

NANOBIOTECK - 2017

2nd Annual Conference

Indian Society of Nanomedicine (ISNM)

Venue: Convention Centre,
KTDC – Samudra, Trivandrum
Date: 6 - 8 December, 2017

HIGHLIGHTS OF THE CONFERENCE

Talks by International Speakers

Prof. Paul Weiss

Prof. Biju
Vasudevan P

Dr. Anil Patri

Prof. Chandan
Sen

Prof. So-Jung Park

Prof. Thomas
Webster

Prof. Rupak
Banerjee

Thematic Sessions

- NanoVehicles
- NanoRegulations
- NanoProducts
- NanoDiagnostics
- NanoScaffolds
- NanoCrystals

Participation of

- DST, DBT Secretaries,
- Director of AIIMS,
- Director of IISER – TVM , IISER – Pune, IISER - Bhopal
- Director of IIT – Delhi,
- VC – JNU
- Policy Makers from DBT, DST, DCGI

- 3 talks 15 - 20 minutes landscaping the session's theme.
- 4 -5 snapshot presentation by DBT supported Principal Investigators
- Followed by 30 - 60 mins of panel discussion.
- 2 - 3 offbeat talks.

- Release of 0-draft of Nanosafety Regulations for India
- Pre-Conference Workshop by Springer-Nature on Management of Knowledge from Publication House
- DBT-ISNM Award for North-East Faculties/Students.

NANOBIOTECK - 2017

2nd Annual Conference

Indian Society of Nanomedicine (ISNM)

Venue: Convention Centre,
KTDC – Samudra, Trivandrum
Date: 6 - 8 December, 2017

सत्यमेव जयते

THEME OF THE CONFERENCE

NANOBIOTECK – 2017 is aimed at providing an interdisciplinary and interactive platform for nano-scientists, engineers, clinicians, regulators, industry representatives, policy makers and related stakeholders to promote innovations and commercialization of Nano-enabled products to address various issues related to HealthCare.

The conference will focus deliberations around the following thematic areas:

- Design new therapeutics and targeted drug delivery vehicles for important diseases
- Repurposing existing drugs to enhance their efficacy and therapeutic spectrum
- Diagnostics for early disease detection and Imaging
- Design and development of smart nano-materials/scaffolds, system and devices for medical applications
- Safety and regulations for nano-products and processes.
- Promoting laboratory research leads for application development & commercialization

Who can Attend?

- Clinicians, Engineers, Industry, Publishers
- Researchers in Pharma, material sciences, biomedical areas & basic sciences
- Nanoscience Researchers from academic/research Institutions
- Personnel engaged in regulatory activity and policy making

Important Dates

- Last Date for Submission of Abstract: **30th Oct, 2017**
- Last Date of Early Bird Registration: **31st Oct, 2017**
