

OFFICE OF THE DIRECTOR
ALL INDIA INSTITUTE OF MEDICAL SCIENCES
Ansari Nagar, New Delhi-110029

F. No.40-30/2022-Estt.-I(DO)

Dated: 25th April, 2023

OFFICE MEMORANDUM

Sub: Seamless registration of foreign nationals seeking patient care at AIIMS, New Delhi.

AIIMS, New Delhi has been a pioneer in healthcare delivery, not only in India, but also in the entire South-East Asian region. Over decades, it has provided state-of-the-art healthcare services at affordable cost to its residents as well as to international citizens, especially from our neighbouring countries. Recently, the officials of the Embassy of Nepal met Director, AIIMS to strengthen this association and with a request to further streamline patient care services provided to Nepalese nationals who seek treatment at AIIMS. In addition, the officials expressed their concerns regarding Nepalese citizens seeking treatment at AIIMS vis-à-vis their registration process, considering the thrust of the Institute towards creation of ABHA ID for all its patients.

In this regard, all the stakeholders handling outpatient registration and inpatient admissions are directed to ensure that citizens of SAARC countries with relevant valid documents may be seamlessly registered with UHID as a routine.
