i-RENEW-BTS.
3. To develop and ascertain the efficacy of an Integrated Neuropsychological Remediation package for persons with Learning Disabilities: A Randomized Controlled Trial

Completed

1. Development And Efficacy of Comprehensive Neuropsychological Rehabilitation for Improving Cognition and Quality Of Life in persons with Drug Refractory Epilepsy: A Randomized Controlled Clinical Trial.

Collaborative projects

Ongoing

1. Assessing the benefits of Virtual Reality in the improvement of psychological status in prolonged bed ridden patients: A Research Pilot Study, Department of Neurosurgery, Neurosciences Centre, AIIMS, New Delhi
2. Change in cognitive functioning after Deep Brain Stimulation of the Subthalamic Nucleus in Parkinson's Disease, Department of Psychiatry, AIIMS, New Delhi
3. Bain Functional changes and Metabolic alterations in Spinocerebellar Ataxia (SCA), Department of Nuclear Magnetic Resonance (NMR), AIIMS, New Delhi
4. MR and other techniques based phenotyping and correlation with prakruti in healthy population, Department of Nuclear Magnetic Resonance (NMR), AIIMS, New Delhi

Completed

1. Neurodevelopmental Assessment in Children/Adolescents with Retinoblastoma exposed to Multiple General Anesthesia before the age of 5 years: A Cross Sectional Study, Anaesthesiology, Pain Medicine and Critical Care

AWARDS, HONOURS AND SIGNIFICANT EVENTS

1. Selected as Council Member in Council Member at NCAHP, MoHFW, Govt. Of India to represent the discipline of Psychology as an Allied Health Professional.
2. Nominated as Interim Council Member at NCAHP, MoHFW, Govt. Of India to represent the discipline of Psychology as an Allied Health Professional.
3. Contributed in Curriculum development of B.Psy.and M.Psy. Applied Psychology under NCAHP, MoHFW, Govt. of India.
4. Contributed in focal group discussion regarding suggestions for "Sub: Comments/Suggestions on draft revised Curriculum of training programmes-reg" issued by Rehabilitation Council of India dated 29 February 24
5. Attended training workshop on Implementation of provisions given in the revised guidelines while doing the disability assessment of a person from 23 April 24 to 25 April 24 at Dr. Ramalingaswami Board room, AIIMS, New Delhi.
6. Obtained 14 Copyrights from Clinical Neuropsychology, Neurosciences Centre, AIIMS, New Delh in the year 2024-2025.

Division of Dietetics

Group A Officer

Mala Manral

1. **Diet in general & private wards:**
   a. Normal diet – 101494
   b. Semisolid diet – 10134
   c. Private diet (C N Centre) – 20772
2. **Therapeutic Diet in general & private wards:**
   a. Child Diet – 24096
   b. Diabetic Diet – 8701
   c. High Protein Calorie Diet – 5074
   d. Diabetic Renal Diet – 505
   e. Renal Diet – 672
   f. Heart Transplant Diet – 274
   g. Ketogenic Diet – 211
   h. Liquid Diet – 246
   i. E.H.S Diet – 451
   j. Bland Diet – 578
3. **Therapeutic Feeds:**
   a. Standard Feed – 14249
   b. Diabetic Feed – 3026
   c. Renal Feed – 577
   d. Curd Feed – 728
   e. Dal Feed – 180

7. Nutritional care of patients:

a. Nutritional assessment, ward rounds, diet planning and diet counseling for:

- CT-2 CCU, NS-5, CNT-5, CNT-6 - Dr. Mala Manral
- CTVS- ICU A, CT-5, CN T-3, CNT-4 – Mrs. Smitha S Rengan
- NS ICU-B, NS ICU-C, CT-6, CNT-1, CNT-2- Dr. Anuradha
- CTVS ICU-B, CT-3, NS4+VEEG, NS-3, NCA -C2 – Mrs. Vasudha Pandit

b. Special diet counseling for cardiac clinics:

- Cardiology (Monday, Wednesday, Friday)-Afternoon
- Hypertension clinic (Thursday)
- Valve replacement and heart failure clinic and lung Transplant (Thursday)
- Heart failure and post - Heart Transplant patients diet counseling Tuesday/Friday (CT- 4 Ward) Mrs. Smitha S Rengan
- Pediatric cardiac diet counseling, weaning diet charts

c. Diet counseling in special clinics:

- Epilepsy – Monday/Thursday 09 A:M to 01 P:M (R.No. 13 CNC OPD) Dr. Mala Manral

d. Diet counseling for Neurology OPD

- Stroke
- Dysphagia
- Parkinsons
- Obesity in obstructive sleep apnoea
- Neurosurgery RT feed plan and weight reduction diet plans

e. Food service management:

Planning and supervision of modified feed/diet section by the dietitians for their respective wards.

f. Maintenance and supervision of store records:

- Consumable items, stationery stores-Dr. Mala Manral
- Non consumable items (steel)-Mrs Smitha S Rengan
- Nutrition supplements, (crockery)-Mrs. Anurardha
- Annual Report, OPD/IPD Record-Mrs. Vasudha Pandit

8. Nutrition education:

- Teaching undergraduate and post graduate nursing students.

NEURO-PHYSIOTHERAPY UNIT

Group A Professionals

Senior Physiotherapist and In-charge, Neuro-Physiotherapy Unit

Rajeev Aggarwal

Senior Physiotherapist

Sunita Singh Madhu Sharma

HIGHLIGHTS

Neuro-physiotherapy Unit has developed Videos for exercises and advice for Neurological patients. Neurophysiotherapy unit provides OPD consultations to various departments in the Neurosciences Center, namely, the Neurology and the Neurosurgery departments on a regular basis. In addition, it provides care in in-patient areas and intensive care units.

EDUCATION

1. Neuro-physiotherapy Unit has imparted short term training to 4 professionals in 2024-2025

Lectures delivered at CMEs, National and International Conferences

Rajeev Aggarwal

1. Breaking the Freeze – The changing paradigms of Physiotherapy in Parkinson's disease, 62nd Annual Conference of the Indian Association of Physiotherapists, 16 February 2025, Nasik, Maharashtra

LECTURES DELIVERED OVER THREE YEARS

2022–2023	2023–2024	2024–2025
5	3	1

Collaborative projects

Ongoing

1. Validation of an instrument to evaluate quality of life in individuals with spinal cord injury, Indian Spinal Injury Centre, Delhi
2. Analysis of Cervical Spine Motion Preservation after Surgical Management for Traumatic & Non traumatic CVJ Anomalies. Neurosurgery, AIIMS, New Delhi
3. Efficacy of Chin tuck maneuver (CTM) on Neurogenic dysphagia among stroke patients: A randomized controlled trial, College of Nursing, AIIMS, New Delhi
4. Melodic Intonation Therapy (MIT) for Aphasia rehabilitation in Stroke: the Indian Adaptation, Neurology, AIIMS, New Delhi

Completed

1. Hindi Translation and Reliability Testing of the International Spinal Cord Injury Quality of Life Basic Data Set Version 1.0, Indian Spinal Injury Centre, Delhi
2. Effect Of Transcranial Direct Current Stimulation (tDCS) On Motor And Functional Recovery In Individuals With Incomplete Spinal Cord Injury, Indian Spinal Injury Centre, Delhi

Patient care

Item	2022–2023	2023–2024	2024–2025
Neuro-physiotherapy OPD consultations	8924	9220	9444

AWARDS, HONOURS AND SIGNIFICANT EVENTS

Rajeev Aggarwal

1. **Fellowship award of Indian Association of Physiotherapists** at 62nd Annual Conference of the Indian Association of Physiotherapists at Nasik, Maharashtra from 15-16 February 2025.

2. **Physio ICON Award** in Physio Bharat 2022 Conference. 19 June 2022
3. **Editor in Chief; Physiotherapy-The Journal of Indian Association of Physiotherapists. Wolters Kluwer Publication.** ISSN no.-0973-6549; RNI no. TNENG/2005/15319 from April 2021 to March 2024. Indexed in UGC Care list.
4. Editor; Journal of Society of Indian Physiotherapists from April 2021 to March 2024. Indexed in UGC Care list.
5. Editorial board Member. Axone: The newsletter of Society of Neuro-critical care.
6. Member; Institute Ethics Committee, Indian Spinal Injury Centre, Vasant Kunj, Delhi. September 2015 to till date
7. **Selection committee member for the selection of National winners under INSPIRE-MANAK scheme** of Department of Science and Technology, Govt. of India from 17-19th September 2024.
8. Conferred degree certificates as Special Guest in Graduation ceremony of Banarasi Das Chandiwala Institute of Physiotherapy under GGSIPU on 18 June 2024
9. Expert Member, Epilepsy Palliative (EpiPal) Care Program.
10. Member, Movement disorder Society, USA.
11. Member, Delhi Neurological Association.
12. Member, Society of Neuro-critical care (India).
13. President, Physiotherapist's Forum of AIIMS (Regd.)
14. Member, Board of Studies: University School of Medical and Paramedical Health sciences, Guru Gobind Singh Indraprastha University, Delhi
15. Member, Board of Studies, Hamdard University, Delhi.
16. Member, Board of Studies, Amity University, Noida.
17. On the expert panel in DD News on stroke, Total Health in January 2025

Articles in Nav-Bharat times- A leading Hindi daily Newspaper.

a. जोड़ सलामत रहे.. उठने बैठने का तरीका हो सही 8.9.2024

b. डॉक्टरों के अपने फटिनेस मंत्र 30.6.2024

SUNITA SINGH

SENIOR PHYSIOTHERAPIST

2024-2025

1. Attended "Hands on Workshop on Integrated Cervical Spine Manual Therapy" by Dr. Subhash Khatri on 12th and 13th December 2024.
2. Attended 10th International Conference of Physiotherapy AIIMS 2024 by Physiotherapy Unit, Department of Geriatric Medicine, NCA AIIMS New Delhi on 14 and 15 December 2024.
3. Attended Advanced Manual Approaches in Neurorehabilitation by Sumit Ashana on 16 December 2024.
4. Completed my assigned hours of National Learning Weak under the initative of Karmayogi Saptah and Completed online certificate courses on "Prevention of Sexual Harassment of women at work place and " know your ministry -Ministry of Health and Family Welfare.

***** Awarded AIIMS Physio. Ratan for Excellent Contribution in the field of Physiotherapy.

MADHU SHARMA

SENIOR PHYSIOTHERAPIST

2024-2025

1. Attended "Hands on Workshop on Integrated Cervical Spine Manual Therapy" by Dr. Subhash Khatri on 12th and 13th December 2024.

2. Attended 10th International Conference of Physiotherapy AIIMS 2024 by Physiotherapy Unit, Department of Geriatric Medicine, NCA AIIMS New Delhi on 14 and 15 December 2024.
3. Attended Advanced Manual Approaches in Neurorehabilitation by Sumit Ashana on 16 December 2024.
4. Completed my assigned hours of National Learning Weak under the initative of Karmayogi Saptah and Completed online certificate courses on “Prevention of Sexual Harassment of women at work place and “ know your ministry -Ministry of Health and Family Welfare.

***** Awarded AIIMS Physio. Ratan for Excellent Contribution in the field of Physiotherapy.

11.1 B.B. Dikshit Library

Chairman, Library Committee

M Ramam

Chief Librarian (officiating)

Mahendra Kumar Vishwakarma

Background

BB Dikshit Library is the central library and knowledge hub, which is providing knowledge-based value-added services on healthcare to different stakeholders, i.e. faculty, undergraduates, postgraduates, and researchers of all the Departments and Centers. The library is open round the clock to access the vast amount of resources both in print and online. The library also has a rich collection of Hindi books in the healthcare sector for readers (employees; both technical and non-technical). The library is located on two floors. The first-floor houses printed books with a seating capacity of 300 users and the ground floor has journals archival collection, Rajkumari Amrit Kaur collection, and also a book bank facility (Currently this area is under renovation). On an average 270 readers visit the library every day. The library is well-equipped with modern facilities to support biomedical education and research.

The library has predominantly e-resources (90%) which include e-journals and databases. These resources are accessible inside campus over AIIMS IP Range and are also accessible through remote access facilities namely Knimbus and Open Athens. Necessary access to healthcare knowledge services is also disseminated through the library webpage (http://www.aiims.edu/en/library.html.). The library also provides research-based services to its stakeholders such as academic integrity and plagiarism verification facility etc. The library has its own search engine called 'Single Point Search' web-scale discovery service to retrieve library subscribed electronic resources and library holdings effectively. It also acts as a tool for a bibliographic management system for users.

The Library Committee is an advisory body for the management of the library. It advises regarding the procurement of books and journals, budgetary allocation, improving library operations and services, and working out mechanisms in getting institutional membership of all journals for online access and also developing collaborations with other libraries across the globe for online activities. The committee meets at least once every three months and as and when required.

The library has its own Wi-Fi service and around 1029 active readers benefited during the year. The library provides Current Awareness Services and Reference Services. It also provides services such as Reprography service and printout of academic literature. The library imparts orientation and information literacy programs to students, research scholars, and doctors regularly.

Inter-Library Loan service was also provided through DELNET. The library has established ETD (Electronic Thesis and Dissertation) facility to access all Theses and Dissertation through online platforms. Now, the thesis and dissertation are available for library readers in printed/CD formats/online platforms (24x7).

One Nation One Subscription (ONOS): BBD Library has registered at the ONOS portal with its white listed IP addresses and integrated it on remote access tools to access the e-journals for the AIIMS fraternity. The **One Nation One Subscription (ONOS)** is an initiative by the Government of India to provide **free, nationwide access** to academic journals, research papers, and databases. It is launched under the **National Education Policy (NEP) 2020. It was officially launched and began operations on 1 January 2025.** This common platform will host 13, 000+ journals published by 30 international publishers including Elsevier, Springer Nature, Wiley, Taylor & Francis, IEEE, Sage, Bentham Science, BMJ, Cambridge University Press, Emerald, ICE, ACS, AMS, etc. By replacing multiple institutional subscriptions with a **single national license**, ONOS reduces costs, promotes research, and supports India's goal of becoming a global leader in education and innovation.

A brief overview of the resource collection is given below:

Major Resources Statistics over past 3 years

Resources	2022-2023	2023-2024	2024-2025
Total Printed books	74569	74592	74592
Total Hindi books	667	785	785
Gifted Books	18065	18104	18223
Total bound volumes of Journals	84391	84391	84391
Thesis	7974	7980	8045
E-Journals	1167	1210	1223
One Nation One Subscription **(ONOS)**			Total no of Publishers: 30 Total no. of Journals: 13000+
E-Books	804 (McGraw Hill Access Combo)	808 (McGraw Hill Access Combo)	804 (McGraw Hill Access Combo) + 24 LWW E-Books
Point of Care databases and other medical databases (Up-to-date, BMJ Best Practice, BMJ Case Report, BMJ RToP, BMJ Learning, JAMA Evidence, Acland's Anatomy, MedOne Neurosurgery, EBSCO Dentistry & Oral science Source (DOSS)	07	08	09
Abstracting and Indexing databases (EMBASE, SCOPUS, WOS)	3	3	3
Plagiarism Verification Service (i-Thenticate)	No	Yes	Yes
Access facility Software and Services: EBSCO Discovery Service (Single Point search for all subscribed E-resources). All E-Resources are accessed through IP-enabled range of AIIMS & through remote access tools (i) Open Athens (ii) Knimbus.	Yes	Yes	Yes

Library Services Statistics

S. No.	Services	Service provided (April 2023 to March 2024)	Service provided (April 2024 to March 2025)

Conferences/Workshops/Awards/Honors

Mahendra Kumar Vishwakarma (Details to be provided in tables as per format)

1. Participated as a Co-chair and Rapporteur in the International Conference on Marching Beyond the Libraries: Leadership, Creativity and Innovation, KIIT, Bhubaneswar: 20-21 December 2024. (Should be listed in significant events) pl refer format
2. **Invited subject expert:** A reputed medical institution of Delhi NCR invited as a paper setter and subject expert for the interview of the Junior Librarian Post on 24 March 2025. (Should be listed in significant events) pl refer format

Jahangir Khan:

1. **Invited Co-Chair,** Association of Senior Library and Information Professionals (ASLIP) Conclave 2024 to be held on 7-8 November 2024 at CSIR-Institute of Microbial Technology, Chandigarh. (Should be listed in significant events) pl refer format

Prashant Shrivastava (Details to be provided in tables as per format)

(a) Lectures Delivered

1. Invited lecture to MSc, Nursing students, College of Nursing AIIMS, New Delhi, on Databases in nursing and research, dated: 16 November 2024.
2. Academic Counsellor on Sundays Session: 2024-2025 for Department of Library and Information Science, School of Open Learning, University of Delhi for courses Master of Library and Information Sciences and Bachelor of Library and Information Sciences.

(b) Paper Publication

1. Asok, K., Gupta, D.K. & Shrivastava, P. Research data policy: a library and information science publishers' perspective. Qual Quant (2024). https://doi.org/10.1007/s11135-024-01994-8

(c) Oral paper presentation

1. Shrivastava, P &Vishwakarma, M.K. Health Knowledge Discovery and Learning Development Resources in leading health institutions libraries in India: A study of NIRF ranking medical institutions. International Conference on Marching Beyond the Libraries: Leadership, Creativity and Innovation, KIIT, Bhubaneswar: 20-21 December 2024.

Dinesh Meena

1. Presented a paper titled "B. B. Dikshit Library**:** One of the leading Information Learning Centre in medical sciences" during ASLIP Conclave, 7-8 November 2024 at CSIR-Institute of Microbial Technology, Chandigarh.

11.2 Central Animal Facility

Professor-in-Charge

Tony George Jacob

Veterinary Officer

Pardeep Kumar Yadav

Member Secretary, IAEC & EAWC

During the year 2024-2025, Rats, Mice, Rabbits and Guinea-Pigs were maintained in the Central Animal Facility (CAF).

Laboratory Animal (Rodents):

The average numbers of different laboratory animals that were maintained during the year 2024-2025 are as follows:

1.	Rats (Wistar)	-	1898
2.	Rats (Sprague Dawley)	-	812
3.	Mice (Swiss)	-	786
4.	Mice Balb/c	-	906
5.	Mice C57 BL/6	-	853
6.	Rabbits (New Zealand)	-	71
7.	Guinea Pigs (Dunkin Hartley)	-	39

Inside the Institute:-

The total number of laboratory animals issued: - 3227 (Wistar Rats-1696, S.D Rats-336, Mice Swiss Albino-188, Mice Balb/c- 130, Mice C57BL/6- 787, Rabbit- 81 and Guinea-Pigs- 09) were issued to various departments of the Institute approved protocols by IAEC.

Outside the Institute:-

The total numbers of laboratory animals issued: - 4916 (Wistar Rats- 3218, S.D Rats- 554, Mice Swiss Albino- 550, Mice Balb/c- 208, Mice C57BL/6- 376, Rabbit- 00 and G. Pig- 10) were sold to various Academic and Research Institutions of India as per CCSEA approved guidelines.

Experimental Surgery:

Thirty Three (33) surgical procedures were performed by investigators and researchers from various departments in the Central Animals Facility. The departments include Anatomy, Biophysics, Biotechnology, Reproductive Biology, Stem Cell Facility and Cardiac Biochemistry.

Institutional Animal Ethics Committee:

The Institutional Animal Ethics Committee (IAEC) is approved by the Committee of Control and Supervision of Experiments on Animals (CCSEA) Under the Ministry of Fisheries, Animal Husbandry and Dairying (Govt. of India). The chairperson of the IAEC Dr. B.R. Mirdha, Professor, Dept. of Microbiology. The AIIMS CCSEA registration No. is 10/GO/ReBiBt/S/99/ CPCSEA "Research for Education Purpose, Breeding for in house use and Breeding for the purpose of trade of Rodents animals (Rat, Mice, Rabbit, Guinea Pigs and Hamsters)". The Institutional Animal Ethics Committee (I.A.E.C.) cleared new 100 projects/protocols and 03 projects/protocols extension on laboratory animals (Rodents) of various investigators of Institute during the year 2024-25.

Services Provided:

The Central Animal Facility has been maintaining the laboratory animals Rats-57, Mice-330, and Guinea Pigs-02 belonging to the departments of Anatomy, Bio-med Engg., Biophysics, Biotechnology, Pharmacology, Laboratory Medicine, Neuro-Surgery, Medical Oncology, NMR, Reproductive Biology, Stem Cell Facility, and Cardiac Bio-Chemistry in the year 2024-25.

The IAEC has given permission to department of Ocular Pharmacology & Pharmacy (R.P.C), department of Pharmacology, and department of Physiology, to maintain the laboratory animals in the respective department as per norms and guidelines of CCSEA.

Academic & other activities: (Details to be provided in tabular form)

a) **Dr. Pardeep Kumar Yadav, Sr. Veterinary Officer** Attended the International Pharmacology Conference (IPC) on 28-30 November 2024 at Department of Pharmacology, All India Institute of Medical Sciences, New Delhi.

b) Attended the 25th Indian Veterinary Congress & 32nd Annual Conference of IAAVR & National Symposium on 7 Feburary 2025 at Apollo College of Veterinary Medicine Jaipur (Rajasthan).

c) Attended the CCSEA 2025 online conference on 27th March 2025 at Central Animal Facility Room No. 59.

1. **M.L.T Mr Shiv Govid Sah, Mr Upesh Kumar Lal, Mr Raivender Chauahn, and Dil Navab,**

   a) Attended the CCSEA 2025 online conference on 27 March 2025 at Central Animal Facility Room No. 59.

11.3 Central Workshop

Faculty Coordinator

Ganga Prasad

Professor (Department of Anaesthesiology, Pain Medicine and Critical Care)

Chief Technical Officer

Nitin Srivastava

Senior Technical Officer (Group A)

Manpreet Singh Sudan

Objectives:

Established in 1964 under the Colombo Plan—a collaborative initiative between the Indian and Australian governments—the Central Workshop at AIIMS plays a crucial role in the repair and fabrication of a wide range of equipment and custom devices for both patient care and research. The workshop comprises multiple specialized sections including Electronics, Electrical, Mechanical, Refrigeration, Fine Instrument, Sheet Metal, Painting, and Upholstery, collectively catering to the diverse and advanced needs of AIIMS, a premier multi-specialty institute. Staffed by skilled technicians, the workshop ensures the effective maintenance and repair of equipment used across the institute, thereby eliminating the need for costly and time-consuming outsourcing. This efficient in-house repair mechanism significantly reduces equipment downtime, facilitating seamless and uninterrupted operations throughout the institute.

Strength of the Employees:

The Central Workshop is staffed by a team of engineering professionals committed to the repair, maintenance, and fabrication of equipment essential for general use, patient care, education, and scientific research. Each section is supervised by a Senior Technical Officer or Technical Officer, supported by a team of Workshop Technicians, Assistants, and Helpers. The current staff strength is as follows:

- Chief Technical Officer – 1
- Senior Technical Officer – 1
- Technical Officer – 5
- Technician (Grade I) – 7
- Technician (Grade II) – 5
- Workshop Assistant – 8
- Office Clerk (SAA) – 1
- Store Clerk (SAA) – 1
- Operator (E&M) – 2
- MTS (Outsourced Staff) – 2

Services Available:

The Central Workshop Department extends its services to various AIIMS units, including the Main Hospital, Dr. R.P. Centre for Ophthalmic Sciences, Dr. B.R.A.I.R.C.H, CDER, C.N. Centre, J.P. Narayan Apex Trauma Centre, Mother & Child block , Surgery Block, Trilokpuri Eye Center, NCI Jhajjar, NDDTC Ghaziabad, and CRHSP Ballabhgarh. Following Services are provided by Central workshop:

1. Repair and Maintenance:

The Central Workshop is entrusted with the repair and maintenance of a wide array of equipment essential for effective diagnostics and treatment. This includes medical devices, scientific apparatus, refrigeration systems, general-use items, and hospital furniture. During the fiscal year 2024–25, the workshop received and completed **8,529 repair jobs**. Of these, approximately 94% were successfully repaired and returned to the respective departments, while 6% were declared beyond economical repair and subsequently condemned. Impressively, around 85% of the jobs were completed on the same day, reflecting the workshop's dedication to swift and efficient service. Examples of some of the items repaired by specific sections are outlined below:

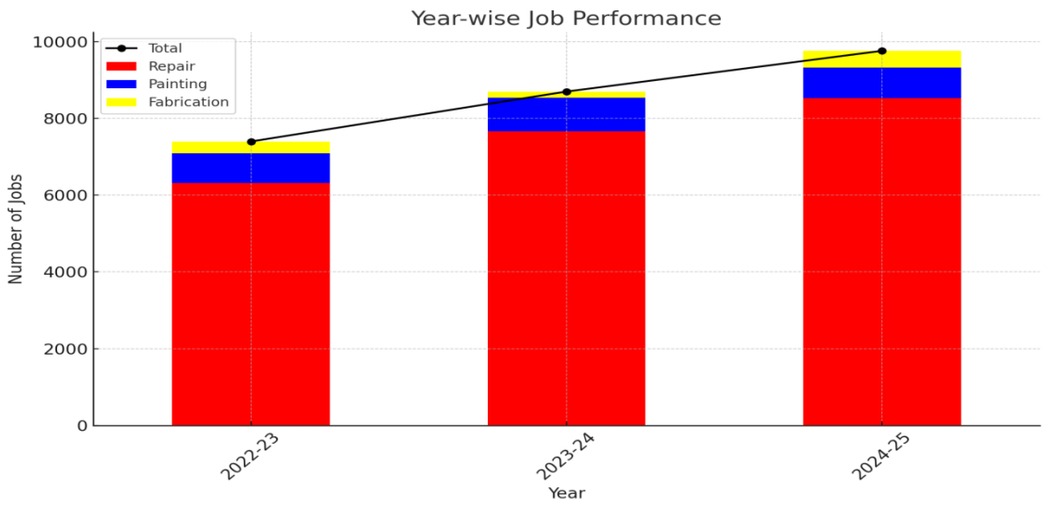
Sl No	Section	No. of Jobs completed	Job/Item Description
1	Electronics	828	Cautery Adaptor Cable, Air Purifier, Agarose Gel Electrophoresis, Air Mattress Pump, Air Warmer, Public address System, DVT Pump, Tourniquet Machine, Call bell, Digital wall Clock, ECG Machine, Fetal Doppler, Infusion Pump, Infrared Thermometer, Induction Cooktop, Micro Centrifuge, Microwave Oven, Nebulizer, X-Ray view box (LED), Cardiotocography (CTG), CPAP, Motorized Bed, Sweat Testing Machine, Servo Stabilizer, Spirometer, Ultrasonic Nebulizer, Electronic wt. Machine, Elisa reader, EPT Machine, Drying Cabinet, Dry Bath Incubator, NIBP Monitor, Pulse Oximeter monitor, Paper Shredder, PCR Machine, Peristaltic Pump, Patient Warmer, IFT Pads etc.
2	Electrical	1066	Autoclave, Acrylic Grinder, Autopsy Machine, Electric Kettle, Boiler, Centrifuge, Display Counter, Bull Eye Lamp, Fly killer, Fumigator machine, Hot Air Oven, Gauge Cutter, Hot Case, Hot Plate, Ice Crushing M/C, Needle Destroyer, Laminar Air Flow, Magnetic stirrer, ,Oil Radiator, Suction Machine, OT Light, Water Bath, On-Off timer, X-ray View Box, Hand dryer Machine, Plaster Cutting Machine, Zig-saw Machine, Hot Air Gun, Shaker, Mayo Stand, Incubator, Steamer, Air Compressor system, Dental Acrylizer, Bain Marie counter, Vegetable Cutting Machine, Gravy Machine, Gooseneck Lamp etc
3	Mechanical and Sheet Metal	3130	Oxygen Stand, Pt. Trolley, I V Stand, Revolving Stool, Foot Step Stool, Office Chair, Wheel Chair, Instrument Trolley, Garbage Trolly, Loading Trolley, Side Screen, Push Cart, 3 Seater SS Bench, Mayo stand, Patient Bed, Cardiac Table, Food trolley, Crash Cart trolley, Laundry Trolley, Office Almirah , Bed Side Locker, File Compactor, MLS stand, Double Basin Stand, Medicine Trolley, Surgical Drums, Surgical Instruments, Tr. Tube, Scissors (Gauge Cutting), OT Table, Iron Rack, Examination Couch, Walker, Transducer Stand, Gas Burner, ECMO Cart, Ventilator stand, Hydraulic Chair etc.
4	Fine Instrument & BP Instruments	2991	Digital BP Apparatus, Dial BP, Torch, Wall clock, Weight Machine, Oxygen Flow Meters, Single Gauge & Double Gauge Oxygen Regulators, Suction Regulators, Wall Suction regulator and Flow meter, Ophthalmoscope, Laryngoscopes, Digital Thermometer, Stethoscope, Hub Cutter, Stadiometer etc.
5	Refrigeration	262	Deep Freezers (up to -20°C), Ice Cream Cabinet, Refrigerators, Cold Display Counters, Mini cold Storage, Cold Centrifuge, Ice Flaking Machine etc.
6	Upholstery	252	Revolving Stool, Wheel Chair, Lead Apron, Executive Chair, Pt. Trolley Mattress, Surgical / Dental Stool, OT Table Mattress, Settee Mattress, Cardiac Table, Tourniquet cuff etc.

2. Painting and Aesthetics:

The Painting Section plays a pivotal role in upholding the aesthetic standards of the hospital environment, ensuring it remains clean, professional, and welcoming. The team undertakes the painting of office and hospital furniture as well as other general-use items. In the year 2024–25, a total of **796 items** were painted by the Central Workshop which include oxygen Stand, Pt. Trolley, IV Stand, Office Chair, Wheel Chair, Instrument Trolley, Loading Trolley, Screen, Push Cart, 3 Seater Bench, Mayo stand, Patient Bed, Cardiac Table, Laundry Trolley, Office Almirah, Bed Side Locker, Refrigerator, Microwave oven, Hot Plate, Hydraulic Trolley, Foot Step, Metal Settee and other Hospital and Office Furniture etc.

3. Fabrication and Guidance:

Despite an increasing workload in repairs and maintenance, the Central Workshop continues to support doctors and researchers in designing and fabricating new equipment and devices to aid patient care and scientific research. This initiative contributes to innovation in healthcare and enhances patient outcomes. A total of **437 items** were fabricated during the year 2024–25. Details of the fabricated items are as below:

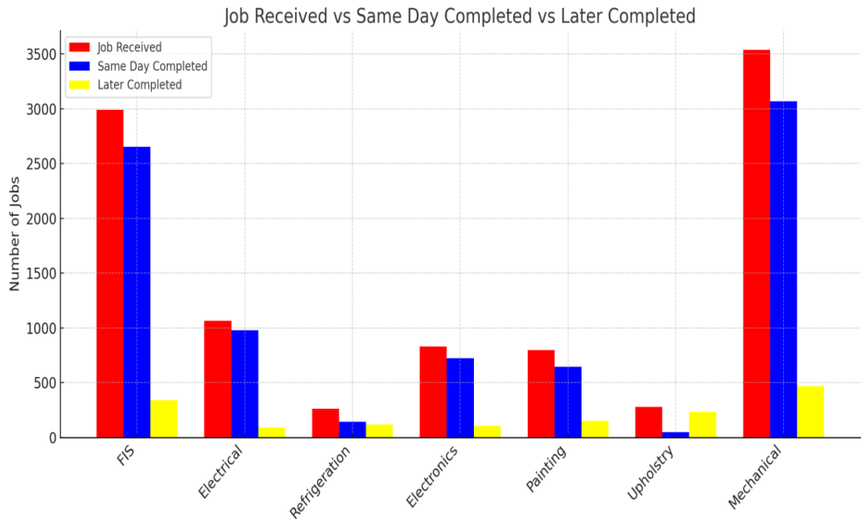


Sl No.	Item Description	Quantity	Department
1	Handle for Surgical Instruments (PVC)	42	Ortho OT, JPNATC OT, MOT
2	Double Side Hammer caps	2	Ortho OT
3	Copper Stylet	13	AB6, OMFS OT
4	Copper Probe	10	Surgery Minor OT
5	Patient Name Plates	10	AB8 ICU
6	DVT/Infusion Pump Clamp	6	Surgical Block
7	Forearm Braces	2	Physiology
8	Cylindrical Roller Support for Hand finger (As per design)	18	MRI Facility NMR
9	Arm & Lever Tip for Time Marker	5	Physiology
10	Endoscopy Tube Holder	6	ENT
11	L shaped Knee Holder	1	NCA OT
12	Electrode for Spot Welding Machine	1	CWS
13	Base Support for VIO Cart	1	MOT 6th Floor
14	Head Support attachment for OT Table	1	TC NS OT
15	Perspex Box (As per dimensions given)	2	Biophysics
16	OT Table Arm Rest	7	Urology OT, JPNATC NS
17	OT Table Booster (PCNL Roll)	12	BPS OT, NCA OT,
18	OT Table Half Round Booster	2	NCA OT
19	Pt. Head support with belt	1	NCA OT
20	L-Shape knee Holder with booster	1	NCA OT
21	Wheel Chair Seat and Back (Upholstery)	4	CNC
22	L piece for ET Tube support	16	BPS OT, NCA OT, SB OT
23	Patient Chart Holder	20	C6 Ward
24	Duty Chart Holder	2	NCA OT
25	Wheel Chair side support	2	IRCH 1st floor
26	Numbering Tags (Aluminum)	250	Anatomy

4. Teaching Activity and Short-Term Training:

The Central Workshop also contributes to the educational mission of AIIMS by providing training to B.Sc. (OT Technology) students. The program includes instruction on the safe and effective use of equipment, operational principles, and proper handling techniques as per curriculum requirements.

Performance Chart of Current Vs Previous Years:



YEAR	No. of Jobs for Repair	No. of jobs for Painting	No. of Jobs for Fabrication	Total No. of Jobs
2024-25	8529	796	437	9762
2023-24	7668	869	164	8701
2022-23	6320	774	306	7400

11.4. Centre for Integrative Medicine & Research (CIMR)

Professor In-charge

Gautam Sharma

Faculty

Angel Rajan Singh

HIGHLIGHTS

- Centre for Integrative Medicine and Research (CIMR) is envisioned as a "state of art research centre" to integrate traditional Indian medical practices with conventional medicine through scientific validation for the holistic treatment, disease prevention and health promotion. CIMR is supported by the Ministry of Ayush under the scheme of "Centre of Excellence (CoE) for Yoga and Ayurveda" and All India Institute of Medical Sciences, New Delhi.
- CIMR initiated over 50 research projects, including funded, departmental, and collaborative projects with 21 departments of AIIMS, New Delhi, of which 33 have been completed. These include MD, DM, PhD and MSc thesis with Yoga and Ayurveda as an intervention. CIMR has external joint research activities with institutions such as Vardhman Mahavir Medical College & Safdarjung Hospital, New Delhi, Atal Bihari Vajpayee Institute of Medical Sciences &Dr. Ram Manohar Lohia Hospital, New Delhi, Maulana Azad Medical College and associated Govind Ballabh Pant Institute of Postgraduate Medical Education and Research, New Delhi, Dayanand Medical College & Hospital, Ludhiana, Swami Vivekananda Yoga Anusandhana Sansthana(S-VYASA) Bengaluru, All India Institute of Ayurveda, New Delhi, Institute of Genomics and Integrative Biology, New Delhi and Dabur India Limited, New Delhi.
- Dr. Gautam Sharma, Professor In-charge, was invited to the Heart Rhythm-2024 held in Boston, U.S.A. to deliver a lecture on "Yoga for Managing Patients with Cardiac Dysautonomia" on 19 May 2024.
- Dr. Gautam Sharma, Professor In-charge, was invited to the 17th Asian Pacific Heart Rhythm Society's scientific sessions held in Sydney, Australia to deliver a lecture on "Role of Yoga in Vasovagal syncope" on 26 September 2024.

Major activities in the past year

Yoga & Ayurveda services

A total of 12,322 participants attended Yoga and Ayurveda sessions at CIMR between April 2024 and March 2025. This includes both in-patients and outpatients of All India Institute of Medical Sciences, New Delhi. Out of these, 2325 yoga sessions were conducted virtually. CIMR does not levy any fee for the Yoga and Ayurvedic treatments provided to the participants.

First International Conference: Advances in Integrative Medicine (AIM) 2025

CIMR organised an international conference titled "Advances in Integrative Medicine (AIM) 2025" on 7-8 March 2025. This is the first international conference hosted by AIIMS, which brought together experts from the conventional medicine and the AYUSH sectors to discuss the progress and prospects of Integrative Medicine in India and globally. This two-day conference included scientific sessions about current evidence, ongoing research and prospects of integrative medicine in cardiology, obstetrics and gynaecology, systemic diseases, neurology and mental health. Three hands-on workshops and oral and poster presentations were organised for the AYUSH students and professionals. One of the major highlights was the round table meeting, a strategic discussion with healthcare stakeholders and institutional leaders. The meeting was chaired by Dr. V.K. Paul (Member, NITI Ayog) and attended by Dr. Rajeev Bahl (DG, ICMR), Vaidya Rajesh Kotecha (Secretary, Min. of AYUSH), Sh. Subhashish Panda (Additional Secretary, PMO), Dr. Kalyanam Shivkumar (UCLA), Dr. Gautam Sharma (Professor In-charge, CIMR), Dr. A. Raghu (DDG, AYUSH), Dr. B.N. Gangadhar (Chairman, National Medical Commission, Former, Director NIMHANS), Dr. Manjunath K (VC, S-VYASA), Dr. Nikhil Tandon (Research Dean, AIIMS, New Delhi), and Dr. M. Srinivas (Director, AIIMS, New Delhi). 14 Directors of AIIMS attended the meeting online, including AIIMS Jodhpur, AIIMS Raipur, AIIMS Kalyani, AIIMS Jammu, AIIMS Bhubaneswar, AIIMS Deogarh, AIIMS Avantipura.

10th International Day of Yoga - 2024

CIMR, AIIMS, New Delhi, conducted a series of events and workshops from 10 June 2024-21 June 2024, to mark the 10th International Day of Yoga (IDY) celebration. The events began with an inter-institutional yoga asana competition on 10th June 2024. On 11 June 2024, an inter-institutional quiz competition – 'Yoga Quizathon' was held. A series of interactive workshops with the theme **"SRIYAM- Synchronising Rhythms with Yoga and Mindfulness"** was organised for the faculty, nursing officers, students, researchers, patients, administrative officers and other staff of AIIMS, New Delhi.

On the day of the International Day of Yoga (21 June 2024), a mass Yoga practice for the faculty, students, staff, and patients of the institute was organised at the central lawn of AIIMS, New Delhi. **Professor M Srinivas**, Director, AIIMS, New Delhi, addressed the gathering. Distinguished guests, **Smt. Anupriya Patel**, Minister of State for Health and Family Welfare; **Shri. Apurva Chandra**, GoI, Secretary to the Ministry of Health & Family Welfare, graced the occasion. The event was well-received with the overwhelming participation of over **3500** Yoga enthusiasts.

Pictures: *International Day of Yoga (2024) celebration at AIIMS, New Delhi.*

EDUCATION

- PhD thesis
  - Efficacy of Yoga in Indian Patient with Coronary Artery Disease (YOGICAD).

CMEs/Workshops/Symposia/National and International Conferences:

- **SRIYAM- Synchronizing Rhythms with Yoga and Mindfulness"** Yoga workshops were conducted for the following:
  1. CIMR Patients on 13 June 2024.
  2. Students and Researchers conducted on 14 June 2024.
  3. AIIMS Faculty conducted on 16 June 2024.
  4. Officers & Other Staff conducted on 18 June 2024.
  5. Nursing Officers conducted on 19 June 2024.
  - **Research Methodology Workshop** was organised for AYUSH Students and professionals on 7 March 2025.
  - **Basic Life Support Workshop** was organised for AYUSH Students on 7 March 2025.
  - **Yoga for Metabolic Disorders** was organised for Nursing Officers of AIIMS on 7 March 2025.
  - **1st International conference of integrative medicine (AIM2025)** was organised on 7-8 March 2025
  - **Yoga awareness workshop** was organised for MSc Nursing students of AIIMS, New Delhi on 10 January 2025.
  - **Yoga awareness workshop** was organised for Assistant Nursing Superintendents of AIIMS, New Delhi on 14 January 2025.
  - **Mindful Nursing**: Enhancing Wellbeing & Resilience workshop was organised for BSc Nursing students on 18 January 2025.
  - **Mindful Nursing**: Enhancing Wellbeing & Resilience workshop was organised for Assistant Nursing Superintendents on 22nd January 2025.
  - **Mindful Nursing**: Enhancing Wellbeing & Resilience workshop was organised for 4th year BSc Nursing students on 31 January 2025.
  - **Mindful Nursing**: Enhancing Wellbeing & Resilience workshop was organised for Assistant Nursing Superintendents on 12 February 2025.
  - **Clinical Research Ground (CGR) session** on women & child health was conducted in the Department of Obstetrics and Gynaecology at AIIMS, New Delhi 1 April 2025.

Lectures delivered at CMEs, National and International Conferences:

Lectures delivered:19

Gautam Sharma

1. Newer evidence of Yoga in Medicine, Cardiology Update and Cardio-Imaging conference, Society of Image guided Therapy at DMCH, College campus, 06 March 2022, Ludhiana
2. "When should we refer for AF Ablation?" in the session Atrial Fibrillation: Physician Guide, 36th annual conference of Cardiological Society of India (CSI) – Delhi, 26 March 2022, New Delhi

3. Management of AF in Heart Failure, AF SUMMIT 2022, 30 April 2022, Jaipur
4. Integrative Medicine and Optimal Immunity, 24th INCOFYRA Conference, S-VYASA University, Bengaluru, 28 May 2022, Virtual talk
5. AF Ablation - An introduction, 14th Annual Conference of the Indian Heart Rhythm Society (IHRS), 29 October 2022, Kochi
6. Role of Yoga in preventing cardio-vascular diseases in context to stress and modern lifestyle, Dialogues in health and wellness, India International Centre (IIC), 15 February 2023, New Delhi
7. Evidence Based Insights- The Yoga- Heart connection, Annual meeting of IACS and ISHR, 16-18 February 2023, Chandigarh
8. HPSD Ablation, AI, Close Protocol: Improving Outcomes in AF Ablation, Indian Complex Arrhythmia Summit, 1 April 2023, Gurugram
9. Role of yoga and behavioural therapy in reflex syncope, European Society of Cardiology (ESC) Congress 2023, 26 August 2023, Amsterdam, The Netherlands
10. When should we refer for AF Ablation? 15th Annual Conference of Indian Heart Rhythm Society (IHRSCON 2023 Delhi), 28 October 2023, New Delhi
11. Yoga in EP practice, 75th Annual Conference of Cardiological Society of India (CSICON 2023), 7 December 2023, Kolkata
12. AF in HF – A solution to the Achilles Heel, 2nd joint Annual meeting of international society of heart Research & international academy of cardiovascular science ISHR 2024, All India Institute of Medical Sciences (AIIMS), Jodhpur, 17 February 2024, Jodhpur
13. Yoga for Managing Patients with Cardiac Dysautonomia, Heart Rhythm-2024, organized by Heart Rhythm Society, 19 May 2024, Boston, USA
14. Prevention of AF, risk factor management and role of Yoga, Jaipur Heart Rhythm Summit, 10-11 August 2024, Jaipur, Rajasthan
15. Yoga and Heart, SRIHER, Cardiology Update Conference at Sri Ramachandra Institute of Higher Education and Research (SRIHER) with the Professor S. Thanikachalam Endowment Oration - CURE 2024, 24-25 August 2024, Chennai, Tamil Nadu
16. Atrial Fibrillation: A to Z, Udaipur Cardiology Congress (UCC) organized by GBH Medical College and Heart Saviour Society and Indian Association of Physicians (API), 31 August-1 September 2024, Udaipur, Rajasthan
17. Role of Yoga in Vasovagal syncope, The 17th APHRS scientific sessions, 26 September 2024, Sydney, Australia
18. AF symposium on Risk Factor modification. What is the Evidence?, AIG hospital, Hyderabad, 1 Match, 2025, Hyderabad
19. Risk Factors and Prevention on Atrial Fibrillation, Cardiology Society of India, Delhi Branch, held on., 7-8 March 2025, Delhi

LECTURES DELIVERED OVER PAST THREE YEARS:

2022-23	2023-24	2024-25
05	05	07

Lectures/Presentation by CIMR Research/Nursing personnel

1. Anupama Gupta, Sleep pattern in coronary artery disease patients and Dosa Kalas of Dinacharya, 11th Asian Sleep Research Society Congress and 8th Asian Forum on Chronobiology to be held at hotel, 9 February 2025, Andaz, Aerocity-New Delhi
2. Restless Legs Syndrome and Coronary Artery Disease, 11th Asian Sleep Research Society Congress and 8th Asian Forum on Chronobiology to be held at hotel, 9 February 2025, Andaz, Aerocity-New Delhi
3. Complex interplay of autonomic nervous system during yoga Nidra, sleep and wake in patients with coronary artery disease, IANCON 2024, 18 October 2024, Vishakapattanam

4. Bharat Krushna Khuntia, Effects of Shirodhara & Brief Behavioural Therapy on quality of sleep among patients with Chronic Insomnia-An open label Randomized Controlled Trial, 1st International Conference on Advances in Integrative Medicine, AIIMS, New Delhi, 08 March 2025, New Delhi
5. Reverse Pharmacology of Traditional Medicine using Modern Biomedical Techniques, CSIR-Indian Institute of Chemical Biology (CSIR-IICB) & Central Council for Research in Ayurvedic Sciences (CCRAS), Ministry of AYUSH, 22 February 2025, New Delhi
6. Plenary session on Integrating Ayurveda with developmental biology and genetics for advancing healthcare, 15 December 2024, "Ayurveda Biology", 10th World Ayurveda Congress & AROGYA EXPO World Ayurveda Foundation with active support from the Ministry of Ayush, Govt of India and Govt of Uttarakhand, 15 December 2024, New Delhi
7. Sleep Health: Ayurvedic concepts and Evidence, National Seminar on the occasion of Ayurveda Parva 2024 Gopabandhu Ayurveda, Mahavidyalaya, Puri and Ministry of Ayush, Govt of India, 05 December 2024, Puri, odisha
8. Mansingh Jat, Nursing Quality indicators:- KPI of OT, ICU, WARDS, Promotional training at RML Hospital, 11 December 2025, RML Hospital New Delhi
9. Problem identification and formation of SMART aims, Quality Improvement workshop, 11 February 2025, AIIMS, New Delhi
10. Problem Analysis and Measurement, Quality Improvement workshop at Neuro science centre, 12 March 2025, AIIMS new Delhi
11. Ms Sudha Lama, Integrative therapies in healthcare in in-service education program on Redefining boundaries: the future of Nursing Practice., Workshop By College of Nursing, 11 December 2024, SET Facility, AIIMS, New Delhi
12. Mindful Nursing- Enhancing Well-being & Resilience for M.Sc Nursing Students, Workshop in AIIMS, CIMR, New Delhi, 10 January 2025, New Delhi
13. Role of Alternative therapies in Mental health Care & its outcomes, Webinar-AIIMS-CNE- Mental Health Nursing (Reshaping Mental Health care Nursing), 15 February 2025, Online
14. Yoga as an Intervention for Tobacco Cessation- A Randomized Controlled trial, 1st International Conference on Advances in Integrative Medicine, 08 March 2025, New Delhi
15. Ms. Parul, Role of yoga in Heart Failure, 1st National Conference on World Heart Day, 29 September 2024, AIIMS, Nagpur
16. Current trends in Nursing, Workshop of Society of Cardiac Nurses, 29 March 2025, New Delih
17. Anu James Vibin, Yoga and Meditation Workshop – Integrating Alternative Therapies with Nursing Practice, Workshop in College of Nursing, March 2024, AIIMS New Delhi
18. Integrative therapies in healthcare in in-service education program on Redefining boundaries: the future of Nursing Practice, Workshop by College of Nursing, SET Facility, 11 December 2024, AIIMS, New Delhi
19. Effect of Integrative Yoga on Psychological Outcomes & Inflammatory Bio-markers in Caregivers of Paediatric Patients Undergoing Cardiac Surgery: A Randomized Control Trial.YOGPSE trial, International Conference on Integrative Medicine, CIMR, SET facility, 8 March 2025, AIIMS, New Delhi
20. Amit Kashyap, Role of Yoga to relieve pain induced pelvic floor spasm in Bladder Pain Syndrome, Live webinar of GIBS case-based discussion organised by Medanta hospital & Global Interstitial Cystitis, Bladder Pain Society, 22 November 2025, Gurgaon, Haryana
21. Priya P.S, Predictors of effective reduction in AHI after yoga-based Intervention for treatment of Obstructive Sleep Apnea., International Conference on Advances in Integrative Medicine, CIMR, 08 March 2025, New Delhi

RESEARCH

Funded:

Ongoing

1. Centre for Mind Body Interventions Through Yoga (CCMBIY), Gautam Sharma, CCRYN, 5 years, 2024-2029, Rs 2.50 Lakhs
2. Centre of Excellence for Yoga and Ayurveda, Gautam Sharma, Ministry of AYUSH, 07 years, -6 Months, February 2017, -July 2025, Rs 964.11 Lakhs

3. Clinical efficacy of Arjunaksheerpaka [A traditional Ayurvedic formulation of stem bark of Terminalia Arjuna (Roxb. Ex DC.) Wight &Arn.] to standard treatment care in post CABG patients. A double blind, randomised placebo-controlled pilot study, Gautam Sharma, Dabur India Pvt Ltd, 5 years 7 months, March 19-July 2025, Rs 17.19 Lakhs
4. Effect of Yoga- based intervention on VPC burden, quality of life and LV functions in patients with Ventricular premature complexes (VPC): A Randomized Controlled Trial, Gautam Sharma, Department of Science and Technology (DST), 3 years, June 2021-March 2025, Rs 32.32 Lakhs

Completed

1. Effect of Yoga on Clinical Outcomes and Quality of Life in Patients with Vasovagal Syncope. A Randomized Control Trial, Dr. Gautam Shrama, Ministry of AYUSH, 04 years, 2018-2022, Rs 24,65,616

Departmental projects:

Ongoing

1. A comparative study between Shirodharaand Yoga nidra on psychomotor performance and autonomic variability among doctoral students: A pilot randomized comparative trial
2. Effect of oil dripping treatment (Shirodhara) on sleep quality in patients with recent cardio-cereberovascular events (RESOLVE TRIAL) : A Randomized controlled trial
3. Effect of Slow Pranayamic breathing on neural correlates(Physiological, psychological, imaging) and Cardiophysiological markers in healthy subjects: A Randomized controlled trial
4. Efficacy of YOGA in Indian Patient with Coronary Artery Disease (YOGICAD)
5. Two Arm Parallel Open Label Randomized Controlled Add On Trial To Investigate The Efficacy of Shirodhara (Ayurvedic Oil Dripping Treatment) In The Subjects With Chronic Insomnia Disorder

Departmental projects: Completed

1. Comparing Prakriti (Ayurveda constitution types) prediction between Ayurvedic clinical methods and questionnaire-based assessment: A cross-sectional study
2. Effect of Yoga on Burn-out in healthcare professionals working during COVID-19 pandemic
3. Effect of add-on integrative approach to yoga therapy on adult with clinical depression. A Randomized Controlled Trial
4. Psychological distress among health care workers in India during COVID-19 outbreak: A Nationwide Survey
5. Knowledge, Attitude and Practice of Yoga system of medicine among patients attending the Cardio-Neurology OPD of a tertiary care hospital in India. A Single Centre Survey
6. Knowledge, Attitude and Practice of Ayurvedic system of medicine among patients attending the Cardio-Neurology OPD of a tertiary care hospital in India. A Single Centre Survey
7. To study the effect of Bhramari pranayama on blood pressure, heart rate, heart rate variability, cardiac output, peripheral resistance in patients with hypertension.
8. A network pharmacology-based approach to explore therapeutic mechanism of Indian herbal formulation NishaAmalaki in treating Type 2 diabetes mellitus
9. Using Yoga as a complementary intervention for smoking and tobacco Cessation: A Probe Trial

Collaborative projects:

Ongoing

1. Add on Efficacy and Functional outcomes of Combination of Ayurveda therapies along with oral administration of Ashwagandha churnam (a traditional Ayurvedic formulation made up of roots of Withania somnifera (L) Dunal) in children with Spastic cerebral Palsy: A randomized controlled open label Pilot Study, Pediatrics
2. Clinical efficacy of addition of Agastya Haritakiavaleha [An Ayurvedic formulation] to standard treatment care and Yoga in the management of Bronchial Asthma in Children and Adolescents. A randomized controlled trial, Pediatrics

3. Efficacy of Bacopa monnieri Linn. on cognitive functions & alterations in blood metabolites in patients with amnestic mild cognitive impairment and early Alzheimer Disease: A double blind, randomized placebo-controlled trial, Neurology
4. Efficacy of comprehensive Ayurveda intervention on remission of prediabetes: A randomized control trial, Endocrinology
5. Elucidating the meditation associated epigenetic modulation in persons with temporal and temporal plus epilepsy, Neurology
6. Randomized trial of Yoga as an add on therapy in patients with Multiple Sclerosis, Neurology
7. The effect of structured yoga practices on the quality of life and clinical outcomes in patients with ulcerative colitis, Gastroenterology
8. To evaluate the additive effect of Yoga on follicular response in PCOS women undergoing ovulation induction cycle-a pilot randomized controlled trial, Obstetrics & Gynaecology
9. Yoga in coronary artery disease and Quality of Sleep (YOGA-CADETS), Cardiology

Completed

1. A feasibility study to examine the effect of video assisted yoga on pain perception fatigue and QOL in children with planned chemotherapy, College of Nursing & Oncology
2. A Pilot multicentre open label parallel arm RCT evaluating whether yoga can delay initiation of insulin therapy in patients with type 2 diabetes mellitus with suboptimal glycemic control on near maximal oral drugs and /or who may require insulin therapy in near future, Endocrinology
3. A prospective randomized controlled trial to study the effect of prenatal yoga on maternal weight gain and psychological stress in pregnancy and its association with pregnancy outcomes, Obstetrics & Gynecology
4. An open label 3 arm Randomized Control Trial to evaluate the effect of different modalities of lifestyle intervention (videos educating on lifestyle modification, Yoga and standard care) on HbA1C in individuals with Type 2 Diabetes Mellitus on > half maximal dose of 2 or more oral anti-hyperglycemic drugs for at-least 3 months, Endocrinology
5. Benefit of Yoga therapy in management of systemic sclerosis as compared to standard drug therapy alone: A pilot randomized controlled trial, Neurology
6. Effect of a Lifestyle Modification Programme with Yoga on Overweight and Non-Morbidly obese patients with Obstructive Sleep Apnoea – A Randomized controlled study, Neurology
7. Effect of integrated Yoga on ART outcomes and Psychological stress in patients undergoing In-Vitro-Fertilization (IVF) cycles: A Prospective Randomized Controlled Trial, Obstetrics & Gynecology
8. Effect of yoga as add on therapy in migraine: A randomized controlled study, Neurology
9. Effect of yoga in adult patient with Type-2 Diabetes Mellitus. A Pilot Randomized control Trial, Endocrinology
10. Effect of Yoga on Psychological, cognitive and glycemic control in patient with T2DM and Depression: Two arm parallel Randomized control trial, Endocrinology
11. Efficacy of YOGA based cardiac rehabilitation on quality of life and clinical outcomes in patients who have undergone Fontan operation: A randomized control trial., Cardiology
12. Efficacy of yoga on Symptom Severity and Quality of life of patients suffering from pain predominant medically unexplained physical symptoms (MUPS), Medicine
13. Evaluation of the prophylactic effect of comprehensive Ayurveda and Mindfulness based yoga regimen among health care workers (HCW) of a tertiary care hospital in Delhi during COVID-19 pandemic: A Randomized Controlled Trial, Medicine
14. Feasibility of introducing Yoga and its effect on stress and perceived Well-Being on New Medical Under-Graduate Students of AIIMS New Delhi, Centre For Community Medicine
15. Feasibility, efficacy, and safety of Yoga therapy in women with urinary incontinence: A prospective randomized control trial., Urology
16. Impact of Yoga and Pranayama on Respiratory Functions in Patients with Scoliosis: A randomized controlled trial, Orthopaedics

17. Interventions for stigma in persons with epilepsy in India, Neurology
18. Neurocognitive co-relates of emotion and cognition amongst Yoga Practitioners, Physically Active and Sedentary Lifestyle individuals: An FMRI and Neuropsychological Study, Neurology
19. Randomized Trial to study the effect of lifestyle Management through Indian System of Medicine including Yoga in heart failure patients along with standard care in modern medicine, Cardiology
20. Safety & efficacy of yoga based cardiac rehabilitation after coronary artery bypass surgery in patients of coronary artery disease with moderate-severe left ventricular dysfunction: a post-surgery follow up randomized controlled study, Cardiology/CTVS
21. To compare the Effectiveness of conventional therapeutic exercises with Yoga for chronic nonspecific Low Back Pain: A randomized comparative trial, Physical Medicine and Rehabilitation
22. To effects of yoga on dyspnoea, muscle strength, inflammatory markers and quality of life in patients with Bronchiectasis. A randomized controlled trial, Pulmonary Medicine
23. Yoga for ICD patients: A Randomized Controlled Trial to evaluate the Efficacy of Yoga on Psychological and Arrhythmic outcomes in patients with Implantable Cardioverter Defibrillators, Cardiology

Software Services and Education	IT Infrastructure and Network
• Hospital Information System • Online Appointment • Admission, Discharge and Transfer • E-Hospital Billing • Smart Cash Card • Laboratory Information System • RIS • Software Services • In-house Modules • Clinical Applications • E-Office • Employees Health Services Application (EHS) • AIIMS website: www.aiims.edu • Computer education classes for Undergraduate and Postgraduate Nursing students • Inventory Management System • Aadhaar Based Biometric Attendance System	• NKN connectivity for high speed Internet connection • Wi-Fi Coverage in Hostel buildings • In house Data Centre • Cyber Security

Hospital Information System (E-Hospital)

A Hospital Information System (HIS) serves as the backbone of modern healthcare institutions, facilitating the seamless integration of clinical, administrative, and financial processes. At AIIMS New Delhi, the implementation of a robust HIS has revolutionized healthcare management, enhancing efficiency, quality of care, and patient satisfaction. E-Hospital is a Hospital Management Information System which was developed by National Informatics Centre, the IT systems agency under the Ministry of Electronics and Information Technology. The software enables the digitisation of internal workflows and processes of hospital. E-Hospital is a workflow based integrated HIMS which address all major functional areas of a hospital.

Following are the modules implemented

- Patient Registration (OPD, Casualty, Appointments)
- Admission, Discharge and Transfers (ADT)
- Billing System
- Laboratory Information System
- Radiology Information System
- Inventory Management System
- Dietary services
- E-Blood Bank

E-Hospital is integrated with Ayushman Bharath Digital Mission (ABDM) ecosystem. ABHA number is a 14 digit number that will uniquely identify a person as a participant in India's digital healthcare ecosystem. Digitally secure ABHA allows patients to access and share their health records digitally. It's a step towards a more efficient, effective, and patient care.

Patient Registration

The patient registration module of the e-Hospital application is used for patient registration in the OPD and Casualty departments.

Online Appointments Stats (Ors And e-Hospital)

Particulars	2022-2023	2023-2024	2024-2025
New Patients	1101249	1185499	1131495
Follow up Patients	1679625	2265938	2507595

Admission, Discharge And Transfer Module

The ADT module commences when the patient is being registered and allocated bed in the ward. It deals with the treatment and services provided to the patient during his stay in the hospital.

The system facilitates patient's admission, allocation of ward and bed. It provides comprehensive data pertaining to admission of patients, ward and nursing management, allocation of beds, collection of advance, service entries of tests performed on the patient till the patient is discharged from the system.

It also tracks the movement of the patient when the patient is admitted in a ward, room, or ICU till the patient is discharged from the hospital.

FEATURES

Bill Settlement: This feature automates the patient's bills calculation based on the advance credit, auto calculating bed charges and service order entries, auto calculation of final bill generation and settlement due before the patient is discharged from the system.

Admission blocking feature: This feature is meant for auto blocking of admission in a particular department and unit if that particular department-unit has occupied emergency beds for more than 48 hours. System will not allow further admission in that department and unit till the patient on the emergency bed are transferred in their own departmental-unit ward beds.

Real time bed occupancy: ADT module is uniformly implemented in all the Centres and Blocks which helps in maintaining real time bed occupancy list.

Auto Discharge: The software also has features to allow auto discharge of short admissions patients from the system.

Online ADT Statistics For Period 2024-2025

Admissions	Transfers	Discharges
346267	104154	346195

E-Hospital Billing

The billing module handles all types of billing workflows. This module facilitates cashier and billing operators for managing billing functions related to bill receipts and refunds.

Patient can pay via cash or digital mode of payments. The system has been integrated with varied spectrum of digital modes of payments such as Debit Card, Credit Card, UPI, Smart Cash Card etc. in-line with the Digital India Mission of the honourable Prime Minister, thus, revolutionizing the way patients and visitors manage their financial transactions. Patients are being facilitated to make payments at Single Window Payment/Refund System across the AIIMS.

Online Stats For Period 2024-2025

Mode of Payment	No. of transactions
Credit Card	2162
Debit Card	21992
POS/UPI	50615

Smart Cash Card

Continued management of Smart Cash Card collaboration with the State Bank of India across the Institute for hospital and non-hospital payment. The implementation of Smart Cash Card at AIIMS, New Delhi, is a milestone to fulfill the commitment to providing technology-oriented healthcare/financial services. The Smart Cash Card does not require the user to have a bank account or a smart phone. Thus, is caters to the most marginalized section of society who visit AIIMS in masses. This innovative approach not only simplifies financial transactions but also contributes to a more streamlines and patient-centric healthcare ecosystem.

E-Hospital Laboratory Information System

The Lab module automates the manual procedures in the laboratories such as Ordering of tests and procedures on patient specimens, collection and accessioning of specimens into the LIS database, processing and analysis in appropriate department or work area, review and verification of results, reporting of results and/or diagnoses in clinical treatments.

A new version of e-Hospital Lab module is launched by the use of new technologies to make the process fast and also keeping in view the security aspects. All labs are going for NABL accreditation and accordingly, e-Hospital updates are in progress. The mechanism to link lab report with ABHA address has been completed in e-Hospital. Daily More than 2000 lab reports are linking with ABHA address and are available publically at ABDM dashboard. A feature to upload the PDF report in e-Hospital is available against the requisition done by the user.

Computer Facility has integrated over 58 labs across AIIMS.

Radiology Information System (Ris)

RIS, PACS, and Hospital Information Systems (HIS) are all critical components of modern healthcare infrastructure and Health IT, each serving a unique role. RIS systems specialize in the operational management of radiology departments, encompassing everything from patient scheduling to billing and report generation. In contrast, PACS is primarily concerned with the storage, retrieval and distribution of medical images, serving as a digital archive that replaces the need for physical film storage. HIS, on the other hand, is an overarching system that manages all the administrative and clinical information across the hospital integrating various departments and functions. While each system has its distinct functionalities, they often work in tandem to ensure a smooth, efficient and integrated healthcare experience.

Various investigations appointment scheduled via e-Hospital are listed under:

- Plain X-ray
- CT Scan
- MRI Scans
- Ultrasonography
- PET Scans
- Ophthalmic Radiology
- Mammography
- Angiography
- Dental X-rays

Appointment of radiological investigations is done through HIS e-Hospital system. Appointments are sent to RIS for scheduling using HL7 messages and RIS reports are sent back to HIS system using HL7 data transfer mechanism. The integration allows patients to access radiology investigation reports as and when required to be downloaded from Patient Portal.

Inventory Management System

Inventory Management Module allows systematic workflow based process to manage Hospital Inventory. It oversees and controls the inventory or supplies, availability, tracking, and utilization of medical supplies, equipment's, and consumables. The primary goal of inventory management is to ensure that the items are available in the right quantities, at the right time, in the right locations within the hospital.

Features

Monitoring And Tracking: System has features to accurately monitor and record inventory levels including item details, unit price, quantities, locations, batch numbers and expiration date.

Demand Forecasting: Historical data, patient trends, and other factors can anticipate future demand for supplies to ensure maintenance of appropriate stock levels.

Inventory Optimization: Inventory data identifies opportunities for improvement. This includes reducing excess stock, eliminating obsolete items, and implementing just-in-time inventory practices.

Indent Management System: Indenting rights are assigned to authorized personnel for Indent generation. The workflow consists of two levels of verification before the items are issued against an Indent. The system allows real time tracking of Indents. Indents have categories such as Routine Indent, JSSK Indent, EHS Indent, PM-JAY Indent, and LP Indent to differentiate the types of Indents.

Vendor Management: The system allows maintaining of list of vendors and their details in the system.

Lot And Expiration Tracking: The system allows tracking of drugs and pharmaceuticals expiry and near expiry items by using different colour coding schemes.

Workflow Efficiency: By providing real time visibility into inventory levels, the system enhances workflow efficiency.

Data Analysis And Reporting: Inventory Management System captures valuable data used for performance evaluation and decision-making. Reporting features enable to generate insights on inventory turnover, usage trends, and analytics. These insights help in data driven and efficient decision making.

Online Inventory Statistics For Period 2024-2025

Main Stores	Sub Stores	Indents Generated	Indents Issued
79	1106	115381	114864

Dietary & Laundry

The Dietary module automates the functions of dietary services provided to the patients in the hospital whereas the Laundry module automates the functions and workflows of laundry services in the hospital.

Blood Bank

The e-Blood Bank application facilitates the implementation of a complete blood bank management system. This module is in use at CNC Blood Bank only.

Patient Portal

All citizens and patients can book or cancel their appointments by visiting the patient portal: https::/ors.gov.in. Patients can also view and download their Lab and Radiology reports generated from the system and integrated with e-Hospital system.

Employees Health Services (Ehs) Application

Employees Health Services (EHS) Software system is an application for AIIMS employees availing EHS services and its associated record keeping such as recording and maintaining employee's health prescriptions generated in the EHS OPD. This system maintains all the employees' records and their dependents details that are eligible for EHS benefits in the EHS OPD.

The system allows registration of EHS patients in the EHS OPD and records the history of medicines prescribed. Medicines are also dispensed online via EHS Pharmacy counters. Medicines which are not available in the EHS pharmacy are sent for Local Purchase. LP Indents are automatically generated twice by the system and submitted in the online mode to the LP vendor. LP Medicines receiving and bills are also managed through the application.

EHS Registration and Prescription data for EHS beneficiaries for FY 2024-25 is listed below:

Centre Name	Online Registrations	Online Prescriptions
Main Hospital	228426	208847
Trauma Centre	15454	14051
NCI Jhajjar	11403	10611

Software Services

Computer Facility has a team of developers who continuously maintains, upgrade and develops various In-house modules. This team is providing software development and maintenance services to all the departments/sections of AIIMS New Delhi. The technologies used are Dot Net technology, Python programming language, and PostgreSql database.

The In-house modules are categorized under In-House Software and Clinical modules.

In-House Software

For administrative and back office automation, various In-house modules are developed, implemented and maintained by the Computer Facility.

In-House software developed in the year 2024-25 are given below

SANTUSTH: empowers users to voice concerns, resolving grievances promptly. It is accessible 24*7. Users can share their feedback seamlessly, thus helping us to enhance their healthcare experience.

Healthy Smile App: Healthy Smile app is a musical companion to your child during brushing. It is a Mobile App available on Google Play Store.

Patient Discharge Summary: Current Status: Live and operational in the Department of Emergency Medicine & CTVS. 100% digital recordkeeping, improving accessibility and long-term data storage. Real-time discharge summary generation improved turnaround time and patient satisfaction. Contributed to improved hospital workflow and staff productivity. 4000+ patients successfully discharged using the software.

HRMS (Human Resource Management System): The HRMS is a web-based solution developed to manage outsourced employees at AIIMS. It offers a centralized platform for onboarding, data management, and improving the efficiency and transparency of HR operations for contractual staff.

TRED (Triage Register for Emergency Department): TRED is a web-based application designed to enhance patient management and Operational efficiency in Emergency Departments. It centralizes patient records, supports triage processes, streamlines workflows, and provides real-time patient tracking and reporting.

Perspective Pain Management: The system is now live and running at IRCH, improving pain management during all stages of surgery.

Blue Baby Vaccination Record: The system is now live in the CTC, improving the management of infant vaccination records.

Department of Physical Medicine and Rehabilitation (PM&R): Managing 100+ patient entries daily with real-time prosthetic and orthotic records updates.

Ticket Management System: It automates ticketing tasks, ensuring faster resolution within one working day. Features like real-time updates, audit trails, and clear assignments improve transparency and accountability.

AIIMS Inter Referral System: A centralized platform enabling seamless patient referrals from AIIMS Bilaspur to AIIMS New Delhi and across the entire AIIMS network pan-India, ensuring coordinated and efficient inter-institutional care.

Vishram Sadan: A system for efficient room allocation to patients and attendants, based on a first-come, first-served basis. Doctors or designated referrers can add patients to the list. This reduces queueing and enhances the overall patient experience through streamlined management.

AIIMS Cycle (Cycle Management System): A streamlined platform for managing cycle requests and issues for employees and students. Users can request or surrender cycles at any cycle point, with approvals handled by designated admins. With a single active request policy and automated workflows, the system ensures efficient, transparent, and responsive cycle management across the AIIMS campus.

Paediatric Diabetes Registry: A dedicated platform for tracking, managing, and analysing data related to children with diabetes. It provides insights into patient demographics, treatment patterns, and outcomes.

Research Directory: A centralized repository showcasing on-going and completed research projects across AIIMS. It offers detailed researcher profiles and advanced search filters to connect users with relevant work and collaborators. The directory enhances research visibility and fosters collaboration within and beyond the AIIMS community.

Various Back-office software(s) which are being maintained across the Institute are listed below:

S. No.	Application Name
1	Online House Allotment
2	Hostel Allotment and Registration system
3	MSSO Rail Concession System
4	Letter of Intent and Award system for Engineering Services Department
5	Online Organ Donation Form
6	Online Transport System
7	Drishti (for Endo and RPC)
8	Cheque printing, RTGS and Reconciliation

Clinical Modules

Clinical modules upgraded in the year 2024-25 are given below

Neuro Bone Bank: This application is use to capture patient's demographic data, bone Details, Container Details, Box details, Shelves Details in units wise where the patient's bone are stored. With this application we will able to check container and box status whether it is vacant or occupied.

MRD System: Medical Record System Application is Designed and developed to maintain Patient Demographic Details, Patients Birth and Death Details, MRD File Movement and all Patients related Records.

EMLC BPS: e-MLC (Burns and Plastic) This Application is use to create patients MLC and Capture demographics Details, Diagnosis, Case History, Capture Patients Images and Generate MIS, MLC Card, MLC Print, Print Police Certificate etc.

Eye Bank: This Application Is used to capture patients Details, Generate Priority List, Maintain Patient Visit History, Schedule Donor and Receivers Priority List, Generate MIS etc.

EM Consultation Dashboard: This application is used to create patient waiting list in Emergency, Send Patient Consultation Reminder to Doctors, Add Doctors available on Duty in Emergency, Send Pending Patients Details to Doctors via SMS, Generate MIS, and Patients Visit Details etc.

Various Clinical module(s) which are being maintained across the Institute are listed below:-

S No.	Application Name
1	PDS MAIN
2	SMS APP
3	e-MLC Main Hospital
4	e-MLC RPC
5	e-MLC (BURNS AND PLASTIC SURGERY)
6	RPC TISSUE UTILIZATION
7	OCULAR PATHOLOGY RPC
8	e-Certificate RPC
9	EBC RPC
10	CNC LAB REGISTER
11	IRCH DAYCARE

12	VITILIGO
13	STUDENT WELLNESS
14	HEART TRANSPLANT WAITING LIST
15	e-BIRTH
16	e-CERTIFICATE AIIMS
17	BONE BANK (ORTHO & NEURO)
18	e-DEATH NOTE
19	ONCO ANAESTHESIA IRCH
20	OT MODULE
21	ADMISSION SLIP
22	ANTICOAGULANT REGISTRATION
23	e-CATHLIST
24	ADMIN FOR CREATING e-MLC USER
25	QAMHA
26	QAM AIIMS
27	ADMISSION SLIP NCI JHAJJAR
28	OT MODULE NCI JHAJJAR
29	e-DEATH NOTE NCI JHAJJAR
30	e-MLC NCI JHAJJAR
31	IRCH DIAGNOSIS

E-Office

The All India Institute of Medical Sciences (AIIMS) has adopted the e-Office platform as part of its ongoing efforts to promote efficiency, transparency, and paperless governance in its administrative functioning. e-Office is a digital workspace solution designed to streamline file management and official workflows in government institutions.

Through the implementation of e-Office, AIIMS has transitioned many of its administrative processes—such as file movement, approvals, note-sheets, and official correspondence—into a secure and centralized digital environment. This has significantly reduced paper usage, improved processing times, and enhanced accountability across departments. Continued management of e-Office and desk support with over 4000 e-Office accounts were created.

To ensure that all staff members are well-equipped to utilize the e-Office platform, AIIMS provides regular training sessions. These training programs are designed to keep staff updated on new features, enhance their understanding of the platform's functionalities, and ensure that the transition to digital workflows is smooth and efficient. Around 30 e-Office training sessions were conducted for different classes of employee of the institute.

The Institute has kept the e-office version upgraded from 07.03.2008 to 07.03.2011

Email ID ("@aiims.gov.in"): All India Institute of Medical Sciences (AIIMS) uses gov.in domain email IDs for official communication. These email IDs are provided to faculty members, administrative staff, and other authorized personnel to ensure secure, authentic, and professional communication within and outside the institution.

Nearly 'Ten Thousand' accounts were created on "@aiims.gov.in" domain for employee of AIIMS.

AIIMS Website (Https://Www.Aiims.Edu)

The official website of AIIMS New Delhi serves as a comprehensive digital platform, offering valuable information about the Institute's diverse range of healthcare services, academic programs, research activities, facilities, and public outreach initiatives. It connects patients, students, researchers, healthcare professionals, and the broader community with AIIMS's extensive resources, ensuring transparency, accessibility, and ease of engagement.

The website is maintained by the Computer Facility, which oversees all web-based services and infrastructure support, including security, uptime, content management, and backend operations. The following key activities were undertaken in 2024-25:

1. **Website Content Management and departmental collaboration:**
    - Regular updating, uploading, and creation of departmental webpages on request from various departments of AIIMS New Delhi.
    - Dissemination of official documents including notices, recruitment advertisements, and tenders etc.
    - Ensured visibility of critical announcements from the AIIMS administration.
    - Information about various events, conferences, workshops and circulars were circulated through content provider emails to all faculty members and staff.
2. **Google Workspace Email Services (@aiims.edu domain):**
    - Successfully managed Google Workspace email services for the @aiims.edu domain
    - More than 4000 email accounts were created and actively maintained for faculty, senior residents, junior residents, MBBS students, and scientists etc.
3. **Event Support:**
    - Ensure timely upload of event-related content, including photos, details etc. to enhance visibility of institutional activities such as AIIMS convocation, Institute Day, conferences, training programs etc.
4. **New Website development:**
    - A new website for AIIMS, New Delhi is currently under development. This new website shall be dynamic, bilingual, mobile first, fully accessible, GIGW compliant, secure website based on open source CMS platforms and its hosting, update, upgrade and maintenance for five years. This new website will be live in 2025.

The website of AIIMS New Delhi continues to be a critical interface between the institution and its stakeholders. Through continuous improvement, technical innovation, and cross-departmental collaboration, we aim to uphold the standards of excellence and service that define AIIMS as a premier medical institution.

Sms Services

Mobile Seva CDAC SMS Gateway services are used by the Institute for providing messages to various stakeholders such as:

- Patient's related SMSes such as Appointment details, Lab reports OTP etc.
- Examinations Section related messages
- Academic Section related messages to the students
- Blood Bank related messages to the blood donors
- Organ Donors details

Computer Education

Computer Facility has been regularly providing computer classes to the Undergraduate and Postgraduate Nursing students. Computer classes includes topics like Introduction to Operating System, Microsoft Office (Word, Excel, PowerPoint and Access), Introduction to HIS and Networking. Both physical and practical classes are carried out throughout the year.

It Infrastructure And Network

- Managed network infrastructure at Main Hospital, New OPD, Burns and Plastic Block, Surgery Block, Mother & Child Block, National Centre for Ageing Block and Private Ward-III at AIIMS, New Delhi.
- Actively support to installation and managing network infrastructure at CapFIMS & Trilokpuri New Delhi.
- Successfully managing network management after handing over at CDER extension, National Center for Ageing Block, New OPD, Burns and Plastic Block, Surgery Block, Mother & Child Block, National Centre for Ageing Block and Private Ward-III at AIIMS, New Delhi.
- Continued management of the wireless networking zones at around 18 hostel locations, creating Wi-Fi zones for internet, information and online journal access to students and resident doctors. Approximately 710 IDs were created for hostel users.
- Approximately 30 Fiber Cable new uplinks & 100 Wi-Fi Access Points installed at around 18 hostels.
- Approximately 250 new intranet/LAN connections were provided to faculty member, officers and staff of AIIMS.
- Installation and technical support to BB Dixit Library for management of Wi-Fi services at BBDL.

- Facility management for call maintenance of user's complaints and resolution available 24x7x365 days through help-desk of Computer Facility. Approximately 40,000 calls were handled during the year.
- VPN-based access mechanism for e-Hospital Module and other in-house application servers from outside AIIMS for connecting others centres of AIIMS.
- Continued management of secure tunnel for connecting NDDTC GZB, JPNATC and CRHSP Ballabgarh.
- The security measures like network segmentation, ACL, Port-security have been implemented across the managed network.
- Provided high speed NKN internet connectivity for various Seminars/ Conferences/ Video conference
- Continued management of the wireless networking zones at around 18 hostel locations, creating Wi-Fi zones for internet, information and online journals access to students and resident doctors.
- Centralized and secured Wi-Fi services also provided to BBDL users. Approximately 1000 IDs created for hostel and B.B. Dixit Library users.
- Technical support to for management of Wi-Fi services at BBDL.
- VPN based access mechanism for e-Hospital Module and other in-house applications for off campus centers of AIIMS.
- Continued management of secure tunnel for connecting NCI, NDDTC GZB, JPNATC and CRHSP Ballabgarh.
- Secure integration and operational readiness of the newly commissioned Central Armed Police Forces Institute of Medical Sciences (CAPFIMS), Maidan garhi, New Delhi—under the aegis of AIIMS through IPSEC tunnel.
- CAPFIMS has been on-boarded onto the NIC-hosted e-Hospital platform.
- Training and orientation sessions were conducted for CAPFIMS personnel to ensure smooth transition and optimal utilization of e-Hospital modules.
- Firewall devices were upgraded for security of AIIMS network.
- Continued management of firewall at AIIMS and its centers.
- End Point Detection and Response (EDR) installed across the campus.
- Network and Security Operation Centers were established for monitoring of network by 24x7.
- Continuous monitoring of cyber threats alerts and mitigation is being carried out.
- Security measures are being implemented for servers and endpoints.
- Conducted a series of Cyber Security Awareness Lectures for all employees of AIIMS.
- Co-coordinating with government cyber security agencies for effective monitoring and compliance of advisories.

Application Technical Support

Since 1 January 2025, the dedicated application technical support team has been actively providing comprehensive support services for both the e-Hospital and various in-house applications used at AIIMS New Delhi. The primary objective of the team is to ensure seamless functioning of critical hospital systems and enhance the digital experience for all end users across departments. The technical support executives are posted in all the centres of AIIMS, New Delhi for require technical support at end user level.

The support spans across core hospital domains, including Outpatient Department (OPD), Inpatient Department (IPD), Emergency Services, Stores, Blood Bank, Clinical Modules, and the Grievance Redressal Portal. The team ensures prompt resolution of technical issues, user queries, and work flow bottlenecks to maintain uninterrupted healthcare delivery. Additionally, the support staff closely coordinates with the software development and networking teams to escalate and address back-end or system-level issues efficiently.

An essential aspect of the team's role involves conducting regular training sessions for nurses, administrative staff, and other end users. These sessions are designed to build user capacity and confidence in effectively navigating the software modules, handling patient records, managing inventories, lodging grievances, and using decision-support tools.

Cyber Security

Ensuring Cyber Security measures at AIIMS New Delhi is crucial given the sensitive nature of the medical data and the critical infrastructure the institution operates. Here are some of the measures taken to ensure the confidentiality, integrity, and availability of its systems and data:-

- Firewall devices were upgraded for security of the AIIMS network.
- Continued management of firewall at AIIMS and its centers.

- Continued management of End Point Detection and Response (EDR) across the campus.
- Continued management of Network and Security Operation Centers for monitoring of networks by 24x7.
- Continuous monitoring of cuber threats alerts and mitigation is being carried out.
- Security measures are being implemented for servers and endpoints.
- Conducted Cyber Security Awareness Lecture for the employees of the Institute.

Aadhaar Enabled Biometric Attendance System

The NIC's Aadhaar enabled Biometric Attendance System (AEBAS) is an innovative solution aimed at enhancing efficiency and accountability in attendance management by leveraging Aadhaar biometric authentication. By implementing AEBAS at AIIMS New Delhi and CAPFIMS, the institution can streamline attendance tracking processes, improve accuracy, and ensure transparency.

Enrolment Process: Employees were enrolled in the AEBAS by linking their Aadhaar numbers with their biometric data. This involves capturing biometric information and validating it against the Aadhaar database to ensure accuracy. Employees registered in the AEBAS system are 8141.

11.6. Electron Microscope Facility

Department of Anatomy

Professor
TC Nag

Additional Professor
Subhash C Yadav

Associate Professor
Prabhakar Singh

Chief Technical Officer
Sandeep Arya

Senior Technical Officer
Chanda Panwar

HIGHLIGHTS

Electron microscope facility organized the 3rd National workshop on Electron Tomography of Biological Specimens" from April 22 to 26, 2024.

Dr. Subhash C Yadav was Elected as a Fellow by the Electron Microscopy Society of India.

EDUCATION

(i) EM classes (theory and practical) for M. Biotech 1st year students were conducted on 17.8.2024 to 11.9.2024.

(ii) EM classes (theory and practical) for Anatomy postgraduates were conducted from 16.9.2024 to 22.9.2024.

CME/Workshops/symposium/National and International Conferences

1. 3rd National workshop on Electron Tomography of Biological Specimens", April 22 to 26, 2024, 14 Participants.
2. Summer training program in electron microscopy, May 15 to June 14, 2024, 9 participants.
3. The 40th National Training Program in Electron Microscopy for Scientific Investigators, November 18 to 30, 2024, 17 Participants.

Visit to EM Facility

1. Forty students from Vasant Valley School, Vasant Kunj, visited EM facility [April 18, 2024].
2. Twenty students from Institute of Home Economics (DU), Dept of Biochemistry [May 6, 2024].
3. Dr D Kabiraj and Dr SA Khan from Inter-University Accelerator Centre, New Delhi [August 9, 2024].
4. Faculty members from Indira Gandhi Institute of Medical Sciences, Patna [August 22, 2024].
5. Sixteen PhD students from LV Prasad Eye Institute, Hyderabad [September 29, 2024].
6. Eighteen students and two faculty members from Starex University, Gurugram [October 14, 2024].
7. Students (37) and faculty (3) from Department of Zoology, Hindu College, DU [October 21, 2024].
8. Students (18) and two faculty members from Starex University, Gurugram [November 16, 2024].
9. Participants in 54th IPS-CON (AIIMS, New Delhi) visited EM lab on November 26, 2024.
10. Students (15) and four faculty members from the Department of Chemistry, Grace Valley College of Arts and Science, Maravattam, Kerala visited EM lab on January 29, 2025.

Departmental projects

Ongoing

1. An experimental study to understand the mechanisms of choroidal capillary death in aging eye with emphasis on involvement of macrophages and other immunocompetent cells.

2. Effect of continuous light exposure on the expression of NMDA receptors in rat retina.
3. Study of age-related changes in axonal cytoskeleton of the rat optic nerve.
4. To study the morphological changes in endothelin-1 induced capsular infarct model in rat brain.
5. Identification of HPV-16 induced cervical cancer cells from cytology samples.
6. The effect of binge alcohol consumption on myelination in the grey matter of the prefrontal cortex of adolescent rats

Completed

1. An investigation into the status of expression of sensors of unfolded protein response in rat retina due to iron accumulation.
2. To study the morphological changes in endothelin-1 induced capsular infarct model in rat brain.

Special laboratory facilities

During the last three years, the following laboratory facilities were provided for research and patient care:

Facility	2022-2023	2023-2024	2024-2025
TEM (User number)	549	886	924
TEM (Sample number)	3770	3737	3462
SEM (User number)	162	160	183
SEM (Sample number)	773	859	755

Publications

Journals: 15 **Abstracts: 02** **Chapters in Book: 02**

Publications for last 3 years

Item	2022-2023	2023-2024	2024-2025

11.7 Hostel

Superintendent of Hostels

Sanjay Kumar Rai (CCM)

Deputy Superintendents of Hostel

Tanuj Dada (Ophthalmology)
Rakesh Kumar (E.N.T.)
Vijay Sharma (Orthopedic (Trauma Centre)
Bhupinder Kaur
(Chief Nursing Officer (Office)

Raj Kumar Yadav (Physiology)
K.H. Reeta (Pharmacology)
Harshal Ramesh Salve (C.C.M.)
Cecilia M. S. (College of Nursing)
(Retired on 30/04/2024)

Sr. Administrative Officer (Hostels)

Uttam Chand

Accounts Officer (Hostels)

Amit Kumar

Store Officer (Hostels)

Yatender Meena

Senior Warden (Hostels)

Mohan Kumar Sharma

Subordinate Staff

11 Hostel Wardens (Sr. Wardens, Wardens, Dy. Wardens, Asstt. Wardens & Jr. Wardens), 7 Ministerial staff (02 store keeper, 01 J.A.O., 04 S.A.A.), 13 Contractual staff (01 Prog. Asstt. & 12 D.E.O.), and subordinate staff including 14 male Office Attendants (7 male office attendants & 7 MTS outsourced) and 22 female Office Attendants (2 female office attendants, 2 Hospital attendants, 1 Animal House attendant, 7 Sanitary attendant & 10 MTS outsourced) are posted in different Hostels under Hostel Section. The AIIMS has several halls of residents with a capacity of over 2027 (approximate) single/double/triple rooms, 262 married accommodations, 434 accommodations for nursing students/staff nurses and 24 guest rooms. These are spread over different hostels and residence in the AIIMS Main Campus, Masjid Moth, JPNATC Hostel (Raj Nagar).

List of existing total hostels & total strength (Total Hostel Strength = 2723)

Undergraduate Gents Hostels:

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three seater	
1.	Hostel No 1 (Charak Hostel)	67	---	67
2.	Hostel No 2 (Jivak Hostel)	57	---	57
3.	Hostel No 3 (Sushruta Hostel)	77	---	77
4.	Hostel No 4 (Madhava Hostel)	63	---	63
5.	Hostel No 5 (Nagarjuna Hostel)	59	---	59

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three seater	
6.	Hostel No 6 (Vagbhatta Hostel)	77	---	77
7.	Hostel No 7 (Ashwini Hostel)	---	107 × 2 = 214 (MBBS)	214
8.	Hostel No 18 (Kashyap Hostel)	---	13 × 3 = 39 & 2 × 1 = 2 (BSc)	41
Total		**400**	**255**	**655**

Undergraduate Ladies Hostels:

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three/Four/Five/ Six seater	
1.	Hostel No 09 (Parvati Hostel)	6 (MBBS)	6 × 2 = 12 (B.Sc.)	18
2.	Hostel No 10 (Saraswati Hostel)	108 (MBBS)	4 × 1 = 4 (B.Sc.)	112
3.	Hostel No 11 (C-II Flats 10 to 14) (Akshara Hostel)	---	5 × 2 = 10 15 × 3 = 45 (M.B.B.S.)	55
4.	Hostel No 11 (Old) (Akshara Hostel)	---	17 × 2 = 34 3 × 1 = 3 (M.B.B.S.)	37
5.	Hostel No 13 (Laxmi)	32 (MBBS)	2 × 2 = 4 3 × 1 = 3 (B.Sc.)	39
Total		**146**	**115**	**261**

Postgraduate Gents Hostels:

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three Seater	
1.	Hostel No 8 (Bharadwaj Hostel)	108	-	108
2.	Hostel No 12 (Dhanwantri Hostel)	72	-	72
3.	Hostel No 14 (Atreya Hostel)	46	-	46
4.	Hostel No 16 (Agnivesa Hostel)	10	-	10
5.	Hostel No 18 (Kashyap Hostel)	283	9 × 2 = 18	301
6.	Hostel No JPNATC	58	-	58
Total		**577**	**18**	**595**

Postgraduate Ladies Hostels:

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three/Four/Five/Six seater	
1.	Hostel No 09 (Parvati Hostel)	62	13 × 2 = 26	88
2.	Hostel No 11 (Old) (Akshara Hostel)	10	---	10
3.	Hostel No 14 (Atreya Hostel)	98	---	98
4.	Hostel No 19 (Patanjali Hostel)	292	14×2 = 28	320
Total		**462**	**54**	**516**

Postgraduate and Undergraduate Girls Nursing Students Hostel:

S. No.	List of Hostels	Type		Total Strength
		Single	Double/Three/Four seater	
1.	Hostel No 15 (Medha Hostel)	160 (Student)	106 × 2 = 212 14 × 3 = 42 4 × 4 = 16	430
		04 (Nursing Officer)	---	04
Total		**164**	**270**	**434**

Married Postgraduate Hostels:

S. No.	List of Hostels	Married	Total Strength
1.	Hostel No 14 (Atreya Hostel)	42	42
2.	Hostel No 16 (Agnivesa Hostel)	160	160
3.	Hostel No 17 (Ambuja Hostel)	54	54
4.	Hostel No JPNATC	06	06
Total		**262**	**262**

1. Shops & Establishments

Various Mess/Cafes & Shops are provided in hostels located at Ansari Nagar, Trauma Centre & Masjid Moth, details of which are mentioned below:-

A. Shops:-

i. No. of General store =5 nos (One each in Gents hostel, Ladies hostel, Hostel No. 14,15 & 16)

ii. No. of Barber shop =2 nos (One each in Gents hostel and Hostel No. 14)

iii. No. of Tailor shop = 3 nos (One each in Gents hostel, Ladies Hostel & Hostel No. 14)

iv. No. of Juice shop = 1 nos (In Gents hostel)

v. No. of Dhobi shop = 4 nos (One each in Gents hostel, Ladies Hostel, Hostel No. 14 & 18)

vi. No. of Computer typing shop = 2 nos (One each in Gents hostel and Hostel No. 14)

vii. No. of Book shop = 1 nos (In Gents hostel)

viii. No. of Photostat shop = 3 nos (One each in Gents hostel, Ladies Hostel & Hostel No. 14)

ix. No. of Mobile courier shop = 1 nos (In Gents hostel)

x. No. of Coffee shops = 1 nos (In Gents hostel)

xi. No. of A/C Coffee Shop 24x7 = 1 nos (In Gents Hostel)

xii. No. of Beauty Parlour shops = 1 nos (In Ladies hostel)

B. Mess/Café

i. Number of Cooperative mess run by Student bodies = 15 nos (Hostel No. 1 FF, Hostel No. 2 FF, Hostel No. 4 GF & FF, Hostel No. 5 GF, Hostel No. 7 GF & SF, Hostel No. 8 GF & FF, Hostel No. 9 GF, Hostel No. 10 FF Hostel No. 12 (RPC-I) GF, Hostel No. 14 GF, Hostel No. 15 GF and JPNATC GF)

2. Student's Wellness Centre

1. Main Campus

a. Student wellness Centre services are available at room no. 11, (Opposite Hostel No. 7 Ashwini Hostel), Gents Hostel, AIIMS.

b. Common Room 1st Floor, Hostel No. 9 Parvati Hostel, ladies hostels, AIIMS.

2. Masjid Moth Campus

Common Room (2/II), Second Floor, Hostel No. 19 (Patanjali Hostel) Masjid Moth.

3. Trauma Center Campus – in the Trauma Center

Significant Events

1. Civil Work

Renovation

1. Renovation work has been done in the cooperative mess of the first floor of Hostel No. 2 and Hostel No. 4 GF.
2. Hostel No. 5-Renovation work has been done in Music Room.
3. Hostel No. 5-Renovation work is going on in café.
4. Renovation work has been done in approx. 83 rooms in hostel no 1 to 6 and approx. 51 rooms in Hostel No. 7.
5. Hostel No. 7-Renovation work is going on in 50 rooms.
6. Hostel no. 9- Cabin was made near the main gate and coffee machine and fruit/general food items vending machine was installed. Sofas, fans, flower pots and lights were provided for the convenience of the occupants.
7. Provision of table, chair, almirah and small home theatre speaker was made in the recreation room of hostel number 10 and the welfare centre of hostel no. 9.
8. Hostel no.10-Beauty parlor shop was renovated and allotted.
9. Hostel no. 13- Renovation work was done in the common room and guest room. Room no. 117 was converted into a double seater and allotted. TT table was provided in recreation room no. 1.
10. Hostel no. 11 (old Akshara Hostel)-10 rooms on the first floor are temporarily allotted to PG girl students.
11. Work of constructing fire exit stairs for emergency situations has been done in Hostel no. 12 and hostel no. 13.
12. Hostel no. 12- an almirah was made in the guest room and the door of the guest room & gate behind the mess were also replaced and renovation work in the toilets is going on.
13. Hostel no. 14- new almirah provided in single room no. 702 & 703 and repair work has been done in room no. 620 and changing room of security dept. and fire safety dept. and renovation work has been done in all the shafts of the hostel.
14. hostel no. 15- renovation work done in SNA office, room no. 105, 106, 108, 109, 314, 316, 603, 604, 605, 611 & 616 of N-side, mess hall, replacement of 32 windows, whitewash in 150 rooms, repair and whitewash of outer area and replacement of fencing of back wall.
15. Speed breakers have been made in front of hostel no. 14 & 15.

16. Hostel no. 16- plaster work and whitewash done, installation of grill all around the hostel, renovation of lavatory on the ground floor and making water troughs for the sanitation staff.

18. Hostel no. 18- Making of reading room and soundproof music room is done. Grills have been installed in the stairs on the first floor of the hostel and balcony doors have been replaced on the seventh floor.
19. Hostel no. 19-Girls changing room made, new water tank on roof installed, 3 steel racks provided, 170 rooms have been whitewashed, iron mesh has been installed on both sides of the first floor and steel gate has been installed behind the hostel for entry and exit to the hostels of Masji Moth from the side of NCA, Surgical Block, etc.
20. JPNATC hostel- new steel doors have been installed in the balconies of all three floors, old pipelines of all toilets have been replaced and renovation work has been done in the badminton court.

3. Electrical work

1. Hostel no. 14- New lights have been installed from the first floor to the seventh floor where the lights were not working.
2. Hostel no. 19-Electrical renovation work has been done in five rooms.
3. JPNATC Hostel-Work of replacing corridor lights is going on.

4. Air Conditioning

1. Hostel no. 15-Work of installing a new RO plant has been done.
2. Hostel no. 18- work of installing AC in the reading room and music room and water cooler on the roof has been done.
3. Hostel no. 19-Work of installing 2 ACs' in 3/2 general rooms has been done.

5. Works done by hostel store

1. 5 computers in hostel no. 7, 14 & Trauma center.
2. 15 revolving chairs in hostel no. 7,9,10,18 & trauma center.
3. 2 Photocopy machines and 50 cash receipt books in hostel no. 7 (main office).
4. 50 visitor chairs in hostel no. 1,2,15 & 19.
5. 65 single beds in hostel no. 9,10 & 18.
6. 2 blankets in Hostel no. 9 & 10.
7. 25 beds in hostel no. 17.
8. 9 oil heaters in hostel no. 7,9,10,14 & 19.
9. 1 home theater in hostel no. 9 &10.
10. 2 kettles in hostel no. 7 & 18.
11. 1 conference table in ASA office of hostel no. 1.
12. 3 trolley for hostel no. 7,10 & 14.
13. Photocopy machine was repaired in hostel no. 14.
14. 20 reading tables and 40 library chairs in hostel no. 18 & 19. All the above mentioned items were provided by the hostel store.

7. Works to be done in future

1. Hostel no. 1 to 6-Renovation work of about 95 rooms is to be done.
2. Hostel no. 7-Renovation work to be done in 55 rooms.
3. Hostel no. 1-Renovation work to be done in page turner library.

4. Hostel no. 2-Renovation work to be done in laundry shop.
5. CCTV cameras are to be installed on all floors of hostel no. 1 to 5 and 8.
6. In hostel no. 14, the windows of the fire exit stairs to be replaced and new doors to be installed on the roof from the 1st floor and 4th floor to7th floor and renovation of married rooms 232 & 717, repair work is to be done in married room 523 due to seepage problem and repair work of the outer walls of the mess is to be done.
7. Hostel no. 15-Whitewash of corridor, renovation of 22 rooms on N side, control room and covering of 6 roofs is to be done.
8. Hostel no. 16-Whitewash to be done, renovation work to be done in reading room and provision of WiFi is to be made.
9. Hostel no. 19- plaster and whitewash of the outer area of hostel, installation of grills on the stairs and windows on both sides from the 2nd floor to 10th floor, replacement of emergency doors of the roof and ground floor and installation of cameras in those areas of hostel which are not covered by camera.
10. Tender process for book shop, computer typing shop, photocopy shop, tailor shop, mobile shop and laundry shop is to be done by the hostel store.

11.8 Office of the Ethics Committee

Date: 03.07.2025

This is with reference to the submission of annual report for the year 2024-25 the total number of Project proposal and Thesis Protocol submitted and discussed in the Ethics committee for above mentioned academic year are mentioned below:-

Meetings:

- **The number of meetings of Institute Ethics Committee was as follows:**
  - Institute Ethics Committee: **13**
  - Institute Ethics Committee for post graduate

Research for Basic & Clinical Science: **12**

- **The number of project reviewed by the institute ethics committee was as follows:**
  - New Project Proposal: **1050**
  - Review Project: **511**
  - Old Projects: **444**
- **The number of project reviewed by the Institute Ethics Committee for post graduate Research for Basic & Clinical Science was as follows:**
  - New Thesis: **914**
  - Review Thesis: **336**
  - Old Thesis: **159**

In addition, the Institute Ethics Committee continues to receive notifications of serious adverse reactions, serious adverse events, annually progress report and completion report etc.

The Institute Ethics Committee's Standard Operating Procedures (SOP's) were modified as per the need and available on the AIIMS website.

SIGNIFICANT EVENTS

The Institute Ethics Committee and Institute Ethics Committee for Post Graduate research for Basic & Clinical Science were registered with DCGI and FWA

HIGHLIGHTS

The activities of the **Centre for Medical Education Technology & Innovation (CMETi)** can be broadly classified into two main categories:

1. Training Programs

CMETi has played an instrumental role in enhancing academic and professional development within AIIMS by organizing a variety of training initiatives. These programs have been designed for:

- **Faculty Members**
- **Senior Residents/Junior Residents**
- **UG Students**

To date, CMETi has successfully conducted **19 workshops** in collaboration with various AIIMS faculty members. Additionally, CMETi provides its **dedicated halls and infrastructure** for other departments to host **workshops, conferences, and Continuing Medical Education (CME)** programs.

2. Media Support Services

Media support at CMETi is **client-driven**, tailored to meet the diverse needs of faculty, residents, and students. Although no predefined targets are established, CMETi consistently surpasses expectations through timely and high-quality service delivery. Operations are managed in a **hybrid working model** for maximum flexibility and efficiency.

Media Support Highlights:

- **Video Recording & Editing Requests**: 323
- **Photography & Scanning Requests**: 345
- **Graphics Design & Printing Tasks**: Over 2000 requests, including:
  - Large-format poster designs
  - e-Posters
  - On-screen presentations

Facilities Extended:

- CMET extended logistic support to various departments of AIIMS to organizeworkshops/CME apart from its own programme. In this financial year CMET facility was booked for 146 days.
- CMET provided venue, technical support including audio-visual and computer facilities to the other departments for conducting these Workshops, Conferences & departmental activity**.**

Major Highlights

69th Institute Day Celebration: 25 September 2024

The theme of the exhibition was: **Innovation in Healthcare & Medical Education"**, the content for 106+ physical posters of 36x60 inches were provided by various departments. These posters are later designed and printed by CMETi graphics team, and six video stations were placed on display. The exhibition was inaugurated by Mr.Prataprao Ganpatrao Jadhav, Minister of State for Health and Family Welfare, in the presence of the Director AIIMS, Professor M Srinivas.

77th Independence Day Celebration at AIIMS: Photography & Videography of the event from the central quadrangle of AIIMS was arranged by CMETi Team using a multi-camera setup & other various programmes of National Importance.

4th AIIMS Research Day: On the 4th AIIMS Research Day on 30th January 2025, an exhibition was organized by the Research Section in collaboration with CMETi, in which 550+ posters were displayed along with 18 live demonstrations of innovations made by faculty and scientist of AIIMS. CMETi graphics team designed the template for the poster and assisted SRs, JRs, Ph.D., MBBS, MSc and Nursing Students get them edited and printed well in advance and managed the exhibition including display. CMETi Audio video team also arranged a day-long live telecast of proceedings of scientific presentation by the SRs, JRs, Ph.D., MBBS, MSc and Nursing Students and eminent guest scientists.

RPC Foundation Day: An exhibition of posters was organized during 8-10 March 2025. CMETi designed and printed 38 posters highlighting the research and other achievements of RP Centre.

49th Convocation of AIIMS: CMET photography team took around 3200+ high resolution photographs of the Annual Convocation of AIIMS, held at Bharat Mandapam on 21 March 2025. All the photographs were uploaded on AIIMS website www.aiims.edu, and made available to the students free of cost

1. First Aid in Common Emergencies **(For undergraduate students)**, Full Day, 6 August 2024, 40, Dr. Rakesh Garg
2. Basic Course in Medical Education **(For Faculty)**, Three Full Days, 29-31 August 2024, 25, Dr. Mohit Joshi
3. Curriculum design and framing of objectives **(For SRs)**, Half Day, 5 October 2024, 43, Dr. Mohit Joshi, Dr. Nasreen
4. Microteaching Workshop **(For SRs),** Half Day, 19 October 2024, 22, Dr. Akshay, Dr. Tony
5. How to frame MCQs **(For SRs)**, Half Day, 26 October 2024, 27, Dr Kalpana Luthra, Dr. Ritu Sehgal
6. Microteaching Workshop **(For SRs),** Half Day, 09 November 2024, 15, Dr. Tony, Dr. Asmita Patil
7. Assessment in Medical Education **(For Faculty, Scientists and SRs)**, Full Day, 21 November 2024, 27, Dr. Anu Sachdeva
8. Assessment of Practical/Clinical skills: OSPE & OSCE(**For SRs)**, Half Day, 14 December 2024, 38, Dr. Simran Kaur, Dr. Mohit Joshi

11.10. Clinical Epidemiology Unit, AIIMS New Delhi (2024–2025)

Faculty-in-charge – Professor Anand Krishnan, Centre for Community Medicine

The Clinical Epidemiology Unit serves as serve as an inter-departmental facility to build capacity in epidemiology, conduct relevant research. Its vision is to "Build Epidemiological Capacity of AIIMS Staff to Generate Evidence for Strengthening Patient Care at AIIMS". It undertakes multiple activities, including Workshops, Guest Lectures, and Open Houses.

1. Workshop on Cohort Studies: Design, Methods, and Analysis

The Clinical Epidemiology Unit conducted a full-day workshop series on "Cohort Studies: Design, Methods and Analysis" from 5 March 2024 to 2 April 2024, held on all Tuesdays at CMET Education Hall. The workshop received 29 registrations with 20 faculty members attending the sessions.

The resource faculty for the workshop were Dr Anand Krishnan, Dr Sumit Malhotra, Dr Deepti Vibha, Dr Harshal Ramesh Salve and Dr M Kalaivani. The series included expert guest lectures by extramural faculty covering key methodological and applied aspects of cohort studies, as below:

a. Exposure measurement: single/repeated/environmental (Dr. Kameshwar Prasad)

b. Survival Analysis (Dr RM Pandey, ICMR)

c. Introduction to Garbh-Ini Cohort (Dr Shinjini Bhatnagar, THSTI)

d. Introduction to CARRS Cohort (Dr D Prabhakaran, CCDC)

e. Introduction to Biobanking (Dr Pallavi Kshetrapal, THSTI)

f. Data analytical challenges in cohort studies (Dr Siddhartha Mandal, CCDC)

2. Workshop on Case-Control Studies: Design, Methods, and Analysis

The Clinical Epidemiology Unit conducted a half-day workshop series on "Case-Control Studies: Design, Methods and Analysis" from 21 January 2025 to 18 February 2025, held on all Tuesdays at CMET Education Hall. The workshop received 53 registrations with 24 faculty members and PhD scholars attending the sessions.

The resource faculty for the workshop were Dr Anand Krishnan, Dr Sumit Malhotra, Dr Deepti Vibha, Dr Partha Haldar and Dr M. Kalaivani. The series included expert guest lectures by extramural faculty covering key methodological and applied aspects of case-control studies as below:

a. Mendelian Randomization (Dr Gagandeep K Walia)

3. Open House: How to frame a research hypothesis?

An Open House on "How to Frame a Research Hypothesis" was conducted by the Clinical Epidemiology Unit on 24 January 2025 (4:00–5:00 pm) at the CMET Technology Hall.

The resource faculty for the session were Dr Deepti Vibha and Dr Sumit Malhotra. It was attended by 63 participants and focused on practical guidance for developing clear and testable research hypotheses.

4. CEU also coordinates Fellowship in Research Methods and Evidence-Based Medicine. During this period, three fellows were enrolled in the fellowship.

5. CEU also hosts the Census Data Workstation of the Delhi Census Office. It was used for analysis of Data Prevalence and Pattern of disability among Tribal population of West Bengal, Maharashtra, Tamil Nadu and Uttar Pradesh: A review of census data 2011.

Digital Public Health Awareness Initiatives – AIIMS, New Delhi

Multi-Platform Health Communication

To enhance public awareness, we leveraged digital platforms including **Twitter (X)** and **Instagram**, using engaging content formats such as:

- **Reels**, **Infographics**, **Lectures**, **Animated Shorts**, **Podcasts**, **Myth vs Fact**, and **Carousels**

Expert-Led Health Topics

In collaboration with **16 AIIMS experts**, we developed content on 21 Key health topics, covering seasonal and chronic conditions:

Health Topic	Expert
Mpox, Dengue	Dr Piyush Ranjan
Flu Shots, Winter & Diwali Dos & Don'ts	Dr Neeraj Nischal
Breast Cancer	Dr Suhani
Rheumatoid Arthritis, Autoimmune Diseases	Dr Uma Kumar
Glaucoma	Dr Tanuj Dada
Osteoarthritis	Dr Vijay Kumar
Vitamin D Deficiency	Dr Ravinder Goswami
Vision Issue, Blindness & Visual Impairment	Dr Praveen Vashist
Blood Donation FAQs	Dr Hem C. Pandey
Liver Diseases (Fatty Liver)	Dr Shalimar
Lifestyle Diseases, Male Infertility	Dr Rima Dada
Tobacco use	Dr Sonali Jhanjhi
Obesity	Dr NK Vikram
Substance Abuse in Women	Dr Piyali Mandal
Autism Spectrum Disorder	Dr Sheffali Gulati
Tuberculosis (World TB Day special)	Professor M Srinivas

Strategic Content Pillars

- Visually engaging formats: reels, carousels, infographics
- AIIMS expert-verified, narrative-driven storytelling
- Real-time content amplification aligned with global and national health observances
- Bilingual communication to reach broader and diverse communities

- Use of mascots, polls, interactive posts, and user-generated content (UGC)
- Focused digital strategies to enhance social media platforms and engage public awareness on seasonal diseases and common health disorders
- **Campaign Highlights**
- **Independence Day –** "Let wellness set you free" campaign with expert wellness tips, polls, and audience engagement
- **Eye Donation Week –** Awareness through testimonial videos and myth-busting infographics
- **Dussehra (#BurnTheHealthEvils) –** Doctors symbolically burn lifestyle evils; followers join the challenge
- **World Heart Day –** Animated explainer videos with Dr.Diljeet on recognizing symptoms of a heart attack
- **Breast Cancer Awareness Month –** Expert-led myth busting, partnership with Department of Surgical Disciplines
- **Obesity Day –** Informative posts on BMI, healthy eating, physical activity, and yoga practices
- **WHO-Affiliated Health Days (Observed at AIIMS)**
- World Health Day
- World AIDS Day
- World No Tobacco Day
- World Mental Health Day
- World Glaucoma Week
- World Autism Awareness Day
- World TB Day

AIIMS Expert Podcasts

- Dr Shefali Gulati – Pediatric Neurology & Autism
- Dr Manjari Tripathy – Epilepsy
- Dr Tanuj Dada – Glaucoma Awareness
- Dr Rajeev Kumar – Urology

Special Community Initiatives

- **Kendriya Vidyalaya Outreach –** Promoting nutrition and balanced diets among school children
- **COVID Warriors Tribute –** Artistic tribute by Marcos Lutyens in collaboration with WHO & Global Scrub Chair
- **Director and Media Interactions –** Spearheaded press outreach and expert visibility, fostering public trust in institutional health messaging. Media briefings and Director-led statements helped amplify AIIMS's role in public health narratives across major platforms.

Press Releases & Institutional Highlights

Over **35 press releases** were issued, showcasing major achievements, initiatives, and innovations by the institution:

1. Srjanam Biomedical Waste Rig launch
2. 49th AIIMS Convocation Ceremony
3. Glaucoma Week insights (Community Eye Health)
4. Prof. Srinivas honored for Good Governance
5. Intra-Mural Transport Launch
6. Obesity Awareness Call-to-Action
7. Srjanam re-launch
8. 69th Institute Day –Innovation in Healthcare
9. Aggressive Leukemia Recovery Success Story
10. Clean Campus Staff Appreciation
11. Faculty & Research Space Expansion

12. Ayurveda Day Celebrations
13. Clarification on Doctor-Attendant Incident
14. CATH Lab Upgrade
15. CWMS Implementation
16. Patient Diet Feedback System
17. Digital Cafeteria Payments
18. ECG Service Streamlining
19. EHS Daycare Launch
20. Facial Recognition for Visitors
21. Faculty Development Support
22. Hostel Faculty Infrastructure
23. Local Purchase Digitalization
24. Luggage Locker Installation
25. Millets Canteen Inauguration
26. Valet Parking Rollout
27. Proactive Disclosure Policy
28. MCH Block Private Ward Opening
29. Imaging Report Access Simplified
30. World Sickle Cell Day with MoTA
31. Seamless Patient Connectivity
32. Women's Self-Defense Training
33. Transport System Overhaul
34. Peace & Mindfulness Concert

Key Milestone

AIIMS Delhi's official X (Twitter) account surpassed **100,000 followers** in 2024, reflecting trust, engagement, and impact.

4.	21 May 2024	Heat Related Illness	CCM
5.	24 May 2024	High Blood Pressure	CCM
6.	3 June 2024	Multiple Sclerosis	Neurology
7.	15 July 2024	Myths about Cosmetic Surgery & Hair Transplantation	Burn & Plastic Surgery
8.	29 July 2024	Hepatitis in India	Gastroenterology
9.	13 August 2024	Vitilgo (Leukoderma)	Dermatology
10.	10 September 2024	Air Pollution & Health Impacts	CCM
11.	30 September 2024	Breast Cancer Awareness	Surgery
12.	9 October 2024	What should you know in Blindness Prevention	RPC
13.	15 October 2024	Advance Care Directive & Living Will	Dr. BRAIRCH
14.	28 October 2024	Stroke	Neurology
15.	8 November 2024	Burns Injuries	Burn & Plastic Surgery
16.	19 March 2024	Pediatric Rheumatic Disorders	Division of Rheumatology & Clinical Immunology Dept. of Pediatrics

Protocol Division Facilitation Extended to National & International Delegation

Sl.No.	Date	Title	Visit Palce
1.	1 April 2024	Initial meeting on visit of three members delegation from Keele University, UK at AIIMS, New Delhi	Dean's Committee Room, Academic Section
2.	4 April 2024	Concluding meeting on visit of three members delegation from Keele Univesity, UK at AIIMS, New Dehi	Dean's Committee Room Academic Section
3.	17 September 2024	Meeting on visit of 34 Civil Servants from Maldives at AIIMS, New Delhi	Dr. Ramalingaswami Board Room
4.	24 March 2025	Meeting with a delegation from Netherland to discuss sustainable and reliable cooperation in the fields of pharmaceutical products and medical technology at AIIMS, New Delhi	Dr. Ramalingaswami Board Room

11.12. National Medical Journal of India

Annual Report for 2024

The *National Medical Journal of India* (NMJI) is a general medical journal, published by the All India Institute of Medical Sciences, New Delhi, India (AIIMS). The journal began publishing in 1988 and has been publishing continuously since that date. The NMJI is peer-reviewed with print and online publication, and its full text (platinum open access) is available online at http://www.nmji.in. The journal is funded by a grant from AIIMS, and there are no fees for article submission, publication or access.

The NMJI is indexed in Medline® and Science Citation Index Expanded®. It was among the first journals from India to be included in Medline® in January 1992. The journal is published bi-monthly. It received over 1600 manuscript submissions in 2024 with an overall acceptance rate of 11%. The journal follows a double-blind peer review system through its online manuscript handling system. The journal is also indexed in Google Scholar, ProQuest, ReadCube, CrossRef, Portico and EBSCO.

The editorial board of the NMJI includes current and former editors of some of the most prominent international journals including the British Medical Journal, Annals of Internal Medicine, The Lancet, Journal of American Medical Association; representatives of organizations such as the World Association of Medical Editors (WAME) and the International Committee of Medical Journal Editors (ICMJE), and eminent Indian and international biomedical scientists.

Former editors of the journal include Prof Samiran Nundy, Prof K Srinath Reddy and Prof Peush Sahni. The NMJI is currently one of the member journals of the ICMJE, the first and sole journal from India on this committee. The journal is known for its strong focus on ethics and quality and reflects the culture and commitment to excellence that AIIMS New Delhi stands for.

Rajeev Kumar
Editor NMJI

Function of Finance Division (FD)

The Institute gets grants under the Heads Salaries, General & Capital Creation from the Government of India, Ministry of Health and Family Welfare. In addition, grants are received for National Drug Dependence Treatment. Besides, extramural grants are also received from various external funding agencies such as ICMR, DST, CSIR, WHO, UNICEF, DBT, etc. for various research projects. Grant received from the Government of India under these three heads and other agencies are further allocated to various Centres/Departments/Research Projects as per their projection/requirements.

Finance Division of the Institute monitors/controls the expenditure against the above funds/budget by obtaining monthly expenditure from the respective centers/units/departments and also administers day to day financial matters, payment of salaries to faculty and staff, payment of personal claims, pension and GPF in respect of the employees of the institute. At the time of making the payment, all the checks as prescribed by the Government of India are being exercised by the respective DDOs cum Accounts Officers.

The other main function of Finance Division are:

Budget-related: FD's Budget wing is responsible for calling for annual requirements from various Centres/Departments/ Divisions to formulate projection for next year. Once approved by Parliament in Annual Budget, the same is intimated to AIIMS by MoHFW. Budget for FR 2024-25 was as follows:

2024-25 (Amount in Rs Crore)

Head of Accounts	BE	RE	Actuals Expenditure
Grants-in-Aid: Creation of Capital Assets	400	490	490.00
Grants-in-Aid: General (including SAP)	1533	1699.32	1699.32
Grants-in-Aid: Salary	2590	2720.14	2691.38
Total	**4523**	**4909.46**	**4880.70**

*Excess Expenditure met out from Institute's Reserve & Surplus.
** As per RE 2550.00 crore was received in GIA Salaries against which unspent transferred to Scheduled Commercial Bank account for making payment of salary for the month of March, 2024 to be paid in April, 2024.

Project Formulation & Appraisal: Institute is growing in terms of load of patient-care, medical education & research. There are several ongoing projectof very high value and critical to carry out the mandate of AIIMS. The FD assist the Director, Standing Finance Committee& Governing Body of AIIMS and MoHFW/Government in ensuring compliance, prioritization and oncurrence of projects.

Financial Concurrence: There are proposals on account of procurement of Machinery & Equipment, Rate Contract for chemicals, medicines, consumables, contract for works &services etc. received in FD for financial concurrence/advice. The scrutiny by FD is critical to ensure best value for money to public exchequer.

Scrutiny of bills for payment: Bills on account of personal claims, procurement of good & services through GeM,tendering etc. are processed and paid. While making payments, all prescribed checks are exercised by the FD. The FD caters to more than 15,000 employees &pensioners and over 2500 studetns & Residents.

Internal Audit: With increased activities and expansion of AIIMS, the number of units required to be audited annually has gone up substantially. The Internal Audit of the Institute is a continuous & mandatory process as the Ministry as well as the Office of the DGACE has emphasized upon the need to strengthen the internal audit of the Institute so that the procedural faults, if any, can be brought to the notice of the concerned authorities at initial level and rectified there only.

Accounts& Audit: AIIMS, being Central Autonomous Body, has to compile the Annual Accounts by 30th June each year and present the same for audit by C&AG's team. The Audited Utilization Certificates (UCs), of previous year's Grant-in-Aid releasesto Inisitute, are required to be sent to the Ministry for further continued budgetary support. The Annual Accounts, along with separate Audit Report & Audit Certificate, is received by 09.12.2025 and tabled by MoHFW in the Parliament by 31st December.

All the above works are executed by the Financial Advisor, Finance and Chief Accounts Officers (F&CAOs)/Account Officer/AAOs/JAOs under the overall control of Senior Financial Advisor.

SCHEDULED 24

Accounting Policies and Notes forming part of Accounts

1. The Activities of the Institute is mainly funded from the grants from Government of India and Accounts of the Institute are prepared in accordance with Generally accepted Accounting principles.
2. The accounts have been prepared on cash basis i.e. on actual Receipt and Payments basis. However, depreciation has been charged on the assets acquired in FY 2024-2025. Computation of depreciation has been made on straight line method after taking into account the actual life of assets subtracting the salvage value of assets.
3. Consolidated final accounts of AIIMS New Delhi have been prepared for FY 2024-2025.
4. Interest figures also include interest earned on revenue receipts of the Institute.
5. No provisions for liability of Gratuity, pension and leave encashment etc have been made in the accounts as the grants from the Government of India are received for actual expenditure. The payment of Gratuity, pension and leave encashment etc are accounted in the accounts only at the time of actual payments.
6. No closing stock of Store and supplies at the end of accounting period is incorporated in the accounts as all expenditure on stores and supplies are treated as final expenditure at the time of payments in the accounts.
7. The Institute is exempt from Income Tax under Section 10 (23C) (iii) (ab) of Income Tax Act 1961. No provision of Income Tax is therefore made in accounts, as per guidelines of the Government to the Autonomous Bodies.
8. All Assets (Machinery Equipment, vehicles etc) funded from the grants for the Research projects are used for the activities of the Research projects and are not included in the assets of the Institute . Such Assets (Machinery& Equipments, vehicles etc,) are either returned to the funding agencies or used in the Departments after the completions of the projects as per sanction of the funding agencies.
9. A statement showing the expenditure made by various Project Investigators for Research Projects during 2024-25 and balance amount lying with the Institute as on 31-03-2025 is attached with the Accounts.
10. Advances for treatment under the packages were treated as revenue and expenditure incurred against those treatments was shown in expenditure. During the current year advances received against the packages for treatment are shown under the revolving fund and expenditure incurred against the revolving fund. Balances in the revolving fund shown as liability. The impact of these changes of accounting policy is not assessable and not significant.
11. Accounts for the year ended 31-03-2025 are prepared in the Uniform format and grouping and regrouping and classification, wherever necessary have been changed /adopted for better presentation or as per Audit Observation.
12. Assets of the Institute in every Departments/Centre's are physically verified once in year by the faculty/Officer nominated for the purpose and no significant /major deviations have been reported.
13. Stores and supplies of the Institute in every Departments/Centre's are physically verified once in year by the faculty/ officer nominated for the purpose and no significant /major deviations have been reported.
14. Institute is maintaining various Revolving funds for test/procedures required for patients care and same are included in the consolidated Accounts of the Institute.
15. Donations /receipts from various sources without any attached conditions are treated as income of the concerned centre or of Institute as the case may be.
16. All Accounting policies and Notes Forming Part of Accounts.

13.2. Audit Report

Opinion of the Comptroller & Auditor General of India on the Accounts of All India Institute of Medical Sciences (AIIMS), New Delhi for the year ended 31st March 2025.

Opinion

We have audited the financial statements of All India Institute of Medical Sciences (AIIMS), New Delhi, which comprise the statement of financial position as at 31st March 2025, and the Income & Expenditure Account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies under Section 19 (2) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with section 18 (2) of the AIIMS Act, 1956. These financial statements include the accounts of Centres/units.

This Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards, disclosure norms, etc. Audit observations on financial transactions regarding compliance with the Law, Rules and Regulations (Propriety & Regularity) and efficiency cum performance aspects, etc., if any, are reported through inspection reports/CAG's audit reports separately.

In our opinion, the accompanying financial statements of AIIMS, read together with the accounting policies and Notes thereon and other matters mentioned in the Separate Audit Report, which follows, give a true and fair view of the financial position of AIIMS as at March 31st, 2025, and (of) its financial performance and its cash flows for the year then ended in accordance with uniform format of accounts.

Basis for Opinion

We conducted our audit in accordance with CAG's auditing regulations/standards/manuals/guidelines/guidance-notes/orders/circulars etc. Our responsibilities are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of AIIMS in accordance with ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management for the financial statements

The Governing Body of AIIMS is responsible for the preparation and fair presentation of the financial statements in accordance with uniform format of accounts, and for internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion in accordance with CAG's auditing regulations/standards/manuals/guidelines/guidance-notes/orders/circulars etc.

For and on behalf of C&AG of India

(Saurav Kumar Jaipuriyar)
Director General of Audit

A.1.1 Current Liability and Provisions (Schedule-7) - Rs 759.98 crore

A.1.1.1 National Cancer Institute (**NCI**) Jhajjar and DR. B.R.A. Institute Rotary Cancer Hospital (**Dr. BRAIRCH**) have depicted amount of Rs 4.63 crore and Rs 54.97 crore respectively in the Schedule-7 "Current Liabilities". However, these amounts pertain to various schemes and should have been booked under Schedule-3 "Earmarked/Endowment funds". This has resulted in overstatement of Current liabilities and understatement of Earmarked/Endowment Funds by Rs 59.60 crore.

This was pointed out in previous SAR. However, no corrective action has been taken by AIIMS. AIIMS in its reply has assured remedial action.

A.2 Assets

A.2.1 Current Assets, Loans & Advances etc. (Schedule-11) - Rs 3265.00 crore

A.2.1.1 An amount of Rs 53.24 crore (including interest of Rs 6.16 crore on advance in respect of Mother Child Block) was lying with M/s HITES as on 31.03.2024. The issue was pointed in the Management Letter (ML) on the accounts of 2023-24 that this amount was not reflected in the Current Assets as recoverable in its Accounts.

This has resulted in understatement of Current Assets and Current Liability (refundable to Ministry) by Rs 53.24 crore

A.2.1.2 Bank Reconciliation Statement (BRS) of bank account no. 10874584010 maintained by AIIMS (Main) reflected an amount totalling Rs 77.02 crore as cheque issued but not debited by the bank. These cheques were issued by AIIMS between the periods from 01.02.2010 to 07.09.2023 and were yet to be en-cashed by the receiver. As on 31.03.2025, all of these cheques had become time barred and could not be en-cashed. However, AIIMS did not cancel the above cheques and write back the above amount. This has resulted in understatement of Current Assets and Current Liability by Rs 77.02 crore.

B. Significant Accounting Policies & Notes to Accounts

B.1 Schedule 8 – Fixed Assets of the annual accounts of the AIIMS (Main) and other centres of the AIIMS disclosed assets valued at Rs 7793.97 crore as on 31 March 2025. However, an Assets Register, required to be maintained in Form GFR-22 under General Financial Rules (GFR) 2017 has been maintained by the AIIMS only for the assets acquired after the financial year 2020-21 onwards.

AIIMs replied that preparation of FAR for the period prior to 2020-21 was under process by physically earmarking each asset by the respective Departments/Centres. During the year, Assets worth Rs 80.41 pertaining to years prior to 2020-21 has been adjusted. All out efforts are being made to account for all assets.

In the absence of Assets Register for all the assets, the value of assets acquired prior to 2020-21, could not be verified in audit.

B.2 AIIMS started charging depreciation on fixed assets as disclosed in Schedule-8 from the financial year 2020-21 onwards and no depreciation has been charged on the fixed assets acquired prior to year 2020-21. This issue has featured in our comments since the year 2020-21 however, despite assurances, AIIMS has not taken any corrective measures and has not charged depreciation on the fixed assets acquired prior to the year 2020-21.

Further, Dr BRAIRCH has depicted nil depreciation being charged on the Fixed Assets of its Accounts.

Also, AIIMS (Main) & NDDTC Research Account has shown nil depreciation being deducted on Library Books and Plant Machinery & Equipment respectively.

AIIMS replied that all out efforts were being made to account for all assets.

B.3 It has been observed that the balance sheet prepared by AIIMS Main Centre does not conform to the prescribed format, resulting in deviations from standard financial reporting norms. Additionally, deposits and investments pertaining to earmarked funds—which are required to be disclosed separately in a dedicated schedule—have instead been clubbed with regular fixed deposits in the annual accounts.

Further, Subsidiary accounts of Research section viz. National Programme for Health Care of the Elderly (NPHCE) - Department of Geriatric Medicine, Endowment Funds and Donation accounts have not been consolidated in Annual Accounts of AIIMS.

AIIMs in its reply assured compliance.

B.4 Uniform Format of Accounts prescribes that the accounts of CABs shall be prepared on Accrual Basis. The format also requires the CABs to prepare Receipt and Payment account apart from the Balance Sheet and Income & Expenditure Accounts.

AIIMS has disclosed in the Significant Accounting Policies that it has been preparing its accounts on Cash Basis. Further it does not prepare a consolidated Receipt and Payment Accounts. Also, AIIMS Research section has not maintained Receipt & Payment A/C. This contravenes extant instructions issued by Ministry of Finance for preparation of accounts. Also, C&N Centre was not accounting for the interest on Normal FDR on accrual basis.

B.5 AIIMS deducted Rs 54.27 crore in Schedule 2 (Reserve & Surplus) in the Liability side of the Balance Sheet of the Consolidated Accounts. This should have suitably been disclosed in the Notes on Accounts.

C. General

C.1 Non production of records/information

AIIMS did not furnish the following information/records, in the absence of which, Audit could not certify the relevant figures in Annual Accounts:-

Centre/Schedule	Item	Amount in Rs
AIIMS (Main)		
Current Liabilities and Provision (Schedule 7)	Revolving Funds	10,08,55,243
	Hostels (Security Deposits)	1,56,70,72
	General Provident Fund (GPF)	2,28,06,076
	Custom Duty Account	2,03,66,172
	PD Account	1,41,53,908
	Misc Liabilities	15,56,75,849
Current Assets, Loans and Advances (Schedule 11)	RAN Revolving Umbrella Scheme (A/c No. 38345595812)	1,41,53,908
	PD Account details	1,87,71,709
	For Foreign purchase of Machinery &Equipment(PLAN)	389,86,08,080
	Advance payment to P&AO for purchase of Building Material	2,58,69,623
	Temporary Contingent Advance	7,85,77,346
	Private Firms for stores	1,36,46,482
	For Books & Journals	3,99,73,749
	M/s Blue Star Ltd.(for A/c works) for maintenance	2,51,15,148
	M/s Indraprastha for CNG Pipeline	1,04,05,000
	Delhi Jal Board for water and Sewerage at M. Moth,	11,70,32,373
	HSCC	381,06,34,232
	HITES	211,60,29,730
	Fixed Assets	191,61,00,875
	DMRC	8,16,55,929
	Electricity	7,88,35,384

JPNATC		
Current Liabilities and Provision (Schedule 7)	Advance received from Government agencies from patients	1,60,09,552
	Other Liabilities	1,06,91,324
Current Assets, Loans and Advances (Schedule 11)	Advance for Procurement – M&E Foreign Purchase	10,77,48,299
	Custom Duty Advance	2,17,92,190
C&N Centre		
Current Assets, Loans and Advances (Schedule 11)	Letter of Credit	5,31,49,281
	Advance against work	17,45,96,762
	Mach. & Equipment Trf from Ct patients account	4,90,25,000
RPCOS		
Current Liabilities and Provision (Schedule 7)	Interest earned on Reserve & Surplus	2,27,97,595
	NPS to be remitted	1,66,73,034
	EMD (Security Deposits)	1,16,91,582
Current Assets, Loans and Advances (Schedule 11)	M&E Foreign Purchases	3,66,55,195
	Custom Duty Advance:	2,02,02,614
NCI Jhajjar		
Reserve and Surplus (Schedule 2)	Deduction from excess of I&E acct.	1,29,18,416
Fixed Assets (Schedule 8)	deduction during the year	1,81,89,174
Research Section		
Earmarked/Endowment Funds (Schedule 3)	Earmarked/Endowment Funds	151,01,00,000

AIIMS replied that these were very old figures and continuously being carried forward and AIIMS was in the process to reconcile the same.

C.2 AIIMS does not provide for the retirement benefits of its staff as per actuarial valuation. This contravenes the provisions of AS-15. This was pointed out in previous year SARs but no corrective action has been taken by the AIIMS.

AIIMS replied that the projection of contingent liability was being worked out and the same will be provisioned for in next financial statement.

C.3 Cardiothoracic and Neurosciences Centre (**C&N**) Centre has maintained 2 bank accounts (one receipt account (A/c No. 10874584258) and one payment account (A/c No. 35892346181)) for CT Pts A/c (Earmarked Endowment Fund). Also, C&N Centre is maintaining Current Account (10874584576) & (10874584269) for Gamma Knife Fund and Angio Pts. Fund respectively. Moreover, C&N Centre is having Saving Account (10874584247). Scrutiny of Bank Reconciliation statements of these accounts revealed very old entries standing, dating back to 1992 in their accounts, for which no detail/status was available with the C&N Centre.

Further, Bank Reconciliation statements of AIIMS (Main) Grant A/c (39539069789), Director AIIMS (Mains) A/c (10874584010), JPNATC A/c (10874584951) and RPCOS Bank Account reflected very old entries standing, dating back to 2015 in these accounts, for which no detail/status was available.

These may be reconciled/adjusted.

C.4 NCI Jhajjar has not maintained Cash Book and Ledger Accounts. In the absence of Cash Book and Ledgers, accuracy of figure reflected in Administration Expenses and Grant-in-Aid of its Accounts could not be certified.

C.5 There are instances of difference of the figures of Fixed Deposits Receipt (FDR) included in the Current Assets and as per Bank Certificates of various Centres. Details are mentioned below:

(Amount in Rs)

Name of Centre	Customer No.	Amount of FDR included in the Current Assets	Amount of FDR as per Bank statement	Difference
Cardio Thoracic & Neuro Sciences Centre (**C&N Centre**)	80702776740	70,00,00,000	82,82,95,211.60	12,82,95,211.60
Jai Prakash Narayan Apex Trauma Centre (**JPNATC**)	80702910483	Nil	9,88,94,181.70	9,88,94,181.70
Centre for Dental Education and Research (**CDER**)		3,65,00,057	3,70,96,910	5,96,853
Rajendra Prasad Centre for Ophthalmic Sciences (**RPCOS**)	80702761473	33,77,65,908	60,07,00,519.80	26,29,34,611.80
AIIMS (Main) Grant	90608786254	10,06,36,75,248	10,64,54,53,027	58,17,77,779
AIIMS CA Account	80702761359	5,81,92,184	3,20,37,81,320	3,14,55,89,136
Total		**107,42,65,965**	**156,49,86,823.10**	**421,80,87,773.10**

AIIMS replied that the amount shown by audit as FDRs are not actually investments in FDRs. These are the amounts of Letter of Credits (LCs) opened during previous years against the liabilities for procurements from foreign countries. Before making the payments to the foreign vendor, bank keeps aside the amount and gave interest by treating these amounts as FDs till the settlement with the foreign vendor. Reconciling of the figure of these LCs with Bank is being conducted. Final figure of these LCs will be taken into the accounts after setting off the liabilities by the bank against these LCs.

The difference needs to be reconciled urgently.

C.6 Fixed Assets capitalized after 1st October has been depreciated fully and not on half yearly basis by NDDTC. This is in contravention to Income Tax Act & Uniform Format of Accounts for Central Autonomous Bodies (CABs).

AIIMS replied that the depreciation was charged as per AIIMS Depreciation Policy.

The reply is not tenable as the depreciation policy has not been disclosed in the accounts.

C.7 HLL Infra Services (HITES) Ltd. had been given advance to the tune of Rs 60 Crores for procurement of Machinery & Equipment. Out of which equipment amounting to Rs 5.46 Crores had been received and installed as on 31.03.2024. However, the same was not capitalised. Further, AIIMS did not provide status of remaining advance and the item wise details of the machinery/equipment installed. In the absence of the same audit could not quantify the exact amount of assets capitalised and depreciation thereon.

C.8 Earmarked Funds\Endowment Funds

AIIMS has depicted Earmarked/Endowment Funds of Rs 425.05 crore as on 31st March 2025. It maintains a separate detailed break-up the Fund. However, a summary of the same should be shown as an annexure to Schedule-3.

C.9 AIIMS did not prepare separate Accounts for Pension Fund & New Pension Scheme. The Accounts of Pension Fund & New Pension Scheme should be prepared separately and shown distinctly.

D. Management Letter

Deficiencies which have not been included in this Separate Audit Report have been brought to the notice of the Management through a Management Letter issued separately for remedial/corrective action.

E. Assessment of Internal Controls

(i) Adequacy of Internal Control System

a. AIIMS has been preparing its accounts on Cash Basis and Receipt and payment account is not prepared.

b. No Cash Books are maintained by the JPNATC, AIIMS (Main), NCI Jhajjar, Dr BRAIRCH and RPCOS for various accounts.

c. Lack of effective steps to adjust various advances which were outstanding for many years.

d. AIIMS was not maintaining fixed assets register as per the prescribed format for the assets acquired up to year 2019-20.

e. No depreciation has been charged on the fixed assets acquired prior to year 2020-21

f. Non availability of list of condemned items with accounts department indicates lack of internal coordination between accounts and store department of the institute.

g. 55 paras of external audit for the period from 1996-98 to 2021-22 were outstanding as on 31 March 2023.

h. Ledger Accounts not maintained by the NCI Jhajjar.

(ii) Adequacy of internal audit system

Details of total number of units planned and number of units actually audited by Internal Audit Wing during the year 2024-25 was not provided by AIIMS. There was no internal audit manual.

(iii) System of physical verification of Assets

As per Para 12 of the Significant Accounting Policy, physical verification was done once in a year, however, AIIMS could not provide any evidence regarding physical verification of fixed assets having been conducted for the year 2024-25.

(iv) System of physical verification of inventory

As per Para 13 of the Significant Accounting Policy, physical verification was done once in a year, however, AIIMS could not provide any evidence regarding physical verification of inventory like books and publications, stationery and other consumables having been conducted for the year 2024-25.

Regularity in payment of dues

As per accounts, no payments for over six months in respect of statutory dues were outstanding as on 31.03.2025.

F. Grant in Aid

During the year 2024-25, AIIMS received total Grant-in-Aid (GIA) of Rs 4,909.46 crores (GIA-Salary Rs 2,720.14 Crore, GIA-General Rs 1,689.32 crore, GIA-Capital Assets Rs 490 crore and SAP Rs 10.00 crore). Besides, AIIMS (NDDTC) also received Rs 22.50 crore (GIA-Salary), Rs 15.17 crore (GIA-General) and Rs 4.80 crore (GIA-Capital). In addition, AIIMS had Rs 189.10 crore as Opening Balance under GIA-Salary. Out of the total available grants of 5141.03 crore, AIIMS had utilized GIA of Rs 4,919.92 crores (GIA-Salary of Rs 2690.54 crore, GIA-General of Rs 1,689.32 crores, GIA-Capital Assets of Rs 490.00 crore, SAP of Rs 10.00 crore, GIA-General (NDDTC) of Rs 15.17 crore, GIA-Salary (NDDTC) of Rs 22.50 crore and GIA-Capital (NDDTC) of Rs 2.39 crore) during the year. AIIMS had transferred Rs 217.86 crore of unspent GIA-Salary from TSA to its saving account for the payment of the salary for the month of March 2025 to be paid in April 202and Rs 10.3 crore was unspent balance under salary since 2020-21 which was utilised during the year.
