Dear Sir,

The department has a MEDRAD (Model: Spectris Solaris - SI.3004884 11583) Pressure Injector used along with MRI Scanner. This injector is used with Disposable MRI Kit for 65/115 MR Injector System and the MRI Integral "T" with Check Valve, which are consumable items and has to be procured periodically. These disposable consumables are Proprietary Products of the equipment manufacturer. We have been getting this item from M/s. Mex India, Delhi (authorized source for Medrad Consumables), on proprietary basis. Since at present we have 3 MRI scanners, the use of number of MRI Kit and the check valves are increasing and in view of this fact that consumption has increased we would like to enter into rate contract for the above said items. In this connection, we learnt that the MRI Scanner at Trauma Centre and the main Radiology Department also uses the same with MRI Kits. We have been writing to your section since long period to enter into rate contract for these items. M/s. Mex India is the authorized agent for Medrad consumables, as the other items would not be suitable for the MEDRAD Pressure Injector installed in the department.

Find enclosed herewith the request and relevant documents received from M/s. Mex India.

Thanking you,

Yours truly,

**N.R. Jagannathan**
