

AIIMS-NCI Brachytherapy Course, 2024 (ABC 2024)

9th – 13th December 2024

Venue: National Cancer Institute, AIIMS, Jhajjar, Haryana 124105

Organized by: Department of Radiation Oncology, IRCH & NCI, AIIMS, New Delhi

Dear Friends,

It gives us immense pleasure to inform you that we are organising the first ever AIIMS-NCI Brachytherapy Course (ABC 2024) from **9th to 13th December 2024** at **NCI, Jhajjar, AIIMS, Delhi**. The prime objective of this teaching course is to provide the comprehensive knowledge and skill about the brachytherapy of all sites. This 5-day course/workshop program is designed for residents in training, postgraduates and early career consultants in Radiation Oncology and Medical Physics. This will cover all aspects of brachytherapy viz. basics principles, patient selection, procedures (videos), treatment planning and plan evaluation.

Highlights of the Course

- Live OT procedures
- Videos presentations
- Brachytherapy planning,
- Normal tissue tolerance and important dose volume parameters
- Acute and late toxicities
- Rare sites like lung, liver and brain brachytherapy

Registration: Limited to 40 candidates only (Selection based on merit)

Registration Fee:

Till 25th November 2024	26th Nov-8th Dec 2024
Rs 5000/-	Rs 6500/-

For Registration: Link coming soon

*Complimentary accommodation will be provided to participants in NCI guest house, on request.

Looking forward to an active participation in this educational event at NCI, AIIMS.
