Subject: Requirement of Enclosure soundproof box for vacuum pump SV65.

This is for your kind information that the LC-MS/MS installed at NDDTC laboratory is routinely involved in patient care services. The machine has an attached vacuum pump as an accessory to carry out its function. The vacuum pump generates intolerable noise and heating continuously in the cubical. It is undesirable to run the machine in such a noise and heat. A soundproof enclosure box is required for vacuum pump. This enclosure will reduce the noise level up to 75% and heat through air circulation.

The specifications and relevant documents are attached for your kind perusal.

Thanking you

Dr. Rizwana Quraishi
Faculty In-Charge
Laboratory, NDDTC

Technical specification of Enclosure soundproof box for vacuum pump SV65 (noise enclosure)

Quantity – 01

Approximate cost- 4.75 - 5.0 lakh

1. The noise enclosure should be environment friendly, noise adsorbing material and oil and water resistant.
2. The sound proof box for vacuum pump should be noise reduction up to 75% or more.
3. The system should have heat exchange mechanism controlled by internal silent fans.
4. The noise enclosure should be easy to operate and free of daily maintenance.
5. The noise enclosure should be nonflammable and heat resistant.
6. The noise enclosure should have overheating alarm including audible tone and visual light.
7. The noise enclosure should have wheels for easy rotation.
8. The system should have electronic component complaint with RoHS directives (Restriction of hazardous substance directive).

5.13.3.1 Against the circumstances stated in point "C" above, Proprietary Article Certificate (PAC) in the following form is to be provided by indenting/user department duly signed by Technical Specification & Evaluation Committee (TSEC) constituted as per para 4.3 of Purchase Manual of AIIMS, before procuring the goods (for chemicals, spare parts, reagents etc.) from a single source in the following format:

Proprietary Article Certificate (PAC) (for chemicals, spare parts, reagents, consumables etc.)	
(i)	The indented goods are manufactured by M/s Sciex India Pvt.ltd.
(ii)	Item Name: <u>Enclosure soundproof box for vacuum pump SV65</u>
(iii)	Model/Part/Catalogue No: <u>5014334</u>
(iv)	Reasons/Justification which makes the requirement proprietary## <u>The serial no-3 is a proprietary item for LC-MS/MS machine.</u>
1. It is certified that market survey has been done and found that no other manufacturer is manufacturing similar/equivalent specifications which can fulfill the requirements of End User.	
2. It is certified that the purchase is proposed to be made on proprietary usage basis because any other material/equipment/instrument chemical, etc. if used will lead to deviation and affect the integrity/ accuracy, validity or analysis of the assignment/patient care.	
Signature of TSEC with Name, Designation, Department and Hospital/Institute/DGHS	
##Note 1: TSEC should clearly mention that the item in question is required to standardization of machinery or spare parts to be compatible to the existing sets of equipment which is required to be procured only from one manufacturer mentioned in serial no. (i).	

5.13.3.2 For indenting such item, the user department shall furnish PAC duly signed by TSEC Members along with their indent to concerned Stores Officer.

GeM Availability Report and Past Transaction Summary

GeM Availability Report and past transaction summary report is generated based on the specifications searched by the Buyer. The specification may be modified appropriately for searching relevant categories on GeM. Buyer may navigate to GeM category page by clicking on the category link to view category specifications and products/services available in the category.

Order Count and Order Value displayed is on a cumulative basis since GeM inception.

1. Search String: Enclosure* Soundproof Box for vacuum pump SV65

Search type: Product

1. There are categories available on GeM matching your requirements (as listed here). You can create a bid on GeM with a product closest matching your required specifications and add additional parameters in specifications through Corrigendum using RMS functionality.
2. If you feel that category TP needs updating you can submit category updating request also through RMS.
3. If you do not want to use any of the above option and want to proceed for procurement outside GeM, please suggest the specifications of the required product for creation of new category on GeM for future procurement.

Search Result: Category available/suggested on GeM but marked as "not matching requirements" by the buyer with undertaking as under:

It is certified that I have thoroughly checked all probable categories suggested by GeM and I am satisfied that the product required is not covered / does not fall in any of the suggested categories and can not be procured under any of these categories even after inclusion of List of Values(LOV) wherever possible in category specifications of suggested categories. It is also certified that the technical specification requirement are such that these can not be covered even by adding specification parameters using ATC in any of the GeM suggested categories. This is a one-time requirement hence new category creation is not proposed / or requirement is recurring but request for new category creation will be submitted separately post generation of GeMARPTS.
