- ii) Associate Professors with three years of service will be eligible for appointment to the post of Additional Professor subject to clearance of the prescribed selection process
- iii) Additional Professors with four years of service will be eligible for appointment to the post of Professor subject to clearance of the prescribed selection process.

2. APPLICATION

These Guidelines will apply to promotions to the faculty posts in the grades of Associate Professor, Additional Professor and Professor.

3. ELIGIBILITY

Assistant Professors & Associate Professors with 3 years and Additional Professors with 4 years of regular service in the respective grades in AIIMS are eligible for Promotion as Associate Professor, Additional Professor and Professor respectively. No other conditions, e.g. higher qualifications as for direct recruits, need be fulfilled.

4. PERIODICITY AND CRUCIAL DATE

The Assessment Board will meet once a year and considered the fitness of all persons who have completed the requisite eligibility service as on 30th June of that year. All promotions under the Scheme will be effective from 1st July.

6. SENIORITY LIST

As per the rules in force, there can be direct recruitment to all grades of the faculty and selection on each occasion could be for appointment to be made at the same time but in more than one discipline. The combined seniority list of the Institute shall be worked out as follows:-

- i) The seniority of employees of the Institute in each category shall be determined by the order of merit in which they were selected for appointment to the grade in question, those selected on an earlier occasion being ranked senior as a block to those selected later (Regulation 26 of AIIMS Regulations, 1958).
- ii) The preparation of a seniority list of persons selected in the same selection committee would involve the following steps:-

STEP-I

Draw up list of persons on the basis of their date of joining those joining on an earlier date being placed above those joining on a later date.

STEP-II

In the list prepared as above, those who join on the same date may be arranged in order of age—those born earlier being placed above those born later.

STEP-III

For those joining on the same date and adjusted as in step II above according to their age, further re-arrangement may be carried out so that the original inter-seniority of the Institute employees in the Lower Post/Grade maintained. This operation may be done by pulling down the junior in the previous combined seniority list immediately below his senior in that list now appearing in this list even though he may be elder in age.

STEP-IV

The above list may now be further modified to carry corrections of violation of departmental merit/seniority laid down by the selection committee. This will be done by pulling the junior down immediately below his senior in merit.

NOTE:- In cases where a junior in the combined & seniority list is being considered for assessment, all persons senior to him/her in the seniority list will also be considered even though the seniors do not have the requisite years of service. The senior if found fit will be given notional promotion with effect from the date of promotion of his/her junior and for purpose of pay etc., it would be granted to him/her with effect from the date of actual promotion i.e. the date on which he completes 3 years service on the grade at the AIIMS, provided the following two conditions are fulfilled:-

- a) Probation should have been completed by him/her successfully.
- b) The total period of extension granted to join the service should not have exceeded 6 months.

7. ASSESSMENT PROCESS

The Assessment Board shall take into consideration its recommendations of the Head of the Department/Unit, the performance of the faculty members with reference to annual confidential reports and his/her performance in the interview for deciding his fitness for promotion to the next higher grade. However, the Board may consider in absentia the candidature of such faculty members as are unable to present themselves for interview.
