To Whom It may Concern:

This is to certify that our research ELISA Kit is manufactured under certain proprietary conditions such as:

- Stabilization of the antigens on surface of the plate
- Selection of antibodies that react with all specific known strains.
- Detection method of generated signals

Our company here manufactures this product in USA of raw materials that are made by our company and certain materials obtained from outside sources.

This product is for RESEARCH USE ONLY and is not intended for clinical diagnostics or therapeutic purposes.

Please do not hesitate to contact us with any questions or concerns.
