Yours faithfully,

Dr. M.K. Arora
Prof. & Head

Gerakas, 25 May 2016

CERTIFICATE

To whom it may concern

We hereby certify that the Micrel Rythmic Evolution and Rythmic Evolution Organiser models of infusion systems and related administration sets, used for Patient Controlled Analgesia (PCA) / Patient Controlled Epidural Analgesia (PCEA), are proprietary products of our company, Micrel Medical Devices SA, located at 113 Gerakas Avenue, 15344, Gerakas, Athens, Greece. Our infusion systems are manufactured solely by our organization.

Our infusion pumps for PCA/PCEA, which are available with colour-coded front labels, have unique features such as:

- Connectivity to our web-based, MicrelCare infusion monitoring system through our proprietary mobile GPRS device IP-Connect™. MicrelCare enables actors involved in infusion care to report and monitor clinical and technical information about the infusion therapy.
- Software that allows patients to record their Pain Level during therapy, through an integrated Visual Analogue Scale (VAS).
- Use "All in One" innovative, high quality and safety, administration sets. All sets include all pre-assembled components, thus avoiding additional unsafe connections. Our sets have built-in anti-free flow/back check valve, air eliminator and extension line.

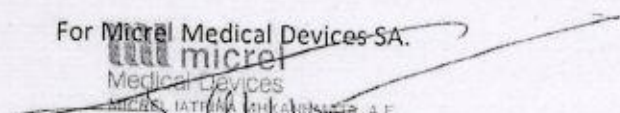

We welcome you to review all the advanced product features of the Rythmic Evolution line online at our website www.micrelmed.com.

We hold multiple patents/patent applications for our technologies, some of which are the following:

- EP0560270 (Europe), Title: Linear Peristaltic Pump
- EP0858812 (Europe) and US5980490 (United States), Title: Linear Peristaltic Pump
- EP1385420 (Europe) and US7161484 (United States), Title: System for Monitoring Medical Parameters
- EP2410448 (Europe) and US8551038 (United States), Title: Infusion pump system
- EP2767919 (Europe) and US20140236119 (United States), Title: A method for processing infusion data and an infusion pump system

We remain at your disposal for any further information.

For Micrel Medical Devices SA.
