

Electron Microscope Facility

AIIMS, New Delhi

Facility is Supported by-
DST-SAIF, DBT-SAHAJ, DST-FIST

Research Facility Training Program

Cryo Plasma FIB-SEM

18th – 19th September 2026

Only for:

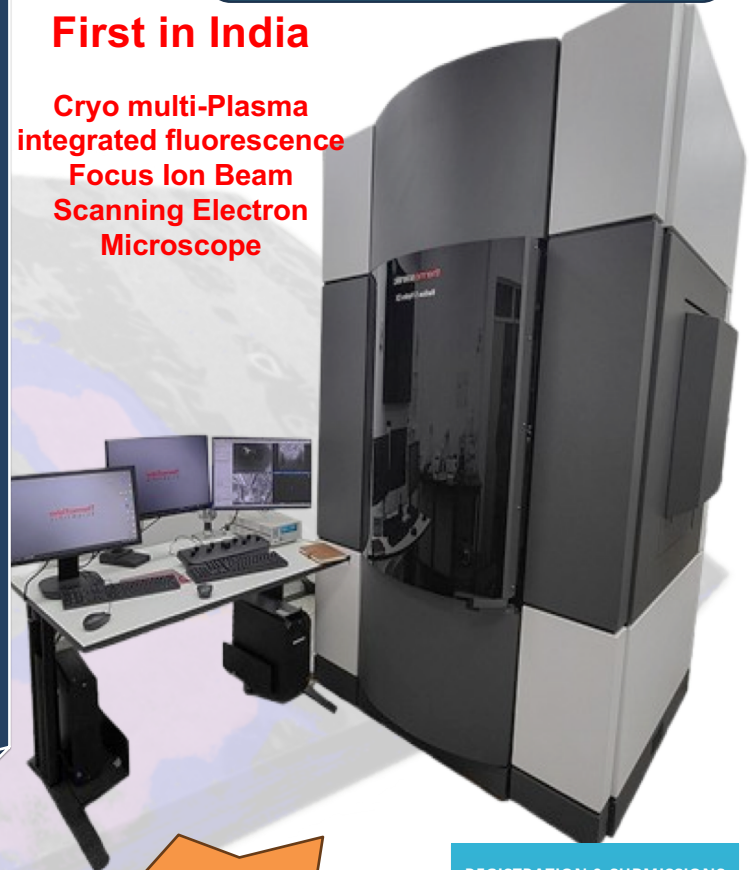

Research Students & Ph.Ds post docs:
10 Seats

This research facility training covers lectures & hands-on training of:

- ✓ Fundamentals of FIB-SEM
- ✓ Sample Preparation Strategies
- ✓ 3D Volume Imaging
- ✓ Sample preparation for RT Volume microscopy
- ✓ 3D Volume microscopy of resin Plastic Resin sample
- ✓ Cryo sample preparation for Cell & Tissue Samples
- ✓ HPF & Plunge Freezing
- ✓ Clipping & Cryo Transfer
- ✓ Cryo Lamella Preparation (Auto TEM)
- ✓ Cryo 3D Volume Microscopy Auto Slice & View (ASV)
- ✓ Cryo Integrated Fluorescence Microscopy(iFLM)
- ✓ Corelative Light and Electron Microscopy (CLEM)
- ✓ Image Processing & Tomogram generation
- ✓ 3D reconstruction of Cell & Tissue

First in India

Cryo multi-Plasma
integrated fluorescence
Focus Ion Beam
Scanning Electron
Microscope

Free
Registration

Last date: 31 August 2026

Sponsored by

(SPRgrant of ANRF, SPR/2023/000248)

Organizers

Prof. Subhash Chandra Yadav
Convener

Dr. Prabhakar Singh
Secretary
