Ovid Journals - LWW Total Access Collection

400 + Journals

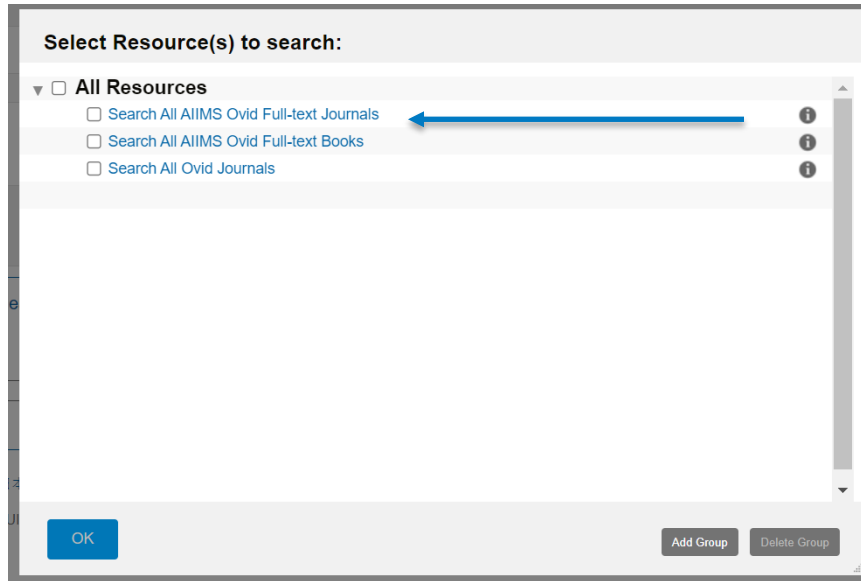

LWW Total Access Collection is an expansive collection of all LWW journals available on the Ovid platform and that cater to your intensive medical information needs

This collection brings you just about every one of LWW's highly respected titles, from essential core journals to specialized resources to help round out your knowledge base. With the Total Access Collection you get virtually all of LWW's electronic journal content

The LWW Total Access Collection caters to many clinicians, researchers, students and teachers, all of whom require 24/7 access to a larger collection of journals. With the Total Access Collection you gain complete access to LWW content

Total Access Collection – How to Access?

- Visit <http://ovidsp.ovid.com/autologin> using internet from the institution.

On this screen, select the resource you want to search from, like – AIIMS full text Journals

You can Click the resource directly or select it and click OK

Total Access Collection – How to Access?

The screenshot displays the Ovid search interface. At the top, there is a navigation bar with the Ovid logo on the left and links for 'My Account', 'My PayPerView', and 'Support & Training' on the right. Below this is a secondary navigation bar with tabs for 'Search', 'Journals', 'Books', 'Multimedia', 'My Workspace', 'ACC CardioSource Plus', and 'What's New'. The main content area shows a 'Search History (0)' section with a table of searches. Below the table are buttons for 'Save', 'Remove', and 'Combine with: AND OR'. Further down, there are buttons for 'Save All', 'Edit', 'View Saved', 'Email All Search History', and 'Copy Search History Link'. The 'Basic Search' section is active, showing a search bar with the text 'cardiomyopathy' and a 'Search' button. A blue arrow points to the 'Search' button. Below the search bar are various filters and options, including 'Limits (close)', 'Include Multimedia', 'Include Related Terms', 'Daily Update', 'Articles with Abstracts', 'APA PsycArticles', 'Original Articles', and 'Review Articles'. There are also dropdown menus for 'Publication Year' and buttons for 'Additional Limits' and 'Edit Limits'.

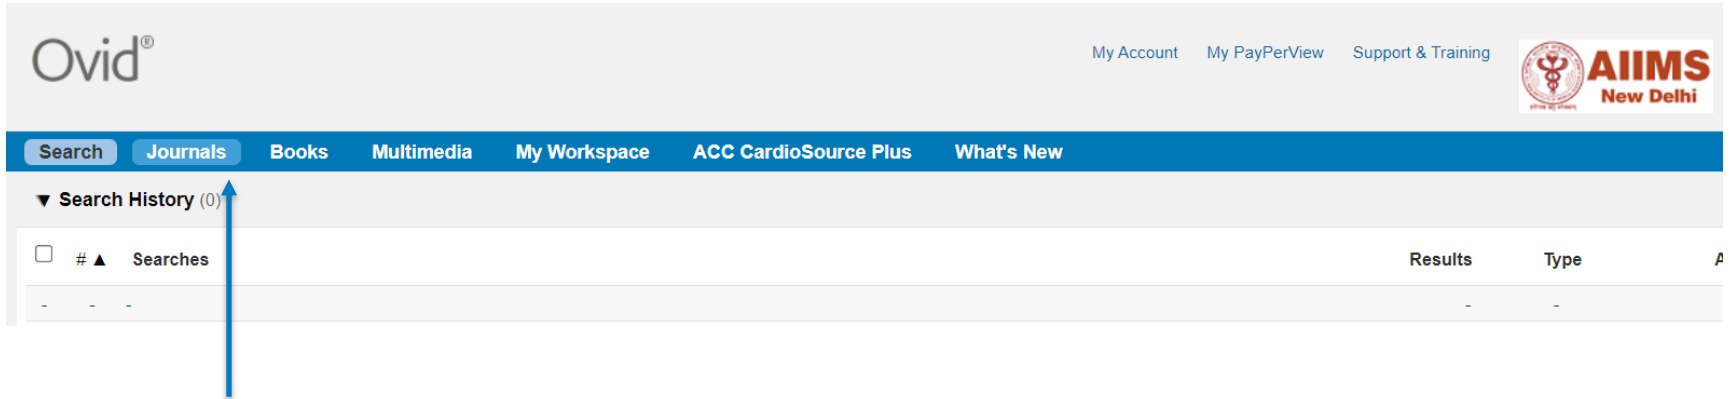

On this screen, You can perform the Keyword Search

Enter Keywords, like Cardiomyopathy and click on Search tab.

Acland's Video Atlas for Human Anatomy

- 3D Rotational Gross Anatomy Videos Featuring Real Cadaver Specimens
- Acland's Video Atlas of Human Anatomy is the optimal anatomical learning solution. Watch and listen to world renowned anatomist Dr. Robert Acland — Professor Emeritus of Surgery, University of Louisville School of Medicine — as he shows and explains anatomical movement within each region of the body covering bones, muscles, tendons, organs, and more.
- Available online, this atlas is a perfect resource for any institution's residents, faculty and students within medical, nursing, physician assistant, physical/occupational therapy, speech/language, and dentistry programs. Acland's Video Atlas of Human Anatomy provides foundational information to supplement the learning and teaching they receive in the classroom and in practice.
