Dear Dr. Kharbanda:

Thank you for the proposal entitled, "*Building Research Capacity in India: Identifying barriers and enablers to oral health research*," to request funds from the IADR's Regional Development Program (RDP) for the IADR Indian Division. The IADR Regional Development Committee and IADR Strategic and Operational Planning Committee (SOPC) have reviewed your proposal and your revised budget and have approved funding for two years in the amount of \$19,980 for 2016 and \$19,980 for 2017.

You will be required to submit an interim report and budget at the end of the first year of the project – June 2017. One of the requirements of the Regional Development Program is also to submit a final report outlining the results of your project. This report should be submitted no later than 4 months after the completion date of the project and should include the evaluation criteria outlined in your proposal. Failure to submit a final report may affect future funding for the Division. A financial report must also be submitted showing actual RDP funded costs. Supporting documentation must be provided for all expenses over \$100.00. Supporting documentation may include a copy of a receipt, invoice, credit card statement, cancelled check or similar documents.

Please contact Sheri S. Herren in the IADR Global Headquarters to arrange the payment of your funds or if you have any further questions regarding the Regional Development Program. No funds will be released until arrangements have been made. Ms. Herren may be reached at [sherren@iadr.org](mailto:sherren@iadr.org) or +1-703-299-8094. Congratulations!
